RESOLUTION.—From the returns received from the Chief Commissioner a list has been prepared, and is appended to this Resolution, showing the articles which, on the information now before the Government of India, it is possible to procure of Indian manufacture. The Governor-General in Council accordingly requests that the Chief Commissioner will be good enough to instigate inquiries as to the cheapest and most convenient way of obtaining future regular supplies of such goods of Indian manufacture, as well as of any other goods which in the course of inquiry it may be found feasible to substitute for imported articles.

2. In the series of Resolutions on the subject of the supply of stores published in the *Gazette of India* since the 23rd July last, instructions have already been given as to the different sources of supply, so far as they are as yet known, of the articles mentioned in the list, and they need not be repeated here. The Governor-General in Council directs that wherever possible, with due regard to economy, such articles of Indian manufacture shall in future be substituted for European articles in the province of Coorg, as everywhere else in India.

Ordered that the foregoing Resolution be communicated to the Chief Commissioner of Coorg and to the other Local Governments and Administrations for information and guidance.

Ordered, also, that it be published in the *Gazette of India*.
