GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

5th November 1881, No. 2148.

Budget Estimate.

Read the following papers :—

From Lieutenant-Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 11th October 1881, *No.* 204 [*Current No.* 2802].

I have the honor to submit the Budget Estimate of receipts and charges of this department for the year 1882-83 aggregating Rs. 2,40,000 and Rs. 10,80,000, respectively.

2. The receipts for the year 1882-83 have been estimated at Rs. 2,40,000, being less than the estimate of the year 1881-82 by Rs. 26,700, but is in advance of the actual receipts of the year 1880-81 by Rs. 4,665.

		Rs.
Actuals ..	1878-79	3,25,732
	1879-80	2,58,887
	1880-81	2,35,335
Estimates. .	1881-82	2,66,700
	1882-83	2,40,000

3. The receipts do not represent the full amount of income, owing to the exclusion in the accounts of all supplies, such as clothing, &c., supplied from the several Jail Factories for the use of the prisoners confined in the different jails, and also to exclusion of 95 per cent. out of the hire of convicts credited to the "Convict Labor Fund." The estimated charges for the year 1882-83 amount to Rs. 10,80,000 (inclusive of Rs. 80,000 provided on account of Lock-ups and Subsidiary Jails) against Rs. 11,57,500 the estimate for the year 1881-82. The present estimate also falls much below the expenditure for the years 1879-80 and 1880-81.

		Rs.
Actuals ..	1878-79	19,23,928
	1879-80	13,31,817
	1880-81	11,12,739
Estimates. .	1881-82	11,57,500
	1882-83	10,80,000

4. The estimate has been framed with great care and is based as low as practicable with reference to the actuals of the past four months of the current year and when compared with the necessary requirements for supervision, dieting, clothing, &c., of an anticipated jail population of 10,800 with prospects of a favorable season, it will be found that the estimate is not susceptible of any further reduction.

5. *Inspection and General Superintendence.*—The charges estimated on account of Inspection and General Superintendence for the year 1882-83 are Rs. 39,000, being less than the estimate for 1881-82 by Rs. 250 and also below the actuals of the year 1880-81 by Rs. 1,681.

		Rs.
Actuals ..	1878-79	37,233
	1879-80	37,653
	1880-81	40,621
Estimates. .	1881-82	39,250
	1882-83	39,000

6. An increase provision has been made in the item of "*Servants*" owing to an additional peon on Rs. 8 per month for the office of the Inspector-General of Jails sanctioned by Government in their Order, dated 12th May 1881, No. 945, Judicial Department. All the other charges are more or less the same as those sanctioned for the current year with the exception of a reduction in the estimate for 1882-83 under the items of "Saderward and Contingencies" and "Travelling Allowance of Establishment."

7. *Presidency Jails—Civil Debtors' Jail.*—The estimated charges under this head for the year 1882-83 are Rs. 2,400, being less than the actuals for 1880-81 by Rs. 1,443, but in excess of the estimate for 1881-82 by Rs. 51, which increase appears in the item of Contingencies.

8. *Penitentiary.*—The estimated charges on account of the Penitentiary for the year 1882-83 are Rs. 81,700, being less than the expenditure of the year 1880-81 by Rs. 9,040 and also less than the estimate for the year 1881-82 by Rs. 8,441. The increase provision made under the head "Hospital Charges" is owing to the charges appertaining to the Jail Hospital being separated from the head of Rations, whereas all such charges have hitherto been included in the contract rate and classed under Rations.

		Rs.
Actuals ..	1878-79	95,755
	1879-80	95,141
	1880-81	90,740
Estimates..	1881-82	90,141
	1882-83	81,700

9. *Central Jails.*—The charges appertaining to Central Jails have been estimated at Rs. 5,51,400 for the year 1882-83, being less than the actuals of 1880-81 by Rs. 5,473 and fall short of the amount estimated for the year 1881-82 by Rs. 26,100. The increase in the item of "Hospital Assistants" is attributed to the sanction granted in G.O., No. 1232, dated 18th September 1877, Public Department. There is likewise an increase between the estimate for 1881-82 and 1882-83 under the heads "Hospital Charges" and "Saderward and Contingencies," which is mainly due to the hospital charges and miscellaneous articles hitherto included in the contract rates for diet being separated and entered under their respective and proper heads. The several other charges coming under Central Jails are all below the estimate for 1881-82.

