Read the following paper :—

Proceedings of the Board of Revenue, dated 23*rd February* 1881, *No.* 313 [*Current No.* 857].

ABSTRACT.—Communicating to all Collectors, &c., orders of Government on Board's Proceedings submitting Budget Estimate of Provincial Receipts and Charges under control of Board of Revenue for 1881-82.

ORDER THEREON, 26th April 1881, No. 736.

Separate orders will be passed on the subject of the sixth paragraph of the Board's Proceedings.

2. The proposal in regard to endowed langerkhanas and native choultries is accepted. The Government do not consider that the consent of Local Fund Boards is necessary to allow of the transfer to them of institutions to the maintenance of which the law contemplates those funds should be applied, when the particular circle fund is in a condition to accept the charge, or when the endowment of the institution is adequate for its maintenance.

Para 6 [illegible]

3. It is not reasonable that charges should be retained on general revenues to meet which special resources have been created by law; but the Government do not desire to hamper Local Funds by any sudden transfer.

4. It is improbable that the question of legislation for the management of religious and charitable endowments will be settled for some time to come.

Proceedings of the Board of Revenue, dated 23rd February 1881.

Read the following papers :—

Proceedings of the Madras Government, dated 13th December 1880, No. 2,314, Financial Department.

Abstract.—Budget Estimate of Provincial Receipts and Charges under the control of the Board of Revenue for 1881-82, reviewed.

From W. WILSON, Esq., Collector of Coimbatore, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated 11th December 1880, No. 237.

With reference to the Proceedings of the Board of Revenue, dated 23rd ultimo, No. 1,782, copy of which was furnished to me, I have the honor to inform you that a sum of Rs. 300 was entered in the Magisterial Budget of Provincial Services sent from this office for 1881-82 on account of repairs to Sub-jails but it was struck out by the High Court with the remark that there did not appear to be any precedent for including the item in the Judicial Budget. I have the honor therefore to request that the above amount may be ordered to be added to the Rs. 3,170 entered under the head " Petty Construction and Repairs " in the Revenue Budget of Provincial Services for the said year now with the Board of Revenue. The latter amount did not provide for the repairs of Sub-jail buildings.

Communicated to all Collectors, the Commissioner of the Nílgiris, the Commissioner of Salt Revenue, the Superintendent of Stamps, and the Postmaster-General.

2. The accompanying statement shows the details for the several districts of the Budget Estimates as sanctioned by Government.

3. *Public Works, Petty Construction and Repairs.*—The Government have reduced the Board's estimate under " Public Works," " Petty Construction and Repairs," from Rs. 1,07,000 to Rs. 90,000, or by 15·8 per cent. The estimates for the several departments reduced in this ratio will stand as noted in the margin. The Board have made a proportionate reduction in the amounts proposed for the several districts, and the amounts allotted to each are specified in the subjoined statement :—

7. As regards the transfer to Local Funds of the charge for Native Choultries and Langerkhanas, the Board beg to refer to their Proceedings recorded in G.O., dated 11th August 1879, No. 1,675. The Board are of opinion that all endowed Langerkhanas and Native Choultries including those directly maintained by Government should be transferred to the Local Fund Boards or Municipalities in which they are situated wherever the Local Fund and Municipal Boards may be willing to undertake the supervision. If the Government agree in this view orders will be issued for the transfers being carried out and the names of the transferred institutions being reported.

DRAFT ORDER. ~~NOTE FOR ORDERS.~~ } 26 April 1881 No 736

Separate orders will be passed on the subject of the sixth paragraph of the Board's Proceedings.

2. The proposal in regard to endowed langerkhanas and native choultries is accepted. The Government do not consider that the consent of Local Fund Boards

Boards is necessary to allow of the transfer to them of ~~the~~ institutions to the maintenance of which the law contemplates these funds should be applied; when the particular circle fund is in a condition to accept the charge or when the endowment of the institution is adequate for its maintenance.

3. It is not reasonable that charges should be retained on general revenues to which special resources have been created by law but the Governments do not desire to hamper Local Funds by any

sudden transfer.

4. It is improbable that the question of legislation for the management of religious and charitable endowments will be settled for some time to come.
