GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

1st July 1881, No. 1220.

Permanent Advances.

Read the following papers :—

From A. C. TUPP, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 28th October 1880, No. 3741.

Book Department.

I have the honor to bring to the notice of His Grace the Governor in Council that, on calling for a statement of balances at credit of public officers at the Madras Bank, I was informed that the Superintendent of the School of Arts had at his credit on 31st March 1880 Rs. 970 arising chiefly from the Superintendent holding a large permanent advance, which is, I think, unnecessary in the case of an officer stationed at the Presidency Town.

2. The reduction of his advances will not in any way cripple the Superintendent, as he can present at my office abstract bills whenever he wants funds. I beg to propose, therefore, that the permanent advance sanctioned in the marginally-noted Order to the School of Arts be reduced to Rs. 500, and I trust that His Grace in Council will sanction this proposal as it is extremely necessary to keep permanent advances to public officers at the lowest possible figure now that the cash balances are so much reduced.

From R. F. CHISHOLM, Esq., Officiating Superintendent of the School of Arts, to the Chief Secretary to Government, dated Madras, 18th November 1880, No. 140.

I have the honor to return the letter of the Accountant-General forwarded to me with your memorandum, No. 2109, dated the 2nd November 1880.

2. We are now working on a capital of Rs. 6,000, which has gradually augmented to Rs. 9,550-7-6, but of this sum nearly Rs. 7,000 are involved in outstandings and liabilities, and occasionally nearly the whole sum is floated. If the Accountant-General means, by reducing my permanent advance, that I should pay back Rs. 6,000 in the Bank, I shall be completely crippled; but, if on the other hand I am permitted to retain the Rs. 6,000 as working capital only, drawing from him such sums as I pay to the credit of Government, I think the arrangement in every way a most desirable one. I am perfectly willing to give a receipt for the capital sum and account to Government for it at any time.

From W. DONALD, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 4th December 1880, No. 4549.

Book Department.

With reference to your endorsement, No. 2236, dated the 24th November 1880, I have the honor to state that my proposal was that the Superintendent of the School of

Arts should repay to Government Rs. 5,500 out of the permanent advance of Rs. 6,000 which he holds and that he should draw such sums as may be required from time to time for working expenses on abstract contingent bills. From the Superintendent's letter, which is forwarded to me for remarks with the above endorsement, I gather that the whole of the permanent advance is involved in outstandings and liabilities and that therefore he is unable to repay any part of the advance. I am still decidedly of opinion that the permanent advance is much too large, and it appears to me that, if cash payment was made compulsory, the Superintendent would find it much easier to work the institution; there would be no outstandings, and a small permanent advance is all that would be required.

2. For working expenses, as already stated, the Superintendent could draw money on abstract bills from my office, and, as soon as the money had been spent, he should submit a detailed bill to adjust the sums thus drawn. To meet petty expenses, I consider the Superintendent should retain Rs. 500 as a permanent advance.

From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Officiating Chief Secretary to Government, dated Fort St. George, 7th June 1881, No. 2104 [Current No. 1372].
Book Department.

I have the honor to request that early orders may be passed on this office letter, No. 3741, dated 28th October 1880, proposing to reduce the permanent advance of the Superintendent of School of Arts to Rs. 500.

ORDER THEREON, 1st July 1881, No. 1220.

The Government are not prepared to alter existing arrangements at present. The whole subject of the School of Arts' financial position is under consideration.

Educational Department,

SIR,

With reference to your endorsement
No 2236 dated the 24 November 80, I
have the honor to state that my
proposal was that the Superin-
tendent of School of Arts should
repay to Government Rs 5500 out
of the permanent advance of Rs 6000
which he holds and that he should
draw such sums as may be required
from time to time for working
expenses on Abstract Contingent
Bills. From the Superintendent's letter
which is forwarded to me for
remarks with the above endorse-
ment, I gather that the whole of the
permanent advance is involved in
outstandings and liabilities and
that therefore he is unable to repay
any part of the advance. I am still
decidedly of opinion that the perma-
nent advance is much too large
and

and it appears to me that if cash
payment was made compulsory,
the Superintendent would find
it much easier to work the insti-
-tution: there would be no out-
-standing, and a small permanent
advance is all that would be required.

2. For working expense, as al-
ready stated the Superintendent
could draw money on Abstract
Bills from my Office and as
soon as the money had been
spent he should submit a den-
-tailed bill to adjust the sum-
-thus drawn. To meet petty ex-
-penses, I consider the Superinten-
-dent should retain Rs 500 as a
permanent advance.