		Rs.
Actuals ..	1878-79	7,33,832
	1879-80	5,82,036
	1880-81	5,56,873
Estimates..	1881-82	5,77,500
	1882-83	5,51,400

10. *District Jails.*—The estimated charges on account of District Jails for the year 1882-83 have been set down at Rs. 3,22,500, which is below the estimate for the year 1881-82 by Rs. 43,060 and is also below the expenditure of the year 1880-81 by Rs. 14,042. The amount estimated for 1882-83 under each of the several heads is below the sum estimated for 1881-82 with the exception of that under "Hospital Charges" and "Saderward and Contingencies;" the reason for this increase has already been explained under Central Jails.

		Rs.
Actuals ..	1878-79	8,58,738
	1879-80	4,99,132
	1880-81	3,36,542
Estimates..	1881-82	3,65,560
	1882-83	3,22,500

11. *Lock-ups.*—The amount estimated under "Lock-ups" for the year 1882-83 is the same as that sanctioned for the year 1881-82, viz., Rs. 80,000, which sum is less than the actuals for the year 1880-81 by Rs. 4,120. This estimate has been assumed, as there is no data before this department to frame a correct estimate of the requirements under this head. These jails are under the immediate control of the District Magistrates by whom all charges connected with them are passed.

		Rs.
Actuals ..	1878-79	1,95,092
	1879-80	1,13,537
	1880-81	84,120
Estimates..	1881-82	80,000
	1882-83	80,000

12. *Stores.*—The value of Stores required from Public Departments for the year 1882-83 is estimated at Rs. 3,000 which is based with reference to the actuals of the year 1880-81 and is in excess of the estimate of the year 1881-82 by only Rs. 300.

		Rs.
Actuals ..	1878-79	8,632
	1879-80	3,257
	1880-81	2,943
Estimates..	1881-82	2,700
	1882-83	3,000

13. As required by G.O., No. 1108, dated 25th June 1878, a detailed statement of office contingencies subject to regular audit and those admissible without detailed audit, appertaining to the office of the

2148/2

Inspector-General of Jails, is herewith forwarded. A similar statement for the Central and District Jails and for the Penitentiary and Civil Debtors' Jail, Madras, will be duly furnished to the Accountant-General so soon as the Budget Estimate of this department has been sanctioned, as the grant will have to be proportioned to each jail with reference to its requirements.

14. The delay that has occurred in the submission of the Budget Estimate on the date fixed by Government in their Order noted in the margin, viz., 15th September 1881, is entirely due to the difficulty of reconciling the great differences that were found to exist between the expenditure compiled from the registers kept in this office and the statement of approximate receipts and charges for the year 1880-81 received from the Accountant-General. The system of audit and account kept in this office is in strict accordance with the instructions received from the Accountant-General and those laid down in the Civil Account Code. The monthly contingent bill of each jail shows in detail the expenditure under each separate sub-head, and these accounts, after being passed by me, are posted into the contingent registers kept in this office. If therefore the amounts so audited and passed by this office were posted under their respective heads in the contingent registers kept in the Accountant-General's office, no discrepancies could exist between the two offices, but although the classification of jail expenditure was approved of by the Accountant-General, the various items have been classed together by the Accountant-General's office irrespective of the detailed classification.

Financial Department, dated 16th August 1881, No. 1485.

15. To clear up these discrepancies I at once addressed the Accountant-General forwarding a comparative statement showing the differences, and to save delay I sent my Manager Mr. DeMeder to Madras with the necessary registers to trace out the several differences and causes of discrepancy.

Copies herewith forwarded for information.

16. On comparing the audit registers of the Jail Department with those kept in the Accountant-General's office, it was found that charges in the Book Department are classed only under a few heads and all other charges lumped together under the head "Miscellaneous," and further the value of articles, amounting to Rs. 32,322, supplied from the Jail Factories for the use of the prisoners in the various jails had been entirely omitted. The Deputy Accountant-General informed my Manager that interdepartmental charges cannot be taken to account, and that the Accountant-General's books will only exhibit cash payments and book adjustments between distinct departments. It further appears that the jail accounts have been debited with several other charges passed by the Accountant-General of which I have no cognizance, for example, the total contingent amount passed by me against the Civil Debtors' Prison at Madras was Rs. 261, whereas the Accountant-General's statement shows Rs. 1,035. On examination it was found that this difference consisted of Rs. 731-8-0 for Municipal tax on jail buildings, Rs. 63 the pay of a hospital cooly on Rs. 5-4-0 a-month, and the salary of a Hospital Assistant attached to the Monegar Choultry, whose pay is drawn by the Surgeon of the First District and debited to the Civil Debtors' Jail. I am not aware under what authority these two last charges are debited to this department. There is no provision in the budget for these charges. Several other charges, chiefly at the Presidency, are debited against this department, of which I know nothing nor has any information been given me. I respectfully submit that if it be desirable that the accounts of this department should tally with those in the Accountant-General's office, intimation ought to be given me when the Accountant-General debits any charge against this department which is not passed by me. If the present system is maintained it is hopeless to expect that proper control can be exercised by me over the expenditure of my department, and discrepancies in the accounts must arise making it impossible to classify the charges under the budget heads. To remedy these defects I request Government will be pleased to instruct the Accountant-General to furnish me monthly or quarterly, whichever is most convenient, with a statement showing the several amounts charged by his office against this department irrespective of my audit. The Head of the Department would then be placed in his proper position to control

