No. 7. Proceedings of the Board of Revenue, dated 10th November 1875, No. 3087.

Read letter from the President of the Local Fund Boards, Cuddapah District, dated 15th October 1875, No. 567, submitting Local Fund Budget of Cuddapah Circle for 1876-77.

THE Local Fund Budget Estimates of the Cuddapah Circle for 1876-77 will be submitted for the approval of Government with the following remarks.

2. REGULAR ESTIMATE OF 1875-76.—In the Regular Estimate prepared by the Vice-President the actual closing*

the whole, resulting from Road Fund, and a surplus of Rupees 26,646 under General Fund. But it is evident that the estimate under Grant I. is most incorrectly framed.

3. The Vice-President estimates the outlay on works and repairs at Rupees 1,06,809, but the total allotment made up to date, which cannot be increased, is only Rupees 82,557. In 1874-75 the percentage of outlay was only 82, and at this rate the outlay in 1875-76 would be only Rupees 67,696. Good progress, however, has been made up to date, Rupees 36,072 having been expended in the first five months. On full consideration the Board fix the Regular Estimate of outlay

BUDGET OF 1876-77.

4. STATEMENT I.-A, REVENUES AND RECEIPTS.—These balances will be credited in the budget of 1876-77.

5. The Provincial grant for roads is taken at Rupees 9,220 as directed in Board's Proceedings, dated 16th September 1875, No. 2,590, but that for schools has been reduced to Rupees 1,350 in consequence of the abolition of the school at Sidhout, which was in receipt of a Government grant of Rupees 280.

6. The Land-cess is estimated at Rupees 1,30,000 against Rupees 1,25,000 in the current year, and the contribution from the Cuddapah Municipality for Educational Inspection is reduced from Rupees 140 to Rupees 70. No reason for these variations is assigned in the Vice-President's letter.

7. The receipts are—

*Proceedings of the Madras Government, Financial Department,
1st February 1876.*

8. GRANT I., PUBLIC WORKS STATEMENT II., ROAD FUND RECEIPTS AND EXPENDITURE.—The Road Fund has been made to close with a balance of Rupees 2,160, which is needlessly large, and the Board resolve to add Rupees 1,500 to the grant for new works.

9. The share of the cost of general management should be Rupees 810, and the allotment for Tools and Plant, at one per cent. on the total outlay, Rupees 710.

10. The Road Fund Expenditure is Rupees 98,470, leaving a balance of Rupees 420.

11. STATEMENT II.-A, PART I., NEW WORKS.—Part I. contains fourteen items with an aggregate allotment of Rupees 34,600. Rupees 1,500 will be added to item 1. With the exception of two works, all the rest are unsanctioned. Items Nos. 8 to 11 and 13 should be shown in the appendix. The President is requested to expedite the submission of estimates for the unsanctioned works.

12. Rupees 2,000 are allotted under Grant II., "E, Miscellaneous," for the construction of a school-house at Pulivendla. The work should appear under Grant I., "New Works," and in Part I.

13. PART II., REPAIRS.—The allotment for repairs of roads is Rupees 40,520, or Rupees 780 more than in the current year's budget. The nomenclature and order of the roads in Part II. and in the appendix have been revised.

14. Grant I. is—

	RS.
Road Fund ...	97,660
General Fund ...	10,850
Total...	1,08,510

15. GRANT II., EDUCATION.—It is proposed to raise the pay of the Inspecting Schoolmaster of the Budwail Range, which is a large one, from Rupees 30 to Rs. 35, and the provision for Inspection for the current year has, therefore, been raised by Rupees 60. Sanction is requested.

16. The allotment for Local Fund Schools in the current year's budget is Rupees 3,780, which is now reduced to Rupees 3,000 owing to the collapse of the school at Sidhout. No report of the closure of the school appears to have been submitted through the Board for the approval of Government. The President will report upon this point separately.

17. The provision for grant-in-aid includes Rupees 100 for fixed stipends and Rupees 1,000 for results grants for schools on the combined system. In the absence of any scheme for opening such schools, the Board have disallowed the entries. Funds will be available hereafter should a scheme be sanctioned. The commission for the sale of books should be Rupees 20.

18. Grant II. is Rupees 11,670 chargeable to the General Fund.

19. GRANT III., SANITATION.—There are two Local Fund Dispensaries, one at Proddatore and the other at Budwail, now at work. The establishment of two more

1st February 1876.*

dispensaries during the current year at Pulivendla and at Chitwail has been sanctioned in G.O., Financial Department, dated 26th October 1875, No. 2,089, but for want of medical subordinates it is not likely that these institutions will be opened before the close of this year. The number and salaries of the menial servants attached to the Budwail Dispensary are to be raised so as to correspond with the scale allowed for the Proddatore Dispensary as shown in the margin. The sanction of Government is requested to the revised scale.

20. The allotment of Rupees 1,400 shown against "Miscellaneous" under Hospitals and Dispensaries includes Rupees 1,000, the second instalment to be paid to Messrs. Binny & Co. towards the purchase of the dispensary building at Budwail, and Rupees 400, apparently intended to meet the allowances to the Zillah Surgeon for inspecting the dispensaries in the Circle, as per G.O., Financial Department, dated 12th August 1874, No. 1,330. These two sums are also entered in Statement IV.-A. They should be shown separately under "G, Miscellaneous."

