GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

Proceedings of the Board of Revenue, dated 5th March 1884, No. 743.

ABSTRACT.—Submitting to Government report on the operations of Local funds for 1882-83.

ORDER—dated 10th July 1884, No. 1533, Financial.

The above report on the operations of Local funds for 1882-83 has been submitted six months after the prescribed date. The Government observe, however, that this delay is ascribed partly to the fact that the accounts originally submitted by the Accountant-General had to be returned to be recast with reference to paragraph 6 of G.O., dated 26th September 1883, No. 2154, reviewing the general report for 1881-82, and partly to the fact that all the circle reports had not been received till five and a-half months after the expiry of the due date. The names of the circles where excessive delay has occurred should be reported for the information of Government.

2. With reference to paragraph 3 of the Board's report the Government observe that it was never intended that loans and investments should be excluded from the annual accounts submitted with the report. On this and other points raised in the same paragraph the Government entirely concur with the Board of Revenue.

3. With the exception of the conversion of the three circles in the late Bellary district into the two circles of Bellary and Anantapur, referred to in paragraph 4 of G.O., dated 26th September 1883, No. 2154, there was no change in the constitution of the Local Fund circles administered under the Act, the number of which was, however, by the change referred to, reduced to 30 during the year under review.

4. The assets, expenditure and balance of the year are compared hereunder with those of the previous year :—

	Assets.	Expenditure.	Balance.
	Rs.	Rs.	Rs.
1881-82	91,83,464	57,18,528	34,64,936
1882-83	89,55,686	60,79,711	24,75,975

5. There appears a discrepancy between the closing balance of 1881-82 and the opening balance adopted in the accounts of 1882-83, as shown in the margin. This, it is explained, is due to the revised system of accounts referred to in paragraph 3 of the Board's proceedings.

	Rs.
1881-82	34,64,936
1882-83	29,91,221

6. Excluding the opening balances and the contributions of Rs. 4,939 between circles, the actual receipts of the year amounted to Rs. 55,59,526 against Rs. 53,02,404 in 1881-82, the increase occurring chiefly under Provincial grants and land-cess. The receipts from the principal sources of revenue are contrasted below with those of the previous year:—

	1881-82.	1882-83.
	Rs.	Rs.
Provincial grants—		
For roads and other public works	67,880	1,13,474
For schools	1,202	6,184
For general purposes	19,610	28,100
Pound fund	37,986	33,791
Ferry rents	1,30,886	1,45,419
Fishery rents	83,400	92,781
Land-cess	40,16,352	42,15,171
Tolls	3,62,078	3,86,662
School fees	29,581	36,862
Endowments, &c.—		
Schools	17,707	3,600
Hospitals and dispensaries	33,106	16,958
Choultries	2,20,736	2,34,891
Market rents	45,619	56,876
Private contributions for works	23,783	44,247
Avenue clippings	40,757	36,333

7. The grants from Provincial funds were in excess of those of 1881-82 by Rs. 59,566. Deducting from this the sum of Rs. 25,394 paid to the Tinnevelly circle, which, as observed by the Board of Revenue, is hardly of the nature of a contribution, but was only a refund and should have been therefore shown under Miscellaneous, there is still an increase of Rs. 34,172. This is accounted for chiefly by the fact that the Road and General funds of the Canara circle, which were found inadequate to meet the requirements of that circle, had to be supplemented by grants from Provincial funds. It is satisfactory to observe that enhanced revenue has been derived from the ferry and fishery rents. The explanation offered for the increase in fish rents in Chinglepat is however, not understood. It is presumed that what is referred to is the usual adjustment at the close of the year, and in that case the increase was due to the high price obtained at the sale rather than the crediting of the deposits. With regard to the explanation of the falling off in Negapatam, which is ascribed to the want of legal protection, it is observed that no such want was felt in the neighbouring circle of Tanjore.

8. The income from land-cess amounted to Rs. 42,15,171 against Rs. 40,16,352 in 1881-82. In Dindigul, although the rate was raised from 9 pies to 1 anna in the rupee, the current demand rose from 81,907 to 95,975 only. This should have been explained in the general report. In eleven circles the collections were better and in five they were worse than in the previous year. It is, however, satisfactory to observe that the total collections formed 78 per cent. of the demand, thus showing an increase of 5 per cent. as compared with the previous year. The Government trust that the six circles where the collections have been very backward in the year under review will be able to show better results in 1883-84. The arrears outstanding at the commencement of the year were very large in the South Arcot, Bellary, Coimbatore, and Nellore circles, and though they have been considerably reduced by improved

*Anantapur.	Madura.
Bellary.	Nellore.
Madanapalle.	Nilgiris.

collections and remissions during the year, they are still far larger than they ought to be in Bellary and Nellore, being Rs. 93,566 and Rs. 1,32,001 respectively. Nearly three-fourths of the arrears in Bellary and half of those in Nellore belong to years prior to that under review. The arrears written off, chiefly because the corresponding land revenue was written off, were Rs. 44,314 and Rs. 24,274 in Coimbatore and South Arcot. The total sum remaining uncollected at the close of the year amounted to Rs. 10,81,756. The Government consider that all arrears of a longer standing than five or six years should either be collected or written off. The Board will insist on their repeated instructions to this effect being carried out. Tolls yielded Rs. 3,86,662 against Rs. 3,62,078 in 1881-82. Of the former amount, Rs. 1,17,063, or nearly 30 per cent., was contributed by municipalities. It is noted that the percentage which the income from tolls bears to the total Road fund receipts was as high as 40·2 in the Nilgiri circle.

9. The total receipts on account of endowed institutions show a falling off, as compared with those of the previous year, of Rs. 10,8[illegible]. This is the net result of a large decrease under Schools and Hospitals and of an increase under Choultries and Market rents. The cause of the variations is satisfactorily explained, but the exact amount of the refund from Provincial of excess payments on account of the Medical college in 1881-82 is nowhere stated, nor is it understood how it can be credited to the Endowment instead of to the General fund, to which it was debited in the first instance. It is noted that the fee system was introduced into eleven new markets during the year under review. Private contributions in aid of works amounted to Rs. 44,247 against Rs. 23,783 in 1881-82. The former sum includes a contribution of Rs. 10,000 from the mahant of Tirupati for the construction of a dispensary at that place. The dispensary being classed as an endowed institution, and the amount being shown in the Endowment fund statement of receipts, it is not understood why it is shown under Miscellaneous in the general statement. As regards contributions for sanitary objects, it does not appear that all receipts of this kind are brought to account.

10. The charges, excluding contributions between circles, amounted to Rupees 60,74,772, and were in excess of those of the previous year (Rs. 56,00,655) by Rs. 4,74,1[illegible]. This excess appears chiefly under Grant I, and is due to the payment of Rs. 4,19,238 of the famine debt due to Provincial funds. The principal items of expenditure were the following:—

	1881-82.	1882-83.
	Rs.	Rs.
New Works—		
Communications	8,00,801	7,16,418
Buildings	85,371	75,036
Miscellaneous public improvements ..	34,494	48,358
Repairs—		
Communications	19,97,202	21,35,865
Buildings	55,886	55,366
Miscellaneous public improvements	1,11,612	1,15,776
Public Works department supervision, Local Fund		
Engineering establishment and contingencies ..	4,72,233	5,43,746
Interest and repayment of loans	26,457	12,675
Famine debt	..	4,19,238
Miscellaneous	83,465	78,767
Total Public Works ..	37,57,527	41,92,815
Education	6,76,699	6,61,280
Hospitals and dispensaries	2,55,426	2,76,815
Vaccination	1,26,108	1,34,075
Sanitary establishment, &c.	2,74,386	2,78,618
Markets	72,911	11,[illegible]12
Choultries	1,87,102	1,88,397
Miscellaneous	1,44,923	1,44,603
Supervision and management	1,57,118	1,74,903

11. On the construction and repair of communications Rs. 28,52,383 were expended against Rs. 28,88,003 in 1881-82. The expenditure exceeded the allotments in the following five circles, not four as stated by the board:—

	New Works.		Repairs.	
	Allotment.	Expenditure.	Allotment.	Expenditure.
	Rs.	Rs.	Rs.	Rs.
Anantapur	3	98	..	..
Ellore	61,252	67,423	27,610	33,349
Nellore	..	..	1,09,470	1,14,016
Nilgiris	1,747	53,649	58,062	65,169
Vizagapatam	..	..	83,262	86,106

These excesses are explained; but in the case of the Nilgiris not quite accurately. In G.O., dated 11th November 1881, No. 2197, the Government promised a contribution of Rs. 30,470 for the main line of communications in the circle, and observed that provision for the purpose would be made in the Provincial service budget, in which, however, Rs. 50,000 were actually provided. The President of the circle erroneously taking it for granted that these were two separate contributions, in spite of the fact that the Board of Revenue pointed out that the provision of Rs. 50,000 in the Provincial budget included the promised contribution of Rs. 30,470, began to incur expenditure in excess of the allotments till it was put a stop to by Government. As regards Vizagapatam, the excess is explained in the circle report to have been owing chiefly to the debit of Rs. 4,476 made in the accounts of the Engineer on account of the ghât roads lying in the Agency tracts, to recover which from Provincial funds, steps were reported to have been taken.

G.O., dated 11th August 1882, No. 917.

In eight circles the total expenditure fell below 75 per cent. of the total allotments, while in three * it was below 50 per cent.

* Cuddapah.
Tanjore.
Negapatam.

It is not understood how the inadequate pay allowed to the Local Fund Engineering establishment in Bellary can be advanced as an excuse for not utilising the budget provision in full. Exclusive of village roads there were under the control of Local Boards 21,019 miles of roads against 20,785 in 1881-82; of the former 11,218 miles were maintained during the year against 17,725 in the previous year, and 113¾ miles of new roads were completed, while 246¾ miles were in progress. It is stated that except in Chingleput, Masulipatam, Ellore, Malabar, and Trichinopoly, which suffered have been cut up by the heavy floods of 1882, the roads were in generally good condition. In addition to the above, 1,526¾ miles of village roads were either made or repaired during the year at a total cost of Rs. 1,16,655. As already observed the instalments of loans repaid should be shown as items of expenditure. The Government agree with the Board in considering that the contribution paid to the Chief Engineer's office for the scrutiny of plans and estimates is excessive, and the further communication on the subject promised by the Board is awaited. The Government request that the Board will be good enough to furnish in future a statement showing the percentage the cost of the Local Fund Engineering establishment bears to the total outlay on works in each circle. The buildings constructed and repaired during the year under review are enumerated in paragraph 41 of the Board's proceedings, and do not, it is presumed, include those built and repaired from the Endowment fund. The number of markets rose from 170 to 181, and that of other endowed institutions from 248 to 257. The total expenditure on account of the various endowed institutions fell from Rs. 3,36,688 to Rs. 3,22,010, owing to diminished expenditure on markets in the Coimbatore circle, which possesses the largest number (69) existing in any one circle.

12. On education an expenditure of Rs. 6,31,280 was incurred against Rs. 5,79,699 in 1881-82, the excess occurring chiefly under Training schools, Local Fund schools, and Results grants. To the sixteen training schools that existed at the close of 1881-83 eight were added during the course of the year, raising the cost from Rs. 25,034 to Rs. 36,865. The pupils receiving training in those schools numbered 567, of whom 419 appeared for, and 312 passed, the special upper primary

examination against 280 and 176, respectively, in 1881-82. The cost to Local funds of each passed student was Rs. 118. It is noted that for the inspection of the elementary schools in the several Local fund circles, sixteen deputy inspectors, paid entirely or in part from Local funds, in addition to the existing Provincial deputies, and 122 inspecting schoolmasters, were employed.

13. The following table gives the particulars of all the schools wholly maintained from Local funds:—

	Number of schools.		Attendance.		Total cost.		Total net cost.		Average net cost of educating each pupil.					
	1881-82.	1882-83.	1881-82.	1882-83.	1881-82.	1882-83.	1881-82.	1882-83.	1881-82.			1882-83.		
					Rs.	Rs.	Rs.	Rs.	Rs.	A.	P.	Rs.	A.	P.
Middle schools ..	40	49	2,325	2,931	35,028	39,990	24,847	24,741	10	11	0	8	4	10
Primary schools—														
Salary system ..	287	294	10,247	10,947	64,720	65,248	57,874	60,872	5	9	8	5	8	13
Combined system ..	1,435	1,487	44,723	44,723	1,47,585	1,69,060	1,29,148	1,45,789	2	15	3	3	4	1
Total ..	1,762	1,830	59,375	58,654	2,47,353	2,74,298	2,11,869	2,31,402	3	12	2	3	15	1

From the above it is observed that there has been a steady increase both in the number of schools maintained from Local funds and in the attendance therein, while there has been a reduction in the average cost of educating each pupil in the primary salary system and middle schools. The average cost of the combined system schools is slightly in excess of that in 1881-82, and would have been still higher had more correct statistics been furnished in the case of the Malabar schools. The cause of the increase could be ascertained and stated. In addition to the above an expenditure of Rs. 14,343 is shown as salary grant payments to sixteen schools with an attendance of 459 pupils, and of Rs. 2,41,573 as results grants payments to 8,585 schools with 165,036 children. These statistics are, however, incomplete and incorrect for the reasons stated in paragraph 48 of the Board's proceedings. Steps have been taken to render them reliable in future. The figures for 1881-82 were as noted in the margin compared with those of 1882-83.

