No. 46. G.O., No. 415, dated 26th February 1880.

ABSTRACT.—Directing that the plans and estimates for the proposed branch Railway line between Māvavaram and Tranquebar be prepared by the Engineer of the Local Fund Board in communication with the Department of Public Works.

Read also the following paper:—

No. 47. From E. F. WEBSTER, Esq., President of the Local Fund Boards, Tanjore District, to the Chief Secretary to Government, dated Vallam, 21st December 1880, No. 2395.

Adverting to G.O., No. 415, of the 26th of last February, I have the honor to state that the Local Fund Establishment for this district was not sanctioned till the 3rd August 1880, and that the Local Fund Engineer did not join his appointment till the 18th of September. The damage caused to communications all over the district will keep the Engineer and his Supervisors fully employed for many months to come; and, under these circumstances, I have the honor to request that, in supersession of the Government Order quoted above, I may be permitted to arrange for the services of a competent Surveyor to be specially employed on the work.

2. The charges can be met from the extra three pies road-cess levied under G.O., dated 17th June 1880, No. 1201, and if my proposal is acceded to, I will hereafter report the name of the Surveyor selected and the remuneration which it is proposed to give him.

No. 48. ORDER THEREON, 12th January 1881, No. 64.

Approved, but the application should have been made through the Board of Revenue.
