GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

7th September 1881, No. 1676.

Budget Estimate.

Read the following paper:—

From Lieutenant-Colonel T. WELDON, Chief Magistrate for the Town of Madras, to the Chief Secretary to Government, dated Madras, 1st September 1881, *No.* 245 [*Current No.* 2349].

I have the honor to submit the Budget of the Presidency Magistrates' Courts, Madras, for the year ending 31st March 1883.

2. *Imperial.*—The receipts for 1880-81 amounted to Rs. 25,574; those for 1882-83 are estimated at Rs. 28,000, being Rs. 2,000 less than the estimate for the current year. The decrease in the revenue of the Courts during the years 1879-80 and 1880-81 may be ascribed to circumstances of a special nature, the receipts having in 1878-79 amounted to Rs. 33,386 and in previous years always exceeded Rs. 30,000.

3. The charges are estimated at Rs. 32,300, being Rs. 80 in excess of the sum allotted for the current year. Rs. 200 have been allotted for Purchase and Repair of Furniture. Rs. 100 only were sanctioned last year; the furniture in both Courts is very old and much of it requires renewal.

4. *Provincial.*—For Petty Construction and Repairs a sum of Rs. 1,190 has been provided, and is thus allotted—

		Rs.
I.	For petty ordinary repairs, &c., in the Black Town Court ..	100
II.	For do. do. in the Egmore Court	100
III.	For metalling and gravelling the approaches to the Egmore Court.	330
IV.	Making and fixing two weather-boards on north side of Egmore Court	50
V.	Reconstructing in brick-work the present temporary shed and stalls used as coach-house and stable for the Second Magistrate at Egmore	610

5. Items I and II are the usual proximate requirement to preserve the buildings.

Item III is absolutely necessary. The approaches to the Egmore Court, which are in daily use by the public, are in very bad order; they have never been renewed or repaired since Government took possession of the building in 1872.

Item IV explains itself. During the north-east monsoon inconvenience is caused by the absence of this protection.

Item V.—The present structure is built with common posts, mat sides and partitions, and thatched roof. It requires constant repair, is a source of annual expense, and the Municipality, with some reason, objects to the renewal or continuance of buildings composed of inflammable material as being dangerous to adjoining premises. The construction of a proper building at once will be more economical than continually patching up a makeshift.

6. Duplicate copy of the Budget has been forwarded to the Accountant-General.

ORDER THEREON, 7th September 1881, No. 1676.

The Budget Estimates of Receipts and Charges of the Presidency Magistrates' Courts for 1882-83 amount to Rs. 28,000 and Rs. 62,300, respectively.

		Receipts.	Charges.
		RS.	RS.
Actuals ..	1878-79 ..	33,386	61,225
	1879-80 ..	25,223	58,739
	1880-81 ..	25,574	60,456
Estimates ..	1881-82 ..	30,000	62,220
	1882-83 ..	28,000	62,300

2. The receipts are estimated at Rs. 2,000 less than for the current year, the actuals in 1879-80 and 1880-81 having been Rs. 25,233 and 25,574. The decrease is ascribed to special circumstances, but, in the absence of more certain information as to the cause, the Government do not consider that it would be wise to estimate the receipts at a higher figure than Rs. 26,000.

3. Under Charges provision is made for the renewal in both Courts of the furniture, which is stated to be very old. The estimate is slightly in excess of the present year's grant, and will be accepted.

4. Rs. 1,190 have been provided for Petty Construction and Repairs. The first two items are for ordinary annual repairs: the necessity for the other three is explained.

5. The estimates are passed as follows:—
