Budget of 1876-77.

5. Statement I. A., Revenues and Receipts.—The Provincial grant is taken at Rupees 36,150 as fixed in Board's Proceedings, dated 16th September 1875, No. 2,590, but only Rupees 24,150 of this sum is appropriated to Roads. From paragraph 5 of the above Proceedings it is clear that Rupees 30,150 should be allotted for Roads. The grant should therefore be distributed thus :—

	RS.
For Roads	30,150
For Schools	6,000
Total ...	36,150

6. The revenues from land-cess and tolls are respectively estimated at Rupees 1,47,000 and Rupees 4,000 against Rupees 1,50,000 and Rupees 10,000 in the current year, and the reasons assigned for the reduction are satisfactory.

7. As directed in G. O., Financial Department, dated 26th October 1875, No. 2,090, the contributions on account of tolls from Tinnevelly, Palamcottah, and Tuticorin Municipalities should be entered. In order to fix the sums to be contributed, the Board have ascertained the average toll collections in 1871-72, 1872-73, and 1873-74 to be as follows :—

	RS.
Tinnevelly	8,542
Palamcottah	7,689
Tuticorin...	7,226

Proceedings of the Madras Government, Financial Department,
6th January 1876.

The share of the Local Funds in the proportion of one-third, one-fourth and half will amount to Rupees 2,850, 1,920, and Rupees 3,610 respectively, making a total of Rupees 8,380.

8. The receipts are :—

	RS.
Road Fund	1,55,840
Endowment Fund	3,740
General Fund	58,740
Total...	2,18,320

9. Statement I. B., Expenditure.—Grant I., Public Works.—Statement II., Road Fund.—The Circle Board propose to appropriate Rupees 18,200 from the one-third land-cess to the Road Fund. This appropriation is unnecessary, as the 5,000 Rupees intended for general purposes and Rupees 8,380 from Municipal tolls have been added to the Road Fund.

10. The following alterations have been made in Statement II :—

—	Allotment. From.	Allotment. To.
	RS.	RS.
New Works by Public Works Department	42,510	40,440
Public Works Supervision	18,150	17,630
Share of cost of general management	1,670	1,570
Tools and Plant	1,430	1,110
Reserve	15,800	15,420

11. The cost of Petty Establishment is given as Rupees 4,374 against Rupees 5,390 in the current year's budget. From the particulars of the establishment furnished in paragraph 10 of the President's letter, it is observed that provision is made only for two Overseers instead of three sanctioned for the Circle. The President will explain.

12. A sum of Rupees 4,000 is provided towards repaying the Sattur Bridge loan with reference to the Circle Board's proposals, submitted to Government with Board's Proceedings, dated 15th November 1875, Miscellaneous No. 10,298.

13. The Road Fund expenditure is Rupees 1,55,840, leaving no balance.

14. Statement II. A.—Part I., New Works.—Part I. contains ten items with a total allotment of Rupees 47,150. Items Nos. 5 and 6 are unsanctioned. The President will expedite the submission of estimates for them. The allotment for the 6th item has been reduced from Rupees 5,000 to Rupees 2,930 to bring the Road Fund expenditure within the available assets.

15. Part II., Repairs.—Rupees 65,610 are provided for road repairs against Rupees 70,500 in the current year's budget. The decrease is chiefly due to the reduction made in the maintenance grant of the road from Palamcottah to Madura consequent on its transfer from the Public Works Department to the Revenue

Department. Items Nos. 30 to 38 in Appendix to Part II. of the current year's budget have been omitted and provision is made for sixteen more miles of road, besides Rupees 450 for repairing culverts on Road No. IV. and Rupees 4,500 for repairing and improving the masonry works on road No. I., sanctioned in G. O., Financial Department, dated 30th October 1875, No. 2,121.

