GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

2nd November 1881, No. 2124.

Municipal—Reports.

Read the following paper :—

From J. BASHIAKARLU NAYUDU, Vice-President, to the President of the Municipal Commission, Coimbatore, dated Coimbatore, 22nd *June* 1881, *No.* 2.

I have the honor, with reference to the Proceedings of Government, dated 25th April 1877, No. 1347, to submit herewith, for transmission to Government, the Annual Reports and Accounts of this Municipality for the official year 1880-81.

2. The total receipts realized from all sources, including the opening balance, amounted to Rs. 41,903-4-7 and the expenditure to Rs. 38,789-7-2, leaving a closing balance of Rs. 3,113-13-5 at the end of the year in favor of the Municipality.

RECEIPTS.

House Tax, Decrease Rs. 731—*Land Tax, Decrease Rs.* 429.—The decrease visible in the two items is attributable, not to any dilatoriness on the part of the Collecting Establishment, but to the utilization of their services in the taking of the Census. A greater portion of the balance has, however, been collected during the current year, which amounts to Rs. 982.

Taxes on Vehicles.—Increase Rs. 16 is small and calls for no remark.

Taxes on Animals.—Increase Rs. 91-8-0 is owing to a greater number of animals having been brought for registry.

Registration of Carts.—Increase Rs. 333. The increase in this item is partly owing to the fact of cart-owners having become alive to the necessity of getting their carts registered in consequence of the raising of the toll fees to their maximum rate, and partly to the exercise of greater vigilance on the part of Nuisance Inspectors in finding out non-registered carts and prosecuting their owners.

Tolls.—Increase Rs. 600. During the year under report the tolls, on being put up to auction, fetched a sum of Rs. 15,900. Of this sum, if the amount paid to the Local Fund Board on account of one-third toll, *i.e.*, Rs. 5,300, be deducted, the balance Rs. 10,600 is the share belonging to the Municipality.

Licenses.—Increase Rs. 22-4-0. The increase is owing to the establishment of fresh wood depôts in the town.

License Tax (*Act III of* 1878).—Decrease Rs. 1,360. The decrease under this item is mainly owing to the introduction of Act VI of 1880, by which all persons whose annual income fell below Rs. 500 were exempted from the operation of the Act, and to the reduction of rates under G.O., dated 9th July 1880, No. 780, and consequently the amount budgetted for was not realized.

Surplus Pound Fund.—Increase Rs. 7-7-1. The budgetted amount was Rs. 25, but the amount received from the Revenue Department during the year was Rs. 32-7-1.

Local Fund Contribution—Hospitals.—Increase Rs. 780-13-8. As the Municipality had incurred a heavy charge on account of the upkeep of the dispensary in 1879-80, one-half of the amount of expenditure was borne by the Local Fund Board and paid by them in the current year; hence the increase.

Fines and Fees.—Increase Rs. 302-1-3. The increase noticeable under this item is partly owing to the fact of the fines which had heretofore been levied under the

Police Act XXIV of 1859, in cases of nuisance committed within Municipal limits and carried to the credit of Government, being now credited to the Municipal funds under G.O., dated 19th February 1875, No. 371, and partly owing to the fines levied from offenders against Municipal laws being in excess of that estimated for. Notice and warrant fees amounted to Rs. 86-3-6. In regard to this item, I beg to state, with reference to G.O., dated 3rd May 1880, No. 907, Financial Department, that in comparatively few cases coercive measures were adopted to collect the taxes. In 108 cases notices under Section 52 of the Act had to be served on parties who had failed to pay their taxes, and the sum recovered amounted to Rs. 44-12-0. In 78 cases warrants of distraint had to be issued, and the sum recovered amounted to Rs. 41-7-6. In some cases properties were distrained, but none were sold as the tax due by the defaulters was immediately paid. It is not to be inferred from this that by the Municipality having had recourse to coercive processes the people are in any way unwilling to bear Municipal burdens. In the collection of the license tax there was no necessity for the issue of notices or warrants as the tax was collected without much difficulty.

Rents of Houses, Gardens, Markets, &c.—Increase Rs. 283-12-1 has been caused by competition. The market fetched Rs. 20 over the budgetted amount. The Travellers' Bungalow yielded a sum of Rs. 25-9-0, more than was anticipated. The Municipal bungalow brought in a rent of Rs. 45-3-1, and a sum of Rs. 193 was realized from the butcher and offal stalls.

Endowments—Hospitals.—Decrease Rs. 571-11-4. This decrease is attributable to the small quantity of medicines sold at the Civil Dispensary, and therefore the amount budgetted for was not realized as anticipated.

Lungerkhana.—Decrease Rs. 64-14-7. The decrease is consequent on the amount of budget estimate not having been collected and remitted by the Revenue authorities.

Miscellaneous—Sale of Sweepings.—Increase Rs. 60-5-0 is attributable to a larger quantity of town sweepings having been sold to ryots for manural purposes during the year than was expected.

Avenues.—Increase Rs. 36-11-0 has arisen from the sale of more dried avenue trees during the year than in the previous one.

Garden Produce.—Decrease Rs. 107-6-5. The anticipated value of the green fodder to be actually supplied to the conservancy bullocks fell short of the estimated amount in consequence of the Guinea grass grown in the Municipal gardens having been considerably destroyed by the late heavy rains which fell in the year under report; hence the decrease.

Miscellaneous.—Increase Rs. 591-4-0. The increase is attributable to the sale of a latrine and its site in Sullivan's Street, which fetched Rs. 351; to the sale of an old Chavady situated on the old Fort ground for Rs. 200 (*vide* G.O., 23rd June 1880, No. 1232), and to the recovery from the Revenue Department of Rs. 88-14-0 which had been paid to that department on account of printing charges prior to the receipt of G.O., dated 31st March 1880, No. 481-A, and Proceedings of the Board of Revenue, dated 22nd April 1880, No. 538.

EXPENDITURE.

Grant I—New Works—Communications.—Decrease Rs. 104-4-0. In the budget provision was made for the construction of six culverts in different parts of the town, but only two were built; hence the decrease.

Buildings.—Increase Rs. 51-8-8. The increase under this item is chiefly owing to the erection of a temporary female ward in the compound of the Civil Dispensary for the accommodation of the sick inmates during the time when a new and spacious ward was being constructed on the site of the old one.

Drainage.—An increase of Rs. 58-11-0 is observable under this item though no provision was made in the budget. This is owing to the formation of drains in the new street known as "Samiers."

2124/2

Miscellaneous.—Decrease Rs. 115-12-0. When the budget was framed it was considered that sites for the erection of four latrines, two at Pullapolliem and two at Sookeranarapettah, would have to be purchased; but four latrines being absolutely required at Pullapolliem and a larger area of land for their construction, the site required for the Sookeranarapettah latrine was not purchased; hence the decrease.

Repairs—Communications.—Decrease Rs. 241-11-5. Almost all the principal streets and lanes which required immediate repairs were promptly attended to. The decrease is also in some measure owing to the cheaper rate at which metal and gravel were procured; hence the decrease.

Buildings.—Decrease Rs. 523-14-9. The full allotment made in the budget for the repair of buildings was not spent, as it was subsequently found that repairs to the latrines, bandypettah, market buildings, &c., were not required to the extent budgeted for; hence the decrease.

Drainage.—Increase Rs. 253-11-0. The budget provision for this item is Rs. 400. Owing to the late heavy rains which set in in the months of October and November last damages to some extent were caused to the drains; in some places the drains were thoroughly choked up. To remedy the evil steps were taken to put them in order. A sum of Rs. 47 was spent in flooring a drain in the Big Bazaar Street in pursuance of the suggestions made in the Inspection Notes of the Sanitary Commissioner for Madras dated 4th and 5th August 1879.

Water-supply.—Increase Rs. 18-7-4. The increase under this item is small. The amount was usefully spent in repairing the drawing apparatus of certain wells. These repairs had to be taken on hand to prevent accidents in drawing water from them.

Miscellaneous.—Decrease Rs. 259-8-0. The decrease noticeable under this item is owing to the clearance of prickly-pear grown in the Municipal Palmyra Tope not having been carried out as budgetted for in consequence of its being considered by the Commissioners that the charge would fall heavily on the Municipal exchequer, and also owing to but a small quantity of coal-tar having been purchased in the year.

Establishment.—The full amount of budget allotment was spent on this item.

Tools and Plant, &c.—Decrease Rs. 29-15-0 is owing to only a few of the tools in store having been repaired.

Grant II — Education, Establishment, and Contingencies. — The decrease of Rs. 21-2-1 in the former and Rs. 36-6-0 in the latter item is caused by the abolition of one of the Municipal schools owing to its having ceased to fulfil the purpose for which it was intended.

Results Grants.—Decrease Rs. 427-12-0. During the year under report only nineteen certifying memoranda were received, aggregating Rs. 1,072-4-0, which amount was duly paid; hence the decrease.

Grant III—Hospitals—Establishment.—Increase Rs. 258-12-6. The entertainment of a Civil Apothecary on Rs. 50 and a medical subordinate on Rs. 20 per mensem and the raising of the pay of the hospital servants on the recommendation of the Civil Surgeon have caused an increase under this item.

The sums given below were spent on the following items:—

	RS.	A.	P.
Medicines and Supplies..	1,312	12	7
Diet of Patients	1,333	8	4
Sundries and Contingencies	771	4	1
Total ..	3,417	9	0

Of this amount Rs. 842* were carried, as per memorandum from the Acting Under Secretary to Government, dated 28th January 1879, No. 204, to the credit of the Endowment Funds on account of interest due on the loans borrowed by the Municipality from that institution, and hence under the item Diet of Patients a sum of Rs. 491-8-9 is shown as the expenditure while the *actual* amount spent was Rs. 1,333-8-4. Nevertheless, there is a decrease in that item, which is mainly owing to the cheaper rates at which articles were paid for. The increase of Rs. 529-4-1 over the budget estimate under the head "Sundries and Contingencies" is due to the renewal of bedding and clothing, to the supply of hospital furniture, and to the payment of Railway fares given to medical subordinates.

