Proceedings of the Board of Revenue, dated 2nd July 1881, *No.* 1248 [*Current No.* 1832].

Read—the following Govt. Gen. Reg. No. 1,884 of 1881—Proceedings of the Madras Government, dated 27th May 1881, No. 944, Financial Department:—

ABSTRACT.—Letter from Government of India requesting to be furnished, as early as possible, with information, in the prescribed form, of the quantities and kinds of European stores which are annually purchased in India and not obtained from England for official requirements, communicated to all Heads of departments, in continuation of G.O. No. 845 of 1881, for very prompt attention.

Resolution—

1. Of European stores obtained through the Secretary of State.
2. Of European stores purchased in India and not obtained from England.

Two statements of European stores obtained during the year 1879-80 for the use of offices under the control of the Board are herewith forwarded in the form given in the above Government Order. The statements have been prepared from returns obtained from Collectors under G.O., dated 5th August 1880, No. 1,520, Financial Department, and do not embrace the transactions of the districts of Ganjam or Godávari or of the Salt Department, from which no returns have been received. Instructions have been issued to Collectors to send in revised returns for 1879-80 in the forms prescribed in G.O., dated 22nd December 1880, No. 2,365, Financial Department.

2. It will be seen that the columns headed "Rate," "Contract Price," "Freight," "Other Charges" are left blank in the statements, the details not being available. The total value, however, as given by Collectors, has been entered for each description of goods.

3. The Board have excluded from the statements supplies of stationery articles which some Collectors have shown in their returns, as the Superintendent of Stationery will report separately about them.

4. Very few European stores are obtained for the use of departments under the control of the Board, and they will see that no article of European manufacture is obtained if a satisfactory substitute of local manufacture can be procured.

(A true Extract.)

(Signed) E. GIBSON,
Acting Secretary.

From R. HILL, *Esq., Acting Superintendent, Government Press, to the Officiating Chief Secretary to Government, dated Fort St. George, 23rd July* 1881 [*Current No.* 1925-*A*].

Begs to forward herewith a statement embodying the information called for in G.O., No. 944, dated 27th May 1881.

From H. B. GRIGG, *Esq., Director of Public Instruction, to the Officiating Chief Secretary to Government, dated Madras, 13rd July* 1881, *No.* 3270 [*Current No.* 1949].

With reference to G.Os., dated 13th and 27th May 1881, Nos. 845 and 944, I have the honor to submit the returns therein called for of stores obtained through the Secretary of State and of articles purchased locally.

2. I beg also to make the following remarks on the entries in the Returns:—

(1) *Presidency College.*—No English stores were obtained for the Presidency College through the Secretary of State during 1879-80. A sum of Rs. 9-15-10 was charged in the accounts of that year for freight on stores supplied in the previous year. Under the authority conveyed in G.O., dated 24th June 1879, No. 253, apparatus, physical and chemical, was procured for the College from Messrs. Aug, Bel and Co., London, through the Curator of Government Books, at a cost of £137-12-1. The stationery stores for the institution are supplied by the Superintendent of Stationery and are expected to be included in his returns.

(2) *Kumbakónam College.*—No stores were supplied by the Secretary of State.

(3) *Rajahmundry College.*—No return has as yet been furnished by the Principal, the College having been closed for the midsummer vacation during May and June 1881.

(4) *Civil Engineering College.*—The stores obtained through the Secretary of State for this institution consisted mainly of scientific instruments and books. The value of stores supplied in 1879-80 amounted to Rs. 1,054-10-0, but no details of the sum have been furnished by the Principal. Stationery is received from the Stationery Office.

(5) *Medical College.*—For the Medical College the only English stores obtained through the Secretary of State consisted of periodicals, the value of which, including freight, amounted to Rs. 164-1-5 during 1879-80. These stores are now supplied by Messrs. Baker and Co. The stationery articles locally purchased are shown in the statement.

(6) *University.*—The University received from England certificates valued at Rs. 214-3-3.

3. The articles locally purchased for the use of the School of Agriculture and the offices of the Central Curator, the Inspector of Schools, 6th Division, and the Inspectress of Girls' Schools are exhibited in the returns. No reply has yet been received from the Inspectors of Schools of the 1st, 2nd, 3rd, 4th, and 5th Divisions. But the amounts spent by the Inspector of Schools, 6th Division, may roughly be taken as the amount expended in the other divisions respectively.

4. The Principal of the Civil Engineering College considers that the books and scientific instruments now obtained through the Secretary of State cannot advantageously be purchased in the local market.