	Number.	Attendance.	Grants.
			Rs.
Salary grant schools.	20	684	15,047
Results grant schools.	6,398	129,887	1,99,361

14. During the year under review ten new dispensaries were established and maintained in addition to the existing 180 at a total cost of Rs. 2,76,815 against Rs. 2,55,926 in 1881-82. It is stated that eighteen of these are endowed institutions, while eighteen others are maintained from chattram funds. But from the remarks column of the statement attached to paragraph 49 of the Board's proceedings, the number appears to be only seventeen in each case. The total number of patients treated in these institutions added to those treated by the medical practitioners in Nellore and by the itinerating hospital assistant and the hospital assistant attached to the Head Assistant Collector in Ellore rose from 11,789 in-patients and 779,942 out-patients in 1881-82 to 12,619 and 885,982, respectively, in the year under review. Eighty-four midwives were employed in the several Local Fund circles, and they are reported to have attended to 2,061 labor cases.

15. During the year under review 38 deputy inspectors of vaccination and 593 vaccinators were employed against 36 and 587, respectively, in 1881-82. The work done by them and its cost per operation are shown below, the increase in the former occurring chiefly in the South Canara, Coimbatore, Kurnool, Dindigul, and Malabar circles:—

	No. of persons vaccinated.	No. of successful cases.	Percentage of successful to total vaccinated.	Cost per successful case.		
				Rs.	A.	P.
1881-82	490,541	455,949	92·9	0	4	5
1882-83	587,540	551,672	93·7	0	4	0

The cost per successful case is still very high in Madanapalle and Cuddapah, and should be further reduced.

16. Excluding the sum of Rs. 27,632 spent on sanitary works, which appears under Grant for the outlay on sanitary improvements was, as noted in the margin, Rs. 2,78,018 against Rs. 2,74,580 in 1881-82, and formed 80·6 per cent. of the total allotments for the purpose against 77·4 per cent. in that year. The total expenditure was 12·6 per cent. of the General fund assets. The percentage, however, was below 10 in 15 circles, and was as low as 2 and 2·6 in Ellore and Malabar, respectively.

	Rs.
1. Improvement of water-supply ..	60,836
2. Do. of village-sites ..	17,600
3. Conservancy of towns and villages	1,01,136
4. Fairs and festivals	2,850
5. Miscellaneous	31,218
	2,78,018

17. The number of choultries rose from 298 to 319, but the number of persons fed and the cost of feeding fell from 2,212,378 and Rs. 81,114 to 2,159,718 and Rs. 78,207, respectively. In Coimbatore and Malabar the number of choultries in which people were fed and the number of persons fed being returned as *nil*, it is not understood why Rs. 624 and Rs. 578, respectively, are entered in the column "Cost of feeding." Of the 319 choultries 103 are endowed institutions. The number of travellers that halted at the various bungalows rose from 6,398 in 1881-82 to 6,845, but the fees collected from them fell from Rs. 9,269 to Rs. 9,133. This should be explained. It is again observed that the expenditure on the bungalows is far in excess of the receipts.

18. The contributions paid to municipalities and missionary bodies for dispensaries and sanitary purposes amounted to Rs. 81,847 against Rs. 92,434 in 1881-82. The decrease is not explained. On page 50 of the Board's proceedings, Rs. 2,250 are entered as contributions to the Vizagapatam, Bimlipatam, and Anakápalle municipalities for dispensaries, but it is observed that the Vizagapatam municipality has no dispensary of its own, and that no contribution of the nature referred to is credited in the municipal accounts.

19. The total charges of administration proper were Rs. 7,74,902, or 2·9 per cent. of the total expenditure, but 3·2 per cent. of the total net receipts. The average incidence of Local Fund taxation per head of population, according to the census of 1881, was Annas 2-7 or Annas 2-5, according as tolls were included or excluded, against Annas 2-6 and Annas 2-4, respectively, in 1881-82, the slight increase being apparently due to improvement in the collection of the land-cess. To the statement furnished on page 3 of the Board's proceedings a column may, the Government consider, with advantage be added, showing the average incidence of the total Local fund income.

20. Regarding the working of the several Local Fund Boards, information is furnished that 379 meetings were held, giving an average for the whole presidency of 13 meetings per circle, while the average number of officials and non-officials present at each meeting was 4 and 5, respectively, out of 12 and 14 forming the board. In the circles noted below the number of officials present was, on the average of the year, in excess of that of non-officials:—

	Officials.	Non-officials.
Bellary	5	3
Chingleput	4	3
Chicacole	3	2
Ellore	4	2
Nellore	4	3
Tanjore	5	2
Trichinopoly	3	2
Vizagapatam	4	3

21. The general operations of the year were satisfactory, the chief points calling for unfavorable notice being remissness in some circles in the collection of land-cess and the existence of large arrears under the same head in others."

RESOLUTION—dated 5th March 1884, No. 743.

The Board resolve to submit their report for 1883-83 on the operations of the Local Funds constituted under Madras Act IV of 1871, with the undermentioned appendices :—

Appendix I.—Statement showing the actual Local Fund receipts.
Appendix II.—Statement showing the actual Local Fund expenditure.
Appendix III.—Statement showing the receipts of the Road Fund.
Appendix IV.—Statement showing the expenditure under the Road Fund.
Appendix V.—Statement showing the receipts of the Endowment Fund.
Appendix VI.—Statement showing the expenditure under the Endowment Fund.
Appendix VII.—Statement showing the receipts of the General Fund.
Appendix VIII.—Statement showing the expenditure under the General Fund.
Appendix IX.—Statement showing the progress of all important new works.
Appendices X to XIII.—Subsidiary statements showing the accumulated surplus or deficit in each circle and the balance available for allotment.
Appendix XIV.—Accountant-General's letters, &c., explaining some of the entries in the accounts furnished by him.

2. *Circle Reports.*—The several Circle Reports have been reviewed and submitted to Government in the proceedings read again at the head of these proceedings. With the single exception of Chingleput, they were all received in this office subsequent to the prescribed date, and the annexed table shows that four of them reached the Board three months after the due date and one so late as 12th November last.

Number of Reports.	Date of Receipt.
1	On the due date, viz., 1st June 1883.
8	Within a month after the expiry of the due date.
13	Do. 2 months do. do.
4	Do. 3 do. do. do.
2	Do. 4 do. do. do.
1	Do. 5 do. do. do.
1	Do. 6 do. do. do.
30	

3. *Accounts.*—The annual accounts originally submitted by the Accountant-General had to be returned to him to be recast with reference to paragraph 6 of G.O., dated 26th September 1883, No. 2154. The statements printed as Appendices I to VIII and X to XIII are the revised accounts furnished by him, and the figures given therein have been adopted in the present report. In carrying out the instructions contained in the above Government Order, the Accountant-General seems to have gone further than Government intended in regard to the elimination of the debt heads. The Board believe that Government wished only the adjustment entries to be omitted from the annual accounts, such as Advances, Engineers' cheques, &c. The Accountant-General has in addition excluded the loans obtained from Government by certain Local Fund Boards and the investments in Government securities made by other Boards. It may here be noted that the exclusion of investments is not complete, as the amounts invested in years prior to 1882-83 have not been similarly dealt with. It is also remarked that appropriations from the Provincial Fund to meet deficits in Circle Funds should be treated in the same manner as loans, the only difference between the two, as far as Local Funds are concerned, being that interest is charged in regard to one and not for the other. The definite orders of Government are requested regarding these items. The Board are of opinion that they should be included in the transactions of the year in which they occur, that the amounts borrowed should be taken as assets, and that the repayment of loans with interest and the amount invested from savings should appear on the expenditure side. As the balances shown in the present financial statements represent merely the assets and liabilities of each Circle at the close of the official year, and not the cash balance available for expenditure, the Accountant-General has forwarded certain subsidiary accounts (Appendices X to XIII) from which the actual amount available for allotment in the succeeding year can be ascertained. The Board have accordingly adopted the balances arrived at in these statements as the opening balances of the regular estimates for the current year. Besides investments and loans already adverted to, the items marginally noted are deducted or added in determining the available balance. Permanent advances and stock accounts, which are also of the nature of permanent advances, are for the present purpose final charges; and in regard to the other items, it is understood that the Accountant-General is in communication with Presidents of Local Fund Boards in order to obtain their adjustment.

Advances Recoverable.
Permanent Advance.
Suspense Account.
Miscellaneous Advances.
Stock.

4. *Local Fund Circles.*—The number of Local Fund Circles continued to be thirty as at the close of the year 1881-82.

5. *General Taxation.*—The following statement shows the extent and population of each circle according to the Census of 1881, and the incidence of taxation per head of the population:—

Districts.	Circles.	Area in Square Miles.	Population according to the Census of 1881.	Income from Taxation.	Incidence of Taxation excluding Tolls.		Incidence of Taxation including Tolls.		Incidence of Taxation including Tolls.	
					1881-82.		1882-83.		1883-84.

8. Appendix No. I—*Opening Balance.*—The year opened with a balance of Rs. 29,91,221 against Rs. 24,64,936 shown as the closing balance in the report for 1881-82. The difference is due to the elimination by the Accountant-General of the Miscellaneous Debt heads as remarked in paragraph 2 *supra*. Compared with the estimate of Rs. 27,28,870, there is a net increase of Rs. 2,62,351 resulting from a gross increase of Rs. 5,27,238 in sixteen circles and a gross decrease of Rs. 2,64,887 in fourteen circles. The circle figures however do not admit of comparison, as the actuals exclude and the estimate includes cloth accounts. The actual total balance is distributed among the minor funds as shown below :—

	Rs.
Road Fund	18,61,715
Endowment Fund	3,21,203
General Fund	8,08,303
Total ...	29,91,221

9. *Receipts.*—The receipts of the year amounted to Rs. 55,59,526, excluding the contributions between circles, and exceeded the estimate of Rs. 52,22,050 by Rs. 3,37,476 and the actuals of the preceding year, viz., Rs. 53,02,404, by Rs. 2,57,122. The increase occurs under almost all the heads, that under Land-cess being nearly two lakhs above the actuals of 1881-82, and one and-a-quarter lakhs above the estimate. The receipts are distributed among the minor funds as shown below :—

	Rs.
Road Fund	36,17,252
Endowment Fund	3,23,650
General Fund	16,18,584
Total ...	55,59,526

The chief items of revenue are land-cess, tolls and choultry receipts. The percentage they bear to the total income is compared below with the preceding year's ratios :—

	Receipts.		Percentage to Total Income.	
	1881-82.	1882-83.	1881-82.	1882-83.
	Rs.	Rs.		
Land-cess	40,10,752	42,15,171	76	76
Tolls	3,62,478	3,86,662	7	7
Choultry Rents	2,20,736	2,34,891	4	4
Contributions from Canal and Ferry Fund	1,03,875	1,24,312	2	2
Other Items	5,99,363	5,98,490	11	11
Total ...	53,02,404	55,59,526	100	100

10. *Provincial Contributions.*—Rs. 1,47,758 were contributed from Provincial Funds for the undermentioned purposes :—

	Rs
For Roads	1,10,424
For other Public Works	3,050
For Schools	6,184
For General Purposes	28,100
Total ...	1,47,758

The contribution for roads was given to the South Canara, Cocanada, Nilgiri and Tinnevelly Circles. In the first-mentioned circle Rs. 25,000 were granted in G.O.,

Financial Department, dated 22nd June 1882, No. 541-N. for the roads connecting Mangalore with Coorg and Mysore. The Nilgiri Circle had a grant of Rs. 60,000, of which Rs. 50,000 were for the up-keep of the communications generally in the circle, including the remetalling of the road from Ootacamund to Coïmbatur (*vide* G.Os., dated 22nd July 1882, No. 758, and 11th August 1882, No. 917, Miscellaneous), and Rs. 10,000 for expenditure on the Kótagiri Ghât road (*vide* G.O., Public Works Department, dated 1st September 1882, No. 2255 W., recorded in G.O., Financial Department, dated 25th September 1882, No. 1201, Miscellaneous). Rs. 30, being a moiety of the cost of revetment to the road from Samalkóttah to Cocanada, were contributed to the Cocanada Circle as sanctioned in G.O., Public Works Department, dated 4th July 1882, No. 508 I., communicated by G.O., Financial Department, dated 17th July 1882, No. 695-N. The payment of Rs. 25,394 to the Tinnevelly Circle is the refund sanctioned in G.O., Financial Department, dated 21st October 1882, No. 1541, on account of subscriptions which were raised by the villagers for building a bridge in connection with the Srivaikuntham anicut project, and which were temporarily appropriated for Imperial purposes. The payment cannot properly be called a Provincial grant for roads. It would perhaps be more correct to show it as a miscellaneous receipt.