Entered in the Budget in red ink.

the expenditure of his department, which he cannot maintain so long as items of expenditure of which he has no cognizance are passed against his budget grant.

17. In obedience to the orders noted in the margin the figures given by the Accountant-General have been entered in the Budget Estimate as actuals for the year 1880-81.

G.O., dated 9th December 1872, No. 1650.

18. As regards the pay of the Hospital Assistant and Hospital cooly drawn by the Surgeon of the First District and charged against the Civil Debtors' Jail, I do not consider such a charge should be made against this department as there is no hospital or medicines in connection with this jail, and from information received it appears that the Hospital Assistant and the cooly are attached to the Monegar Choultry. Further, in the estimate submitted by the Surgeon-General with the Government of Madras for inclusion in the jail budget no Hospital Assistant or cooly is entered for the Civil Debtors' Jail.

ENCLOSURE No. 1.

From Lieutenant-Colonel T. E. TENNANT, Inspector-General of Jails, to the Accountant-General, Fort St. George, dated Ootacamund, 17th September 1881, No. 4554.

With reference to your statement of approximate receipts and charges of the Jail Department for 1880-81, I have the honor to forward the enclosed comparative statement showing the figures taken from your statement as well as those compiled from the contingent registers kept in this office. From this comparative statement you will observe that there are considerable differences in the amount of the various charges.

2. I therefore request you will be good enough to cause the figures to be verified in your office as I am unable to reconcile these discrepancies. The monthly contingent bills are scrutinized and carefully audited, and the charges under each head are duly posted into the jail contingent registers kept in this office in accordance with the instructions laid down by you and in the Civil Account Code. Every charge and item of expenditure is verified before the bills are countersigned and despatched to your office. If therefore the various charges are posted into your contingent registers from the audited and countersigned monthly contingent bills as done in this office, there ought not to be the great difference which now exists, and I do not see how such differences can arise if the same system of posting the charges is obtained in the two offices.

Civil Debtors' Jail.—The items noted in the margin are debited against the Civil Debtors' Jail, but these charges have not been passed by me, nor has any intimation been given to my office of such charges being passed against the jail budget. I request you will be good enough to explain under what authority the charges have been debited. If the charges have been passed by the Medical Department against "Jails," I submit that due notice ought to be given, as it is impossible for the Head of a Department to regulate and check expenditure if charges are passed against his departmental budget by some other department without either his knowledge or sanction.

	Rs.	A.	P.
Apothecary and Hospital Assistants			
Hospital charges	720	0	0
Miscellaneous	62	8	0
..	972	4	6

Clothing.—You will observe that there are considerable differences in this item between your office and my figures. For example, the clothing and bedding in the Penitentiary containing about 650 prisoners is entered by you as Rs. 521-11-10, whereas the actual cost as passed by this office was Rs. 2,914-7-2. The charge for clothing of the six Central Jails containing above 6,000 convicts is entered by you as Rs. 171-0-3. The amount passed by this office for clothing being Rs. 14,465-8-0. I need not point out that the amount of Rs. 171-0-3 must be an error. In like manner in other items there are other obvious discrepancies.

3. To facilitate the adjustment of these differences, I have directed my Manager Mr. E. J. DeMeder to attend your office with our registers so that a comparison may be made.

From Lieutenant-Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 14th October 1881, No. 206 [Current No. 3017].

In continuation of my letter, No. 204, dated 11th October 1881, I have the honor to forward the accompanying letter from the Officiating Accountant-General and

No. I.B.E.-177, dated 12th October 1881.

2148/3

beg to remark that if interdepartmental adjustments for supplies made from one jail to another are not recognized by the Accountant-General, the accounts kept in this office (so far as these adjustments are concerned), will not tally with the accounts of the Accountant-General's office.

