Vice-President.

ORDER THEREON, 27th June 1881, No. 1199.

The applications will, in accordance with Rule V of the Rules in respect of Loans to Municipalities under Act XI of 1879, be published in four issues of the *Fort St. George Gazette.*

2. The Accountant-General will report on the value of the security tendered.

3. It is observed that the Commissioners propose to hypothecate the Water Works Fund on account of the loan for carrying out a portion of the drainage of Black Town. The Government consider, with reference to Sections 139 and 150 of Act

V of 1878, that drainage works are essential to any extended system of water-supply, not only as tending to keep it pure and fit for domestic consumption, but as furnishing the only means of carrying off the waste which would otherwise pollute and contaminate it and, by water-logging the subsoil, tend to produce malarious conditions.