21. The Circle Board propose to employ three Superintendents of Vaccination and three peons on Rupees 45 and 7 each respectively, instead of one Superintendent on Rupees 70 and a peon on Rupees 7 now entertained, with a view to secure more accurate and efficient supervision over the vaccine operations in the Circle. The arrangement involves an additional monthly charge of Rupees 79. The Circle Board's application for the proposed change has been submitted to Government in separate Proceedings through the Sanitary Commissioner.

22. The usual contribution of Rupees 1,600 to the Cuddapah Municipality for their dispensary is now reduced to Rupees 600, as the Circle Board consider that, with its own dispensaries, four in number, the amount will be a sufficient contribution for the dispensary at Cuddapah. The argument is not conclusive unless it can be shown that the benefit derived by the inhabitants of the Circle from the municipal dispensary will be proportionately reduced, and this is not probable. The consent of the Municipal Commissioners has not been obtained to the change, and the matter should be further reported in view to orders of Government being obtained. Meanwhile the Board have raised the item to the usual amount, Rupees 1,600.

23. Grant III. is Rupees 31,550 chargeable to the General Fund.

24. GRANT IV., MISCELLANEOUS.—The entry for Controlling Establishment at the Presidency should be Rupees 450.

2. No explanation has been offered regarding the large outlay on New Works and Repairs estimated by the Vice-President for the current year, in consequence of which a deficit of Rupees 35,028 is anticipated at the end of the year under Road Fund. If the Revenue Board's register of allotments is correct, their regular estimate for works of Rupees 82,557 may be considered sufficient. The result of the Board's revision of the Regular Estimate is to substitute a balance of Rupees 148 under Road Fund for a deficit of Rupees 35,028.

3. The abolition of the Sidhout School has led to the further reduction by Rupees 280 of the Provincial grant decided upon in G.O., dated 18th October 1875, No. 2067.

*Proceedings of the Madras Government, Financial Department,
1st February 1876.*

4. The item of Rupees 600 entered as receipts under Act III. of 1860 is probably intended to represent an item of arrears in collection; if so, means should be taken either to collect this amount or to write it off. Numerous entries appear for works of which estimates are merely promised; out of eight new works estimates have been sanctioned for two only; for three of them allotments were made in the current year's Budget. The President will bear in mind the general rules regarding the inclusion of unsanctioned works in the Budget.

5. The following arrangements are approved and sanctioned by Government:—(a) The increase to the pay of the Inspecting Schoolmaster, Budwail Range, mentioned in paragraph 15; (b) the provisional disallowance of entries for schools regarding which no schemes have been submitted as mentioned in paragraph 17; (c) the increase to the establishment of the Budwail Dispensary proposed in paragraph 19; (d) the provisional restoration of the usual allotment for the Cuddapah Dispensaries referred to in paragraph 22. The increased provision for vaccination is passed subject to orders on the separate communication which has been received from the Board on the same subject.

6. It is observed that the Circle is still very backward in education.

2. No explanation has been offered regarding the large outlay on new works & repairs estimated by the Vice-president for the current year, in consequence of which a deficit of Rs. 35024 is anticipated at the end of the year under Road Fund. If the Revenue Board's register of allotments is correct, their regular estimate for works of Rs. 82557 may be considered sufficient. The result of the Board's revision of the estimate is to substitute a balance of Rs. 146 under Road Fund ~~against~~ for a deficit of 35024.

4. The item of Rs. 600,

entered as receipts under

Act III of 1860 in

probably intended to

represent an item of
expenditure in collection; if

no means should be

taken either to collect

the amount or to write

it off. Numerous entries

appear for works of which

estimates are merely

promised; out of 8 new

works estimates have been

sanctioned for 2 only; for

three of them allotments

were made in the current

year's Budget. The

President should be

instructed to enter in his

Budgets only such

works as have already

been estimated for

This is simply stop
work might say

The President will
bear in mind the person
responsible on the subject
yes H.C.

The President will
bear in mind the general
rules regarding the
inclusion of unsanctioned
works in the Budget.

3. The abolition of the

P. Hart school has led
to the further reduction of

Rs. 280 of the Provincial Grant

decided upon in P.O. 7

18th Oct. 1895. no. 2067

5. The following arrange-

ments are approved &

sanctioned by Government.

(a) The increase to the

pay of the Inspecting

Schoolmaster, 15 annual range,

mentioned in para 15. (b)

The provision for the

of entries for schools

regarding which no schemes

have been submitted, as

mentioned in para 17. (c)

The increase to the

establishment of the

Budwell Dispensary,

referred in para 19. (2)

The provisional allotment

of the annual provision at that time

for the Anddapha

Dispensaries, referred to

in para 22. The increased

provision for Vaccination

is based subject to

orders in the separate

communications which have

been received from the

Board on the same

subject.

6. It is proposed that

the work is still very

backward in education.
