Local Funds—Education.

No. 19. Proceedings of Government, 2nd February 1876, No. 231.

The Governor in Council requests that the Director of Public Instruction will submit a special report on the Palghaut High School, Calicut Local Funds Circle, with regard to its position as an educational institution meeting the requirements of the town and country populations. The Government understand that this school was originally a Rate School under Act VI. of 1863, working up to the standard of a Government Zillah School, but that subsequently under Local Funds Management it assumed the rank of a High School. It is perhaps open to question how far it is equitable that the rural districts should pay for an institution of this sort, and the Governor in Council desires to learn whether the Director has any remarks to offer on the subject.

The school has thus

This note answers the
query made by the Hon.
W. H. H. M. But the
question may perhaps
arise whether it is
desirable to retain
the Palghat School as
a charge on the Local
Funds. a High School
in such a position is
an anomaly -

The school might
be converted into a
Public School. One
immediate effect of
such an arrangement
would be that the
school would be more
self-supporting, as the

profits would have
then to pay fees
at the same rates
as in Government
schools, instead of,
now, at the lower
rates allowed for
aided schools.