---

* In round numbers.

Contribution to Medical College.—Increase Rs. 37-12-6. A sum of Rs. 227-12-6 was spent in the year for this item. Of this amount Rs. 17-4-6 is the contribution paid in arrears for 1878-79 and Rs. 32 for 1879-80 ; hence the increase.

Vaccination—Establishment and Contingencies.—Decrease Rs. 9-2-0 is small and calls for nor remarks.

Registration of Births and Deaths—Contingencies.—Increase Rs. 1-4-0 is owing to the purchase of stationery for the Registrar's use.

Conservancy—Establishment.—Increase Rs. 65-2-4. This is owing to the entertainment of an additional scavenger and to the granting of horse allowance to the Chief Nuisance Inspector.

Sanitary Service (Cost of Conservancy Carts, &c.)—Decrease Rs. 1,167-12-2. The budget provision of Rs. 2,510 under this item was made for the following purposes :—

	RS.
Value of Guinea Grass	1,710
Purchase of Bullocks	400
" of new Carts	100
" of Oil-cake	200
" of Straw	100
Total ..	2,510

Of this amount Rs. 700 have been transferred to Grant IV, "Market and Garden Contingencies," being the estimated value of garden bullocks to be purchased and green fodder to be supplied to them. The balance of Rs. 1,810 is the net budget provision for this item, of which Rs. 1,342 has been expended leaving a balance of Rs. 468. This decrease is attributable to the cheaper rate at which oil-cake, &c., were purchased and to the fact of no new carts having been made as estimated for.

Cleansing of Tanks and Wells.—Increase Rs. 13-6-9 caused by the cleansing of certain wells which had become so foul as to necessitate their immediate clearance.

Contingencies.—Increase Rs. 35-9-9 is due to a greater number of old conservancy carts having been repaired than was anticipated.

Contribution—Sanitary Inspection.—The full amount of contribution as fixed by Government was paid during the year (*vide* G.O., dated 17th May 1880, No. 996).

Grant IV—Lighting—Establishment and Contingencies.—Decrease Rs. 309-14-2 under Contingencies is owing to the cheap rate at which kerosene-oil was purchased.

Markets and Gardens—Establishment.—Decrease Rs. 20-15-1, being savings effected from the pay of a gardener who left the service and was not replaced for about three months.

Contingencies.—Increase Rs. 780-1-0. The increase under this item is ascribable to the purchase of bullocks for the use of gardens and to the value of green fodder supplied to them having been transferred from Grant III, "Sanitary Service," to this head and to the entertainment of additional coolies for watering, weeding, &c.

Lungerkhana—Establishment, Decrease Re. 1—Contingencies, Decrease Rs. 14-9-0.—These items being small call for no remarks.

Feeding Paupers.—Decrease Rs. 25-13-6 is mainly owing to food-grains being cheaper in this year.

Watering Trees—Calls for no remark.

Travellers' Bungalow—Contingencies.—Increase Rs. 277-2-0. The increase under this item is purely owing to the purchase of new furniture and to the renewal of bedding, &c. As the bungalow is much frequented by travellers, and as the income derived therefrom is pretty fair, it was deemed necessary to incur the expenditure.

Police.—Increase Rs. 119 over the budget estimate. The increase is attributable to the pay bills for the months of February and March 1880 having been received and paid in this year. This circumstance has been noted in the annual report for 1879-80.

License Tax.—Decrease Rs. 939-12-0. By the operation of Act VI of 1880 all persons whose annual profit was less than Rs. 500 were exempted from the operation thereof, and consequently there was a corresponding decrease in the amount which it was estimated would likely be the finally settled demand. Of this sum Rs. 134-12-0 having been deducted on account of commission at 5 per cent. the net amount paid to Government was Rs. 2,560-4-0.

Grant V—Establishment and Contingencies.—The decrease of Rs. 155-5-0 in the latter item is owing to the small quantity of printed forms, such as house-tax bills, licenses, &c., having been ordered during the year as there was a supply on hand.

Miscellaneous—Printing Municipal Proceedings.—A sum of Rs. 347-12-0 was expended on this item, as directed by G.O., dated 30th September 1879, No. 1453. This was not anticipated when the budget was framed.

Contribution to Controlling Establishment.—Decrease Rs. 7-10-1. In accordance with G.O., dated 29th September 1880, No. 187[illegible] the sum of Rs. 37-8-0 as therein fixed as contribution to the Controlling Establishment is shown in the budget for 1880-81, but this sum was not paid. The amount of Rs. 29-13-11 paid during the year is the contribution due for 1879-80 ; hence the difference of Rs. 7-10-1.

License Tax—Contingencies.—Decrease Rs. 28. This sum was provided for in the budget to meet the cost of printed forms, &c. No forms were printed, but some paper was purchased, the cost of which was defrayed from the office contingencies ; hence the decrease.

Repayment of Debt.—Increase Rs. 2,250. Under the sanction accorded to the Municipality by Government in their Order, dated [illegible]0th February 1880, No. 374, for the construction of a new female ward a sum of Rs. 2,250-6-0 was spent thereon. This sum has been charged to this item as repayment of a portion of the loan contracted by the Municipality from the Capital Endowment Funds of the dispensary (*vide* G.O., 27th January 1881, No. 152).

Interest on Debt.—Increase Rs. 176-1[illegible]-6 is attributable to the amount of interest due on the Dispensary Loan having been calculated up to the end of the official year, *i.e.*, 31st March 1881, instead of up to 18th November 1879, as shown in the budget. This, however, is only a nominal increase inasmuch as no payments were made but the amount was deducted from the gross hospital expenditure (*vide* G.O., 16th July 1878, No. 1243).

Census.—The sum of Rs. 146-5-6 shown under this item is the expenditure incurred on account of the taking of the Census of 1881. No provision was made for this item in the budget.

3. *Registration.*—The following statement shows the registration of births and deaths during the year 1880-81. Due attention is paid to this subject in securing correct returns :—

	Births.	Deaths.
1879-80	732	516
1880-81	1042	583

Of the total number of deaths 3 are ascribed to small-pox, 304 to fevers, 26 to bowel complaints, 6 to accidents, and [illegible]44 to other causes. The town enjoyed a total immunity from cholera.

4. *Vaccination.*—The following figured statement shows the results of vaccination :—

	Number vaccinated.	Number unsuccessful.
1879-80	677	33
1880-81	1,018	66*

---

* Unsuccessful 33, unknown [illegible]

12. A night school for a as started at my suggestion and brought under inspection for the first time. It contai pupils and is conducted by a day result's schoolmaster trained at the Coimbatore Nor chool. The school is meant for persons whose time in the day is taken up by trade or oth k. The pupils assemble at night for about two hours and receive instructions in reading, g, and arithmetic. The school will be examined for results grant in the current year. If ommissioners think that schools of this kind deserve some special encouragement in the f aid in addition to the ordinary results grant, I beg to recommend that the above sch y be placed on the *private* combined system with a monthly stipend of Rs. 5 per month to ster. I am of opinion that such schools if encouraged will confer a great benefit on the g and laboring community; the advantages of a practical education will be immediately ed, and this will, I doubt not, awaken among the native fathers a greater interest in t ation of their children than is now evinced.

13. Out of the three Mu Schools originally established for the neglected classes, one was closed in 1879, and the r ng two were doomed to the same fate at the close of the year, on the ground that they to fulfil the object for which they were originally established; this object, I believe, ver attained.

ANNUAL REPORT OF MUNICIPAL DISPENSARY, COIMBATORE, FOR THE YEAR 1880-81.

Dispensary buildings; prese te of repair, &c.; furniture, fittings, &c.—The buildings have been kept in thorough repair g the year. The hospital for females, which was considered quite unsuitable, has been dem d and a new handsome building containing two wards, with verandahs and bath-rooms, h n erected and completed before the end of the year. It is now fit for the reception of p s. The ward for contagious diseases has been newly roofed and thatched, and a new she been constructed as a temporary arrangement during the building of the new female wa Furniture will be complete when twelve new cots, which have been sanctioned, have been s ed for the new wards. The whole of the buildings and out-houses have lately been retiled repaired.

2. *Dispensary Committe quency of Meetings.*—Matters connected with the dispensary are brought to the notice of t unicipal Commissioners by whom they are discussed, and the dispensary is frequently visited by the members of the Municipal Commission; several members taking a warm interest in the working of the institution.

3. *Most common diseases among out-door and in-door patients; their prevalence and fatality as compared with other years.*—The most common diseases among the out-patients have been in order of frequency:—Malarious fever 2,513, diseases of the respiratory organs 1,083, ophthalmia 815, skin diseases 789, ulcers 642, injuries 547, gonorrhœa 472; amongst the in-patients there have been malarious fevers 79, ulcers 7 , syphilitic affections 63, rheumatic affections 63, gonorrhœa 46, dysentery 40, skin diseases 2 There were 66 deaths recorded amongst the in-patients, and principally from the following causes:—Dropsy 12, debility 7, dysentery 7, ulcer 6, diarrhœa 5, and fever 5. The about half what it was in 1879, when the number of deaths was 130. A remarkable incre as taken place in the number of cases of gonorrhœa and its complications and syphilitic affe ns. In last year the total of these both of in and out patients numbered 537, but during the ye under report the total number is 978 or nearly double.