2. It may be convenient for the Finance Department to lump together several charges under the head "Miscellaneous," but unless some information is given as to what charges are included under the head "Miscellaneous," it will be impossible for this office to separate the several charges required to be shown in the budget.

3. With regard to the Medical charges of the Debtors' Jail, the Accountant-General remarks, "that the charges have always been included in the estimate of Medical charges relating to jails, which is submitted to you by the Medical Department."

4. If this assertion were correct, due provision would have been made in the jail budget, or the matter would have been referred to Government for orders; but on examining the Civil Budget Estimate of the Medical Department relating to Jails for several years, I find no provision made for the Civil Debtors' Jail, and I submit that for the reasons already assigned in my former letter these charges should not be debited to the Jail Department.

5. In conclusion, I must beg Government will instruct the Accountant-General to furnish me monthly or quarterly with a statement showing the several amounts charged by his office against this department irrespective of my audit. If this information is not rendered, there must be serious differences in the accounts of the two offices giving rise to unnecessary correspondence and vexatious delay.

ENCLOSURE No. 1.

From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Inspector-General of Jails, dated Fort St. George, 12th October 1881, No. I.B.E.-177.

Book Department.

With reference to your letter, No. 4554, dated the 17th September 1881, I have the honor to state that the differences pointed out by you are accounted for by the fact that adjustments in the books of this office for supplies made by one jail to another are forbidden under the rules of the Civil Account Code (Note 1 to Rule 21, Chapter V, Civil Account Code).

2. As regards the Medical charges of the Debtors' Jail, I find on inquiry that the charges have always been included in the estimate of Medical charges relating to jails which is submitted to you by the Medical Department, and provision should therefore have been made by you in the jail budget for these charges, and had this been done, you would have been aware that such charges were being incurred.

ORDER THEREON, 5th November 1881, No. 2148.

The Inspector-General of Jails estimates the receipts of his department for 1882-83 at Rs. 26,700, less than for the current year, but Rs. 4,665 higher than the receipts realised in 1880-81. The estimate excludes the cost of articles supplied from the several Jail Factories for the use of prisoners, as well as the proportion of the hire of convicts credited to the Convict Labor Fund.

		Rs.
Actuals ..	1878-79	3,25,732
	1879-80	2,58,887
	1880-81	2,35,335
Estimates..	1881-82	2,66,700
	1882-83	2,40,000

2. Deducting Rs. 80,000, the amount of the estimate of charges on account of Lock-ups, sanctioned in G.O., No. 1943, dated 10th October 1881, the charges are estimated at Rs. 10,00,000, or Rs. 77,500 less than the estimate for the current year. The variations are shown below.

		Rs.
Actuals ..	1878-79	19,23,928
	1879-80	13,31,817
	1880-81	11,12,739
Estimates..	1881-82	11,57,500
	1882-83	10,80,000

	More.	Less.
	Rs.	Rs.
Inspection and General Superintendence	..	250
Civil Debtors' Jail	51	..
Penitentiary	..	8,441
Central Jails	..	26,100
District Jails	..	43,060
Stores	300	..
	351	77,851
		351
Total ..		77,500

There is a great decrease in the item of "Rations" under Penitentiary, Central and District Jails, partly due to moderate estimating, and partly nominal: certain items having been charged to their proper heads which causes an increase under "Hospitals" and "Saderward and Contingencies." The other items call for no remarks.

The contingent charges subject to regular audit are estimated at Rs. 3,618, and those admissible without detailed audit at Rs. 3,996.

The Inspector-General states that the estimate has been prepared with great care and is fixed as low as practicable.

3. The estimates are passed as follows:—

	Rs.
Receipts	2,40,000
Charges	10,00,000

4. The Accountant-General is correct in excluding from his accounts the cost of articles supplied from the Jail Factories for the use of prisoners, as such adjustments are forbidden under the section of the Civil Account Code quoted by him. But the Inspector-General's contention that it is impossible for the Head of a Department to control expenditure so long as charges continue to be debited to his department without his knowledge is not to be questioned, and if there is nothing to prevent it, the Inspector-General should be furnished with a quarterly statement, showing the several amounts charged by the Accountant-General's office against the Jail Department irrespective of the Inspector-General's audit. This, however, is a matter which can best be settled between the Inspector-General and the Accountant-General.

5. Mr. Clogstoun is requested to quote the authority under which the Civil Debtors' Jail has been debited with the pay of the Hospital Assistant and cooly attached to the Monegar Choultry.

(True Extract.)

Chief Secretary.

Fixed Establishment.

