GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

5th September 1881, No. 1647.

Port Funds.

Read the following papers:—

n J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Madras, to the Officiating Chief Secretary to Government, dated Madras, 11th July 1881, *No.* 6181 [*Current No.* 1785].

nistrative Department.

I had the honor, with my letter, No. 9130, dated 14th October last, to submit get estimates for the current official year, consolidating all Marine receipts and ges under one head, viz., Port Fund, in pursuance of the scheme sanctioned in ., No. 417, dated 24th August 1880, extending the provisions of the Indian Ports , No. XII of 1875, to all ports.

2. The figures stood as follow:—

		Rs.	
Estimated Receipts	.. ..	3,40,300	including income
Do. Charges	.. ..	2,66,559	from additional
Excess Receipts	.. .. ..	73,741	ports, &c.

3. It was thus shown that the Imperial revenues could be relieved of all ns on account of the maintenance of the ports, and that they could be rendered ely self-supporting with a large surplus to command, besides the reserve or nce standing to the credit of the Port Fund, amounting to Rs. (6,62,715) six lakhs y-two thousand seven hundred and fifteen.

4. But in official memorandum, Financial Department, No. 2098, dated 2nd ember, I was informed that, as the Government of India had not sanctioned the posal approved in the Government Order above quoted, credit should not have n taken under Port Funds of the receipts which should be credited to Imperial. se amounted to not more than Rs. (4,700) four thousand and seven hundred, ch were almost entirely realised at Pámban; and this port having since been ught under the operations of the Indian Ports Act, No. XII of 1875, the Imperial ipts were authorised by the Government of India to be transferred to Port Fund. as ordered to submit the budget estimates separately under the different heads of perial, Provincial, and Port Fund.

5. I accordingly submitted with my letter, No. 9541, dated 8th November 0, revised budget estimates which were as follow:—

		Rs.	
Receipts, Imperial	.. ..	4,700	
Do. Provincial	.. ..	14,000	
Do. Port Fund	.. ..	2,64,900	
Charges, Imperial	.. ..	76,901	including light-
Do. Provincial	.. ..	11,648	houses.
Do. Port Fund	.. ..	1,98,159	Do.

6. From the above it will be seen that the sum of Rs. (76,901) seventy-six thousand nine hundred and one form the portion to be borne by Imperial revenues.

7. These estimates were provisionally accepted by the Government of India, having, no doubt, in view the proposal to extend the provisions of the Indian Ports Act for the levy of such port dues in the Madras Presidency as will enable Port Funds to meet all but very exceptional demands. Now that the scheme has been approved by that Government, and the necessary notifications ordered to be published, as per G.O., No. 287, dated 18th June last, I beg respectfully to suggest that the whole Marine expenditure be brought on the Port Fund, and Imperial revenues relieved from all charge.

8. During the last official year the amount of Port Fund collections was Rs. (2,95,258) two lakhs ninety-five thousand two hundred and fifty-eight, and this, it will be seen from the following memorandum, covers the whole expenditure of the Marine Department, as estimated for the current official year :—

	Rs.
Madras—Establishments and contingencies, including all branches of the department	1,14,832
Out-ports—Establishments and contingencies, including Port Fund light-houses	1,08,395
Public Works Charges	22,475
Pensions	7,977
Light-houses, Imperial	11,171
Do. Repairs	1,450
Pámban Dredging	10,564
Marine Surgeon	3,382
	2,80,246
Last year's Port Fund Collections	2,95,258
Excess in Receipts ..	+ 15,012

9. This is the result obtained without the additional income to be derived by the levy of port dues at the new ports to be brought under the Indian Ports Act, which, according to the estimate made in 1878, would amount to Rs. (46,208) forty-six thousand two hundred and eight. The pilotage receipts at Pámban, which will cover charges relating to pilotage as shown in the above memorandum, would amount to Rs. (14,000) fourteen thousand, while the Port Fund reserve or credit balance amounts to about Rs. (6,93,997) six lakhs ninety-three thousand nine hundred and ninety-seven.