4. *Epidemics which have occ ed in the station or its vicinity.*—There have been no epidemics either in the town or district. le case of cholera was treated as an out-patient. It was the only case reported, and the man m de a good recovery.

5. *Inspection by Civil Su n and Deputy Surgeon-General.*—The dispensary has been officially inspected by Dr. Oswal Deputy Surgeon-General, Southern Division, Indian Medical Department, on the 3rd March; y the Surgeon-General with the Government of Madras on the 17th September; and by the nitary Commissioner on the 18th August 1880. It is visited daily by the Civil Surgeon. The emarks made in the Visitors' book by these are all favorable.

6. *Attendance of Patients as ntrasted with previous years, distinguishing in-door from out-door.*—The total number of in-patients was 655, the same as in the previous year, and the number of out-patients was 14,502 or 2,705 more than the previous year. The hospital has been generally pretty full of sick. With the new ward just completed for the reception of female sick, there is some probability that the number of in-patients will be increased.

7. *General Remarks.*—Dr. G gg, proceeding on furlough, handed over charge of the Civil Dispensary to the present Acting Civil Surgeon on the 8th January 1880. The first-class Hospital Assistant attached to the dispensary was removed to the Military Department on the 7th July 1880, and Civil Ap ecary Jesudasen, who had just passed out of the Medical College, succeeded him, and s remains posted to the dispensary; both of these subordinates carried on their duties much my satisfaction. Hospital Assistant J. Gnanapragasam Pillay, who had been educated at the ense of the Municipality, was, on his passing out of the College, posted to do duty at the Civi Dispensary. He is a steady, intelligent young man, and will

2124/5

before long qualify himself to undertake other more responsible duties. The Hospital Assistants attached to the Collector and Revenue Survey also do duty at the Civil Dispensary whenever they are at head-quarters. S. Saminatha Pillay, the hospital writer, is a most useful, intelligent young man, and has done his work well during the last year. Every recommendation I have made to the Municipality has been promptly responded to, and every thing connected with the dispensary is kept up to the mark. Repairs to buildings, bedding and clothing, diets and extras, medicines and medical appliances, are all liberally sanctioned. During the year pay of the servants, which was considered too small, has been increased all round, contributing much to their contentment and to the efficient performance of their duties. The new wards before referred to will be used when the furniture is supplied, as they are completed and ready for occupation.

COIMBATORE,
1st April 1881.

(Signed) G. E. WHITTON, M.B., Surgeon-Major,
Civil Surgeon.

No. 3 [Current No. 1772].

Submitted for the consideration and orders of Government.

2. In paragraph 9 of G.O., No. 1833, dated 22nd September 1880, Financial Department, it was noted that the opening balance for 1880-81 would be Rs. 4,250, the actual balance as shown in the statements accompanying this report was Rs. 4,282: the increase was due to the fact that the difference of contribution due to the Medical College at Madras on the increase over budgeted receipts was paid only in 1880-81.

3. Of the 1,018 cases of vaccination during the year, 16 were cases of revaccination; of the 1,002 cases of primary vaccination, 557 were infantile, and 552 of them or 99 per cent. were successful.

4. With reference to (paragraph 7 of the report) the action taken by the Commissioners in refusing to subsidize a night school for adults which has been started at the instance of the Deputy Inspector of Schools, I have to remark that private educational enterprise is very active in Coimbatore and that the Commissioners have come to the conclusion that no further aid to education from Municipal Funds is required than the very liberal provision which they make for results grants.

SATYAMANGALAM,
5th July 1881.

(Signed) W. WILSON,
President.

ORDER THEREON, 2nd November 1881, No. 2124.

The receipts and charges of the Coimbatore Municipality for 1880-81 are compared below with the estimates for the year and the actuals for the previous year:—

RECEIPTS.

	Actuals, 1879-80.	Estimate, 1880-81.	Actuals, 1880-81.

2. The receipts of the year excluding License-tax amounted to Rs. 34,981 against Rs. 33,760 estimated and Rs. 34,281 actual for 1879-80. The taxation items do not show any material fluctuation. The slight falling off in the house and land rate receipts is attributed to the collection establishment having been employed during a portion of the year in connection with the Census. The arrears of land rate, however, were very heavy, about 75·9 per cent. of the demand being shown as outstanding at the close of the year. The increased contribution from Local Funds on account of the hospital charges was nearly counterbalanced by the short receipts from sale of medicines. The miscellaneous revenue was swelled by the sale of certain lands and buildings. With reference to the remarks of Government on the report for 1879-80, details should have been furnished regarding the present position and prospects of the Municipal market. It is observed that Rs. 700 for purchase of bullocks for the garden and green fodder for the same is charged under Grant IV, Markets, Contingencies.

3. The expenditure amounted to Rs. 36,229 against Rs. 35,382 estimated and Rs. 32,230 actuals for 1879-80. It was distributed among the several grants thus:—

Grant I.—Public Works	13·0
Do. II.—Education	4·1
Do. III.—Sanitation	36 7
Do. IV.—Lighting and Miscellaneous	27·0
Do. V.—Supervision	8·2
Repayment of Debt	11·0

2124/6

4. The Public Works outlay was chiefly confined to petty new works and repairs. The only exception was the new female ward built on to the dispensary, as sanctioned by G.O., 20th February 1880, No. 374, at a cost of Rs. 2,250. This amount is shown as "Repayment of Debt" due from the Municipality to the Dispensary capital account. It represents in effect a diminution, to that extent, of the funded capital of the hospital.

5. The educational expenditure was less than the estimate by Rs. 495. The decrease occurs mainly under results grants, and is not properly explained. Of the three Municipal Schools established for the neglected classes, one was abolished in the previous year. The remaining two are also reported to have ceased to fulfil the object for which they were originally established. The town is well provided with schools of all kinds, but the Government regret to learn that the only girls' school under native management is "fast declining."

6. It is satisfactory to observe that although a larger number of patients were treated in the dispensary, the charges, as compared with last year, show a decrease.

	Patients	
	In.	Out.
1879-80	570	12,539
1880-81	655	14,502

7. There was a marked improvement over the previous year as regards vaccination. Of the total number of 1,018, 557 were infantile cases, and of these 552 were reported successful.

1879-80	677
1880-81	1,018

8. The registration of births and deaths shows the following results:—

	Births.		Deaths.	
1879-80	732	20·3	516	14·3
1880-81	1,042	28·9	583	16·1

This indicates an improvement in this important branch of Municipal administration.

9. The conservancy of the town is favorably reported on. Lighting and other miscellaneous objects were as usual amply provided for, and the Police charges were paid including apparently arrears due up to date.

(True Extract.)

R. DAVIDSON,
Chief Secretary.

G.O., 2nd November 1881, No. 2124.

NOVEMBER.

Municipal—Reports.—Report on the working of the Coimbatore Municipality during 1880-81, reviewed.

2124/7

Page No 1 missing

of receipts for License Tax, is explained by some alteration having been made in the Ordnance under which it has to be recovered —

Against the sum of these decreases, however, you have to place an increase of Receipts, viz Rs 2281.1, under different headings, other than those previously shown, and allowing for Rs. 1500 — odd, due in 1880/81, but collected in 1881/82, you would exhibit in account @ 31st March 1881, a real deficiency of Rs 1702.13.9 only; although the alteration of License Tax Ordce. alone, caused a loss of Rs 2,656 —

Taking the Total, you have,

1878/1879	1879/1880	1880/1881	
Rs. 36.153 —	Rs. 40,898 —	Rs. 37,621	
		Lic. Tax 2,656 —	
		Rect. colld. 1881/82 due in 1880/81 1,500	4,156
			Rs. 41,777

from which it is seen that 1880/1881 — could have yielded better receipts than 1878/1879 or 1879/1880 —

Expenditure

1878/1879	1879/1880	1880/1881
Rs 36,829 —	Rs 37,459 —	Rs 38,789

here an increase for 1880/81 is shown, but considering "Extraordinary Expenditure" incurred by paying for Construction of a new Female Ward Rs 2250-6, to be deducted from the loan of Rs 11,312 — due to the Hospital Endowment Fund, the excess is justified, and another item of Unusual Expenditure shown this year is Rs 146.5.6 cost of "Census Operations" —

But for these amounts your Expenditure for 1880/81 would appear less than 1879/1880 by over Rs1000 — Sundry other Increases & Decreases become apparent on making out a Comparative Statement, but they have been satisfactorily explained, and will I am informed, be fully dealt with in the Vice President's Report —

The Balances of Cash shown in Return now submitted I find correct —

On enquiry I am told that the account rendered, include all the Commission's liabilities to 31st March 1881 except Loans payable to Government —

A Return of Property owned by the Commission has been shown me, but I believe it is advisable that one should be more carefully rendered, & should include in detail all Property purchased, like Land, Buildings &c. and especially perishable goods like Carts, Tools, furniture, bullocks & so on — as these might be kept stricter account of, & be periodically taken stock of, with advantage to the Commission —

I am Sir
Your obedient Servant
A. P. Dawson
Auditor

Receipts

1. Rates and Taxes																
(a) Rate on houses (Section 40)	10,053	..	1	9,910	..	..	9,179	5	9		..	..	730	10	3	The decrease in these items is due to the Services of the Tax Collectors having been utilized for Census work for some time during the year.
(b) Rate on Lands (Section 40)	695	11	11	840	..	..	410	14	3		..	..	429	1	9	
(c) Taxes on Arts, &c (Section 57)	..	..	..	..	..	..	..	..	..		..	..	..	..	..	
(d) Taxes on Vehicles (Section 63)	571	8	..	500	..	..	516	..	..	16	..	..	..	..	..	The increase under these heads is due to the increased number of Vehicles, Animals and Carts brought for registration this year.
(e) Taxes on Animals (Section 63)	1,086	4	..	1,000	..	..	1,091	8	..	91	8	..	..	..	..	
(f) Registration of Carts (Section 73)	1,734	8	..	1,500	..	..	1,833	..	..	333	..	..	..	..	..	
(g) Tolls (Section 77)	11,133	6	..	10,000	..	..	10,600	..	..	600	..	..	..	..	..	The aggregate rental realized by the lease of Tolls this year being Rs 15,900, the net income for the Municipality after deducting the ⅓d Contribution to the Local Fund Board, was Rs 10,600 or Rs 600 over the Budget estimate.
(h) Licenses (Sections 106, 123 125, 130, 131, 136)	212	..	..	225	..	..	247	4	..	22	4	..	..	..	..	The increase is chiefly due to the larger number of licenses granted for Wood depôts during the year.
(i) License Tax (Act III of 1878)	5,296	..	..	4,000	..	..	2,640	..	..	..	..	..	1,360	..	..	As Act VI of 1880 has exempted from taxation persons whose annual income is below Rs 500, and by G. O. dated 9th July 1880, No. 780 the rates of taxation have been reduced, a decrease in this item of Rs 1360 below the budget estimate has resulted.
2 Contributions from Provincial Funds	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..	
Carried forward	30789	6								1062	12	..	2519	12	..	