TOTAL. Actuals. 1880-81	Estimates. 1887-82	1882-83	REMARKS.
4,29,449	4,49,700	3,50,600	1. Under the contract system the charges on account of hospital diet have been hitherto included under Rations. This system has been found inconvenient and not in accordance with the recommendation of the Prison Conference, the charges have therefore been separated from Rations, hence the increased provision.
192	12,55	37,900	
56,656	55,400	51,170	
900	900	900	
2960	3264	1764	
15,338	14,880	16,020 b	
35,707	35,965	35,270	b. Provided with reference to the estimate furnished by the Surgeon General with the Government of Madras.

CONFIDENTIAL No. 2802

No 204

Ootacamund 11th October 1881

2148/23

From

Lt Colonel T. E. Tennant

Inspector General of Jails

To

The Honble R Davidson C.S.I.

Chief Secretary to Government

Ootacamund

Sir,

I have the honor to submit the Budget Estimate of receipts and charges of this department for the year 1882/83 aggregating Rs 2,40,000 and Rupees 10,80,000 respectively.

2. The receipts for the year 1882/83 have been estimated at Rupees 2,40,000, being less than the Estimate of the year 1881/82 by

DISPOSED OF BY 5 NOV

Rupees 26,700 but is in advance of the actual receipts of the year 1880/81 by Rupees 4665.

3. The receipts do not represent the full amount of income, owing to the exclusion in the accounts of all supplies, such as clothing &c supplied from the several jail factories for the use of the prisoners confined in the different jails, and also to exclusion of 95 per cent out of the hire of convicts credited to the "Convict Labor Fund" The estimated charges for the year 1882/83 amount to Rupees 10,80,000 (inclusive of Rupees 80,000 provided on account of Lock-ups and Subsidiary jails) against Rupees 11,57,500 the estimate for the year 1881/82. The present estimate also falls much below the expenditure for the years 1879/80 and 1880/81.

2148/84

4 The estimate has been framed with great care and is based as low as practicable with reference to the actuals of the last four months of the current year and when compared with the necessary requirements for supervision, dieting, clothing &c of an anticipated jail population of 10,800 with prospects of a favorable season, it will be found that the estimate is not susceptible of any further reduction.

5 Inspection and General Superintendence. The charges estimated on account of inspection and general superintendence for the

year 1882/83 is Rupees 39.000 being
less than the Estimate for 1881/82
by Rupees 250 and also below the
actuals of the year 1880/81 by
Rupees 1651.

6 An increase provision
has been made in the item of
"Servants" owing to an additional
allowance of Rupees 8 per month for
the office of the Inspector General
of Jails sanctioned by Govern-
ment in their order dated 12th
May 1881 No 345 J. D. All the
other charges are more or less the
same as those sanctioned for
the current year with the exception
of a reduction in the estimate
for 1882/83 under the items of
"Establishment and Contingencies" and
"Travelling allowance of Establishment"

7. Presidency jails. Civil

Increase under sub-heads Medicines

2148/85

debtors jail. The estimated
charges under this head for the
year 1882/83 are Rupees 2400
being less than the actuals for
1880/81 by Rupees 1443, but in
excess of the estimate for 1881/82
by Rupees 51 which increase
appears in the item of contingencies.

8. Penitentiary. The estimated
charges on account of the Penitentiary for
the year 1882/83 are Rs 81.700
being less than the expenditure
of the year 1880/81 by Rs 9040
and also less than the estimate
for the year 1881/82 by Rs 8441.
The increase provision made
under the head "Hospital charges"
is owing to the charges appertaining
to the jail hospital being separated

from the head of rations, whereas all such charges have hitherto been included in the contract rate and clayed under rations.

9 Central jails. The charges appertaining to central jails have been estimated at Rupees 5,51,400 for the year 1882/83 being less than the actuals of 1880/81 by Rupees 5473 and fall short of the amount estimated for the year 1881/82 by Rupees 26,100. The increase in the item of "Hospital assistants" is attributed to the pay of Civil Hospital assistants being raised from Rupees 20 to 25 per mensem under Sanction granted in G.O. No 1232 dated 18th September 1877 P.D. There is likewise an increase between the

2.145/26 LP

Estimate for 1881/82 and 1882/83 under the heads "Hospital charges" and "Laderward and Contingencies", which is mainly due to the Hospital charges and miscellaneous articles hitherto included in the contract rates for diet being separated and entered under their respective and proper heads. The several other charges coming under Central-jails are all below the estimate for 1881/82.

