GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

21st January 1881, No. 112.

Municipal—Budgets.

Read the following paper:—

No. 81. *From F. A. NICHOLSON, Esq., Vice-President, to the President of the Municipal Commission, Karúr, dated Karúr, 21st November* 1880, *No.* 324.

With reference to G.O., dated 25th April 1877, No. 1347, I have the honor to forward herewith, for Government sanction, the budget estimate of the Karúr Municipality for the year 1881-82.

2. The total estimated receipts amount to Rs. 9,240 against the regular estimate of Rs. 10,402 and the budget estimate of Rs. 8,770 for the current year. The large opening balance, the increased receipts under the heads "Tax on Animals and Vehicles" and "Registration of Carts," the arrear collections under the heads "Licenses," "Contribution from Special Funds," and "Endowments" have all, combined with a recovery of Rs. 630 from advances made in the last year and the year previous to it for works then in progress, as also a sum of Rs. 136, being the amount paid to Government for charges incurred in printing the minutes of Municipal meetings prior to 1st April 1880, tended to make up the deficits observed under the heads "Tolls," "License Tax," "Fines and Fees," and "Rent of Houses, Gardens, &c.," and to increase the actual receipts of the current year over that of the budget estimate.

3. The introduction of a bandy-petta, which was intended to be carried out during the current year, was deferred till the coming year for want of funds, but, as offers are now forthcoming, it is estimated to produce Rs. 120 during that year.

4. The Local Fund contribution on account of the Municipal Dispensary has been raised from Rs. 1,000 to Rs. 1,200 in consideration of the increased cost of its establishments to be maintained from and after the coming year.

5. The other items of receipts as budgeted for differ not materially from the regular estimate.

6. The expenditure is put at Rs. 9,057 against an entry of Rs. 9,698 in the regular estimate and Rs. 8,590 in the budget estimate for the current year.

7. The regular estimate when contrasted with the budget estimate of the current year gives a gross increase of Rs. 1,482 and a gross decrease of Rs. 374, thus showing a net increase of Rs. 1,108 over the budget estimate.

8. The increase chiefly arises from the following causes, viz.:—

(i) The expenditure incurred hitherto in connection with the construction of the Chetty's drain, which is not budgeted for in the current year, but included in the advance of Rs. 200 made in 1879 for the purpose;

(ii) The completion during the year of the road repairs which were in progress since last year;

(iii) The increased cost for medicines supplied on extra indent.

(iv) The cost of publishing proceedings of municipal meetings in the District Gazette, which was not anticipated at the time of the preparation of the budget; and

(v) A refund of Rs. 109, being the amount of magisterial fines levied by Bench Magistrates in cases of assault, &c., erroneously credited to the Municipal Funds during the last year.

9. The decrease is chiefly owing to—

(i) The low sum earned as results grants by the Municipal Combined System School;
(ii) The revision of license-tax list in accordance with Act VI of 1880; and
(iii) The reduction from 75 to 60 per cent. of the cost for Police ordered to be borne by the Municipalities not known at the time of the budget.

10. The noticeable variations in this budget are—

(i) The increased provision made for results grants in accordance with my suggestions made on the annual report of the last year as President of the Municipality and recommended by Government for adoption;
(ii) The increased salary to be given to the teachers of the Municipal Combined System School when better staff is employed as per suggestions of the Deputy Inspector of Schools, South Coimbatore;
(iii) The increased salary to be given to the Civil Apothecary as charge allowance and the enhanced pay to the hospital dhoby;
(iv) The entertainment of a midwife directed in G.O., Financial Department, dated 10th January 1880, No. 64;
(v) The increase of pay to the Municipal First-class Vaccinator Gopalakrishna Naidu from Rs. 15 to Rs. 18, who was lately transferred to Pollachi on promotion but retained at the entreaties of the town population;
(vi) The contribution towards the sanitary establishment as per G.O., dated 21st October 1879, No. 1537;
(vii) The retention of 60 per cent. rate during 1881-82 for the cost of Police as per G.O., dated 26th August 1880, No. 1623;
(viii) The increment of Rs. 5 in the pay of the Municipal Clerk made in consideration of the heavy work he has to do;
(ix) The cost for printing Municipal and Sanitary Commissioners' proceedings ordered to be borne by Municipalities in G.O., Public Department, No. 1453, dated 30th September 1879, and No. 364, dated 8th March 1880 respectively; and
(x) The provision made for the controlling establishment maintained in the Government Office as per G.Os., dated 2nd October 1879, No. 1891, and 11th December 1879, No. 2337.

11. The year closes with a balance of Rs. 183 in favor of the Municipality against the regular estimate of Rs. 704 and the budgeted balance of Rs. 180 for the current year. The increase of Rs. 524 in the regular estimate is due to the recovery of an advance of Rs. 200 outstanding since 1879, the savings effected in the cost of the Police by Government order, and to the sinking of a well—the cost of which was included in the opening balance of the current year—having been undertaken by the Police Inspector, Goolam Mahomed Hyder Saib, of this place as a charity to the public.