Brought forward	30782	6	-	27975	"	"	26518			1062	12	-	2519	12	-	
3. Contribution from Special Funds &c.																
(a) Surplus Pound Fund	21	7	3	25	"	"	32	7	1	7	7	1	"	"	"	Requires no remark.
4. Contribution from Local Funds																
Hospitals	869	12	2	1,850	"	"	2,630	13	8	780	13	8	"	"	"	The expenditure incurred in 1879-80 on account of the Hospital having been greater than was estimated, the amount of contribution on that account recovered from the Local Fund Board in 1880-81 has correspondingly increased.
5. Fines and Fees (Section 17, Bye-laws and Schedule A)	1,229	14	-	250	"	"	552	1	3	302	1	3	"	"	"	The increase is due to the fines under Police Act 24 of 1859 on account of nuisances committed within Municipal limits, having been credited to the Municipal Funds under G. O. dated 19th February 1875, No. 371 (which was not the case before) and also to the fines under Municipal laws having been greater than anticipated.
6. Fees in Schools and Training Institutions	"	"	"	"	"	"	"			"	"		"	"	"	
7. Rents of houses, Gardens, Markets &c.	3,156	14	-	3,010	"	"	3,293	12	1	283	12	1	"	"	"	The increase of Rs 283-12-1 over the Budget Estimate is due to the increased rental of certain buildings.
8. Payments for Municipal Services to private parties	"	"	"	"	"	"	"				"	"	"	"	"	
9. Endowments, Private contributions &c.																
(a) Hospitals	790	2	2	1,000	"	"	428	4	8	"	"	"	571	11	4	It was estimated in the Budget that Rs 800 will be recovered by Sale of Medicines calculating on the average of previous years, but owing to the limited Sale of Medicines this year Rs 228-4-8 only were recovered on that account. Hence the decrease of Rs 571-11-4.
Carried over	36850	7	7	34110	"	"	33455	6	9	2436	14	1	3091	7	4	

Brought forward	36850	7	7	34110	..	..	33455	6	9	2436	14	1	3091	7	4	
(b) Lungerkhana	1,008	9	4	1,200	..	..	1,135	1	5	..	..	..	64	14	7	The decrease is owing to the Revenue Authorities not having collected and forwarded the full Budget Amount within the Official year.
10. Miscellaneous																
(a) Sale of Sweepings	40	10	..	50	..	..	110	5	..	60	5	..	..	..	..	The increase is owing to certain rubbish heaps having been sold during the year more than was expected.
(b) Avenues	249	3	..	200	..	..	236	11	..	36	11	..	..	..	..	The increase was caused by the sale of dried Avenue trees.
(c) Garden Produce	1,817	7	11	2,050	..	..	1,942	9	7	..	..	..	107	6	5	The decrease is owing to the actual quantity of Guinea Grass grown in the Municipal gardens and supplied to the Municipal bullocks having been less than was estimated in the budget in consequence of a failure in the growth of Guinea Grass.
(d) Miscellaneous	932	3	9	150	..	..	741	4	..	591	4	..	..	..	..	The increase is attributable to the sale of a latrine and its site as well as an old travellers' chavady.
11 Loans	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..	
12. Advances recovered	..	..	..	..	..	..	..	..	..	..	..	..	..	..	..

Charges

Grant I — (Public Works)

1. New Works —																
(a) Communications	192	"	"	200	"	"	95	12	"		"	"	104	4	"	Provision was made in the budget for the construction of 6 culverts but only 2 were constructed during the year. hence the decrease.
(b) Buildings	62	6	"	400	"	"	451	8	8	51	8	8		"	"	The increase is mainly owing to the erection of a temporary Shed in the hospital compound for the use of female patients.
(c) Drainage	"	"	"	"	"	"	58	11	"	58	11	"	"			This is a new item not estimated for in the budget.
(d) Water Supply	"	"	"	"	"	"	"	"	"	"	"	"	"	"	"	
(e) Miscellaneous	50	"	"	300	"	"	184	4	"		"	"	115	12	"	Provision was made in the budget for the purchase of lands for 4 latrines two at Pullapolliam and two at Sookravarapettah but it was found practicable to purchase sites at Pullapolliem only. hence the decrease.
2 Repairs																
(a) Communications	2,301	7	6	2,900	"	"	2,658	4	7		"	"	241	11	5	The decrease is due to the savings effected in the actual expenditure.
(b) Buildings	847	4	"	800	"	"	276	1	3		"	"	523	14	9	The repairs to the buildings not having been carried out to the extent budgeted for, but confined only to the extent that was absolutely necessary there is a decrease of Rs 523-14-9 under this item
(c) Drainage	445	"	3	400	"	"	653	11	0	253	11	"		"	"	Owing to the heavy Showers of rain that set in during the year, the drains were choked up and it was found necessary to incur a larger expence in clearing the drains than was estimated for hence the increase of Rs 253-11-" over the Budget Estimate.
(d) Water Supply	40	10	"	100	"	"	118	7	4	18	7	4	"	"	"	Requires no remark.
(e) Miscellaneous	81	"	"	300	"	"	40	8	"		"	"	259	8	"	The amount provided in the budget for clearing the Municipal Palmyra Tope of prickly pear was not expended since it was thought advantageous to entrust it to the Tope contractor as one of the conditions of the lease. hence the decrease.
3. Establishment	120	"	"	120	"	"	120	"	"	"	"	"	"	"	"	
Carried over.	4139	11	9	5520	"	"	4657	3	10	382	6	"	1245	2	2	

Brought over	4139	11	9	5520	„	„	4657	3	10	382	6	„	1245	2	2	
4. Tools and Plant and Contingencies	34	13	„	100	„	„	70	1	„	„	„	„	29	15	„	Tools &c not having been required to be repaired the whole budget amount there is a Saving of Rs 29-15-„ under this head. hence the decrease
5. Contributions to Local Funds	„	„	„	„	„	„	„			„	„	„	„	„	„	
Grant II – (Education)																
1. Training Schools	„	„	„	„	„	„	„			„	„	„	„	„	„	
2. Municipal Schools																
(a) Establishment	250	10	„	270	„	„	248	13	11	„	„	„	21	2		At the time of preparing the budget there were three Municipal Schools but subsequently one of them was abolished. After a time however an additional master was appointed to one of the Schools. These changes resulted in a decrease of Rs 21-2-1 below the Budget Estimate.
(b) Contingencies	83	11	3	90	„	„	53	10		„	„	„	36	6	„	The decrease of Rs 36-6-„ under this head is due to the abolition of one of the Municipal Schools as stated above.
3. Salary Grants	„	„	„	„	„	„	„			„	„	„	„	„	„	
4. Results Grants	342	1	„	1,500	„	„	1,072	4		„	„	„	42	12	„	The results grants recommended in the certifying Memoranda received from the Deputy Inspector of Schools were fully paid. But the total amount so recommended was only Rs 1,072-4-„ that is 427-12-„ below the Budget provision. hence the decrease
5. Schools on the Combined System	„	„	„	„	„	„	„			„	„	„	„	„	„	
6. Inspection																
(a) Contribution to Local Funds	„	„	„	„	„	„	„			„	„	„	„	„	„	
(b) Municipal Inspectors	113	7	2	120	„	„	110	5		„	„	„	9	10	6	requires no remark.
7. Miscellaneous	„	„	„	„	„	„	„			„	„	„	„	„	„	
Grant III – (Sanitation and Medical Services)																
1. Hospitals and Dispensaries																
(a) Esblishment	1,338	3	7	1,638	„	„	1,896	12		258	12	6	„	„	„	The Budget provided only for 1 first class hospital assistant on a pay of Rs 60, but since June 1880 one civil apothecary on a pay of Rs 50, and one hospital Assistant on Rs 20 have been entertained. Besides the pay of certain Subordinate Servants has also been raised. hence the increase of Rs 258-12-6 under this item.
Carried over	6302	9	9	9238	„	„	8109			6[illegible]	2	6	1769	15	9