Of the amount shown as the contribution for other public works, Rs. 1,150 were paid to the South Arcot Circle, as it was thought that Provincial Funds ought to bear half the cost of constructing certain groynes in the Vellaur river (G.O., Financial Department, dated 13th January 1883, No. 66), and Rs. 1,900 were given to the Chatrapur Circle for purchasing a building for the hospital at Gopálpur (G.O., Financial Department, dated 14th June 1882, No. 469-N).

Rupees 6,184 were sanctioned under the Grant-in-aid Code by the Director of Public Instruction as grants to Local Fund Schools imparting middle-class education in the circles of Chittoor, Vellore, South Arcot, Bellary, Cuddapah, Masulipatam, Malabar, Salem and Trichinopoly.

For general purposes, Rs. 25,100 were granted to the South Canara, Nilgiri and Tanjore Circles. The first and second mentioned circles were given Rs. 10,000 and Rs. 17,000, respectively, in view to supplement the General Fund which was found to be inadequate to meet the requirements of those circles—G.Os., Financial Department, dated 17th April 1882, No. 321, and 22nd July 1882, No. 758. In accordance with G.O., Financial Department, dated 5th October 1882, No. 1401, Miscellaneous, Rs. 1,100 were paid to the Tanjore Circle being five months' contribution to the Rajah Mirasidar Hospital at Tanjore.

11. *Pound Fund Contribution.*—The surplus of the Pound Fund credited to Local Funds amounted to Rs. 33,791 against an estimate of Rs. 44,550 and Rs. 37,986, the actuals of 1881-82. The decrease is mainly due to large sums having been spent on the repair of pounds and in providing them with fodder-racks and water-troughs.

12. *Canal and Ferry Fund Contribution.*—Rs. 1,24,312 were made over to Local Funds from the surplus of the amount collected at the ferries in the margin[ally] noted districts to which the Canal and Ferry Act I of 1879 had been extended. The largest amount was contributed in Malabar, the amount paid being Rs. 80,491 which exceeds the estimate by Rs. 13,091 and the actuals of 1881-82 by Rs. 12,897. The increase was due to the larger number of ferries worked in consequence of certain bridges having been washed away by the floods.

South Canara. | Tanjore.
Malabar. | Trichinopoly.

13. *Fish-rents.*—The income from fisheries amounted to Rs. 92,781 against an estimate of Rs. 95,950 and Rs. 83,400 realized in 1881-82. The increase over the latter figure is due to the inclusion under this head in the year under review of the fish-rents realized by the Public Works Department, which, it is presumed, were shown under Public Works receipts in the previous year's account—*vide* paragraph 5 of Board's Proceedings, dated 24th October 1883, No. 3246. The decrease of Rs. 3,169 compared with the estimate has resulted from a gross increase of Rs. 7,778 in

twelve circles and a gross decrease of Rs. 10,947 in twelve circles. The increase is large in Chittoor, Chingleput, Nellore and Tanjore. In Chittoor and Tanjore it was due to competition among bidders for the lease of the fisheries; in Chingleput, to deposits paid by the renters having been credited to this head; and in Nellore, to the transfer to this head of the amount collected by the Public Works Department. The decrease is large in Masulipatam, Dindigul, Negapatam, Shermádevi and Trichinopoly. In the first-mentioned circle, it is ascribed to the absence of rivalry among bidders; in Dindigul, to the estimate having been fixed at too high a figure; in Shermádevi, to the low rentals obtained; and in Trichinopoly, to outstanding arrears. As regards Negapatam, it was explained in the Circle Report that the falling off was due to the want of legal protection in regard to the right of fishing. It is noted that the fisheries of Irrigation Works in charge of the Public Works Department were given on rent by that department and the proceeds credited to Local funds as directed in G.O., Revenue Department, dated 14th March 1882, No. 297, and that those of the tanks in charge of the Revenue Department continued to be given on rent by Collectors.

14. *Road-cess.*—There were no collections under the old Road-cess Act III of 1866, all the outstanding arrears, excepting Rs. 3 in the Trichinopoly Circle, having been written off. Rs. 56 shown under this head in the Accountant-General's statement are Land-cess receipts erroneously entered in some districts as Road-cess. In regard to the Road-cess arrears in Trichinopoly, the Collector has reported that they were not remitted as they were recoverable, and that they have been realized in the current year.

15. *Land-cess.*—The rate of Land-cess was raised from nine pies to one anna per rupee of the assessment in the Dindigul Circle. This was found necessary as the Circle funds at the former rate were inadequate to meet the charges. The cess collections in all circles according to the treasury accounts received through the Accountant-General amounted to Rs. 42,15,171 against an estimate of Rs. 40,93,950 and Rs. 40,16,352 realized in 1881-82. The increase is mainly due to the greater vigor with which collections were enforced and to the more careful observance of the order to credit the collections proportionately between Land Revenue and the local cesses.

The following statement shows the Demand, Collection and Balance of Land-cess and the rates at which it is levied in the several circles:—

Districts.	Circles.	Ryot of Land-cess.	Arrears.	Current.	Total.	Arrears.	Current.	Total.	Arrears.	Current.	Total.	Arrears.	Current.	Total.

According to the above statement, the total collections are Rs. 42,10,905 against Rs. 42,15,771 entered in the preceding paragraph. The difference is attributable to collections made in individual cases in excess of the demand and to non-adjustment of the collections realized in other districts. Out of a total demand of Rs. 54,25,552 made up of Rs. 14,78,146 arrears and Rs. 39,47,406 current, 65 per cent. under arrears and 82 per cent. under current were collected, the total collections (Rs. 42,10,905) being 78 per cent. of the total demand against 73 per cent. in the previous year. Though the general average was more, the percentage fell off in several circles, especially in the two circles of the Kistna District and in the Madura Circle. The Collector of Madura states that vigorous measures are being adopted for the collection of revenue during the current year, so that better results may be expected for the future. In the Kistna District the collection of revenue was suspended in some parts affected by the floods of 1882.

	Per-centage.
1. Anantapur	66
2. Bellary	54
3. Madanapalle	66
4. Madura	61
5. Nellore	65
6. Nilgiri	59

In the six circles marginally noted, the collections were less than two-thirds of the demand. Madura has already been noticed; Bellary, Madanapalle, Nilgiris, and Nellore are much in advance of the preceding year; Anantapur is a new circle and appears for the first time in the accounts. The attention of the Collectors of the districts has been drawn to the matter in the review of the circle reports. Rs. 1,32,851 of the land-cess arrears were written off as irrecoverable during the year. The largest sums remitted were in the Coimbatore and South Arcot Districts. In the Coimbatore District, under the erroneous impression that Board's Proceedings, dated 24th September 1880, No. 1393, authorized the remission of land-cess in all cases in which land revenue was ordered to be written off, the whole balance of land-cess up to fasli 1285 was written off the accounts on the authority of Board's Proceedings, dated 10th June 1880, No. 797, in which all outstanding arrears of ryotwari and miscellaneous land revenue were ordered to be struck out of the accounts. It was also represented that no portion of the land-cess arrears recommended to be remitted could be recovered, that a large sum shown under Inams was due from poor village servants who were quite unable to pay, and that the accounts were in confusion owing to the heavy arrears and remissions. The Board, therefore, accepted the adjustments already effected and sanctioned the balance of the arrears ascertained to be irrecoverable being written off the accounts (Board's Proceedings, dated 28th September 1883, Mis. No. 8201). In the South Arcot District land revenue to the extent of Rs. 4,40,000 has been written off the accounts of fasli 1293, so that the land-cess remissions are not comparatively large.

The subjoined table furnishes particulars of the arrears outstanding on 31st March last in each circle:—

Districts.	Circles.	1871-72.	1872-73.	1873-74.	1874-75.	1875-76.	1876-77.	1877-78.	1878-79.	1879-80.	1880-81.	1881-82.	1882-83.	Total.

	Total ..	369	198	666	313	67	8	37	254	129	1	2	12	1,856

The Board have repeatedly called the special attention of Collectors to these long standing arrears and have issued positive instructions that they should be recovered or written off without delay. In five circles the arrears date from 1871-72. Of these, a large portion of the arrears in the Cuddapah Circle has since been collected or written off and the amount outstanding in it at the end of November last relates to the years from 1878-79. Special reports have been called for from the other districts, where there are long standing arrears. In Chingleput and the Nílgiris it is stated that the taluk accounts being in confusion difficulty is in some instances experienced in ascertaining the persons from whom the arrears are due. The Collectors are giving their best attention to the matter.

16. *Tolls.*—The following statement furnishes statistics of tolls:—

Districts.	Circles.	Total Local Fund Income.	Number of Miles of Road in the Circle.	Number of Miles of Road maintained in 1882-83.	Average Cost of maintaining each Mile of Road.	Number of Local Fund Toll-gates.	Rate of Tolls.	Income from Tolls in 1882-83. Under Arcot.	Leased.	Contributions from Municipalities.	Total.	Charges appertaining to Tolls.	Percentage of Income from Tolls to that under Local Fund.

* The three figures at Rs. 2-8-0 are for the Ghat roads in the Nilgiris.
† The four figures at Rs. 3 are for the Ghat roads in Canara, being at once a gate and a Police station.
‡ The four figures at Rs. 4 are for Ghat roads in Malabar, being at once a gate and a Police station.

Excepting the four circles marginally noted, all the other circles derive an income from tolls. There were 114 toll-gates against 117 at the end of 1881-82. The seven gates which existed in the latter year in the South Arcot Circle were abolished under G.O., dated 29th June 1882, No. 600, Financial Department, as they were not evenly distributed throughout the circle, but were located in one portion, that is, in the late Vriddháchalam Circle, which was amalgamated with the Cuddalore Circle in 1880-81, and as it was considered that the assets of the circle exclusive of tolls were sufficient to meet its requirement. However, with a view to recoup the cost of constructing the Kandadu bridge in the same circle, a toll-bar was established at the bridge under G.O., Financial Department, dated 19th June 1882, No. 507-W. Two additional toll-gates were established on the ghát lines in the South Canara Circle and one on the trunk road No. 5 in the Salem Circle, as sanctioned in G.Os., Financial Department, dated 31st May 1882, No. 396, and 13th February 1882, Mis. No. 224. In the circles marginally noted some of the toll-bars were transferred to more convenient localities, as the cartmen systematically evaded payment of tolls at the original sites. The revenue from tolls amounted to Rs. 3,86,662 against an estimate of Rs. 3,80,850 and Rs. 3,62,078, the actuals of 1881-82. The increase was mainly due to the following causes:—

1. Chingleput
2. Salem

	From.	To.
1. Chingleput	Damal.	Numbal.
	Uttukotai.	Porúr.
2. Salem	Omalúr.	Devipatti.

(*a*) Greater competition among bidders for the lease of the toll-gates.
(*b*) Payment by certain Municipalities of arrears of contribution due for the previous year.
(*c*) Transfer of the toll-bars to better localities.

Of the total income under this head, Rs. 2,69,599 were collected at the Local Fund toll-gates mentioned above and the remainder Rs. 1,17,063 was contributed by Municipalities on account of the Local Fund share of the tolls collected by them.

17. *School-fees.*—The amount of fees levied in Local Fund schools was Rs. 36,862 or Rs. 5,102 more than the estimate of the year and Rs. 7,281 more than the actuals of the preceding year. The increase was due to the opening of new schools, to increased attendance at some schools, to the higher rate of fees collected in others, and generally to the more punctual collection of school-fees.

18. *Contributions from Municipalities.*—The amount contributed by the several Municipalities exclusive of that on account of tolls was Rs. 6,385, and was given for the following purposes:—

	Rs.
(1) Public Works	1,750
(2) Educational inspection	2,744
(3) Dispensaries and vaccination	1,884
(4) Other purposes	7
Total ...	6,385

The decrease is due to the discontinuance of the payment by the Ootacamund and Coonoor Municipalities for the supervision of their works by the Local Fund Engineer of the Nilgiri Circle and to the receipt in 1881-82 of the previous year's arrears of contribution due from the Tanjore Municipality on account of the Rajah Mirasidar Hospital and Midwifery School maintained by the Tanjore Local Fund Board.

