Read the following papers:—

No. 160. Proceedings of the Board of Revenue, dated 27th July 1875, No. 2,086.

Read the following letter from H. S. THOMAS, Esq., President of the Local Fund Boards, Tanjore District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Point Calimere, 8th July 1875, No. 473:—

I have the honor to forward herewith plans and estimate, amounting to Rupees 8,350, accompanied by specifications, for constructing a bridge, &c., across the Mudecondan river at Nannilam in the Negapatam Circle.

2. The estimate provides for the two items noted below:—

		RS.
(*a.*)	Bridge of three arches of 30 feet span	7,800
(*b.*)	Tunnel over the Cavelle channel on the southern side of the river.	550
	Total ...	8,350

3. The bridge is necessary to connect Roads Nos. 14 and 47 at Nannilam where the river intervenes. Nannilam being the cusbah station the people in the northern part of the taluq, when having to go to the Cutcherry on business, are put to much inconvenience by being obliged to take a circuitous way of about eight miles when the river is full.

4. It appears that the design has also been approved of by the Chief Engineer with slight alterations. The Local Fund Board of the Negapatam Circle have passed the estimate, and a copy of their resolution is enclosed.

5. I have the honor, therefore, to request that the Board and Government will be pleased to sanction the estimate, and place a sum of Rupees 2,000 at the disposal of the Public Works Department for expenditure during the current year out of the unexpended balance of the Road Fund of the Circle.

Officiating Chief Secretary.

No. 333.

No. 161. NOTE.

[Proceedings of the Board of Revenue, No. 2086, dated 27th July 1875, through Financial Department.]

The estimate appears to provide sufficiently for the construction of the work as approved.

It is suggested that an apron of brick cubes should be added both above and below the bridge flooring; a width of four feet above and six feet below will probably suffice.

OOTACAMUND,
4th August 1875.

(Signed) J. O. HASTED, Major, R.E.,
Officiating Chief Engineer.

No. 162. ORDER THEREON, 17th January 1876, No. 103.

The Governor in Council sanctions the estimate, amounting to Rupees 8,350, for constructing a bridge across the river Mudecondan in the Negapatam Circle.

2. The additions suggested by the Chief Engineer will be carried out.