15

Brought over	6302	9	9	9238	..	..	8109	2	9	[illegible]	2	6	1769	15	9	
(b) Medicines and Supplies	2,234	2	5	1,500	..	..	1,312	12	7				187	3	5	The decrease is due to the limited purchase of medicines this year.
(c) Diet of Patients	1,680	2	3	1,500	..	..	491	8	9	..	..		1,008	7	3	The actual expenditure under this head during the year was Rs 1334. Of this sum Rs 842 has been deducted on account of interest payable by the Municipality upon the loan of Rs 11312 borrowed from the hospital Endowment Fund, as directed in the memo: from the Ag. Under Secretary to Government dated 28th January 1879 No 201. The balance Rs 492 in round numbers is the amount entered here under the head "Actuals for current year". The decrease therefore shown in the last column viz 1,008-7-3 is only nominal, the real decrease being Rs 1,500 – 1,334 = Rs 166 below the Budget allotment. This decrease is due to the following cause. In the previous years the articles of diet were paid for at the rates of prices current. But during the year under report the supply of articles of diet were let on contract at fixed and favorable rates. Hence the decrease.
(d) Sundries and Contingencies	842	13	10	242	..	..	771	4	1	529	4	1	..	..	..	The provision in the Budget of Rs 242 was made with a view to meet ordinary contingent charges on account of the hospital. But several other charges such as the renewing of bedding and clothing of the in-patients, the supply of teapoys, tubs &c., the payment of railway fare to the Medical Subordinates, &c. which were not anticipated when preparing the Budget have increased the expenditure to Rs 771-4-1 or Rs 529-4-1 over the Budget Estimate.
(e) Contribution to Local Funds	..	..	..	..	..	..	..	..	..	..	..		..	..	..	
(f) Contribution to Medical College	140	..	..	190	..	..	227	12	6	37	12	6	..	..	..	The increase over the Estimate is due to the arrears of contribution for the years 1878-79 and 1879-80 having been paid during the year.
2. Vaccination																Requires no remark.
(a) Establishment	180	..	..	180	..	..	180	..		..	..		..	..	..

4. Conservancy—						
(a) Establishment	6,137 7 10	6,360 " "	6,425 2 4	65 2 4	" " "	The increase is owing to the entertainment of an additional toty and the granting of horse allowance to the European Nuisance Inspector.
(b) Sanitary Service (Cost of Conservancy Carts, &c.)	1,495 15 "	2,510 " "	1,342 3 10	" "	1,167 12 2.	Out of the Budget provision of Rs 2510 under this head Rs 700 is properly transferable to "Garden Contingencies" under Grant IV, being the estimated cost of feeding charges for Garden bullocks and the estimate for the purchase of bullocks for Garden use. The net provision under this item is Rs 1,810. Of this sum Rs 1,342-3-10 has been expended which gives a decrease Rs 468 below the Budget estimate. This decrease is due to the reduced prices at which oil cakes &c. were purchased during the year, and to the non purchase of new Carts as estimated for.
(c) Cleansing of Tanks and wells	10 " "	70 " "	83 6 1	13 6 9	" " "	Requires no remark.
(d) Contingencies	323 6 11	200 " "	235 9 7	35 9 9	" " "	The Scavengering Carts had to be repaired to a greater extent than was estimated for, hence the increase.

2 Markets and Gardens.																
(a) Establishment	1216	9	3	1146	..	..	1125	..	11	..			20	15	1	One of the gardeners having run away from service and no one having been appointed instead of him for more than 3 months there is a saving in this item. Hence the decrease
(b) Contingencies	1042	6	..	510	..	..	1290	1	..	780	1	..	..	..	..	As remarked above, out of the budget provision under Grant III, 4 Conservancy, (b) Sanitary Service, Rs 700 has been transferred from that head to Garden contingencies, so that the actual budget provision under this head is Rs 1210. The increase under this therefore is only Rs 80 which is due to additional temporary coolies occasionally employed for fencing, weeding and other purposes.
3. Choultries (Lungerkhana)																Requires no remark.
(a) Establishment	89	8	..	90	..	..	89	..	..	..	..		1	..	..	The decrease is due to savings effected in the purchase of cloths to the Lungerkhana paupers.
(b) Contingencies	36	3	..	50	..	..	35	7	..	..	..		14	9	..	
(c) Feeding Paupers	1484	11	7	1200	..	..	1174	2	6	..	..		25	13	6	The decrease is due to the cheap rate at which the contract of supply was let out.
4. Watering trees	83	7	5	84	..	..	83	14	..	..	..		..	2	..	Requires no remark.
5. Avenues	289	13	3	177	..	..	328	9	6	151	9	6	..	..	..	A larger amount of expenditure was incurred in consequence of additional men having been employed for watching the young avenue trees and for fencing &c. Hence the increase
6. Travellers Bungalow																Requires no remark.
(a) Establishment	161	8	..	162	..	..	161	12	..	..	..		..	4	..	
(b) Contingencies	77	10	5	50	..	..	327	2	..	277	2	..	..	..	..	As the income from the Travellers' Bungalow as fees for lodging is pretty much from the number of travellers halting there it was thought necessary to augment the furniture in order to make it more comfortable. Hence the increase of Rs 277-2-.. under this head
Carried over.	24880	3	1	27084	..	..	25097	5	8	2532	6	5	4519	..	9

Sir,

I have the honor, with reference to the Proceedings of Government, dated 25th April 1877, No. 1347, to submit herewith, for transmission to Government, the Annual Reports and Accounts of this Municipality, for the Official year 1880-81.

2. The total receipts realized from all sources, including the opening balance, amounted to Rupees 41,903-4-7, and the expenditure to Rupees 38,789-7-2, leaving a closing balance of Rupees 3113-13-5 at the end of the year in favor of the Municipality.

Receipts.

House Tax - Decrease Rs 731- Land Tax, decrease Rupees 429- The decrease visible

the two items is attributable, not to any
ilatoriness on the part of the Collecting
stablishment, but to the utilization of
their Services in the taking of the Census.
greater portion of the balance, has,
however, been Collected during the
Current year which amounts to Rs 982.

Taxes on Vehicles. Increase Rupees 16, is
small and Calls for no remark.

Taxes on Animals - Increase Rupees 91-8-..
is owing to a greater number of Animals
having been brought for registry.

Registration of Carts - Increase Rs 333. the
increase in this item is partly owing to
the fact of Cart owners having become
alive to the necessity of getting their Carts
registered in Consequence of the raising
of the Toll fees to their maximum
rate, and partly to the exercise of
greater vigilance on the part of the License Inspectors in finding out non-registered Carts, and prosecuting their
owners.

Tolls. Increase Rupees 600. During the
year under report the Tolls, on being
put up to Auction, fetched a sum of
Rupees 15,900 - Of this sum, if the amount
paid to the Local Fund Boards, on
account of 1/3rd Toll, i.e., Rupees 5300
be deducted, the balance Rs 10,600 is the
share belonging to the Municipality.

Licenses. Increase Rupees 22-4-.. The
increase is owing to the establishment
of fresh wood depôts in the Town.

License Tax. Act III of 1878 - Decrease Rs 1360.
The decrease under this item is mainly
owing to the introduction of Act II of
1880, by which all persons whose annual
income fell below Rupees 500, were exempted from the operation of the Act,
and to the reduction of rates under G.O.
dated 9th July 1880, No. 780, and Consequently
the amount budgeted for was not realized.

Surplus Pound Fund - Increase Rs 7-7-1.
The budgeted amount was Rupees 25, but
the amount received from the Revenue
Department during the year was Rupees 32-7-1.

Local Fund Contribution. Hospitals.
Increase Rupees 780-13-8 - As the

Municipality had incurred a heavy Charge on Account of the up-keep of the Dispensary in 1879-80, one half of the amount of Expenditure was borne by the Local Fund Board and paid by them in the Current Year. hence the increase.

Fines and Fees. Increase Rupees 302-1-3.

The increase noticeable under this item is partly owing to the fact of the fines which had heretofore been levied under the Police Act 24 of 1859, in Cases of Nuisance Committed within Municipal limits and Carried to the Credit of Government, being now Credited to the Municipal funds under G.O. dated 19th February 1875, No. 371, and partly owing to the fines levied from offenders against Municipal laws, being in Excess of that Estimated for. Notice and Warrant fees amounted to Rs 86-3-6. In regard to this item I beg to state, with reference to G.O. dated 3rd May 1880, No. 907. F.D. that in Comparatively few Cases, Coercive measures were adopted to Collect the taxes. In 108

Act had to be served on parties who had failed to pay their taxes, and the sum recovered amounted to Rupees 414-12- In 78 Cases warrants of distraint had to be issued and the sum recovered amounted to Rupees 41-7-6. In some Cases properties were distrained but none were sold as the tax due by the defaulters was immediately paid. It is not to be inferred from this, that by the Municipality having had recourse to Coercive processes, the people are in any way unwilling to bear Municipal burdens. In the Collection of the License Tax there was no necessity for the issue of Notices or Warrants as the tax was collected without much difficulty.

Rents of houses, gardens, Markets &c. Increase Rupees 283-12-1, has been caused by Competition. The market fetched Rs 20 over the budgetted Amount. The Travellers' Bungalow yielded a Sum of Rupees 25-9-4, more than was anticipated. The Municipal Bungalow brought in a rent of Rupees 45-3-1, and a Sum of Rupees 193, was realized from the Butcher and Offal Stalls.

Endowments - Hospitals - Decrease Rs 571-11-4. This decrease is attributable to the small Quantity of Medicines sold at the Civil Dispensary, and therefore the Amount budgeted for, was not realized as anticipated.

Lungerkhana. Decrease Rs 64-14-7. The decrease is consequent on the Amount of budget estimate, not having been Collected and remitted by the Revenue Authorities.

Miscellaneous. Sale of Sweepings. Increase Rupees 60-6-.. Is attributable to a larger Quantity of Townsweepings having been sold to ryots for manurial purposes during the year than was expected.

