28TH JUNE 1884, No. 1437, FINANCIAL.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From H. Sr. A. GOODRICH, Esq., President of the Municipal Commission, Bellary, to the Chief Secretary Government, dated Bellary, 18th March 1884, No. 68.

According to G.O., No. 1768, Financial, dated 17th August 1883, the Middle School at Adoni has been made over to the commissioners of that municipality, who in virtue of this transfer claim the building which is Government property and in which the school is located as theirs. Under this impression they have refused to place the building at the disposal of the contractor whom the Executive Engineer, Bellary Division, has engaged for the purpose of executing the necessary repairs to it. In the order quoted above the question of transferring school-houses along with schools was not discussed. I have the honor to request to be informed whether it is the intention of Government that school-houses which are their property should also be held to have been transferred.

2. A copy of the municipal commissioners' resolution is enclosed.

3. I have written to them urging the propriety of their accepting the assistance of the Department of Public Works. They have formally acknowledged the necessity of repairing the building, and no claim has been made upon them for the cost of the work for whose immediate execution the department has arranged.

ENCLOSURE.

EXTRACT from the proceedings of the Adoni Municipal Commissioners passed at their meetings held on the 3rd and 4th March 1884.

4. The Vice-President intimates, for opinion of the meeting, that the other day a man styling himself contractor of the Public Works department came to him and said that he had been directed by the Executive Engineer, Bellary Division, to proceed with the repairs of the Government Middle School building here at once and to finish the same before the end of this month, requesting at the same time to give him the charge of the building to push on its repairs.

The commissioners observe that the building in question was transferred to them together with its establishment, furniture, &c., under G.O. dated 17th August 1883, No. 1768, and that, as it was in a dilapidated condition, they were obliged to provide Rs. 500 in the next year's budget for its thorough repairs, not knowing that Government would themselves do the same, and they therefore request the President to move the Government to order the amount set apart for it to be handed over to the municipality to utilize the same to the purpose for which it is intended.

(Signed) A. TERUVENGADAM,
Vice-President, Adoni Municipal Commission.

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 28th April 1884, No. O-70.

In returning the accompanying letter, No. 68, dated 18th March 1884, from the President of the Adóni Municipal Commission and its enclosure, referred to me for remarks under endorsement, No. 681, dated 24th March 1884, I have the honor to state that no mention was made as to the transfer of the school-houses to municipalities in my letters embodied in G.O., dated 17th August 1883, No. 1768, Financial,

* No. 6198, dated 7th September 1883. but in a subsequent proceedings * issued by me for the information of the inspectors, it was stated that the buildings owned by Government might be placed at the disposal of the commissioners concerned, for use, rent-free, on condition that they are maintained in good repair and retransferred to this department, if the schools cease to exist, or if the premises are required by Government.

2. As regards the Adóni school-house an estimate for the necessary repairs was sanctioned so long ago as the 23rd August 1883, the work to be executed by the Public Works department. Nothing has been done towards the repair up to 1st October 1883, when the school was made over to the municipality. The Inspector of Schools, Second Division, considers, in the above circumstances that the work should be executed by the Public Works department, and I fully concur with him.

3. I would therefore request that no necessary orders may be issued for the immediate execution of the repairs by the Public Works department.

Mis. No 1134.

The Public Works department will be asked to say when they will be in a position to commence the work.

OOTACAMUND,
21st May 1884.

Chief Secretary.

To the Public Works department, with papers to be returned.

From Lieut.-Colonel H. M. VIBART R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works department, dated Ramandrug, 11th June 1884, No. 510.

With reference to your endorsement, No. 1015-D, dated 3rd June 1884, herewith returned with enclosures, I have the honor to report that the repairs to the school-house at Adóni have been already commenced and will be completed very shortly.

Public Works Dept.
8th June 1884.

FOR ORDERS.

The Public
Works Department
have already commenced
the repairs to the
school house at Adoni.
The question is whether
they should be required
to undertake the repairs
to all such buildings.

in future or whether
the municipalities con-
cerned should not
as suggested by the
Director, have the buildings
placed at their disposal,
rent free, on the condition
that they keep them
in good repair & rearrange
if the schools cease to
exist or if Govt. require
the premises.

It is thought that a
Gen. Procep. 8th issue
transferring such
buildings, but that in
the present case the
D.P. Co. should be allowed to
finish the repairs they
have begun.
