Proceedings of the Madras Government, Financial Department,
14th January 1876.

Local Funds—Education.

Read the following papers:—

No. 103. Proceedings of the Board of Revenue, dated 25th August 1875, No. 2412.

Read the following letters:—

From W. LOGAN, Esq., Acting President of the Local Fund Boards, Malabar, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Calicut, 9th August 1875, No. 378.

I have the honor to submit, for the sanction of the Board and Government, the redistribution of Educational Charges for the current year in the Tellicherry Circle, the same having been approved of by the Local Fund Board at a meeting held on the 13th July 1875.

2. The Statement No. III. in the Budget form, and the letter and statement received from the Inspector of Schools on the subject, are also enclosed.

3. The principle involved in the scheme is nearly the same as that recommended for the Calicut Circle.

4. Under Inspection an increase of Rupees 600 is provided to meet the pay of two more Hindu Inspecting Schoolmasters to work in Cherakal and Kurumbranad taluqs, as the number and size of schools in these taluqs do not permit a single individual to discharge the duties satisfactorily.

5. The charge under "Miscellaneous" in Middle-class Schools, and the provision for Result Grant to Hindu Schools, are also increased; the former is intended for purchasing maps for some of the schools which stand in need of them, and the latter to augment the current year's provision which is insufficient.

6. To meet these charges it is proposed to reduce the Budget grant under the following items:—

1. Hindu Elementary Schools.
2. Purchasing Books and Slates to Moplah Schools.
3. Book Hawkers.

7. Reduction is proposed in the first item, because the number expected to pass the certificated test has fallen short; in the second item, because the number of schools has been limited. The third item calls for no special remarks.

From W. LOGAN, Esq., Acting President of the Local Fund Boards, Malabar, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Calicut, 20th August 1875 (with reference to the Board's Official Memorandum, No. 1150, dated 16th July 1875).

Statement showing the Details of new Inspection Grant for Tellicherry Circle, referred to in paragraph 1 *of Mr. Garthwaite's letter, No.* 1005, *of* 18*th June* 1875, *copy enclosed in President's letter, No.* 378, *dated* 9*th August* 1875.

The sanction of Government is requested for the entertainment of two additional Inspecting Schoolmasters on Rupees 25 in the Tellicherry Circle. With reference to G.O., dated 4th March 1875, No. 496, the Board observe that funds for the current year have been provided by savings on some of the other educational allotments, and it is stated that the demand for 1876-77 will scarcely exceed the sum granted for the current year.

2. The other changes proposed in the distribution are sanctioned. They consist chiefly in the transfer of savings to result grants.

To

The Ag President, Local Fund Board,
Malabar

Sir,

In continuation of my letter No 1004 of this date, I have the honor to forward in draft the educational expenditure of the Tellicherry Local Fund Board in 1875-76 redistributed. The following are the alterations I propose:-

(1) Rs 780 is deducted from Rs 2160 the sum provided for Results payments to the Masters of Middle Class Schools, because the present state of the attendance shows that more than Rupees 1380 will not be spent. The amount thus saved it is proposed to spend partly for the Monsoon

monsoon repairs of Local-Fund school houses and partly for employing two addi-tional Union Inspecting School masters for the Talugs of Kurumpranad and Cherakal respectively. The number and size of the schools in those Talugs make it absolutely impossible for one Inspecting School Master to do his duty by them. I need not point out that without the proper proportionate of subordinate organizing agency, it is impossible to work the result grant system for the improvement of indi-genous schools. I therefore attach great importance to the proposals I have made for an increase to the number of Inspecting School Masters

8 M

Masters, and I solicit for them your most earnest support. Rupees 180 I estimate, will be required for the repairs and Rupees 600 is therefore available to provide for the Inspecting School Masters at the rates and for the time shown in the accom-panying statement.

× Rs 130 against 400
330 430

(2) Rupees × 130 for purchasing books and slates for Tropical schools and Rupees × 30 for the book-Hawkers will, I think, be sufficient. The sum of Rupees 370 thus saved from the above items, I propose diverting to results-grants to Union village schools. A

larger

larger sum than what is now found to be necessary was budgetted on the supposition that additional Moplah Inspecting School Masters would be appointed, and that more schools would be opened and that thus more books and more slates would be required.

A sum of 70 Rupees has been added (from savings made as already explained) to the item Miscellaneous in Middle Class schools. This is for the purchase of certain maps in those schools where at my last inspection found to be still deficient.

I submit in connection with this letter a draft for the educational portion of the Budget estimate for 1876-77.

9 M

1876-77. It will be seen that while the increase to the inspecting agency now proposed leads to an extension and improvements of education, the Board will not be called upon next year for any material increase* to the expenditure already sanctioned by Government for the current year.