Avenues. Increase Rs 36-11-.., has arisen from the sale of more dried Avenue trees during the year than in the previous one.

Garden Produce. Decrease Rs 107-6-5. The anticipated value of the green fodder to be actually supplied to the Conservancy bullocks fell short of the estimated amount, in Consequence of the Guinea Grass grown in the Municipal Gardens having been Considerably destroyed by the [illegible] rains which fell in the year under report. Hence the decrease.

Miscellaneous. Increase Rupees 591-4-.. The increase is attributable to the sale of a Latrine and its site in Sullivan's street which fetched Rupees 351- to the sale of an old Chavady situated on the old fort ground for Rs 200 (Vide G.O. 23rd June 1880, No. 1232)- and to the recovery from the Revenue Department of Rupees 88-14-.. which had been paid to that Department on account of printing Charges, prior to the receipt of G.O. dated 31st March 1880, No. 481 A, and Proceedings of the Board of Revenue, dated 22nd April 1880, No. 538.

Expenditure.

Grant I. New works - Communications - Decrease Rupees 104-4-.. In the Budget provision was made for the Construction of 6 Culverts in different parts of the Town, but only 2 were built. Hence the decrease.

Buildings. Increase Rupees 51-8-8. The increase under this item is Chiefly owing to the erection of a temporary Female Ward in the Compound of the Civil Dispensary for the Accommoda=tion of the sick inmates during the time when a new and spacious ward was being Constructed on the site of the old one.

Drainage. An increase of Rs 58-11-0 is discernible under this item, though no provision was made in the Budget. This is owing to the formation of drains in the Main Street known as "[illegible]".

Miscellaneous. Decrease Rupees 115-12-0. When the Budget was framed, it was Considered that sites for the erection of 4 Latrines, 2 at Cullapollam and 2 at Sookunnapettah, would have to be purchased; but 4 latrines only being absolutely required at Cullap=pollam, and a larger area of land for their Construction, the site required for Sookunnapettah latrine was not purchased. hence the decrease.

Repairs. Communications. Decrease Rupees 241-11-5. Almost all the prin=cipal Streets and Lanes, which required immediate repairs were prompt=ly attended to. The decrease was also in some measure owing to the cheap=er rate at which metal and gravel were procured. hence the decrease.

Buildings. Decrease Rupees 523-14-9. The full allotment made in the Budget for the repair of buildings, was not spent, as it was subsequently found that repairs to the Latrines, Bandy pettah, Market buildings &c. were not required to the extent budgeted for. hence the decrease.

2124/8052

Drainage. Increase Rupees 253-11-0. The budget provision for this item is Rupees 400. Owing to the late heavy rains, which fell in the months of October and November last, damage to some extent were caused to the drains, in some places the drains were thoroughly choked up. To remedy the evil, steps were taken to put them in order. A sum of Rupees 47, was spent in flooring a drain in the Big Bazar Street, in pursuance of the sug

of the Sanitary Commissioner for Madras
Dated 4th and 5th August 1879.

Water Supply. Increase Rs 18-7-4. The increase under this item is small. The amount was usefully spent in repairing the drawing apparatus of certain wells. These repairs had to be taken in hand, to prevent accidents in drawing water from them.

Miscellaneous. Decrease Rs 259-8-.. The decrease noticeable under this item is owing to the clearance of prickly pear grown in the Municipal [illegible] Tope, not having been carried out as budgeted for, in consequence of its being considered by the Commissioners that the charge would fall heavily on the Municipal Exchequer, and also owing to but a small quantity of Coal Tar having been purchased in the year.

Establishment. The full amount of Budget allotment was spent on this item.

Tools and plant &c. Decrease Rs 27-15-.. is owing to only a few of the tools in store having been repaired.

Grant II. Education. Establishment and Contingencies. The decrease of Rupees 21-2-1 in the former, and Rs 36-6-.. in the latter item is caused by the abolition of one of the Municipal Schools, owing to its having ceased to fulfil the purpose for which it was intended.

Result Grants. Decrease Rs 427-12-..

During the year under report only 19 certifying memoranda were received aggregating Rupees 1072-4-.. which amount was duly paid, hence the decrease.

Grant III. Hospitals. Establishment. Increase Rs 258-..-6. The entertainment of a Civil Apothecary on Rs 50, and a Medical Subordinate on Rs 20, per mensem, and the raising of the pay of the Hospital Servants on the recommendation of the Civil Surgeon have caused an increase under this item.

The sums given below were spent on the following items:-

Medicines and Supplies	1312-12-7
Diet of Patients	1333-8-4
Sundries and Contingencies	771-4-1
	3417-9-..

Of this amount Rupees 842 were carried, as per Memo: from the Acting Under Secretary to Government, dated 28th January 1879, No. 204, to the credit of the Endowment Funds on account of Interest due on the loans, borrowed by the Municipality from that Institution, and hence under the item Diet of Patients, a sum of Rupees 491-8-9 is shown as the expenditure, while the Actual amount spent was Rupees 1333-8-6. [illegible] there is a decrease in the item which is mainly owing to the cheaper rates at which articles were paid for. The increase of Rupees 529-4-1 over the budget estimate, under the head "Sundries and Contingencies" is due to the renewal of bedding and clothing, to the supply of hospital furniture, and to the payment of Railway fares, &c. to Medical Subordinates.

Contribution to Medical College. Increase Rupees 37-12-6:- A sum of Rs 227-12-6 was spent in the year for this item. Of this amount Rs 17-4-6, is the Contribution paid in arrears for 1878-79, and Rupees 32 [illegible] for 1879-80- hence the increase.

Vaccination Establishment and Contingencies- Decrease Rupees 9-2-0, is small and calls for no remarks.

Registration of Births and Deaths- Contingencies- Increase Rupees 1-4-0, is owing to the purchase of Stationery for the Registrar's use.

Conservancy Establishment- Increase Rupees 65-2-4- This is owing to the entertainment of an additional Scavenger, and to the granting of horse allowance to the Chief Nuisance Inspector.

Sanitary Service (Cost of Conservancy Carts &c.)- Decrease Rupees 1167-12-2. The budget provision of Rupees 2510 under this item was made for the following purposes:-

Value of Guinea Grass	1710-"-"
Purchase of Bullocks	400-"-"
Do. of new Carts	100-"-"
Do. of Oil Cake	200-"-"
Do. of Straw	100-"-"
	2510-"-"

Of this amount Rupees 700, have been

transferred to Grant II, "Markets and Garden Contingencies" being the estimated value of garden bullocks to be purchased, and green fodder to be supplied to them. The balance of Rs 1810, in the next budget provision for this item of which Rupees 1342 has been expended leaving a balance of Rs 468. The decrease is attributable to the cheaper rate at which oil cake &c were purchased, and to the fact of no new carts having been made as estimated for.

Cleansing of Tanks and Wells. Increase Rupees 13-6-9, caused by the cleansing of certain wells which had become so foul as to necessitate their immediate clearance.

Contingencies. Increase Rs 35-9-9 is due to a greater number of old conservancy carts having been repaired than was anticipated.

Contribution. Sanitary Inspection. The full amount of Contribution, as fixed by Government [illegible]

during the year. Vide G. O. dated 17th May 1880, No. 996.

Grant IV. Lighting. Establishment and Contingencies. Decrease Rs 309-14-2 under Contingencies, is owing to the cheap rate at which Kerosene Oil was purchased.

Markets and Gardens. Establishment. Decrease Rupees 20-15-1, being savings effected from the pay of a gardener who left the service and was not replaced for about 3 months.

Contingencies. Increase Rupees 780-1-. The increase under this item is ascribable to the purchase of bullocks for the use of gardens, and to the value of green fodder supplied to them, having been transferred from Grant III, "Sanitary Service," to this head and to the extra amount of additional coolies for watering, weeding &c.

Langarkhana. Establishment decrease Rupees 1-"-", Contingencies decrease Rs 14-9. These items being small call for no remarks.

Feeding Paupers. Decrease Rs 25-13-6, is mainly owing to food grains being cheaper

Cheaper in this year.

Watering Trees. Calls for no remark.

Travellers' Bungalow Contingencies. Increase Rupees 277-2-.. The increase under this item is mainly owing to the purchase of new furniture, and to the renewal of Bedding &c. As the bungalow is much frequented by Travellers and as the income derived therefrom is pretty fair, it was deemed necessary to incur the expenditure.

Police. Increase Rupees 11 over the budget estimate. The increase is attributable to the pay of the months of February and March 1880 having been drawn and paid in the year. This circumstance was then noted in the Annual Report for 1879-80.

License Tax. Decrease Rupees 137-12-.. By the operation of Act II of 1880, all persons whose annual profit was less than Rupees 500 were exempted from the operation thereof and consequently there was a corresponding decrease in the amount which it was estimated would likely be the

settled amount. Of this sum Rupees 134-12-.. having been deducted on account of Commission at 5 per Cent, the net amount paid to Government was Rupees 2560-4-..

2124/54 56

Grant V. Establishment and Contingencies. The decrease of Rupees 155-5-.., in the latter item, is owing to the small quantity of printed forms, such as House Tax bills, Licenses &c having been ordered during the year, as there was a supply on hand.

Miscellaneous: Printing Municipal Proceedings. A sum of Rs 347-12-.. was expended on this item, as directed by G.O. dated 30th September 1879, No 1453. This was not anticipated when the budget was framed.

Contributions for Controlling Establishment. Decrease Rs 7-10-1. In accordance with the G.O. dated 2nd September 1880, No 1876, the sum of Rupees 37-8-.. was therein fixed as contribution to the Controlling Establishment and is shown in the Budget for 1880-81, but this sum was not paid. The amount of Rs 29-13-11 paid during the year is the Contribution due for 1879-80. Hence the difference of Rs 7-10-1.