19. *Educational Receipts.*—The miscellaneous receipts of educational institutions amounted to Rs. 3,600, and were derived from the following sources:—

	Rs.
(1) Income from endowments	1,686
(2) Contributions by private individuals	1,030
(3) Miscellaneous	884
Total ...	3,600

The first item comprised the receipts of the endowments attached to the Kattampatti school in Gantúr Circle, and the Female Normal school in Malabar Circle. The endowment of the former school consists of certain tope-tanks transferred to the Local Fund Board for the encouragement of education under G.Os., Revenue Department, dated 29th September 1876, No. 1392, and 10th April 1878, No. 567; and the Normal school is maintained from the Mayan Endowment Fund transferred to the Local Fund Board of the Malabar Circle, for the encouragement of female education, under G.Os., dated 23rd January 1880, No. 84, and 31st March 1883, No. 663. The contributions by private individuals were received in Adúntapur, Chittoor, and Trichinopoly Circles.

20. *Hospital and Dispensary Receipts.*—The income under this head amounted to Rs. 16,958 against an estimate of Rs. 21,050 and Rs. 39,196, the actuals of 1881-82. The large decrease when compared with the actuals of 1881-82, is due to the fact that in that year the excess payments made from Local Funds in previous years on account of the Madras Medical College were refunded from Provincial Funds. The sources of the income are as follows :—

	Rs.
(1) Interest on Government Securities	7,735
(2) Income from other Endowments	2,120
(3) Subscriptions	1,471
(4) Grants-in-aid by private individuals	3,639
(5) Miscellaneous	1,993
Total ...	16,958

In regard to the second item it is observed that Rs. 2,066 were transferred as in former years from the Ahsot Laugheekana Fund for the maintenance of the Ranipet Dispensary in the Chittoor Circle.

21. *Chaultry Receipts.*—The receipts of endowed chaultries amounted to Rs. 2,34,891, being Rs. 14,591 more than the estimate and Rs. 14,155 more than the actuals of 1881-82. The bulk of the income is in the Tanjore Circle. Compared with the estimate there is a net increase of Rs. 14,591 resulting from a gross increase of Rs. 20,271 in thirteen circles and a gross decrease of Rs. 5,680 in seven circles. The increase is large in Salem and Tanjore, being due in the former case to the transfer of the balance of Rs. 6,657 in favor of the Toppur Chattram Fund for the construction of a chattram at the Móruppur railway station, and in the latter case to the prompt measures adopted for the realization of the outstandings on the chattram lands. The decrease is largest in Madura and is ascribed to short receipts from the endowed villages attached to the Narrikudi chattram owing to deficient rainfall.

22. *Market Rents.*—The revenue from market rents was Rs. 56,876 against an estimate of Rs. 54,960 and Rs. 45,619, the actuals of 1881-82. The increase is due to the extension of the fee system to additional markets. The amount given above differs from that in the Accountant-General's statement by Rs. 661, which constitute the receipts of the Taylorpettah Fund included by him under markets.

23. *Miscellaneous Endowments.*—The receipts under this head amounted to Rs. 3,749 and appertain to the following items :—

	Rs.
Interest on the Promissory Notes invested from the Surplus Pagoda Fund in the Salem, Hosúr, and Chingleput Circles	2,712
Interest on the Promissory Notes in favor of the Petrus Uscan's Charity Fund in the Chingleput Circle	376
Receipts of the Taylorpettah Fund in the Ellore Circle	661
Total ...	3,749

24. *Miscellaneous Receipts.*—The total miscellaneous receipts amount to Rs. 1,39,730 against Rs. 1,33,790, the estimate of the year and Rs. 2,36,277, the actuals of the previous year. The more important items are :—

	Rs.
(*a*) Bungalow fees	9,133
(*b*) Avenue rents	36,333
(*c*) Rents of ferries to which the Canal and Ferry Act has not been extended	21,107
(*d*) Interest on arrears	15,028
(*e*) Private contributions	44,247
(*f*) Amount transferred from Provincial Funds to cover deficit ...	7,981

Compared with the estimate there is an increase of Rs. 65,940 due to larger receipts under private contributions than had been anticipated, to the collection of more than Rs. 15,000 as interest on arrears of revenue, to the transfer of Rs. 7,981 from Provincial Funds to meet the deficit in the Madanapalle Circle, and to the credit of upwards of Rs. 20,000 as refunds of expenditure. Of the private contributions, Rs. 10,000 were paid by the Mahant of Tripatti for building a dispensary at that place. Even after excluding this sum, the amount of private contributions shows an improvement as compared with the estimate of the year (Rs. 31,980) and the actuals of the previous year (Rs. 23,783). A large portion of the payments was for the improvement of sanitation in local areas, and it is hoped that voluntary donations may further increase after the constitution of more local committees. The amount transferred from the Provincial Fund to cover deficit is shown under this head as directed in paragraph 10 of G.O., dated 26th September 1883, No. 2154.

25. Expenditure—Appendix No. II.—The total expenditure of the year was Rs. 60,74,772 against an estimate of Rs. 75,02,958 and an actual outlay in the previous year of Rs. 56,00,655. The decrease compared with the estimate occurs mainly under Grant I and was due to short outlay on communications under New Works. The excess over the expenditure of 1881-82 is also under Grant I, and is attributable to the payment of Rs. 4,10,238 to Provincial Funds on account of the famine debt explained in paragraph 33 *infra*. The total outlay of the year under review is distributed among the several grants and minor funds as shown below :—

Grants.	Funds.	Amount.	Total.	Percentage of Outlay under each Grant to Total Expenditure.	
				1882-83.	1881-82.
		Rs.	Rs.		
Grant I—

			Total	39,67,108	36,93,753
			Deduct Appropriation from the General Fund	12,000	
			Expenditure	39,55,108	36,93,753
			Balance	14,79,899	23,44,327
Grand Total	54,79,007	60,38,080	Grand Total	54,79,007	60,38,080

The total assets of the fund aggregate Rs. 54,91,007. Omitting the opening balances, the receipts of the year under report exceed those of the previous year by Rs. 55,542, due principally to larger collections of land-cess. Owing to paucity of funds in the Road Fund of the Chatrapur Circle, a sum of Rs. 12,000 was appropriated to it from the one-third land-cess usually credited to the General Fund, as sanctioned in G.O., Financial Department, dated 10th June 1882, No. 449. The expenditure of the year amounted to Rs. 39,67,108, or Rs. 2,84,353 more than that of 1881-82, the excess being mainly due as stated in the preceding paragraph to the adjustment of the famine debt.

27. *Communications.*—The following statement shows the allotments sanctioned for roads and the expenditure actually incurred:—

Districts.	Circles.	Allotments. New Works.	Allotments. Repairs.	Allotments. Total.	Expenditure. New Works.	Expenditure. Repairs.	Expenditure. Total.	Percentage of Expenditure on Allotment.	Percentage of Expenditure on Books to Total Expenditure.

The outlay on communications amounted to Rs. 28,52,08[illegible], or 47 per cent. of the whole Local Fund expenditure against 52 per cent. in the preceding year. As in the latter year, 80 per cent. of the allotments were expended. In four* circles the year's grant was exceeded and in six † circles less than two-thirds of the allotments were utilized. In the Ellore Circle the outlay was Rs. 6,910 in excess of the allotments, and the Local Fund Engineer says that this occurred notwithstanding that he had taken sufficient precautions against it. The Board in their review of the Circle Report have pointed out the unsatisfactory character of the explanation, and the Vice-President of the Circle Board gives an assurance that the irregularity will not occur again. In the Nilgiri Circle the increase in actual outlay was due to the expenditure incurred, from the Provincial grant, on the Ootacamund-Gúdalúr road, for which no provision had been made in the budget. The excess of Rs. 95 in the Anantapur Circle is reported by the President to have been originally debited to the General Fund, but subsequently transferred to the Road Fund on the Board pointing out in their Proceedings, dated 14th April 1883, and 25th June 1883, Nos. 1058 and 1850, that the repair of town roads should be debited to the latter fund. In regard to the Nellore Circle, the increased expenditure was caused by emergent repairs to roads which were much damaged by floods during the year.

* Ellore.	Anantapur.
Nilgiris.	Nellore.
† Vellore.	Malabar.
Bellary.	Tanjore.
Cocanada.	Negapatam.

The expenditure was exceedingly backward, being less than half the allotments, in the Tanjore, Negapatam, and Cocanada Circles. In the first two it is said to have been due to the inadequacy of the engineering staff in the first half of the year when a single engineer was in charge of both circles, to the establishment in the Tanjore Circle having been engaged during the latter half of the year in attending to the damages caused by the floods of July 1882, and to the circumstance that in Negapatam the estimates for works were prepared only after the engineer separately appointed for the circle took charge of it. In the Cocanada Circle the failure to utilize a large portion of the budget provision is ascribed to the absence of the Local Fund Engineer on leave. In Vellore the falling off is attributed to the estimates having been sanctioned late in the year and in some cases not even within the year. In Bellary the short expenditure is ascribed to the scarcity of labor in the district

generally to the insufficiency of the Local Fund Engineering establishment, to the inadequate pay allowed to it, and to the delay in obtaining sanction for estimates and revision of estimates. In Malabar the Local Fund Board resolved to restrict expenditure as much as possible and to carry out only very urgent repairs, so as to effect sufficient savings in view to undertake the repair of the large bridges in the circle without resorting to a loan.

Of the outlay on communications, Rs. 28,13,421 were expended by the Engineering establishments under the Circle Boards and the balance Rs. 38,659 by the Public Works Department. The latter amount was debited to South Arcot, Tanjore, Negapatam, Tinnevelly, Chicacole, Karnool and Trichinopoly. In the last two circles the Public Works Department continued in charge of the works till special engineering establishments were organized by the Local Fund Boards. In the Chicacole Circle Rs. 78 were paid for examining the piles foundations of the Chicacole bridge, the estimate for which was sanctioned in G.O., Public Works Department, dated 7th August 1883, No. 1158. To the other circles the construction and repair of roads on channel banks and tank bunds was entrusted to the Public Works Department.

28. *Main Roads.*—The following statement furnishes road statistics for the several circles in the Presidency :—

Districts.	Circles.	Number of Miles of Road in the Circle.	Number of Miles of Road maintained.	Completed.	In Progress.

21. Vizagapatam	Vizagapatam	528	561	...	2½
	Total ...	21,019	18,218	213½	546½

The total length of roads, exclusive of village roads, was 21,019 miles, of which 18,218 miles were maintained during the year. The state of the roads was generally good, except in Chingleput, Masulipatam, Nellore, Malabar and Trichinopoly, in which they were very much damaged by the heavy rains of 1883. Efficient measures have since been adopted for restoring these roads to good order. In the Dindigal Circle, the

masonry works of almost all the roads are said to be in a deplorable condition, and some of the roads require to be remetalled and gravelled. Steps are being taken to improve them.

29. *Village Roads.*—The following statement gives the number of miles of village roads made and repaired during the year, and the expenditure incurred on their account :—

Districts.	Circles.	New Works. Length.	New Works. Cost.	Repairs. Length.	Repairs. Cost.	Total. Length.	Total. Cost.	Road Fund Income.	Percentage to Road Fund Income.	Percentage of Outlay on Village Roads to Total Outlay under Road Fund.

	Total ..	191½	36,352	1,335	79,211	1,526½	1,16,035	43,87,366	2·7	3·9

30. *Other Works.*—The amounts shown under Civil Buildings and Miscellaneous Public Improvements in the statement at paragraph 26 *supra* represent the Road Fund share of the cost of building Local Fund Board's and Engineer's offices at Cuddapah and Anantapur, and the charge incurred in putting up certain sheds for the use of the traffic-taking establishment employed in the Negapatam Circle in connection with the Máyavaram-Muthupet railway scheme.