10. District jails. The estimated charges on account of District jails for the year 1882/83 have been set down at Rupees 3,22,500, which is below the estimate for the year 1881/82 by Rupees 43,060 and is also below the expenditure of the year 1880/81 by Rupees 14042. The

amount estimated for 1882/83 under each of the several heads is below the sum estimated for 1881/82 with the exception of that under "Hospital charges" and "Sadderward and Contingencies", the reason for this increase has already been explained under Central Jails.

11. Lock-ups. The amount estimated under "Lock-ups" for the year 1882/83 is the same as that sanctioned for the year 1881/82 viz, Rupees 80,000 which sum is less than the actuals for the year 1880/81 by Rupees 4120. This Estimate has been assumed, as there is no data before this department to frame a correct Estimate of the requirements under this head. These Jails are under the immediate control of the District Magistrates by whom all charges connected with them are payed.

2148/27

12. Stores. The value of stores required from Public departments for the year 1882/83 is estimated at Rupees 3000 which is based with reference to the actuals of the year 1880/81 and is in excess of the estimate of the year 1881/82 by only Rupees 300.

13. As required by G.O. No 1108 dated 25th June 1878, a detailed Statement of Office contingencies subject to regular audit and those admissible without detailed audit, appertaining to the Office of the Inspector General of Jails is herewith forwarded. A similar Statement for the Central and district

jails and for the Penitentiary and Civil debtors jail, Madras, will be duly furnished to the Accountant General so soon as the Budget Estimate of this Department has been sanctioned, as the grant will have to be proportioned to each jail with reference to its requirements.

14. The delay that has occurred in the submission of the Budget Estimate on the date fixed by Government in their Order noted in the margin, viz 15th September 1881 is entirely due to the diffiuntly of reconciling the great differences that were found to exist between the expenditure combited from the Registers Kept in this Office and the Statement of approximate

receipts and charges for the year 1880/81 received from the Accountant General. The system of audit and account Kept in this office is in strict accordance with the instructions received from the Accountant General and those laid down in the Civil Account Code. The monthly contingent Bill of each jail shows in detail the expenditure under each separate sub head, and these accounts after being passed by me are posted into the Contingent Registers Kept in this office. All therefore the amounts so audited and passed by this office were posted under their respective heads in the Contingent Registers Kept in the Accountant General's office.

no discrepancies could exist between the two offices, but although the classification of jail expenditure was approved of by the Accountant General the various items have been classed together by the Accountant General's Office irrespective of the detailed classification.

15 To clear up these discrepancies I at once addressed the Accountant General forwarding a comparative statement showing the differences, and to save delay I sent my manager Mr Deikeder to Madras with the necessary Registers to trace out the several differences and causes of discrepancy.

16. On comparing the audit Registers of the jail department with those kept in the Accountant General's

2148/29

General's office it was found that charges in the Book Department are classed only under a few heads and all other charges lumbed together under the head "Miscellaneous" and further the value of articles amounting to Rupees 32,322 supplied from the jail factories for the use of the prisoners in the various jails had been entirely omitted. The Deputy Accountant General informed my Manager that inter-departmental charges cannot be taken to account and that the Accountant General's books will only exhibit cash payments and book-adjustments between distinct departments. It further appears that the jail accounts have been debited with several

other charges passed by the Accountant General of which I have no cognizance, for example — the total contingent amount passed by me against the Civil debtors prison at Madras was Rs 261 whereas the Accountant General's statement shows Rupees 1035. On examination it was found that this difference consisted of Rupees 731. 8 " for Municipal tax on jail buildings Rupees 63 the pay of a hospital cooly and Rs 5. a month and the salary of a hospital assistant attached to the Mangar chantry whose pay is drawn by the Surgeon of the 1st District and debited to the Civil Debtors jail. I am not aware under what authority these two last charges are debited to this Department.

2148/30

There is no provision in the Budget for these charges. Several other charges chiefly at the Presidency are debited against this Department of which I know nothing nor has any information been given me. I respectfully submit that if it be desirable that the Accounts of this Department should tally with those in the Accountant General's Office, intimation ought to be given me when the Accountant General debits any charge against this Department which is not passed by me. If the present system is maintained it is hopeless to expect that proper control can be exercised by me over the expenditure of my department, and discrepancies

in the Accounts which arise making it impossible to classify the charges under the Budget heads. To remedy these defects I request Government will be pleased to instruct the Accountant General to furnish me monthly or quarterly, whichever is most convenient with a statement showing the several amounts charged by his office against this Department irrespective of my audit. The Head of the Department would then be placed in his proper position to control the expenditure of his department which he cannot maintain so long as items of expenditure of which he has no cognizance are passed against his Budget grant.