License Tax Contingencies. Decrease Rs 28. The sum was provided for in the Budget to meet the Cost of Printed forms &c. — No forms were printed, but some paper was purchased, the Cost of which was defrayed from the Office contingencies. Hence the decrease.

Repayment of Debt. Increase Rs 2250. Under the Sanction accorded to the Municipality by Government in their Order dated 20th February 1880, No. 374, for the Construction of a New Female Ward, a Sum of Rs 2250 — was spent thereon. This Sum has been Charged to this item as repayment of a portion of the loan Contracted by the Municipality from the Capital Endowment funds of the Dispensary (Vide G.O. 27th January 1881 No. 152)

Interest on Debt. Increase Rs 176-11-6 is attributable to the amount of Interest due on the Dispensary Loan having been Calculated up to the end of the Official year, i.e., 31st March 1881, instead of, up to 18th November 1879, as shown in the Budget. This however is only a nominal increase, inasmuch as no payments were made, but the amount was deducted from the gross Hospital expenditure Vide G.O. 16th July 1878, No. 1243.

Census. The Sum of Rupees 146-5-6 shown under this item in the expenditure incurred on account of the taking of the Census of 1881. No provision was made for this item in the Budget.

3 **Registration:** The following Statement shows the registration of Births and Deaths during the year 1880-81. Due attention is paid to this Subject, in Securing Correct returns.

2124
85.57

	Births	Deaths
1879-80	732	316
1880-81	1042	583

Of the total number of Deaths 3 are ascribed to Small Pox, 304 to Fever, 26 to Bowel Complaints, 6 to Accidents, and 244 to other Causes. The Town enjoyed a total immunity from Cholera.

4 **Vaccination.** The following figured Statement shows the results of Vaccination

	No. Vaccinated	No. Unsuccessful
1879-80	677	33
[illegible]	1018	66

During the year 1018 subjects were vaccinated. Of these 952 proved successful, 23 unsuccessful and 43 unknown.

5. Civil Dispensary. The Annual Report of the Civil Surgeon is herewith forwarded. The Report speaks favourably of the Institution, and the general health of the public. The number of In and Out patients treated during the year is as follows:-

	In-Patients.	Out-Patients.
1879-80.	570	12539.
1880-81.	655.	14,502.

6. The report of the Auditor, Mr. L. P. Dawson of the Firm of Messrs. Stoner and Co., is herewith forwarded. I beg to state that in consequence of Mr. Nash, the Auditor for the last year, having declined to audit the Accounts, the Municipality was not ble to secure the services of the me Gentleman Mr. Dawson, before the middle of May. He audited the Accounts, and submitted the report on the 6th June. Hence the delay in the transmission of the reports within the prescribed time.

21214/5658

7. Education. The usual Report on the State and progress of Education, in the Municipality received from the Deputy Inspector of Schools, is herewith forwarded. It will be observed that in Para 12, of the above Report, the Deputy Inspector recommends that a monthly pay of Rupees 5/- [illegible] be granted to the Master of a night school for adults, started at his suggestion, but the Commissioners before whom the matter was laid at the Meeting held on the 16th June 1881, did not approve of the recommendation. The Municipality have made a liberal provision for Education in their Budget, i.e., Rupees 1500, on the suggestion of the Director of Public Instruction. (Vide Proceedings of the

Munl. Dn. No. 130 13/5/81.

No. 768

2124/88 60

Coimbatore 9th May 1881.

From The Dy. Inspector of Schools, N. Coimbatore & Nilgiris.

To The President, Municipal Commission, Coimbatore.

1/13/5/81 To Cm.

With Statement V.

Sir,

I have the honour to report on the state and progress of education in the Coimbatore Municipality during 1880-81.

2. The total number of pupils on the rolls receiving some kind of instruction or other at the end of the year was 2703 against 2790 in the previous year. This falling off is not due to want of progress, for, considerable progress was made during the year as the Statistics given further on will show, but it is, I beg to state, mainly due to a change introduced during the year in the mode of reckoning the strength of a school. Acting on a suggestion made by Mr. F. A. Nicholson, the Acting President who reviewed my last report, I have during the past year instructed the masters of all pial schools not to bring on the rolls the names of mere beginners, or of such infant pupils who are sent to school in

in order to be kept out of the way. These instructions were strictly carried out, and thus a large number of children who if brought on the rolls, would have shown a large numerical result have been excluded from the returns, and only such pupils as have been studying for some standard or other for the year have been included. Moreover, the Police Childrens' School at Uppilipalaiyam containing about 86 pupils, children of Police employes, has not been included in the returns this year, as it is not under inspection. I consider this school a quasi-Government institution, as the masters are, as I understand, Police Constables specially told off for the work. That a quasi-Government school is not under Government inspection is an anomaly, I beg to state, not due to any unwillingness on the part of this Department to bring the school under inspection, and to aid it.

3. Deducting 345 girls from 2703, the whole number of pupils, the balance 2358 is 90 percent, of the total school-going male population. Thus a very large proportion of [illegible] whole male population

is under instruction.

4. Of the 2358 boys at School 69 are Europeans and Eurasians, 207 Native Christians, 1902 Hindus, 147 Mahomedans and 33 Pariahs and others.

5. Of the 345 girls at School 92 are Europeans and Eurasians, 130 Native Christians, 110 Hindus and 13 Pariahs and others. Although the number of Hindu girls has risen from 95 in the previous year to 110, yet their proportion to the School-going girl population continues to be very small. The Brahmin Girls' School, the only girls' School under native management, seems to be fast declining from the want of that lively interest which was once taken in its welfare.

6. There has been considerable increase during the year in the attendance of all grades of aided schools, from the College down to the Lower Primary. The attendance of the Coimbatore College and its lower departments has risen to 679 from 626 in the previous year. The College is aided from Provincial Funds according to

2 4)

to the Salary grant System. During the year it sent up 50 pupils for the Matriculation Examination and passed 41, four in the first class. For the Middle School Examination it sent up 50 pupils and passed 39, eight in the first class; and for the Lower Primary Examination it passed 78 pupils out of 89 examined. These are results creditable to the Institution, but for the F. A. Examination it sent up 8 pupils and passed none, and for the Upper Primary Examination it passed only 54 out of 89 examined.

7. The London Mission High School is the only other high class school aided from Provincial Funds according to the Salary grant System. The attendance of this institution has risen to 262 from 232 in the previous year. The results of this school at the Middle School, Upper Primary and Lower Primary examinations were also creditable. The school has opened a Matriculation class which it had not before.

8. A [illegible]

6

was examined for the first time under the Results System and earned a grant of Rs 14 from the Municipal Funds. The School was examined by the Deputy Inspector of Mahomedan Schools. Two Schools will be examined during the current year, and a third has been recently brought under inspection.

2124
~~60~~ 62

9. Of the European and Eurasian Community a large proportion continues to be at School, but a very small proportion, I regret to add had attained any high standard of education. There were only 10 pupils studying in Middle Schools, the same number as in the previous year. There are however three primary Schools exclusively intended for the education of European and Eurasian children. These schools receive aid only in the shape of results grant.

10. The following table compares the figures for two years as to the number of primary Schools examined, together with the pupils in them, and the total expenditure from Municipal

and

and Provincial Funds:

No. of Schools examined		No. of pupils on the 31st March		No. of Schools under improvement		No. of pupils on the 31st March		Grant & Salaries drawn					
1879-80	1880-81	1879-80	1880-81	1879-80	1880-81	1879-80	1880-81	1879-80			1880-81		
21	24	900	1199	12	13	660	374	1037	7	5	1372	5	5

These figures show progress, and then it must be remembered that the previous years' progress was marked by an extraordinary increase upon its predecessors.

11. The following table gives particulars as to the results grant disbursed during the year.

No. of schools examined for grant	No. of pupils examined for grant	Grants Sanctioned from									Total grants drawn		
		Municipal Funds			Local Funds			Provincial Funds					
24	566	1072	4	-	-	-	-	1027	3	-	2099	7	-

The managers of most local schools earned fair grants during the year. The whole allotment of results grant was not spent simply because it was a provision very liberally made.

12. A night school for adults was started at my suggestion and brought under inspection for the first time. It contains 6 pupils, and is conducted by a day results schoolmaster trained at the Coimbatore Normal School. The school is meant for persons whose time in the day is taken up by trade or other work. The pupils assemble at night for about two hours and receive instructions in reading, writing and arithmetic. The school will be examined for results grant in the current year. If the Commissioners think that schools of this kind deserve some special encouragement in the shape of aid in addition to the ordinary results grant, I beg to recommend that the above school may be placed on the private Combined System with a monthly stipend of Rs 5 per month to the master. I am of opinion that such schools if encouraged will confer a great benefit on the trading and labouring community; the advantages of a practical education will be immediately realized, and this will, I doubt not, awaken among the native fathers a greater interest in

in the education of their children than is now evinced.

13. Out of the three Municipal schools originally established for the neglected classes one was closed in 1879, and the remaining two were doomed to the same fate at the close of the year, on the ground that they ceased to fulfil the object for which they were originally established; this object, I believe, was never attained.

I have the honour to be,
Sir,
Your most Obdt Servant.

J. Prewit
Dy. Inspector of Schools,
N. Coimbatore & Nilgiris.

Report of the Deputy Inspector of Schools, North Coimbatore and Nilgiris, on the State of Education.

