GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

12th October 1881, No. 1976.

Budget Estimate.

Read the following papers :—

From Surgeon-Major G. BIDIE, M.B., Superintendent, Government Central Museum (through the Accountant-General), to the Chief Secretary to Government, dated Madras, 14th September 1881, No. 603.

I have the honor to submit, for the orders of the Honorable the Governor in Council, the Budget Estimate of the Government Central Museum for 1882-83.

2. The estimate now submitted agrees with that sanctioned last year except in two items. Under the head of *Ordinary Expenses, including servants*, there is an increase of Rs. 660 for the coming year, which is due to the inclusion of the lapsed grant of the Rajahmundry Museum, transferred to the Central Museum under G.O., No. 1157, of 26th August 1881. The second item is a sum of Rs. 30 to cover the cost of kerosene oil for the Lecture Hall. By an oversight this charge has not hitherto been included in the budget, although it was sanctioned in G.O., No. 249, of 12th March 1873. The total of the estimate for 1882-83 amounts to Rs. 15,058, and is thus Rs. 1,331 in excess of the actuals furnished by the Accountant-General for 1880-81.

3. The usual provision has been made for the purchase of books for the Scientific and Public Libraries, and both items are absolutely necessary to enable the Museum to be successfully managed and to retain its popularity. The sum asked for the binding of books is equally requisite, as most of the scientific books are delivered in parts, and many of the old works received from the India Office Library have to be rebound or get their bindings repaired.

4. The grant for furniture, it need hardly be said, is absolutely essential, and so is that for repair of buildings.

5. With the above explanations I trust the budget will be duly sanctioned. The lists of books bought during the year are enclosed.

From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 16th September 1881, No. 3676 [Current No. 2552].

Budget Department.

With reference to the accompanying letter, No. 603, dated the 14th September 1881, from the Superintendent of the Government Central Museum, submitting through me his Budget Estimate for the year 1882-83, I have the honor to point out that the actuals therein entered are Rs. 851 below the amount recorded in the books of this office, particulars of which have been furnished to the Superintendent.

2. Allowing for a sum of Rs. 693 adjusted in this office on account of Municipal rates on the Museum buildings, the difference is reduced to a sum of Rs. 158, which being the cost of thirty-five copies of *Flora of British India* and of freight and other charges incurred by the Secretary of State in England, was likewise adjusted in the books of this office against that department.

3. The Superintendent excludes Rs. 154 of the last-mentioned amount, on the ground that only one copy of that book was received by him for the Museum, the other copies being distributed to other departments.

No. 1606.

Referred to the Revenue Department for information in regard to the distribution of the thirty-five copies of the *Flora of British India* received during 1880-81, in order that the proper debit of the charge connected therewith may be determined.

2. An early answer is requested.

OOTACAMUND,
26th September 1881.

(Signed) R. DAVIDSON,
Chief Secretary.

ORDER THEREON, 12th October 1881, No. 1976.

The Budget Estimate of Charges of the Government Central Museum for 1882-83 exceeds the grant for the current year by Rs. 690. The excess is due to the inclusion of the lapsed grant of the Rajah-mundry Museum restored under G.O., No. 1157, of 26th August 1881, to the Government Central Museum for the purchase of coins, and to a provision of Rs. 30 for kerosene oil under G.O., No.

249, of 12th March 1873, which charge by an oversight has not hitherto been budgeted. All other items are alike and necessary. The actuals in 1880-81 as recorded in the books of the Accountant-General were Rs. 14,578, or Rs. 480 less than the present estimate. They include the cost of thirty-five copies of the *Flora of British India* supplied to several departments. As, however, only one copy was supplied to the Museum, the cost of that alone should have been charged thereto, and the Accountant-General will transfer the cost of the remaining thirty-four copies to the debit of "Miscellaneous," "Cost of Books and Publications."

2. The estimate will be passed for Rs. 15,058.

due to the inclusion of the lapsed grant of the Rajah-
mundry Museum, transferred to the Central
Museum under G.O. No 1157 of 26th August 1881.
The second item is a sum of Rs 30 to cover the cost
of Kerosine oil for the Lecture Hall. By an oversight
this charge has not hitherto been included in the
budget, although it was sanctioned in G.O. No 249
of 12th March 1873. The total of the Estimate for
1882-83 amounts to Rs 15,058 and is thus Rs 1331
in

in excess of the actuals furnished by the Accountant General, for 1880—81.

3/ The usual provision has been made for the purchase of books for the Scientific and Public Libraries, and both items are absolutely necessary to enable the Museum to be successfully managed and to retain its popularity. under L.P. No. 249 of 12
March 1873, which charge
by an oversight has not

of that alone should have
been charged thereto & the

~~therefore~~ transfer the cost
of the remaining 34 copies
to the debit of "Miscellaneous"
"cost of books & publications".

2. The estimate will
be passed for Rs 15,058.