10. I would strongly recommend, therefore, that orders be at once passed for bringing all receipts and charges connected with ports on the Port Fund as approved by the Government of India in their letter, dated 21st January last, No. 293, recorded in G.O., No. 287, dated 18th June 1881.

No. 1228.

Referred to the Accountant-General with request that he will state whether there are any objections from an account point of view to the Master Attendant's proposals.

Budget Department.

With reference to the letter from the Master Attendant, Madras, No. 6181, dated the 11th July 1881, referred for my report, I have the honor to state that, from an

Sir,

I had the honor, with my letter No. 130, dated October 14th last, to submit Budget Estimates for the current Official year, consolidating all Marine Receipts and Charges under one head viz: Port Funds in pursuance of the Scheme sanctioned in G. O. No. 417 dated August 24th 1880, extending the provisions of the Indian Ports Act No. XII of 1875 to all ports.

2 The figures stood as follows—

Estimated Receipts — Rupees 340.300 including income from additional ports

Do Charges —— " — 266.559

Excess Receipts — 73.741

3 It was thus shown that the Imperial Revenues could be relieved of all burdens on account of the maintenance of the ports, and that they could be rendered entirely self supporting, with a large surplus to command, besides the Reserve or Balance standing to the credit of the Port Fund, amounting to Rupees 662.715/- six lakhs sixty two thousand seven hundred and fifteen.

But

4 But in Official Memo: Financial Department, No. 2098, dated November 2nd, I was informed that, as the Government of India had not sanctioned the proposal approved in the G. O. above quoted, credit should not have been taken under Port Funds of the receipts, which should be credited to Imperial. These amounted to not more than Rupees /4.700/ Four thousand and seven hundred which were almost entirely realized at Paumben, and this port having since been brought under the operations of the Indian Ports Act No. XII of 1875, the Imperial receipts were authorized by the Government of India to be transferred to Port Fund. I was ordered to submit the Budget Estimates separately under the different heads of Imperial Provincial and Port Fund.

5 I accordingly submitted with my letter No. 9541, dated November 8th 1880, revised Budget Estimates, which were as follows.

Receipts	Imperial	Rupees	4.700
Do	Provincial	"	14.000

Charges	Imperial	"	76.901 including Light houses.
Do	Provincial	"	11.648

Do	Do	Do	

6 From the above it will be seen that the sum of Rupees /76.901/ Seventy six thousand nine hundred and one, form the portion to be borne by Imperial Revenues.

7 These estimates were provisionally accepted by the Government of India, having, no doubt, in view the proposal to extend the provisions of the Indian Ports Act for the levy of such port dues in the Madras Presidency as will enable Port Funds to meet all but very

exceptional demands Now that the scheme has been approved by that Government, and the necessary notifications ordered to be published, as per G. O. No. 287, dated June 18th last, I beg respectfully to suggest that the whole Marine expenditure be brought on the Port Fund, and Imperial Revenues relieved from all charge.

8 During the last Official year, the amount of Port Fund collections was Rupees /295.258/ Two lakhs ninety five thousand two hundred and fifty eight, and this, it will be seen from the following Memo: covers the whole expenditure of the Marine Department as estimated for the current official year.

Madras	Establishments and Contingencies including all branches of the Department	Rupees 114.832

Last year's Port Fund Collections		295.258
	Excess in Receipt +	15.012

9 This is the result obtained without the additional income to be derived by the levy of port dues at the new ports to be brought under the Indian Ports Act, which according to the estimate made in 1878 would amount to Rupees /46.208/ Forty six thousand two hundred and eight. The Pilotage receipts at Paumben, which will cover charges relating to Pilotage as shown in the above memo: would amount to Rupees /14.000/. Fourteen thousand. While the Port Fund Reserve or credit balance amounts to about

Rupees/6.93.997/ six Lakhs ninety three thousands nine hundred and ninety seven.

I would strongly recommend therefore that orders be at once passed for bringing all receipts and charges connected with ports on the Port Fund, as approved by the Government of India in their letter dated January 21st last, No. 293, recorded in Fy. C. No. 287, dated June 18th 1881.