31. *Public Works Supervision Charges.*—Rs. 7,426 were paid to the Public Works Department for the supervision of the works referred to in paragraph 27 *supra*, and Rs. 21,250 for the examination of plans and estimates of important Local Fund works. The latter charge was sanctioned in G.O., Public Works Department, dated 6th December 1882, No. 3211-W., and was apportioned among the several circles in the manner directed in G.O., dated 2nd May 1883, Miscellaneous No. 567, Financial Department. The Board observe that the sum paid amounted to 23 per cent. of the outlay on works, the estimates for which were scrutinized by the Public Works Department. The rate seems to be excessive, and the matter will be submitted for the orders of Government on receipt of the President's reports called for in paragraph 3 of Board's Proceedings, dated 12th January 1883, No. 88. Separate Engineering establishments for supervising Local Fund Works were employed during the year in all circles. In 28 circles, the superior officer in charge was of the Engineer grade, and the remaining 2 circles of Anantapur and Chicacole were under Supervisors. Their salaries ranged from Rs. 150 to Rs. 650. The total cost of the Local Fund

Engineering establishments amounted to Rs. 5,[illegible],[illegible]0, inclusive of contingencies, and is distributed among the minor funds as shown below :—

	Rs.
Road Fund	4,68,305
Endowment Fund	8,224
General Fund	37,861
Total ...	5,15,070

The percentage of cost to outlay on works executed by this agency was about 17 against 15 in 1881-82. It was less than 10 per cent., the rate payable to the Public Works Department, in all the circles excepting Bellary, Cuddapah, Malabar and Madanapalle. In the first three circles, the large percentage was due to the reduced outlay on works already remarked upon, and in Madanapalle, the Local Fund Board have since reduced the cost of the establishment by substituting a Supervisor for the Engineer, and by dispensing with certain Overseers and inferior servants.

The Tolls and Ferry establishments cost Rs. 6,471, against Rs. 6,857 in the preceding year.

32. *Tools and Plant.*—Rs. 59,092 were expended by the Local Fund Boards in the purchase of Tools and Plant, and Rs. 462 were paid to the Public Works Department for the same purpose. The total outlay is distributed among the minor funds as specified below :—

	Rs.
Road Fund	54,434
Endowment Fund	972
General Fund	4,088
Total ...	59,494

33. *Contributions to Provincial Funds.*—Government having ordered the recovery from Local Funds, to the extent of their assets including arrears outstanding on 31st March 1879, of the normal value of the works ordinarily chargeable to such funds and executed during the famine from Imperial Funds, the Examiner of Public Works Accounts was requested to furnish statements of the charges incurred on these works and their normal value. The information supplied by him being incomplete, and as it was represented that the preparation of the accounts required would be impossible without a special establishment entertained for the purpose, the Board recommended that, in consideration of the circumstance that upwards of seventeen lakhs had already been recovered, the remainder should be forgone, especially as it was not possible to obtain accurate results even if the whole of the famine accounts were examined. Government, however, admitting that it was hopeless to attempt an accurate adjustment, directed the recovery of Rs. 5,67,000, for which credit had been taken in the Provincial budget, ordered the distribution of the amount among the several circles in the proportion of their liabilities, and waived all further claims from Local Funds on this account. The distribution made by the Board was approved in G.O., dated 20th December 1882, No. 1993, and the debts so due have been recovered in full in eight circles and in part in nine circles. No recovery was made in two circles, the funds of which did not permit of any payment being made last year. The balance due on 1st April last was Rs. 1,56,762, and will be realized in the current and ensuing years. Besides the above, Rs. 1,000 were paid to Government, on account of the first instalment of the price of the old jail building at Ootacamund, which was purchased by the Local Fund Board of the Nilgiri Circle for Rs. 4,000 and converted into an office for their Engineer—G.O., Financial Department, dated 19th June 1880, No. 1154.

34. *Contributions to Municipalities.*—Rs. 9,504 were contributed from the Local Funds of the undermentioned circles to Municipalities, &c., for road works in or about the towns :—

	Rs.
By Bellary to the Adoni Municipality	320
By Chatrapur to the Berhampore Municipality	525
By Malabar to the Tellicherry, Calicut and Pálghat Municipalities and to the French Government at Mahé	6,659
By Tinnevelly to the Tuticorin Municipality	150
By Trichinopoly to the Srirangam and Trichinopoly Municipalities ...	1,050
By Vizagapatam to the Vizagapatam and Anakápalle Municipalities ..	800
Total ...	9,504

35. *Interest on Loans.*—As already remarked in paragraph 3 *supra*, the instalments of loans repaid by the Chingleput and Malabar Local Fund Boards are not shown as items of expenditure in the Accountant-General's accounts, only the interest amounting to Rs. 12,745 paid during the year being exhibited in them. It is, however, observed from the circle reports and from the statement published at page 590 of Part I of the *Fort St. George Gazette*, dated 13th September 1883, that Rs. 7,665 were paid by the Malabar Local Fund Board and Rs. 7,402 by the Chingleput Board on account of instalments of the principal. The subjoined statement shows the purposes for which the loans were raised and the balance due at the close of 1882-83 :—

Circles.	On what account.	Amount of Loan raised.	Amount repaid.	Balance due
		Rs.	Rs.	Rs.
Chingleput	Construction of the iron girder bridge across the Kortalayar river	1,99,790	30,864	1,68,926
Malabar	Completion of the Tambaracheri and Peria Ghát roads	1,49,000	49,371	99,629

36. *Endowment Fund—Appendices Nos. V and VI.*—The annexed comparative statement shows the receipts and charges on account of the endowed institutions, including markets, under the management of the several Local Fund Boards :—

Receipts.	Actuals of 1882-83.	Actuals of 1881-82.	Expenditure.	Actuals of 1882-83.	Actuals of 1881-82.
	Rs.	Rs.		Rs.	Rs.
Balance	3,21,203	3,31,940	Hospitals ... { Fixed Charges	22,254	26,863
Interest on Government Securities	21,482	45,922	{ Contingent Charges ...	20,391	20,300
Rents, &c.	2,66,775	2,18,274	Choultries ... { Fixed Charges	42,186	44,109
Appropriation from General Fund	28,222	12,875	{ Contingent Charges ...	1,40,000	1,2[illegible]17
Contributions, Sale of Medicines, &c.	35,393	31,563	Expenditure on Public Works including Cost of Supervision, Tools and Plant	62,071	42,655
Total ...	6,73,075	6,40,574	Educational Charges	3,49[illegible]	2,541
			Sanitary, Miscellaneous	14,67[illegible]	72,722
			Total ...	3,22,010	2,36,688
Deduct Appropriation from General Fund ...	28,222	12,875	Deduct Appropriation from General Fund	28,222	12,875
			Net Endowment Expenditure ...	2,93,788	2,23,813
			Balance ...	3,51,065	3,03,886
Net Endowment Receipts	6,44,853	6,27,699	Grand Total ...	6,44,853	6,27,699

The fund opened with a credit balance of Rs. 3,21,203, and the income of the year, including an appropriation from the General Fund of Rs. 28,222, amounted to Rs. 3,51,872. The expenditure aggregated Rs. 3,22,010, leaving a balance of Rs. 3,51,065. The receipts show a falling off of Rs. 24,440 under Interest on Government Securities and an increase of Rs. 48,501 under Rents, &c. The former is attributable to the fact that the interest due for the two years 1880-81 and 1881-82 was realized and brought to account in the latter year. The increase under Rents, &c., occurs in the choultry receipts of Salem and Tanjore and in the market fees of a

circles. These two items have already been noticed in paragraphs 21 and 22 *supra*. The expenditure of the year was Rs. 14,678 less than that of the preceding year due principally to decreased outlay on markets in the Coimbatore Circle.

37. The subjoined statement gives the particulars of the endowed institutions:—

Nature.	Circles.	Schools.	Hospitals.	Choultries.	Water-pandals.	Tanks, &c.	Markets.	Miscellaneous.	Remarks.
1. Anantapur	Anantapur

	Total								

Of the three endowed schools shown in the above statement, the school at Kattempudi in Guntúr Circle and the Prince of Wales' Medical School at Tanjore appear in the last report also, while the Female Normal School in the Malabar Circle appears now for the first time in the accounts. It is, as already stated in paragraph 19, maintained from the Moyan Endowment Fund. The number of endowed dispensaries was the same as in the preceding year. As regards choultries, there is an increase of five resulting from a gross increase of six in four circles and a decrease of one in the Chingleput Circle. The increase is in South Arcot, Salem, Hosúr and Nílgiris. In South Arcot, the choultry at Bhuvanigiri with its endowment was transferred to the Local Fund Board, under G.O., Revenue Department, dated 5th May 1882, No. 467. Against Salem three endowed choultries are for the first time entered. These are the choultries at Soorumangalam, Jalárpet and Thalavassel. The first two, as well as the new Toppur Chattram in the Hosúr Circle, were built out of the surplus of the old Toppur Chattram Fund and another chattram at Morappur in the Salem Circle was in course of construction during the year from the same source. It has been ordered in G.O., dated 23rd August 1882, Mis. No. 1008, that the annual allowance of Rs. 1,750 appertaining to the fund should be equally apportioned among these four choultries on completion of that at Morappur, and that till then each of the choultries at Soorumangalam, Jalárpet, and Toppur should receive a third of the allowance. The chattram at Thalavassel on the road from Salem to Cuddalore was built by a private individual and was endowed with land by Government, under Board's Standing Order No. 139 (Macleane's edition). The chattram having been neglected by the proprietor, the Salem Circle Board have with his consent taken it over. The increase of one choultry in Hosúr is due to the Local Fund Board of that circle having agreed to undertake the management of the above-mentioned new Toppur Chattram which had previously been in charge of the Collector of the district. The increase in the Nílgiri Circle is due to the Devála Choultry which has been newly built. The old choultry at Sriperumbudur in the Chingleput Circle was demolished as it was in a ruinous condition, and its endowment was transferred to the chattram at Chingleput, under G.O., dated 13th December 1881, No. 1922, Revenue Department. Hence there is a decrease of one in this circle. The number of water-pandals remained the same as in 1881-82. Endowed tanks show an increase of four. The increase occurs in Masulipatam and Guntúr. In the former circle, certain inam topes which had been neglected by the holders were charged full assessment and the inams transferred to the Local Fund Board for the maintenance of the drinking water tanks in the villages—G.O., Revenue Department, dated 19th May 1881, No. 791. In the Guntúr Circle a charitable tank which the inamdar wished to give up was made over to the Local Fund Board with its endowment. The endowed langarkhana at Kurnool which was hitherto under the management of the Collector was transferred to the Circle Board under the general sanction contained in G.O., Financial Department, dated 26th April 1881, No. 736. The endowment of this institution consists of a money allowance of Rs. [illegible] per mensem sanctioned in Government of India Order No. 640, dated 19th August 1848, in lieu of a lapsed yeomiah—*vide* Board's Proceedings, dated 14th January 1882, Mis. No. 345.

38. The appended statement gives the number of markets in which fees are collected and the rate of fees:—

At the close of the year under report, the fee system was in force in 181 markets against 170 in the preceding year. The receipts amounted, as already stated, to Rs. 56,876, out of which Rs. 11,712 were expended on establishment charges and Rs. 28,472 in improving markets. Most of the markets are fenced in and some have mud or stone walls, while two in the Chittoor Circle have been enclosed by iron railings. Numerous sheds have been erected in them for the convenience of traders, and in Coimbatore, where the system of levying fees was in existence only

to the organization of Local Fund Boards, and where, as might be expected, there is by far the largest number of markets, 36 new sheds were put up in the year under report at a cost of Rs. 10,210, besides repairing those previously existing. In several markets, new wells were dug and existing ones deepened and otherwise improved. In North Arcot, it is stated that bullies were also employed to supply water to man and beast; and in many markets, stone and masonry troughs have been provided for watering cattle. Prickly pear was removed and trees were planted, and in Salem and Coimbatore Districts, the approaches to the markets were improved.

39. The following statement shows the amounts invested in Government securities in favor of endowed institutions:—

Excluding the opening balance, the receipts of the year amounted to Rupees 16,18,584 against Rs. 15,14,935 credited in the preceding year. There is an increase in most items of receipt, and the largest increase of Rs. 71,356 is under Land-cess, which has already been explained. The other items do not call for remark, except the sum shown against Miscellaneous, which includes Rs. 15,228 realized from the sources marginally noted. The outlay during the year aggregated Rs. 18,25,876 against Rs. 17,[illegible]

	Rs.
Fishery rents	20,559
Pound Fund	7,387
Grass rents	51
Ferry do.	7,231
Total ...	45,228

1881-82, the increase occurring mainly under Local Fund schools and results grants. The balance left at the close of the year was Rs. 6,01,011 against the opening balance of Rs. 8,08,303.

