Local Funds—Reports.

Read the following papers :—

Nos. 37 & 38. *Proceedings of the Board of Revenue, dated 24th January 1880, No. 144, and 28th May 1880, No. 736.*

ABSTRACT.—Reviewing operations of Local Funds under Act IV of 1871 for 1876-78 and 1878-79.

No. 39. ORDER THEREON, 10th March 1881, No. 413.

Ordered that these papers be recorded. The circumstances of the years to which they relate were abnormal and the Government will only bring together the salient points of interest in the reports.

2. The total actual available assets and expenditure for the three years 1876-77 to 1878-79 inclusive were as follows :—

	Assets.	Expenditure.
	RS.	RS.
1876-77	63,13,326	56,97,232
1877-78	63,39,677	57,57,139
1878-79	81,82,875	61,72,277

3. The improving condition of the country after the famine is evidenced by the large increase in income in the latest year.

4. The opening and closing balances were—

	Opening.	Closing.
	RS.	RS.

1877-78	6,16,094	5,82,538
1878-79	5,82,537	20,10,598

It is always necessary to retain a considerable balance available in the early part of the year for current expenditure before income for the year begins. Uncertainty as to adjustment of famine expenditure would seem to have induced the excess retention in the latest year.

5. The particulars of the main items of receipt are shown below :—