16. Grant I. is:—

	Rs.
Road Fund	1,54,270
Endowment Fund	500
General Fund	5,290
Total...	1,60,060

17. Grant II., Education.—The allotment for inspection should be Rupees 620 and is intended for the salary and allowances of only one inspecting Schoolmaster. The Circle Board consider that the second Inspecting Schoolmaster, for whom provision is made in the current year's budget is unnecessary. Rupees 17,000 are allotted for results grants against Rupees 27,000 in the current year. The latter sum includes a provision of about Rupees 11,000 due on account of the balance of grants of 1874-75, and no such balance is expected to remain unpaid at the close of the current year.

18. Grant II. is Rupees 17,620 chargeable to the General fund.

19. Grant III., Sanitation.—There is only one dispensary in the Circle, *viz.*, that at Strivilliputtur. Rupees 804, provided for Medical subordinates, are made up of Rupees 720, the salary of a first-class Hospital Assistant, and Rs. 84 for a midwife on Rupees 7 a month. The latter charge should be shown under "Servants."

20. Rupees 2,060 or Rupees 1,320 less than in this year are allotted for Vaccination. The reduction is mainly due to the services of the Superintendent of Vaccination and of five temporary Vaccinators having been dispensed with by the Circle Board. The details of the charge are given in paragraph 21 of the President's letter.

21. Rupees 11,400 are allotted for Sanitary Establishments and cleansing tanks and wells, and Rupees 3,176 for the establishment, &c., of Chuttrams. The contribution to the Nazareth Dispensary has been reduced from Rupees 700 to 200 for reasons stated. Fresh contributions of Rupees 100 each are proposed for the Nagalapuram and Sawyerpuram Mission Dispensaries newly started.

22. Grant III. is:—

	Rs.
Endowment Fund	3,240
General Fund	17,850
Total	21,090

23. Grant IV., Miscellaneous.—The share of Collector's Office Establishment chargeable to this Circle will be Rupees 390.

2. It is observed that the necessity for the additional appropriation of Rupees 18,200 from the one-third Land-cess to the Road Fund, proposed by the Circle Board, is obviated by the transfer to the Road Fund, as originally intended, of the Provincial Grant for general purposes, by the inclusion of the contribution due from the Municipalities on account of Tolls, as per G.O., dated 26th October 1875, No. 2090, and by a slight reduction in the allotment proposed for one of the unsanctioned works.

3. The Maintenance Grants for roads appear to have been made after due consideration of the requirements of each road; and it has been found feasible to

Proceedings of the Madras Government, Financial Department,

make reductions in the maintenance rates heretofore allowed for some roads. About 22 per cent. of the allotment for works is proposed to be expended by "Other agency".

4. The Educational provision is considerably below the one-sixth Land-cess at present intended to be devoted for the purpose. There are no schools established and exclusively maintained by the Local Fund Board, their action being confined to the payment of Results Grants. The provision for Sanitation although less than that for the current year is considered by the Sanitary Commissioner to be satisfactory. With these remarks the Budget Estimates are passed as submitted by the Board of Revenue.

2. It is observed that the necessity for the additional appropriation of Rs 4200 from the one third land Cess to the Road Fund.

proposed by the circle Board is attended by the transfer to the Road as originally intended Fund of the Provincial Grant for General purposes by the inclusion of the contribution due from Municipalities on account of Tolls as per G.O. of 26 Oct.r 1875 no 2090 & by a slight reduction in the allotment proposed for one of the unsanctioned works

3. The maintenance grants for roads appear to have been made after due consideration of the requirements of each road, & it has been found practicable to make reductions in the recurring annual maintenance rates allowed for some roads - About 22 per-cent of the allotment for works is proposed to be expended by "other Agency"

The educational provision is considerably below the at present one by the Land Ceses extended take devoted for purpose. There are no schools established & exclusively maintained by the Local Fund Board, their action being confined to the payment of Results grants. alone -)

(The provision for sanitation altho' less than that for the current year is considered by the Sanitary Commissioner to be satisfactory. With these remarks the subjoined estimates are passed as submitted by the Board of Revl.
