GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

13th July 1881, No. 1295.

Municipal—Vaccination.

Read the following paper :—

From Sir ANTHONY D. HOME, V.C., K.C.B., Surgeon-General, Her Majesty's Forces, to the Acting Secretary to Government, Military Department, dated Fort St. George, 15th June 1881, No. 1628.

I have the honor to report to the Honorable the Governor in Council that during the recent epidemic of small-pox in Madras it was found necessary to vaccinate extensively and expeditiously amongst the men and families of the 39th Regiment, Native Infantry. For this purpose lymph had to be got from the Vaccination Department of the Madras Municipality the only source from which it was procurable—and for this supply a charge is now submitted of eighteen rupees and twelve annas (Rs. 18-12-0).

2. From a reference made to the President of the Municipality it appears that he objects to supply vaccine lymph gratis, although it has been pointed out to him that Medical Officers and Subordinates, in practising vaccination, are virtually relieving the Municipal Vaccinators of a part of their duty and helping the Commissioners to extinguish an outbreak of a fatal disease.

3. In G.O., Financial Department, No. 1050, of 31st May 1879, it was ruled that the Municipal Commissioners of Trichinopoly should be paid for lymph supplied to troops, but the present case is altogether different as the charge at Trichinopoly was virtually one for *batta* to mothers who took their children to the hospital to supply lymph.

4. In the case of the 39th Regiment the lymph was furnished to the Medical Officer in tubes, and it appears to me that in such instances the supply should be a gratuitous one, as it is clearly the duty of a Municipality to afford every reasonable facility for the promotion of vaccination within its bounds.

5. As such cases will be of frequent occurrence, I have the honor to suggest that a general ruling on the subject be given, and that the present claim be disposed of accordingly.

No. 72-A.B.

Forwarded for the orders of Government. The claim, if admitted by Government, will be adjusted by cash payment by the Military Department to the Madras Municipality.