No. 133.

Submitted for the consideration and orders of Government.

2. With reference to the concluding part of paragraph 11, the President is of opinion that no subordinate public officer should be permitted to construct charitable works for the benefit of the public without the previous sanction of his departmental superior. It is not known whether in the case reported the Inspector's action had the sanction of the Superintendent of Police.

COIMBATORE,
25*th November* 1880.

(Signed) W. WILSON,
President.

To the Chief Secretary to Government.

2. It is observed that the incidence of taxation is now about Annas 11-8 per head. The taxation still open to the Municipality under the law and as yet unutilized is an additional 1½ per cent. on houses and lands, half of D Schedule rates under Tolls, and the Tax on Arts and Trades. The amount of capitalized property possessed by this Municipality on the 31st March 1880, putting down premises, &c., at cost price, was Rs. 5,864. The amount of unliquidated loan was on the same date *nil*.

3. The regular estimate is correctly prepared, except that no contribution is provided for the Government Office Establishment as required by G.O., 29th September 1880, No. 1876, and for the Medical College and Sanitary Inspection. The charges connected with printing should be shown under "Miscellaneous," Grant V, not under "Head Office Establishment."

4. The variations introduced into the regular estimate as compared with the sanctioned budget are approved.

5. In Statement I-A, Column 14, Rs. 24 are entered as an allotment for public works, but the item is not separately shown in Statement II-A. The Government presume that it is included under "Petty Repairs and Reserve."

6. The forecast of receipts does not differ materially from the figures of the current year. The Government are glad to hear that the cart-stand will be established in the ensuing year.

7. On the expenditure side of the budget, the contributions to the Medical College and for Sanitary Inspection appear each to be erroneously entered as Rs. 50 instead of Rs. 40, the opening balance and license tax collections having been unnecessarily included. The contribution to the Controlling Establishment should be revised with reference to the figure hereafter to be furnished by the Accountant-General similarly to that submitted by him for 1880-81 and shown in the statement printed in G.O., 29th September 1880, No. 1876. The note to Statement II should not have been filled up. It should appear only in the accounts submitted with the annual report.

8. The variations introduced into the budget expenditure as compared with the current year are approved. The increase of Rs. 5 per mensem in the pay of the Municipal Clerk is approved.

9. The budgeted closing balance of 1881-82 is Rs. 180. This appears to be insufficient. The budget should provide for a working balance or reserve in hand of not less than 10 per cent. of the receipts.

10. The attention of the Inspector-General of Police is drawn to the remark made by the Collector.

11. The budget estimate figures, on whichever side of the account, should invariably be entered in round numbers.

12. With the above remarks the Right Honorable the Governor in Council passes the Karúr Municipal Budget for 1881-82.

From,

F. A. Nicholson Esquire
Vice-President of the
Karur Municipality.

To

W. Wilson Esquire
President of the
Karur Municipality
Coimbatore

Sir,

With reference to G. O.
dated 25th April 1871, No 1367, I have
the honor to forward herewith for
Government sanction the Budget
Estimate of the Karur Municipality
for the year 1881-82.

2 The total estimated receipts
amount to Rs 9240 against the Actual
estimate of Rs 10402 and the Budget
estimate of Rs 8770 for the Current
year.

year. The large opening balances, the increased receipts under the heads "Tax on Animals and Vehicles" and "Registration of Carts," the arrear collections under the heads "Licences" "Contribution from Special funds" and "Endowments," have all, combined with a recovery of Rs 130 from advances made in the last year and the year previous to it for works then in progress, as also a sum of Rs 136 being the amount paid to Government for charges incurred in printing the minutes of municipal meetings prior to 1st April 1880, tended to make up the deficits observed under the heads "Tolls," "Licence Tax," "Fines and Fees," and "Rent of Houses, gardens &c," and to increase the actual receipts of the Current year

over that of the Budget estimates.

3. The introduction of a bandyjetta which was intended to be carried out during the Current year was deferred till the Coming year for want of funds, but as offers are not forthcoming it is estimated to produce Rs 120 during that year.

4. The Local Funds contribution on account of the Municipal Dispensary has been raised from Rs 600 to 1200 in consideration of the increased cost of its establishments to be maintained from and after the Coming year.

5. The other items of receipts as budgetted for differ not materially from the Regular estimate.

6. The expenditure in part at Rs 9057 against an entry of Rs 7698 in

in the Regular estimate and Rs 8590 in the Budget estimate for the Current year.

7. The Regular estimate when contrasted with the Budget estimate of the Current year gives a gross increase of Rs 1182 and a gross decrease of Rs 374 thus showing a net increase of Rs 1108 over the Budget estimate.

8. The increase chiefly arises from the following causes: Viz—

(i) The expenditure incurred hitherto in connection with the construction of the Shelly's drain which is not budgetted for in the Current year, but included in the advance of Rs 201 made in 1879 for the purpose.

(ii) The completion during the year of the road repairs which were in progress since last year.

(iii) The increased cost for medicines supplied on Extra Indent.

