GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

13th September 1881, No. 1714.

Municipal—Police.

Read the following paper :—

From Colonel C. S. HEARN, C.I.E., Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 30th August 1881, *No.* 4918 [*Current No.* 2377].

In submitting correspondence between the Superintendent of Police, Malabar, and Vice-President, Cochin Municipality, in connection with the enlistment of a Head Constable for the Town Police of Cochin, I have the honor to request the orders of Government on the point raised, that is, whether Municipalities are or are not to be debited with their share of the pay of recruits for Town Police under instruction.

2. The Municipalities would certainly cry out if ignorant untaught men were employed, while they would equally complain if the proper number of Police was not kept up; but these objections can only be avoided by drafting trained men from the General Police into every town vacancy, whether temporary or permanent, at the expense of efficiency and, of course, extra cost to Government.

3. It appears to me a sound rule that Municipalities should bear their share along with Government of all casualties, such as men sick in hospital or on leave, and so also should they pay their share for recruits under instruction for their service and benefit.

ORDER THEREON, 13th September 1881, No. 1714.

Act VII of 1878, Section 4, prescribes that Municipalities shall provide a portion of the cost of the Police Force *employed* within their limits. This clearly has reference to effective service and was not intended to apply to the cost of training men who may any day be transferred for duty elsewhere. Municipal bodies are therefore not liable to bear any portion of such cost.

No 4918. Submitting correspondence with Cochin Municipality, requesting orders whether Mun. are to bear share of cost of Police while under training

FOR ORDERS.

Act VII of 1878 Sec 4 provides that Municipalities shall provide a portion of the cost of the Police force employed within their limits. This clearly has reference to effective service and was not in my opinion intended to apply to the cost of training men who are posted out by the Cochin Resident. Recruits may any day be transferred for duty elsewhere

H.E.

The intention of Govt was probably to throw on Mun. a certain proportion of the cost of effective Police.

A Head Constable is enrolled not for a particular Town Police but for the Force, his training making him efficient for duty anywhere