2148/31

17. In obedience to the orders noted in the margin the figures given by the Accountant General have been entered in the Budget Estimate as actuals for the year 1880/81.

18. As regards the pay of the Hospital assistant and Hospital cooly drawn by the Surgeon of the 1st District and charged against the Civil debtors jail I do not consider such a charge should be made against this Department as there is no hospital or medicines in connection with this jail and from information received it appears that the hospital assistant and the cooly are attached to the Manigar Chouttry. Further

2148/32

in the Returns to be submitted by the Surgeon General with the Government of Madras for inclusion in the civil Budget no Hospital Assistant or Cooly is entered for the civil debtors jail.

No. 204

4 ENCLOSURE.

Subject.

Submitting Budget Estimate for the year 1882/83 with the annexures.

E

2148/33 1880

No. 4554.

Ootacamund 17th Sept. 1881.

From,

Lieut-Colonel J. E. Jemant,
Inspector General of Jails.

To,

The Accountant General,
Fort Saint George.

Sir,

With reference to your statement of approximate receipts and charges of the Jail department for 1880-81, I have the honor to forward the enclosed comparative statement showing the figures taken from your statement as well as those compiled from the Contingent Registers kept in this office.

From

From this comparative statement you will observe that there are considerable differences in the amount of the various charges.

2. I therefore request you will be good enough to cause the figures to be verified in your office as I am unable to reconcile these discrepancies. The monthly Contingent bills are scrutinized and carefully audited and the charges under each head are duly posted into the jail Contingent Registers kept in this office in accordance with the instructions laid down by you and in the Civil Account Code. Every charge and item of expenditure is verified

verified before the Bills are countersigned and despatched to your office. If therefore the various charges are posted into your Contingent Registers from the audited and counter-signed monthly Contingent bills as done in this office, there ought not to be the great difference which now exists and I do not see how such differences can arise if the same system of posting the charges is obtained in the two offices.

Civil Debtors jail. The items noted in the margin are debited against the Civil debtors jail but these charges have not been passed by me nor has any

Apothecary and Hospital Assistants 720-4-0
Hospital charges 62-8-0
Miscellaneous 972-4-0

any intimation been given to my office of such charges being passed against the jail Budget. I request you will be good enough to explain under what authority the charges have been debited. If the charges have been passed by the Medical Department against "Jails" I submit that due notice ought to be given as it is impossible for the Head of a department to regulate and check expenditure, if charges are passed against his departmental Budget by some other department without either his knowledge or sanction.

Clothing. You will observe that there are considerable differences

differences in this item between your office and my figures. For example, the clothing and bedding in the Penitentiary containing about 650 prisoners is entered by you as Rupees 521-11-10, whereas the actual cost as passed by this office was Rupees 2,914-7-2. The charge for clothing of the six central jails containing above 6,000 convicts is entered by you as Rs 171—4—3. The amount passed by this office for clothing being Rupees 14,465-8—4. I need not point out that the amount of Rs. 171—4—3 must be an error. In likemanner in other items there are other obvious discrepancies.

3. To facilitate the adjustment

adjustment of these differences I have directed my Manager Mr. E. J. DeMeder to attend your office with our Registers so that a comparison may be made.

I have &c &c

(Signed) J. E. Jennant,
Inspector-Genl of Jails.

Inspector General of Jails.

No 206

CURRENT No. 3017

Toronto 14th October 1881

2148/36

From

Lt Colonel J. E. Jennant
Inspector General of Jails

To

The Hon'ble R. Davidson C. S. I.
Chief Secretary to Government
Toronto

Sir

In continuation of my letter No 204 dated 11th October 1881 I have the honor to forward the accompanying letter from the officiating Accountant General and beg to remark that if inter-departmental adjustments for supplies made from one jail to another are not recognized by the Accountant General, the amounts kept in this office (so far as these adjustments are

RECEIVED OFFICE
5 NOV 81
P.S. G.O.H.

concerned) will not tally with the accounts of the Accountant Genls Office.

2 It may be convenient for the Finance department to bunch together several charges under the head "Miscellaneous", but unless some information is given, as to what charges are included under the head 'Miscellaneous', it will be impossible for this office to separate the several charges required to be shown in the Budget.

3 With regard to the medical charges of the debtors jail the Accountant General remarks "that the charges have always been included in the Estimate of medical charges relating to jails which is submitted to you by the medical department".

