Municipal—Education.

Read the following paper :—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Officiating Chief Secretary to Government, dated Ootacamund, 4th July 1881, No. N-139 [Current No. 1707].

The educational portions of the budget estimates of Local Funds constituted under Act IV of 1871 are now furnished to me in October of each year by the Presidents of Local Fund Boards. They are examined in my office and my remarks upon them are communicated to the Board of Revenue.

2. Extracts from the municipal budgets are not however, except in a few cases, forwarded to me, and I have thus been unable to submit to Government any remarks regarding the sufficiency or otherwise of the provision made in municipal budgets for education, and for the same reason I have been unable to make any suggestions for the development of elementary education in Municipalities.

3. In a recent case Government (G.O., 17th May 1881, No. 873) having directed me to report upon the educational portion of the budget of the Pálghat Municipality for 1881-82 which had not reached me, I was unable to comply with their orders until I had obtained the necessary information from the Inspector of Schools, Sixth Division.

4. As it appears to me that it may be advantageous to education generally if budget estimates of Municipalities were sent to me regularly, I have the honor to request that the Presidents of Municipalities may be advised to forward to me such portions of them as relate to education, together with a copy of the portions of the covering letter or of the enclosures relating thereto *through* the Inspectors of Schools, so that I may have the opportunity of placing before Government such observations as I may have to make for their consideration when passing orders on the budget.

5. I beg further to suggest, for the consideration of Government, whether it is not desirable that copy of the portions of the annual reports relating to education of both Local Fund Boards and Municipalities should be forwarded to this office when the report is submitted to Government, so that I may have the opportunity of noting on the administration of the year in this respect for the consideration of Government before their orders are passed on the report.

ORDER THEREON, 20th July 1881, No. 1335.

The Director's proposals are approved. The Presidents of Municipalities will attend to the requests made in paragraphs 4 and 5 of the letter, and paragraph 5 will be communicated, through the Board of Revenue, to the Presidents of Local Fund Boards for compliance. Such remarks as the Director of Public Instruction may make on the reports from Local Fund Boards should be addressed to the Board of Revenue in the first instance.