41. *Grant I.*—The outlay on Public Works, amounting to Rs. 2,54,266, was incurred for the following purposes :—

	Rs.
School-houses	11,513
Hospital buildings	41,488
Choultries	18,188
Public bungalows	20,152
Avenues	1,05,785
Sanitary works	27,632
Cart-stands	829
Inspection, cholera, &c., sheds	4,592
Local Fund Engineering office	5,337
Miscellaneous	3,750
Total ...	2,39,266

The subjoined statement shows the number of buildings completed, in progress and repaired during the year :—

Completed.	In progress.	Repaired.
15 Dispensaries.	15 Dispensaries.	52 Dispensaries.
1 Lying-in ward.	4 School-houses.	81 School-houses.
22 Choultries.	9 Choultries.	56 Chattrams.
10 Bungalows.	1 Bungalow.	122 Bungalows.
25 School-houses.	1 Bungalow outhouse.	5 Chavadies.
4 Dispensary compound walls.	1 Local Fund Engineer's office.	2 In-patients' wards.
7 Latrines.	1 Apothecary's quarters.	2 Contagious disease sheds.
3 Dead-houses.	1 Latrine.	1 Dead-house.
3 Contagious disease wards.	1 Dead-house.	3 Road-sheds.
2 Dispensary cook-rooms.	1 Chattram compound walls.	1 Town-hall.
2 Local Fund office buildings.	2 Store-sheds.	2 Cutcherries.
1 Assistant Engineer's office.	1 Range Officer's quarters.	7 Rest-houses.
1 Apothecary's quarters.	1 Bandy-stand and rest-house.	3 Tool-sheds.
5 Dispensary-sheds.	10 Wells.	13 Inspection sheds.

16 Wells.		
8 Tanks.		
And other minor miscellaneous works.		

42. *Grant II. Education.*—Education made fair progress during the year. As shown in the margin, 223,338 pupils were under instruction in the schools maintained or aided from Local Funds against 186,346 in the preceding year. The number of children of school-going age being 4,216,480, on the assumption that they are 15 per cent. of the total population, those under tuition were 5·3 per cent. of that number against [illegible] per

Local Fund schools	59,843
Grant-in-aid do.	163,495
Total ...	223,338

cent. in 1881-82. Rs. 6,07,785 were expended from the General Fund on education, exclusive of the outlay (Rs. 14,513 under Grant) on the construction and repair of school buildings. Rs. 3,405 were also spent from the Endowment Fund on account of the Female Normal School at Calicut, the Local Fund school at Katampadi and the Chattram schools at Tanjore. The expenditure under Grant II from both the General and Endowment Funds shows an increase of Rs. 90,581 over that of 1881-82, and was incurred for the following purposes :—

	Rs.
Educational inspection	75,537
Elementary Normal schools	36,885
Middle-class schools	33,999
Elementary schools on the salary system	65,248
Do. on the combined system	1,69,685
Salary grants	14,343
Result do.	2,41,573
Purchase and sale of books	13,167
Contributions to Municipalities and to Provincial Funds on account of schools	1,889
Miscellaneous charges	1,683
Total ...	6,61,289

43. *Educational Inspection.*—The elementary schools in the several Local Fund circles are supervised by Deputy Inspectors and Inspecting Schoolmasters. Besides the previously existing Provincial Deputy Inspectors, 16 additional Deputy Inspectors paid entirely or in part from Local Funds were employed in the circles marginally noted. In some instances the salaries of the Deputy Inspectors were drawn directly from Local Funds, while in others they were paid from Provincial Funds, to which were credited the contributions from Local Funds on account of the additional Deputies. It has since been decided that the latter course shall be adopted in regard to all of them. In cases where the Local Fund Boards undertook to bear the whole cost of the additional Deputy Inspector, the contribution to Provincial Funds is Rs. 1,500, and where they agreed to bear only half the charges, the payment is Rs. 750 per annum. In return for these lump payments, the above officers are borne on the Provincial list, and are made eligible for pension, &c., like other Government servants. The number of Inspecting Schoolmasters employed during the year and the work done by them are shown in the subjoined statement :—

The total cost of inspection was Rs. 75,537 including the contribution to Provincial Funds of Rs. 3,737, not Rs. 4,386 as given by the Accountant-General, the difference being due to the inclusion under this head of the contributions for the Government schools at Tirupati in Chittoor and Krishnagiri in Hosúr. Deducting Rs. 2,744, the amount contributed by Municipalities for availing themselves of the services of Local Fund Inspecting Schoolmasters in supervising Municipal schools, the net cost to Local Funds was Rs. 72,793, which is 11 per cent. of the total outlay on education, the percentage in 1881-82 being 12.

			Total	30	870	310

At the close of 1881-82 there were sixteen schools, and the number was raised to twenty-four during the year by the opening of seven new schools in the circles marginally noted, and by the transfer to the Local Fund Board of the Government Normal school at Kurnool. The transfer of this school to Nandyál from the current year has been sanctioned in G.O., dated 21st July 1883, No. 1561. The establishments of a Normal school at Tiruválur, in the Negapatam Circle, was sanctioned in G.O., Financial Department, dated 16th August 1882, No. 954, but, for want of funds, it was not opened during the year. The cost of the school at Madura is divided equally between the Madura and Dindigul Circles, and the Madanapalle Circle Board send their Normal pupils to the Cuddapah school, but pay the stipends themselves.

Circles.	Towns.
Anantapur.	Anantapur.
South Arcot.	Tirukoilur.
Chingleput.	Poonamallee.
Chicacole.	Chicacole.
Chatrapur.	Berhampore.
Coconada.	Rajahmundry.
Madura.	Madura.

Five hundred and sixty-seven pupils were under training in these schools against 309 in 1881-82. 419 of the former appeared for the Special Upper Primary Examination and 312 passed. Most of them were appointed teachers in Local Fund schools, and the others were permitted to join or open grant-in-aid schools. The total cost of maintaining these schools aggregated Rs. 36,865, so that each passed student cost on an average Rs. 118.

45. *Middle-class Schools.*—The following statement shows the number of Middle-class schools maintained from Local Funds and their receipts and charges:—

| Districts. | Circles. | Number of Schools. | | | Attendance. | Expenditure. | | |

At the close of the previous year there were 287 schools, and the number increased to 294 in the year under report. The increase and decrease in the several circles are noted below:—

	Increase.	Decrease.
Cocanada	6	...
Ellore ...	2	...
Malabar	1	...
Negapatam	1	...
Chittoor	...	3
	10	3
	7	

The attendance at these schools slightly exceeded that of the previous year, being 10,947 against 10,327, and the average number of pupils attending each school also rose from 36 to 37. The total cost of maintaining them was Rs. 65,248 against Rs. 61,759 in 1881-82. Deducting from the former figure Rs. 4,376, being the amount of school fees, provincial grants, and miscellaneous receipts, the net amount paid from Local Funds was Rs. 60,872 against Rs. 57,874 in 1881-82, and the average net cost of educating each pupil was Rs. 5-8-11 against Rs. 5-9-8. The cost was, however, exceedingly large in Cuddapah, Madanapalle and Malabar. The attention of the Cuddapah Local Fund Board has been drawn to this matter in the review of the circle report. The Madanapalle Board have since closed the only school in the circle at Kadiri (*vide* G.O., Financial Department, dated 2nd May 1883, No. 870). In Malabar the school at Quilandi maintained during the year on the salary system has been since abolished, and a Combined-system school opened in its stead.

47. *Lower-class Schools maintained on the Combined System.*—The subjoined statement shows the working of these schools:—

Districts.	Circles.	Number of Schools: Old	Number of Schools: New	Number of Schools: Total	Attendance	Expenditure: Provincial Funds	Expenditure: School Fees	Expenditure: Private Contributions	Expenditure: Total	Expenditure: Municipal Funds	Expenditure: Total Cost	Expenditure: Net Cost

Trichinopoly	5	...
Vizagapatam	19	...
Total ...	79	27

These schools were attended by 44,726 pupils against 43,723 in 1881-82, and the average attendance in each school was about the same in the two years. The total cost of maintenance was Rs. 1,69,065 against Rs. 1,45,885 in the preceding year. Deducting Rs. 23,276 realized from school fees, provincial grants, and miscellaneous sources, the net cost to Local Funds was Rs. 1,45,789 against Rs. 1,29,148. The average cost of educating each pupil was Rs. 3-4-1, or Annas 4-10 more than in the previous year. Nevertheless, the cost of education at these schools compares very favorably with that in Salary-system schools.

48. *Grant-in aid Schools.*—The annexed table furnishes statistics of private schools aided from Local Funds by payment of salary and result grants :—

* Information called for *vide* Board's Proceedings, dated 8th January 1884, No. 162).
† Omission noticed in paragraphs of Board's Proceedings, dated 17th October 1883, No. 3122.

There were sixteen Salary Grant schools in the year under report against twenty in 1881-82. Two schools in the Coonoor and Vizagapatam Circles were converted into Combined System schools and one school in the Nellore Circle into a Result Grant school. The East Indian Mixed school at Salem in the Salem Circle was closed, the Grant-in-Aid school at Tripatti in the North Arcot Circle was amalgamated with the Middle Class school at that place, and the Mahomedan school at Sankaramanárkoil in Tinnevelly Circle was refused any grant, as it was not working satisfactorily. Two schools belonging to the Kotty German Mission in the Nilgiri Circle were admitted to salary grants in the course of the year. The President has omitted to give the attendance of two schools in the Nilgiri Circle and three schools in Anantapur and Salem Circles. It is satisfactory to observe the large increase in the number of Result Grant schools; 5,383 schools with an attendance of 183,936 pupils were examined against 4,795 with 123,987 pupils examined in the previous year.

The expenditure under Grant-in-Aid schools amounted to Rs. 2,55,916, of which Rs. 14,343 were for salary grants and Rs. 2,41,573 for result grants against Rs. 15,047 and Rs. 1,99,351, respectively, in 1881-82. In both years the outlay on Combined System schools in Malabar are included under this head, the stipends of teachers under salary grants and the [illegible] annual examinations under result grants. As the President has subsequent to the submission of the circle report stated that 274 result schools were also examined during the year, and as the grant paid to them must be included in the amount shown against the circle, it is not now possible to divide the total expenditure between the Combined System and the Result Grant schools. The Accountant-General has, however, at the instance of the Board, since issued instructions for exhibiting separately the expenditure on Combined schools. There is a very large increase in the amount paid on account of results, due to the larger number of pupils who earned grants, the higher grants earned by them and the payment of arrears of the previous year. The decrease under salary grants is due to the smaller number of schools aided. The amounts shown against the Nagapatam and Tinnevelly Circles are the arrears due for the previous year paid in the year under review.

19. *Hospitals and Dispensaries.*—There were at the end of the year under review 190 dispensaries against 180 at its commencement. Ten new dispensaries were established in the course of the year; the Mission dispensary at Idaiyangadi was taken over by the Tinnevelly Local Fund Board, and the minor dispensary at Virupatchi in the Dindigul Circle was temporarily closed owing to the illness of the Hospital Assistant, none other being available to take his place. As remarked in the report for 1881-82, the dispensary at Veldúrti in the Guntur Circle was transferred to Karumpudi, and that at Peruvalandan in the Tanjore Circle was during the year transferred to Kuttanellore, agreeably to G.O., Financial Department, dated 20th November 1882, Mis. No. 1739. In the Cuddapah Circle the transfer of the dispensary at Chitvel to Pullampet, sanctioned in G.O., Financial Department, dated 4th October 1882, Mis. No. 1390, was not carried out, as the repairs and alterations required in the building intended for the purpose at the latter place were not completed before the close of the year. Of the sanctioned dispensaries mentioned in paragraph 48 of the last report, the four marginally noted

Of the 190 dispensaries, 18 are endowed institutions and 18 others are maintained from the funds of endowed chattrams in Tanjore and Tinnevelly Districts. The total expenditure on dispensaries was Rs. 2,76,815, of which Rs. 32,142 were met from the Endowment Fund and Rs. 2,44,673 from the General Fund against Rs. 35,282 and Rs. 2,20,644, respectively, in 1881-82.

The annexed statement shows the number of patients treated at each dispensary:—

Circles.	Dispensaries.	Number of Patients treated in 1882-83. In.	Out.	Total.	Remarks.
1. Anantapur	Tadpatri	85	8,332	8,417

	Total	427	46,216	47,339	

Adding 4,219 cases treated by the medical practitioners employed in Nellore and by the itinerating Hospital Assistant and the Hospital Assistant attached to the Head Assistant Collector in the Ellore Circle, the total number of patients treated during the year was 898,551. Of these 12,619 were in-patients and 885,932 out-patients, the corresponding figures of the previous year being 11,789 and 779,942. The additional dispensaries that were opened and the growing popularity of these institutions tended to increase the number of patients. There were 84 midwives employed in the several circles against 70 in 1881-82, and the charges on their account including the cost of training midwifery pupils amounted to Rs. 5,770. The midwives are reported to have attended 2,061 labor cases. The exact number treated at the hospitals and that attended at the houses of the patients are not ascertainable from the circle reports. Presidents have been requested to furnish the information in future reports.