2148/37 4/5

4 If the assertion were correct, due provision would have been made in the Jail Budget or the matter would have been referred to Government for orders, but on examining the Civil Budget Estimate of the medical department relating to jails for several years I find no provision made for the Civil debtors jail and I submit that for the reasons already assigned in my former letter these charges should not be debited to the jail department.

5 In conclusion I must beg Government will instruct the Accountant General to furnish me monthly or quarterly with a

statement showing the several amounts charged by this office against this department irrespective of my audit. If this information is not rendered there must be serious differences in the accounts of the two offices giving rise to unnecessary correspondence and vexatious delay.

I have the honor to be
Sir
Your most Obedient Servant
[illegible]
Inspector General of Jails

Book Department.

Fort Saint George, 1580
Accountant General's Office,
12th October 1881.

2148/38

From
H. F. Clogstoun Esqr
Offg. ACCOUNTANT GENERAL
TO THE GOVERNMENT OF MADRAS,

To
THE Inspector General of Jails.

SIR,

With reference to your letter No 45514, dated the 17th September 1881, I have the honor to state that the differences pointed out by you are accounted for by the fact that adjustments in the Books of this Office for supplies made by one Jail to another are forbidden under the rules of the Civil Account-Code, (Note 1 to rule 21, Chapter 5, Civil Account-Code).

2. As regards the Medical charges of the Debtor's Jail, I find on enquiry that the charges have always been included in the estimate of Medical Charges relating to Jails which is submitted to you by the Medical Department, and

2148
39

provision should therefore have been
made by you in the Jail Budget
for these Charges, and had this
been done, you would have
been aware that such charges
were being incurred.—

Remarking on the results, if inter-Departmental adjustments for supplies made from one jail to another are not recognized by the Accountant General-

Financial Department

160

PROCEEDINGS of the MADRAS GOVERNMENT. 2148/47

READ the following letter from the Inspector General of Jails dt 11th & 14th October 81 No. 204 & 206

Order thereon 5th November 81, No. 2148.

The Inspector General of Jails estimates the receipts of this department for 1882-83 at Rs 26700, less than for the Current year, but Rs 4665 higher ~~than~~ than the ~~last~~ receipts realised in 1880-81. The estimate excludes the Cost of Articles supplied from the several Jail factories for the use of prisoners, as well as the proportion of the hire of Convicts credited to the Convict labor fund.

2. Deducting Rs 80,000, the Estimate of charges on account of Jail-stores, sanctioned in G.O. No. 1943 dt 10th Oct. 1881, the charges are estimated at Rs 1,900,000 or Rs 77,500 less than the Estimate for the Current year. The explanations are shown below.

Actuals		
1878-9.	Rs	325,732
1879-80	"	258,887
1880-81	"	335,335
Estimates		
1881-82.	Rs	366,700
1882-83.	"	340,000

Actuals		
1878-9	Rs	1923,928
1879-80	"	1321,817
1880-81	"	1112,439
Estimates		
1881-82	Rs	1157,500
1882-83	"	1080,000

	More	Less.
Inspection & Genl. Superintendence	"	250
Civil Debtors Jail	51	-
Penitentiary —	-	8441
Central Jails —	-	26100
District Jails —	-	43060
Stores ——	300	
	351	77851
		351
		77500

There is a great decrease in the item of "rations" under — Penitentiary, Central and District Jails, partly due to moderate estimating, & partly ~~to the non-debiting of certain~~ required:
~~Gratuities which have been debited~~ Great charges have been debited to their proper heads, which causes an increase under "Hospitals" & "Sadar-ward & Contingencies". The other items call for no remarks.

The Contingent charges subject to regular Audit are estimated at Rs 3618 and those admissible without detailed Audit at Rs 3996.

The Inspector General states that the Estimate has been prepared with great care and is fixed as low as practicable 2148/41. 17

3. The Estimates are passed as follows:-

Receipts Rs 2,40,000
Charges " 10,00,000

4 The Accountant General is correct in excluding from his accounts the cost of Articles supplied from the Jail factories for the use of prisoners, as such adjustments are forbidden under the section of the Civil Account Code quoted by them. But, ~~the Government with the~~ the Inspector Generals ~~should~~ cautioning that ~~not~~ it is impossible for the head of a department to control Expenditure so long as charges continue to be debited to his department without his ~~knowledge~~ cognizance, and knowledge ~~the Accountant~~ taking ~~it~~ cognizance if they ~~will~~ therefore ~~furnish~~ should be furnished the Inspector General with a quarterly statement, showing the several amounts charged by the Acct. Genl's Office against the Jail
