GOVERNMENT OF MADRAS.  
FINANCIAL DEPARTMENT.

27th October 1881, No. 2043.

Budget Estimates.

Read the following paper:—

From Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Ootacamund, 19th October 1881, No. 2674 [Current No. 2915].

With reference to paragraph 2 of G.O., No. 1870, dated 3rd October 1881, I have the honor to explain that the provision of Rs. 1,000 was made in my budget-estimate for 1882-83 for "work in Government Factories," under the advice of the Accountant-General. The works will principally consist in printing and lithographing the cholera map accompanying my annual report, birth and death and rain-fall and prices of food diagrams specially ordered\* by Government, and some other plans that may be required for my monthly Proceedings or Annual Report.

G.Os., Nos. 1537 and 1491, of 21st Oct. 1879 and 7th Oct. 1880, respectively.

2. Though no cash payments will be made by me for such works, my department will be debited with the charges by the Account Department in adjusting accounts under Section 21, Chapter 5, of the Account Code. Hence the necessity for the provision in the budget.

3. I recently had occasion, at the request of the Accountant-General, to solicit and obtain the separate sanction of Government for Rs. 1,197-8-4† for similar charges, debited against the Sanitary Department in 1880 and 1881, because no provision was made for them in my budget-estimate for 1881-82.

4. It is not probable that work to the extent of the whole provision will be executed for my department. It is only an estimate, and the charges may fall short of Rs. 1,000.

5. With reference to the anticipated reduction alluded to in paragraph 1 of the order, I beg to observe that the combined Vaccine and Sanitary Department has not worked yet for a full year.