The entire outlay on medical objects aggregated Rs. 4,50,440 as shown below, and was 7·4 per cent. of the total expenditure against 7·6 per cent. in 1881-82 :—

	Rs.		Rs.
1. Hospitals and dispensaries ...	2,76,815	5. Contributions to Medical College ...	35,663
2. Medical Practitioners	3,741	6. Maintenance of lunatics	10,886
3. Contributions to Municipalities for hospitals	76,340	7. Construction and repair of hospitals	41,488
4. Contributions to Mission dispensaries	5,507	Total ...	4,50,440

50. *Vaccination.*—The Local Fund vaccine staff consisted of 36 Deputy Inspectors and 593 Vaccinators as against 36 and 587, respectively, of the previous year. The increase of two among Deputy Inspectors was due to the entertainment of additional men in the Bellary and Chingleput Circles, as sanctioned in G.Os., dated 12th October 1882, No. 1452, and 8th February 1882, No. 211. The expenditure under this head amounted to Rs. 1,31,075 against Rs. 1,25,108 in 1881-82, the increase being due to the additional establishment employed and to the extra allowances paid to such of the men as vaccinated numbers above the minima prescribed by the Circle Boards. The outlay was, as in the previous year, 2·2 per cent. of the total charges.

The following table shows the constitution and working of the staff in each circle:—

Districts.	Circles.	Staff.		Number of Persons vaccinated.	Number of Successful Cases.	Percentage of Successful Cases.	Total Cost.	Cost per Successful Case.
		Deputy Inspectors.	Vaccinators and Practitioners.

* Excludes the vaccinator employed by the Arni Jaghirdar, but the cases operated by him are included in the statemen

Adding the 2,465 cases vaccinated by the medical subordinates in charge of dispensaries, the total number of operations performed during the year was 370,903, that is, 79,464 more than in the preceding year. The proportional success-rate was also greater. But it must be remarked that the work done was far short of what it ought to be. Taking the birth-rate at 30 per mille of the population, the number of children born during the year must have been about 840,000—a figure very much in excess of the number protected from small-pox. The attention of the Local Fund Boards has been drawn to the matter. The average cost of vaccinating each successful case was Annas 4 against Annas 4 Pies 4 in the preceding year. As usual Coimbatore shows the best results and Madanapalle the worst. There is, however, an improvement in Madanapalle as well as in the three other circles which were very backward in 1881-82.

51. *Sanitation.*—Exclusive of Rs. 27,632 expended on sanitary works under Grant I, there was an outlay of Rs. 2,78,618 incurred under Grant III for the following purposes:—

	1881-82.	1882-83.
	Rs.	Rs.
(1.) Improvement of water-supply	68,870	65,479
(2.) Improvement of village-sites	17,690	10,108
(3.) Conservancy of towns and villages	1,61,140	1,51,450
(4.) Sanitary arrangements at fairs and festivals ..	7,859	6,199
(5.) Miscellaneous sanitary outlay	31,313	39,650
Total ..	2,78,618	2,74,886

Under the first head seven tanks used for drinking purposes were improved at a cost of more than Rs. 1,000 each, besides several tanks and wells having been repaired and improved at a smaller expense.

Conservancy establishments were employed in 564 towns and villages and consisted of 172 maistries or superintendents, 740 sweepers, 1,400 scavengers and 37 other inferior servants. Two hundred and thirty carts were also employed in removing the sweepings. The establishments were in almost all circles under the control of the local Revenue officers, but in 24 towns of the Madura District and in eight of the Salem District, they were supervised by local committees. In the Vizagapatam Circle, itinerating scavengering establishments were also employed and are stated to have done good work. In the Cuddapah District, the conservancy of twenty-one towns was given on contract and the system is said to have given satisfaction.

The principal items of expenditure under Miscellaneous are cholera charges amounting to Rs. 5,448, construction and repair of latrines costing Rs. 2,165, and Rs. 5,907 spent on water-pandals in the Nellore Circle.

The subjoined table shows the assets of the General Fund and the portion of it spent on sanitation under Grant III, as also the percentage of actual outlay to allotments under that head:—

	Average of 1881-82 ..	..	..	..	10·3	77·4

Adding Rs. 27,632 spent under Grant I, the total expenditure on sanitation was Rs. 3,06,250, or 12·6 per cent. of the General Fund assets, the proportion being slightly more than that prescribed by Government in G.O., dated 30th December 1882, Nos. 1652-1652A, Public. The percentage of actual outlay to allotments was also larger than in the preceding year, though not as satisfactory as could be wished in some circles. In those marginally noted the allotments were exceeded owing mainly to precautionary measures adopted for checking the spread of cholera and fever.

Chingleput.	Nilgiris.
Dindigul.	Tinnevelly.
Malabar.	

In eight circles not even 75 per cent. of the allotments were utilized. In Bellary and Shermádevi, it was alleged that proposals were received late in the year. The Board have pointed out that projects should be well considered beforehand and kept in readiness against the allotment of funds. No explanation is given for the short expenditure in Chicacole, Coconada and Nellore. In Madura expenditure was curtailed owing to the insolvent condition of the General Fund. The Negapatam Circle Board report that some of the budgeted works for the improvement of water-supply were not carried out owing to the non-payment of the contributions promised by the villagers. In Trichinopoly, it is stated that the copious fall of rain during the year rendered the sinking of wells, &c., unnecessary.

52. *Choultries.*—The number of choultries maintained in each circle, the number of travellers fed, and the cost of feeding are shown in the subjoined statement:—

21. Vizagapatam	Vizagapatam	1				
	Total	153	38	4,338,758	70,237	

The number of choultries rose from 256 in 1881-82 to 319 in the year under-report. The net increase of twenty-one resulted from a gross increase of twenty-two in nine circles and a decrease of one in Chingleput. The decrease has been already explained in paragraph 37 supra. Of the additional choultries, eight were newly built, eleven old chattrams were repaired and brought into use, two were taken over from private individuals, and one was transferred from Government management. In fifty-four endowed choultries, 2,159,718 travellers were fed at a cost of Rs. 78,397 against 2,212,378 persons fed at a cost of Rs. 81,111 in 1881-82. The smaller outlay was due to the fall in the price of grain. Besides the above, 22,195 paupers were fed at a cost of Rs. 671 at the Arcot Langerkhana, and a sum of Rs. 360 was expended on this account in the Langerkhana at Kurnool. The number of persons fed at the latter place has not been reported. Conjee (gruel) was distributed to 189,614 paupers in the conjee-house at Tanjore.

53. *Public Bungalows.*—The following statement shows the receipts and charges of the bungalows in each circle :—

	Total ..	243	6,845	9,133	16,643	11,673	28,326

* Excludes Rs. 2,251, the cost of the new Pattukota Bungalow.
† Excludes Rs. 367, the cost of the new Kanjalcotah Bungalow.

It is observed that there was on the whole one bungalow less than in the preceding year. 6,845 travellers halted at these bungalows against 6,392 in 1881-82, and fees to the amount of Rs. 9,132 were collected. Against this there was an expenditure of Rs. 28,326. The Chicacole Board have resolved to double the present rate of fees. The Madura Board levy no fees as the bungalow is not furnished. The Vice-President of the Ellore Circle says that the bungalows in it are but little used, but thinks it is inadvisable to give them up and let the buildings go to ruin. In the Nilgiri Circle, owing to damage caused by the heavy monsoon, the repair of the Naduvatam and Avalanche bungalows alone cost Rs. 5,100. In Negapatam, the public bungalow at Tranquebar was repaired at a cost of Rs. 1,050.

54. *Contributions.*—Rs. 81,847 were contributed by the several Local Fund Boards to Municipalities and to Missionary and other bodies for medical and sanitary purposes as particularized below :—

Circles by which the Contributions were paid.	Municipalities, &c., to which the contributions were paid.	Purpose.	Amount.

55. The following statement shows the expenditure under the several main heads compared with the total General Fund expenditure :—

Main Heads.	Expenditure (including Imprests).		Percentage of Gross Expenditure under Main Heads on Gross Expenditure from General Funds.	
	In 1881-82.	In 1882-83.	In 1881-82.	In 1882-83.
	Rs.	Rs.		
Education	5,76,391	6,66,288	33·7	36·6
Hospitals and Dispensaries	4,84,699	4,18,329	27·6	22·9
Sanitation	3,06,487	3,06,250	17·9	16·8
Vaccination	1,26,108	1,34,075	7·4	7·4
Avenues	99,656	1,05,783	5·8	5·8
Bungalows, Choultries, &c.	69,675	55,833	4·1	3·1
Engineering Establishment, including Contingencies, Tools and Plant, &c.	50,656	47,[illegible]	3·0	2·6
General Management	51,614	56,282	3·0	3·1
Miscellaneous	27,474	32,020	1·5	1·8
Total ...	17,71,960	18,25,876	100	100

56. *Group IV, Miscellaneous.*—The cost of the Controlling establishments at the presidency amounted to Rs. 52,226 against Rs. 45,273 in the preceding year. The expenditure was incurred on account of the additional establishments in the undermentioned offices :—

	Rs.
(1) Government Secretariat office	4,069
(2) Office of the Board of Revenue	15,773
(3) Accountant-General's office	34,824
Total ...	54,567

The total given here differs from the figure in the General statement and the Accountant-General is requested to explain the discrepancy. District establishments cost Rs. 57,439 as detailed below :—

	Rs.
(1) Account establishments in Collectors' offices	14,447
(2) Local Fund Boards' offices	25,860
(3) District Auditors	17,132
Total ...	57,439

The total charge of administration including contingencies was Rs. 1,74,002 or 2·9 per cent. of the total expenditure against 2·8 per cent. in the previous year.

57. *Local Fund Boards.*—The subjoined statement shows the constitution and working of the several Local Fund Boards :—

Districts.	Circles.	Total number of Members.		Number of Meetings.	Average attendance.	
		Official.	Non-official.		Official.	Non-official.

20. Trichinopoly	Trichinopoly	10	10	21	3	2
21. Vizagapatam	Vizagapatam	11	11	11	4	2
	Total ...	356	413	379	4	5

There were 356 official and 413 non-official members who served on the Local Fund Boards against 368 and 417 in 1881-82. The average number of meetings held was about 13 against 12 in the preceding year. It is observed that the minimum number of meetings prescribed in Local Fund Rule No. 168 was not held in the eight circles noted in the margin. The average attendence of official and non-official members was 4 and 5 against 4 and 7 in the preceding year. The better attendance of the non-officials is satisfactory, as it shows the increasing interest they take in the management of local affairs.

Coconada.	1	Constructing road from Unduru Bridge to Mandapadu on the Sámalkótah Canal, 17 miles and 170 yards.	59,550	G. O., R. D., 9th July 1880, No. 1981.	3,000	44,591	..	1,986	46,577	The whole length of the road was once gravelled. During the current year another coat of gravelling was done and the road is in fair condition. The remainder of the estimate will be worked up next year.

