Local Funds—Land Cess.

No. 11. Read the following Proceedings of the Board of Revenue, dated 14th December 1875, No. 3366:—

Read the following letter from R. J. MELVILLE, Esq., President of the Local Fund Boards, Chingleput District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 6th December 1875, No. 169:—

With reference to the Regular Estimate of Land Cess for the current year, which has been raised* by the Board from Rupees 43,020 to Rupees 49,000, I have the honor to state that the actual of the past twelve months ending August 1875 amounted to Rupees 53,020; but as this sum included a large portion of the accumulated arrears of previous years, collected mostly during the first seven months of the above period, and as it was expected that there would not be the same amount of arrears to be realized during the last seven months of 1875-76, the estimate was reduced by Rupees 10,000. Rupees 38,040 were collected from April to November 1875, and if to this be added Rupees 4,760, being the expected receipts for the remaining four months at Rupees 1,190 per mensem, which is the collection for November last, the amount likely to be realized during the year will only be Rupees 42,800, which is nearly the sum entered in the Regular Estimate. I regret that the cause of the low estimate was not explained in the Remark column.

* Proceedings of the Board, dated 12th November 1875, No. 3,103, paragraph 2.

Submitted to Government in continuation of Board's Proceedings, dated 12th November 1875, No. 3,103.

2. The Board observe that heavy kists fall due in December, January, February, and March, and that the collections of November 1875 cannot be taken as a standard for those months, as the Collector has proposed. They see no reason to alter the Regular Estimate. At any rate there is ample margin left in funds unallotted in the budget.