5. Library and Prize books are now obtained from Messrs. Baker and Co. through the Curator of Government Books. They are not included in the enclosed returns as they are neither obtained through the Secretary of State nor procured in local markets.

6. No stationery articles are purchased for the use of this office. They are supplied by the Superintendent of Stationery.

From the Master Attendant, Madras, dated 6th June 1881—continued.

Proceedings of the Board of Revenue, dated 2nd July 1881.

No. 1,248.

Read—the following Govt. Gen. Reg. No. 1,884 of 1881—Proceedings of the Madras Government, dated 27th May 1881, No. 944, Financial Department:—

Abstract.—Letter from Government of India requesting to be furnished, as early as possible, with information, in the prescribed form, of the quantities and kinds of European stores which are annually purchased in India and not obtained from England for official requirements, communicated to all Heads of Departments, in continuation of G.O. No. 845 of 1881, for very prompt attention.

Resolution—

1. Of European stores obtained through the Secretary of State.
2. Of European stores purchased in India and not obtained from England.

Two statements of European stores obtained during the year 1879-80 for the use of offices under the control of the Board are herewith forwarded in the form given in the above Government Order. The statements have been prepared from returns obtained from Collectors under G.O., dated 5th August 1880, No. 1,520, Financial Department, and do not embrace the transactions of the districts of Ganjam or Godávari or of the Salt Department from which no returns have been received. Instructions have been issued to Collectors to send in revised returns for 1879-80 in the forms prescribed in G.O., dated 22nd December 1880, No. 2,365, Financial Department.

2. It will be seen that the columns headed "Rate," "Contract Price," "Freight," "Other Charges" are left blank in the statements, the details not being available. The total value, however, as given by Collectors, has been entered for each description of goods.

3. The Board have excluded from the statements supplies of stationery articles which some Collectors have shown in their returns, as the Superintendent of Stationery will report separately about them.

4. Very few European stores are obtained for the use of departments under the control of the Board, and they will see that no article of European manufacture is obtained if a satisfactory substitute of local manufacture can be procured.

Sir,

With reference to G.O.s dated 13th and 27th May 1881 Nos. 845 and 944, I have the honor to submit the returns therein called for Stores obtained through the Secretary of State and of articles purchased locally.

2. I beg also to make the following remarks on the entries in the Returns:-

(1) Presidency College. No English Stores were obtained for the Presidency College through the Secretary of State during 1879-80. A sum of Rs. 9-15-10 was charged in the accounts of that year for freight on stores supplied in the previous year. Under the authority conveyed in G.O. dated 24th June 1879 No. 253,

apparatus

apparatus, physical and chemical, was procured for the College from Messrs Aug. Bel & Co. London through the Curator of Government Books at a cost of £137-12-1. The Stationery Stores for the Institution are supplied by the Superintendent of Stationery and are expected to be included in his Returns.

(2) Kumbakonam College - No Stores were supplied by the Secretary of State.

(3) Rajahmundry College - No Return has as yet been furnished by the Principal, the College having been closed for the Midsummer vacation during May and June 1881.

(4) Civil Engineering College - The Stores obtained through the Secretary of State for this institution consisted mainly of Scientific instruments and books. The value of Stores supplied in 1879-80 amounted to Rs 1054-10-0 but no details of the sum have been furnished by the Principal. Stationery is received from the Stationery Office.

(5) Medical College - For the Medical College, the only English Stores obtained through the Secretary of State consisted of periodicals the value of which, including freight amounted to Rs 164-1-5 during 1879-80. These Stores are now supplied by Messrs Baker & Co. The Stationery articles locally purchased are shewn in the Statement.

(6) University. The University received from England Certificates valued at Rs 214-3-3.

3. The articles locally purchased for the use of the School of Agriculture and the Offices of the Central Curator, the Inspector of Schools 6th Division and the Inspectress of Girls' Schools are exhibited in the Returns. No reply has yet been received from the Inspectors of Schools of the 1st, 2nd, 3rd, 4th & 5th Divisions. But the amount spent by the Inspector of Schools, 6th Division, may

may roughly be taken as the amount expended in the other Divisions respectively.

4. The Principal of the Civil Engineering College considers that the books & scientific instruments now obtained through the Secretary of State cannot advantageously be purchased in the local market.

5. Library and Prize books are now obtained from Messrs. Baker & Co through the Curator of Government Books. They are not included in the enclosed Returns as they are neither obtained through the Secretary of State nor procured in local markets.

6. No Stationery articles are purchased for the use of this Office. They are supplied by the Superintendent of Stationery.