1880

2124 / ~~43~~ 65

Annual Report

1. Dispensary buildings, Present state of repair, &c., furniture, fittings, &c.

The buildings have been kept in thorough repair during the year. The Hospital for females, which was considered quite unsuitable has been demolished, and a new handsome building containing two wards, with verandahs, and bath rooms, has been erected, and completed before the end of the year. It is now fit for the reception of patients. The ward for contagious diseases has been newly roofed, and thatched, and a new shed has been constructed as a temporary arrangement during the building of the new female ward. Furniture will be complete when twelve new cots, which have been sanctioned, have been supplied for the new wards. The whole of the buildings and out houses have lately been re-tiled and repaired.

2. Dispensary Committee. Frequency of Meetings.

Matters connected with the Dispensary are brought to the notice of the Municipal Commissioners, by whom they are discussed, and the Dispensary is frequently visited by the members of the Municipal Commission. Several members taking a warm interest in the working of the institution.

3 Most Common diseases among outdoor and indoor patients: their prevalence and fatality as compared with other years

The most Common diseases among the Out-

Out-patients have been in order of frequency. Malarious fever 2512, Diseases of the Respiratory organs 1083, Ophthalmia 815, Skin diseases 789, Ulcers 642, Injuries 547, Gonorrhoea 472; Amongst the Inpatients they have been Malarious fevers 79, Ulcers 77, Syphilitic affections 63, Rheumatic affections 63, Gonorrhoea 46, Dysentery 40, Skin diseases 34. There were 66 deaths recorded amongst the Inpatients, and principally from the following causes. Dropsy 12, Debility 7, Dysentery 7, Ulcer 6, Diarrhoea 5, and fever 5. This is about half what it was in 1877, when the number of deaths was 1[illegible]. A remarkable increase has taken place in the number of Cases of Gonorrhoea and its complications, and Syphilitic affections. In last year the total of these both of In and Out-patients numbered 537, but during the year under report the total number is 978 or nearly double.

4 Epidemics which have occurred in the Station or its vicinity

There have been no epidemics either in the town or District. One case of Cholera was treated as an out patient. It was the only case reported and the man made a good recovery.

5 Inspection by Civil Surgeon and Deputy Surgeon General

The Dispensary has been officially inspected by Dr Oswald Deputy Surgeon General Southern Division I.M.D on the 3rd March, By the Surgeon Gen

of Madras on the 17th September and by the Sanitary Commissioner on the 18th August 1880. It is visited daily by the Civil Surgeon. The remarks made in the visitors book by these are all favourable.

2124
66

6. Attendance of patients as contrasted with previous years distinguishing In-door from out-door.

The total number of Inpatients was 655, the same as in the previous year, and the number of Out-patients was 14502 or 2705 more than the previous year. The hospital has been generally pretty full of sick. With the new ward just completed for the reception of female sick, there is some probability that the number of Inpatients will be increased.

7 General Remarks:

Dr Ogg proceeding on furlough handed over charge of the Civil Dispensary to the present Acting Civil Surgeon on the 8th January 1880. The 1st Class Hospital Apothecary attached to the Dispensary was removed to the Military Department on the 7th July 1880 and Civil Apothecary V. Jesudasen, who had just passed out of the Medical College, succeeded him, and still remains posted to the Dispensary. Both of these Subordinates carried on their duties much to my satisfaction. Hospital Assistant J. Gnanapragasam Pillay who had been educated at the expense of the Municipality, was on his passing

passing out of the College posted to do duty at the Civil Dispensary. He is a steady intelligent young man, and will before long, qualify himself to undertake other more responsible duties. The hospital Assistants attached to the Collector and Revenue Survey also do duty at the Civil Dispensary whenever they are at head-quarters. S. Saminatha Pilly the hospital writer is a most useful intelligent young man, and has done his work well during the last year. Every recommendation I have made to the Municipality has been promptly responded to, and every thing connected with the Dispensary is kept up to the mark. Repairs to buildings, bedding and clothing, diets and extras, medicines and medical appliances, are all liberally sanctioned. During the year pay of the Servants, which was considered too small, has been increased all round, contributing much to their contentment, and to the efficient performance of their duties. The new wards before referred to will be used when the furniture is supplied, as they are completed and ready for occupation.

Municipal Dispensary

Surgeon Major
Civil Surgeon

Vice Presidents' Report on the operations of the Coimbatore Municipality in 1880-81.

2124/65 67

~~CURRENT~~ No. 1772

No. 3 Submitted for the consideration and orders of Govt.

2. In para 9 of G.O. No. 1833 of 22nd Septr. 1880 it was noted that the opening balance for 1880-81 would be Rs 4,250: the actual balance as shown in the Statements accompanying this report was Rs 4282: the increase was due to the fact that the difference of contribution due to the Medical College at Madras on the increase-over-budgeted receipts was paid only in 1880-81.-

3. Of the 1018 cases of vaccination during the year 16 were case of re-vaccination: of the 1002 cases of primary vaccination 557 were infantile and 552 of them or 99 per cent were successful.-

4. With reference to (para 7 of the report) the action taken by the Commissioners in refusing to subsidize a night school for adults which has been started at the instance of the Deputy Inspector of Schools I have to remark that private educational enterprise is very active in Coimbatore and that the Commissioner have come to the conclusion that no further aid to education from Municipal

funds is required than the very liberal provision which they make for re lts grants.-

2 The receipts of the year excluding License tax amounted to Rs 34,981 against Rs 33,760 estimated and Rs 34,281 actual for 1879-80. The taxation items do not show any material fluctuation. The slight falling off in the house and land rate receipts is attributed to the collection establishment having been employed during a portion of the year in connection with the Census. The arrears of land rate, however, were

Ve

very heavy, about 75·9 per cent of the demand being shewn as outstanding at the close of the year. The increased contribution from Local Funds on account of the Hospital charges was nearly counterbalanced by the short receipts from sale of medicines. The miscellaneous revenue was swelled by the sale of certain lands and buildings. With reference to the remarks of Government on

on the report for 1879-80, details should have been furnished regarding the present position and prospects of the municipal market.+ The value of guinea grass taken to credit is Rs 1942-9-7, but the sum shown as expended on Conservancy carts is only Rs 1342-3-10. This, if exclusive of green fodder, shows that the credit taken is wrong. A paper transaction, such as this, should appear on both

It is all right if the sum R. 700 charged against the garden bullocks is taken into a/c both sides of the account or not at all. Details of expenditure for the whole amount should be furnished. X It is observed that R. 700 for purchase of bullocks for the garden and green fodder for the same is charged under Grant IV. Market contingencies.–

The expenditure amounted to Rs 36,229 against Rs 35,382 estimated and Rs 32,230 actuals for 1879-80. It was distributed among the several grants thus:–

Grant I Public Works	13·0
" II Education	4·1
" III Sanitation	36·7
" IV Lighting & misc	27·0
" V Supervision	8·2
Repayment of debt	11·0

It does– Unnecessary– I would omit from X to X

The Public Works outlay was chiefly confined to petty new works and repairs. The only exception was the new female ward built on to the Dispensary, as sanctioned by G.O. 20th Feby 1880 No 374 at a cost of Rs 2250. This amount is shewn as "Repayment of debt due from the municipality to the Dispensary Capital Account. It represents in effect a diminution, to that extent, of the funded capital of the Hospital.

No. The item certainly represents the repayment to Dispy. Cap. Acct. of moneys advanced but the debt was not incurred "for the construction of the ward" but for [illegible] [illegible] of a [illegible] vide G.O. Jce. no 152 [illegible] [illegible]

I have not [illegible]

It appears that [illegible] was added to the Dispensary at the cost of the Dispensary fund and that it represents the repayment to the Dispensary fund of the amount advanced for the construction of the ward. HSI

The

The Educational expenditure was less than the estimate by Rs 495. The decrease occurs mainly under Results Grants, and is not properly explained. Of the 3 municipal schools established for the neglected classes one was abolished in the previous year. The remaining two are also reported to have ceased to fulfil the object for which they were originally established. The town is well provided with schools

of all kinds, but the Govt. regret to learn that the only Girls school under native management is "fast declining".

It is satisfactory to observe that although a larger ~~The~~ number of patients were treated in the Dispensary ~~the~~ changes as compared ~~underwent a~~ ~~showed~~ ~~considerable increase.~~ with last year shows a decrease ~~The decrease,~~ effected in charges ~~not~~ ~~in spite of~~ ~~withstanding~~ the increase in the ~~number of patients~~ ~~is satisfactory.~~

	Patients in	Patients out
1879-80	570	12539
1880-81	655	14502

There was a marked improvement over the previous year as regards Vaccination ~~though the~~ ~~number~~

number of operations ^is still ~~falls~~ very ^far short of the figure obtained in ^1876-77 and 1877-78.

Omit

Of the total number of 1018, 537 were infantile cases and of these 552 were reported successful.

The Registration of births and deaths shews the following results.

	Births		Deaths	
1879-80	732	20·3	516	14·3
1880-81	1042	28·9	583	16·1

This is a decided improvement on last year though the returns are doubtless still far from complete.

The Conservancy of

Note
These were famine years
& the returns are swelled by
the vaccination of the paupers
in the relief camps
HH

1876-77 -- 1503.
1877-78 -- 1528.
1879-80 -- 677.
1880-81 -- 1018.

This indicates an improvement in this important branch of Municipal administration.

2124
12

of the town is favorably reported on. Lighting and other miscellaneous objects were ^several amply provided for, and ~~have a usual been at-tended to~~. The Police charges ^were paid including ^apparently arrears ^due up to date ~~appear to have been paid~~ up. The particulars of the item "Repayment of debt" should have been furnished. It includes, as already observed the amount spent on the new Female ward ~~is as re-marked above included~~ ~~cost~~ of the dispensary.

Then why observe it again?
