GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

18th August 1881, No. 1500.

Municipal—Medical.

Read the following papers:—

From Surgeon-General W. R. CORNISH, F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Officiating Chief Secretary to Government, dated Ootacamund, 17th June 1881, No. 0-15 [Current No. 1563].

With reference to G.O., No. 902, dated the 19th ultimo, paragraph 7, I have the honor to report as follows for the information of the Honorable the Governor in Council.

2. The Ellore Municipality, being desirous of securing the services of an "experienced medical subordinate," provided a sum of Rs. 110 per mensem for him in their budget-estimate for 1880-81, and Government sanctioned the item in G.O., No. 904, dated 3rd May 1880.

3. On the accorded sanction, the President of the Municipality applied to this office to appoint an experienced medical subordinate, stating that his pay would be Rs. 110.

Hospital Assistant, 1st Class	2nd Class	3rd Class	RS.	
			1st Class.	2nd Class.
			RS.	RS.
Pay of Rank	100	75		
Employed Allowance	30	30		
House-rent	20	20		
	150	125		

4. The President was informed that the sum indicated was too much for a subordinate of the Hospital Assistant grade, and too little for one of an Assistant Apothecary grade; but that as a subordinate of the latter class was evidently desired, a 2nd-Class Assistant Apothecary would be posted to Ellore if an additional sum of 10 rupees per mensem were provided, as his minimum pay and allowances would be Rs. 125 as shown in the margin.

5. In his letter, dated 25th August 1880, the President acceded to the proposition, and Assistant Apothecary Kiddle was posted to Ellore.

6. The Government pay no contribution towards the salary of this medical subordinate, but I am of opinion that it would be well if a portion of the salary was paid by Government. Quite recently a serious miscarriage of justice occurred at Ellore, because an important Police case was entrusted by the local authorities to an incompetent Hospital Assistant attached as a subordinate to the Police hospital; whereas, but for a question of fees, the case would have fallen to be investigated by the only medical subordinate at Ellore competent to such inquiries, viz., the Assistant Apothecary.

From Surgeon-General W. R. CORNISH, F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Officiating Chief Secretary to Government, dated Ootacamund, 18th July 1881, No. 0-54 [Current No. 1826].

With reference to your memorandum, No. 1128, of 30th June 1881, I have the honor to state that the Police hospital at Ellore received 102 in-patients in the last year, and that the daily average of sick in hospital was about three.

2. The Assistant Apothecary of the Municipal hospital should, I think, be paid a fourth or fifth of his salary by Government, so that he might be entrusted with the general duties of the station, including *post-mortem* examinations and giving of medical evidence in judicial cases.

3. As a rule, in sub-divisional stations, I think it proper to maintain a separate hospital for Police, and at Ellore, the Hospital Assistant attached to the Police should be under the orders and supervision of the Medical Officer of the station.

ORDER THEREON, 18th August 1881, No. 1500.

Recorded with reference to G.O., 23rd July 1881, No. 1467.

2. In the circumstances represented a Hospital Assistant will remain attached to the Police hospital. As recommended by the Surgeon-General the Government will, from the 1st September, contribute one-fourth of the salary paid to the Assistant Apothecary by the Municipality.