Circle.	Number of the Item in the Budget.	Description of Work.	Amount of Estimate.	Date and Number of Sanction.	Allotments made.	From the Commencement of the Work up to 31st March 1882.	Expenditure. 1882-83. By P.W.D.	By Other Agency.	Total.	Remarks.
Cocanada—(*Continued*).	2	Gravelling road from Cocanada to Kottipalli.	Rs. 68,720	G.O., P.D., 6th April 1882, No. 435 G.O., P.D., 31st August 1882, No. 1147.	Rs. 1,200	Rs. 71,779	Rs. ...	Rs. 2,113	Rs. 2,113	Completed.
	3	Metalling and gravelling road from Cocanada to Nilapalli.	40,960	G.O., P.W.D., 29th May 1882, No. 1850-W.	12,000	1,285	...	1,987	33,370	The road for first 3·6 miles is completed and in good condition. Materials for 1·16 mile are collected and are now being carried from depôts to road to be spread in metre. The remainder of the metalling will be executed departmentally.
	4	Regravelling the first 5 miles of the road from Cocanada to Kottipalli.	16,000	G.O., P.D., 22nd September 1877, No. 1744.	4,000	12,000	...	4,479	16,479	Completed.
	5	Gravelling road from Kattis to Mukteswaram.	68,700	G.O., P.D., 6th March 1874, No. 387. G.O., P.D., 25th May 1876, No. 861.	12,000	21,000	...	1,636	22,636	The allotment has not been spent as the entire estimate has been worked up to certain extent.
	6	Constructing Great Northern Road from Rajahmundry to Tuni.	1,74,000	G.O., P.W.D., 9th March 1877, No. 1227-W.	4,000	1,42,000	...	1,000	1,43,000	The whole length of road is nearly finished except surveying in some units, for which proper quantity of metrecals has already been collected. Temporary bridges work has already been put in hand and the required number of culverts are under preparation.
	7	Improving the road from Jagannpeta to Kottipalli.	21,347	G.O., P.D., 22nd December 1876, No. 2241.	1,000	5,000	...	200	10,000	Steady resumption of the allotments has been spent. Rest-house work could not be done as the regular subsoils has already been worked out.
	8	Gravelling road from Yernaul to Jeddupal.	16,000	G.O., P.D., 1875, No. 750.	2,000	6,000	...	450	10,000	Though a portion of the road is admirably part of the country, it is not in general preservation. Owing to the rapid metalled lately, the repair estimates have been found inadequate to keep them intact before the rains. Some work which is under execution for the year.
	9	Gravelling road from Kotapalli to Gokavaram.	1,247	G.O., P.D., 1876, No. 1241.	1,000	900	...	1,124	900	
	10	Constructing a road from Mallavaram Railroads to Angarakam Village.	1,671	G.O., P.W.D., 23rd May 1882, No. 1826-W.	1,000	1,000	...	497	1,000	Earth work in the whole length of road is complete. A little portion of the road is under metal and the remainder is being collected. The bridge is under execution by the Engineer.
	11	Regravelling the road from Rikvada to Pithapuram.	11,000	G.O., P.W.D., 27th April 1882, No. 1227-W.	10,000	10,000	...	4,000	14,000	The length of the road is 11 miles and 4 furlongs, of which one mile and 4 furlongs is the road are kept in good condition. The remainder will be taken up next year.
	12	Metalling and gravelling road from Alamuru to Thapeswaram.	11,476	G.O., P.W.D., 7th September 1882, No. 1243.	14,476	2,440	...	1,230	2,670	The length of this road is 3·3 miles, of which the whole lime mile and 3 furlongs in the metal are kept in good order. The remainder will be taken up next year.
	13	Constructing road from Amalapuram to Ryalanka opposite Yanam.	41,000	G.O., P.D., 21st July 1882, No. 1052.	2,000	40,333	...	1,441	41,774	The length of this road is 11 miles, of which 8 miles are kept in good condition. 1 mile of the remainder have metalled and gravelled. The remainder of the metrecals will be worked up gradually.
	14	Metalling and gravelling road from Amalapuram to Yedurulanka.	15,460	G.O., P.W.D., 23rd May 1882, No. 1225-W.	1,000	...	...	936	936	A little progress has been made on this metrecals. Stone-metal and all other yards of stone have been collected. The bridge is under execution. Materials for the culverts are under collection. The work is expected to be finished this year.
	15	Regravelling the road from Samalkot to Kovvada.	15,517	G.O., P.W.D., 1st August 1881, No. 1215-W.	3,000	12,516	...	803	13,319	Completed.
	16	Constructing road from Mandapeta to Yedida.	12,330	G.O., 8th November 1882, No. 2766-W.	3,000	3,787	...	2,135	5,922	Earthwork and turfing in this road as per mentioned estimate is completed. 30 cubic yards metal and 30 cubic yards gravel have been collected. Materials for masonry bridges are under collection.
	17	Constructing four culverts on Yedurulanka road in Pallavaram Island.	1,166	Board's Proc., 9th September 1879, No. No. 2841.	800	800	...	316	1,116	Completed.
	18	Constructing an iron lattice girder bridge over Tullyabhaga Drain on the road from Samarlcotapuram to Bikavole.	2,600	G.O., P.D., 27th September 1878, No. 1568.	2,000	2,000	...	60	2,060	Completed, except rough stone packing for which materials are under collection. Will be finished this summer again.
	19	Constructing road to Ratnavarapalli from third mile of road from Jagannpeta to Peddapuram.	1,350	Board's Proc., 29th October 1881, Item No. 5402.	1,324	0	...	800	800	Nearly completed. A little spreading is to be done which will be finished during next rains.
	20	Reconstructing the Bridge at Annavaram near Tuni on the Great Northern Trunk Road.	4,997	Board's Proc., 27th June 1881, No. 4223.	3,000	3,694	...	32	3,726	Completed.
	21	Gravelling road from Rajahmundry to Balijapuram.	10,000	G.O., P.D., 7th September 1874, No.	54	5,079	...	54	5,133	The expenditure on this road is on account of compensation land taken up. The work is in abeyance. A Public Works Department work.
	22	Regravelling the road from Amalapuram to Gannavaram.	2,460	Board's Proc., 16th April 1882, No. 1962.	2,400	...	...	834	882	Very little progress has been made owing to the difficulty of the transport of material to this road by Canal from Collair Canal. Some metrecals are stored for some months; but, however, it is expected arrangements will be made to finish the work as soon as possible.
	23	Gravelling the Kotapalli village road and tank-bund.	2,500	Board's Proc., 30th August 1882, No. 4276-R.	2,000	...	...	924	924	Nearly 1000 cubic yards of Trichurk Stone and 500 cubic yards of gravel collected. Work will be finished soon.
	24	Reconstructing the Great Northern Trunk Road.	4,850	Board's Proc., 28th February 1883, No. 1079-R.	4,850	...	...	4,850	4,850	Completed.

APPENDIX XIV.

Proceedings of the Board of Revenue, dated 3rd October 1883, M. No. 8284.

Read—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Accountant-General, dated Madras, 6th September 1883, No. 201 P.—

In reply to your letter, No. L.F.I. —451, dated 1st September 1883, I have the honor to state that the minus entry of Rs. 50-11-0 under Chatrapur Circle, Ganjam District, is due to the refund on account of compensation for lands taken up for the following roads, together with the percentage charges for establishment and tools and plant—vide your letter, No. L.B.D.-42, dated 12th February 1883, and this office No. 359 P., dated 19th February 1883, to your address.

	Rs.	A.	P.
Road from Berhampore to Digapūdi	37	4	0
Road from Aska to Ganjam, Purushottapur	2	8	0
Establishment charges at 25 per cent.	9	15	0
Tools and plant charges at 2½ per cent.	1	0	0
Total as above ...	50	11	0

2. With reference to the minus entries of Rs. 547 and Rs. 55 shown under Tinnevelly Circle, I have the honor to state that they represent the percentage charges for Public Works establishment and tools and plant, respectively, on expenditure incurred on repairs of roads on banks of irrigation works (in 1881-82 and 1882-83) which have been refunded as per accompanying copy of this office note, No. 108, dated 30th April 1883, to the Secretary to Government, Public Works Department, and his reply thereto.

Enclosure No. 1.

Copy of office note from the Examiner, Public Works Accounts, forwarded to Government, Public Works Department, No. 159, dated 22nd April 1883.

The President, Local Fund Board, Tinnevelly, has applied for the refund of Rs. 540 (should be Rs. 547) charged by this department for Public Works establishment on expenditure incurred for the repair of roads on banks of irrigation works in the Tinnevelly Circle in 1881-82.

2. Similar refunds were allowed in the following cases :—

Roads in South Arcot ... No. 2561 W., dated 22nd November 1880.
Roads in Porur tank fund, Tinnevelly (10 C., No. 28 L., dated 31st March 1881).

3. Please inform me if I may allow the refund asked for by the Tinnevelly Local Fund Board.

Copy of office note from the Secretary to Government, Public Works Department, to the Examiner, Public Works Accounts, Madras, No. 1038 E., dated 2nd May 1883.

The refund may be allowed.

Endorsement by H. F. CLOGSTOUN, Esq., Accountant-General, dated Fort St. George, 24th September 1883, No. 177, L. F. 1882-83.

Two copy submitted to the Board of Revenue in explanation of the red-ink figures shown in the office statement of charges under Local Funds (Act IV of 1871) for the year 1882-83.

2. Explanation of the item of Rs. 737-15-3 shown under Civil Buildings, Original Works, against Nellore is found in paragraph 5 of Board's Proceedings, No. 2567, dated 23rd August 1883.

Resolution—dated 3rd October 1883, Mis. No. 8284.

Recorded.

(True Copies and Extract.)

(Signed) J. A. DAVIES,
Acting Sub-Secretary.

(True Copy)

(Signed) C. E. PATTON,
Superintendent, Correspondence Branch.

Proceedings of the Board of Revenue, dated 18th January 1884, Mis. No. 383.

Read the following letter from H. F. CLOGSTOUN, Esq., Accountant-General, to the Secretary to the Board of Revenue, dated Fort St. George, 7th December 1883, No. L.F.IV-126 :—

With reference to Board's Proceedings, No. 3210, dated 9th October 1883, I have the honor to forward herewith revised statements of receipts and charges under Local Funds Act IV of 1871 for the year 1882-83 as shown in the margin.

1. General Statement of Receipts	1
2. Do. do. of Charges	1
3. Statements of Receipts for the several Minor Funds	2
4. Do. of Charges do. do.	3
5. Four Subsidiary Statements	4
6. The usual Statement of Receipts and Charges by Public Works Department	1
7. Statement showing details of the Charges incurred on account of the Controlling Establishments at the Presidency	1

2. The revision has comprised the following operations directed by the Board in paragraph 3 of their Resolution :—

(1) The Imperial heads are no longer shown.

(2) The amounts transferred from Provincial to make up circle deficits, aggregating Rs. 7,89,10-6, have been removed from "Adjusting heads" to the head "Miscellaneous."

(3) Local Fund Public Works receipts realised by the Public Works Department have been shown under the heads to which they properly appertain in place of under one general head "Realisations by Public Works Department."

(4.) The sum of Rs. 6,260 formerly shown against Malabar as contribution from Municipalities for Public Works is now shown under Contribution for tolls.

(5.) The districts have been alphabetically arranged.

3. The statements show the receipts and charges under service heads, with the accumulated surplus or deficit under these heads at the opening and at the close of the year.

The receipts and expenditure under debt heads, which must be taken into consideration before the available balance of a fund can be determined, are shown in the appended statements. The heads in these latter statements do not seem to call for explanation. The different kinds of advances are not treated as expenditure and are not deducted from total receipts in determining the *surplus or deficit*. The amounts are, however, not available for expenditure, and are therefore deducted from the surplus to determine the available fund balance. Receipts from [illegible] taken in the general statements as service receipts, and so do not affect the surplus or deficit of a fund. They however represent available funds, and are accordingly added to the surplus, or taken as reduction of the deficit when determining the available balance of a fund. Investments in Government securities are similarly not treated as expenditure in determining the surplus or deficit. As the amount, however, has ceased to be available for expenditure, it is deducted from the surplus in determining the available balance. The accounts, as previously submitted to the Board and as received from the districts, showed only the balance at credit or debit of each fund in the Government treasury. The accounts now submitted show the actual available balance of the fund, but the different balances have been fully reconciled and the balances now given may be taken as accepted by the Presidents. The alterations have been of such a nature only that the acceptance of the Treasury balance shown in the accounts submitted by the Presidents involves the acceptance of the fund balance as now given.

4. A statement is appended as desired showing the distribution among the several offices of the outlay under controlling establishments at the Presidency. The cost of establishments in the offices of the Chief and Superintending Engineers, amounting to Rs. 21,250, is not shown in this statement. It appears in the accounts under the separate head *Grant I, Establishment, Public Works Department, "Other Establishment Charges."*

5. The Board's presumption in regard to the amount appearing against Nellore under "Contributions towards services lent, &c.," is correct. Exact information in regard to the treatment of similar sums in other circles has been called for and will be submitted to the Board on receipt.

Secretary.

Proceedings of the Board of Revenue, dated 21st February 1884, Mis. No. 1610.

Read—the following letter from H. F. CLOGSTOUN, Esq., Accountant-General, to the Secretary to the Board of Revenue, dated Fort St. George, 2nd February 1884, No. L.F.D.-151 :—

With reference to paragraph 3 (8) of Revenue Board's Proceedings, No. 3246, dated the 30th October 1883, I have the honor to forward the accompanying statement of contributions for pensions paid for Government servants transferred to Local Fund service and debited in the accounts of the year 1882-83, compiled from statements received from the several Local Fund Circles.

2. The fact of all contributions other than that specially referred to by the Board (that appertaining to Nellore) having been lost sight of is attributable to the amounts having been taken to the same head as the salary of the Local Fund servant on whose behalf the contribution was made. I am arranging for such contributions being shown in future under a separate head "Contributions on account of Pensions" under "Superannuation, Retired and Compensionate Allowances" with effect from the commencement of the next official year.

Statement of Pensionary Contributions paid on behalf of Government Servants transferred to Local Fund Service for the year 1883-84.

Circles.	Amount contributed and refunded during the year 1883-84.	Name of Individuals (The head of Accounts under which the Contribution was charged).	Designation of the Officer to account (Whose contributions was paid to Government).	Remarks.