(iv) The cost of publishing Proceedings of

of Municipal meetings in the District Gazette which was not anticipated at the time of the preparation of the budget.

112/671

(v) And a refund of Rs 107 being the amount of Magisterial fines levied by Bench Magistrates in cases of Assault &c erroneously credited to the Municipal funds during the last year.

9. The decrease is chiefly owing to

(i) The low sum earned as Results Grants by the Municipal Combined System Schools.

(ii) The revision of Licence Tax last in accordance with Act II of 1880.

(iii) And the reduction from 75 to 60 per cent of the cost for Police ordered to be borne by the Municipalities not known at the time of the budget.

10 The inevitable variations in this Budget are,

(i) The increased provision made for

for Results given in accordance with my suggestions made on the Annual report of the last year as President of the Municipality, and recommended by Government for adoption.

(ii) The increased salary to be given to the teachers of the Municipal Combined System School when both staff is employed as per suggestions of the Deputy Inspector of Schools, Conch Coimbatore.

(iii) The increased salary to be given to the Civil Apothecary as charge allowance, and the enhanced pay to the Hospital Dhoby.

(iv) The entertainment of a midwife directed in G. O. S. D. dated 10th January 1880, No 64.

(v) The increase of pay to the Municipal 1st class Vaccinator Gopala-krishna Naidu from 15 to 18, who was lately transferred to Palacode on promotion but retained on the entreaties of

of the town population.

(vii) The contribution towards the Sanitary Establishment as per G. O. dated 21st October 1879, No 1537.

(viii) The retention of 60 per cent rate during 1881-82 for the cost of Police as per G. O. dated 26th August 1880, No 1623.

(viii) The increment of Rs 5 in the pay of the Municipal clerk made in consideration of the heavy work he has to do.

(ix) The cost of printing Municipal and Sanitary Commissioner's Proceedings ordered to be borne by Municipalities in G. O. P. D. No 1453 dated 30th September 1879 and No 364 dated 8th March 1880 respectively.

(x) And the provision made for the controlling establishment maintained in the Government Office as per G. Os. dated 2nd October 1879, No 1891, and 11th December 1879, &c

No 2337.

11. The year closes with a balance of Rs 183 in favor of the Municipality against the Regular estimate of Rs 704 and the budgetted balance of Rs 180 for the Current year. The increase of Rs 524 in the Regular estimate is due to the recovery of an advance of Rs 200 outstanding since 1879, the savings effected in the cost of the Police by [illegible] order, and to the sinking of a well, the cost of which was included in the opening balance of the Current year, having been undertaken by the Police Inspector Goolam Muhamed Sayder Saib of this place as a charity to the public.

I have the honor to be

Note

The incidence has been calculated on the figures for the Regular Estimate.

2. It is observed that the incidence of taxation is now about Rs — 11 — 8 per head. The taxation still open to the Municipality under the law, and as yet unutilized is an additional 1½ per cent on houses and lands; half of D Schedule rates under Tolls and the Tax on Arts and Trades. The amount of capitalized property possessed by this Municipality, on the 31st March 1880, putting down premises &c. at cost price, was Rs 5,364. The amount of unliquidated loan was one the same date nil.

3. The

3. The regular estimate is correctly prepared except that no contribution is provided for the Govt Office Establishment as required by G.O 29th September 1880 No 1876 and for the Medical College and Sanitary Inspection. The Charges Connected with printing should be shown under "Miscellaneous" Grant V, not under "Head office establishment".

4. The variations introduced into the regular estimate as compared with the sanctioned budget are approved.

5. In Statement I A Col 14 Rs 24 are entered as an allotment for Public Works but the item

item is not separately shewn in Statement II A. The Govt presume that it is included under "petty repairs and preserve".

6. The forecast of receipts does not differ materially from the figures of the current year. The Govt are glad to hear that the ~~head~~ petition will be established in the ensuing year.

cost-stand

On the expenditure side of the budget, the contributions to the Medical College and for Sanitary Inspection appear each to be erroneously entered as Rs 50 instead of Rs 40 the opening balance and Licence tax collections

having

having been unnecessarily included. The contribution to the Controlling Establishment should be revised with reference to the figure hereafter to be furnished by the Accountant General similarly to that submitted by him for 1880-81 & shewn in the statement printed in G.O. 29th September 1880, at p. 1876.

11. The note to Statt. II should not have been filled up. It should appear only in the accounts submitted with the annual report.

8. The variations introduced into the budget expenditure as compared

compared with the current year are approved. The increase of Rs 5 per mensem in the pay of the Municipal clerk is approved.

9. The budgetted closing balance of 1881-82 is Rs 80. This appears to be insufficient. The budget should provide for a working balance or reserve in hand of not less than 10 percent of the receipts.

10. The attention of the Inspector General of Police is drawn to the remark made by the Collector. The Collector will however note that orders on administrative questions should not be applied for

for in letter submitting budgets.

12. The budget estimate figures, on which ever side of the account, should invariably be entered in round numbers.

13. With the above remarks the Right Honble the Governor in Council passes the Karur Municipal budget for 1881-82.
