26th July 1881, No. 1361.

Civil Fund.

Read the following paper :—

From E. GIBSON, Esq., Acting Secretary to the Civil Fund, to the Officiating Chief Secretary to Government, dated Madras, 16th July 1881, No. 284 [Current No. 1837].

I am desired by the Trustees of the Civil Fund to state, for the information of the Government, that they have recently received from the Home Committee of the Fund in England copy of a letter from the Secretary of State for India in Council in reply to a memorial forwarded to him by certain Members, active and retired, of the Service residing in England. The memorialists requested that the Secretary of State would be pleased to take early step to secure the prompt formulation of the propositions of Government for the future management of the Fund, and to communicate the same to the Service with the least possible delay. The Secretary of State in his reply stated that General Hannington is now preparing a report and valuation for his information, and that before passing his decision as to the terms on which he will be prepared to take over the assets, liabilities, and management of the Fund, he intends to take the opinion of Mr. Sutton, the Actuary, as to the life-tables and methods of calculation employed. The matter is of such great importance to the Service that the Trustees are anxious to learn, at the earliest possible date, the nature of the proposals contained in General Hannington's report, and they have instructed me to request that Government will be pleased to make an application to the Secretary of State begging that they may be permitted to peruse the report as soon as it is ready to be sent to Mr. Sutton for examination. The Trustees are disposed to think that the course suggested is likely to tend to expedite the settlement of this matter, for which they have been waiting for so long a time.

2. In connexion with this subject, I am to say that the apparent acceptance, by the Members of the Service who presented the memorial, of the closing of the Fund to gentlemen who may hereafter join the Service is not to be taken as expressing acquiescence in that measure by the Service generally, and that the protest of the Trustees, conveyed in my letter noted in the margin, is unaffected thereby.
