GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

10th November 1881, No. 2186.

Municipal—Reports.

Read the following paper :—

From H. G. TURNER, Esq., President of the Municipal Commission, Vizagapatam District, to the Chief Secretary to Government, dated Vizagapatam, 15th September 1881, No. 597 [Current No. 2602].

I have the honor to submit the annual report of the Vizagapatam Municipality for the official year 1880-81, with its accompaniments as per margin.

1 Annual Accounts.
1 Tolls Statement.
1 License Tax Account.
1 Annual Report of the Vice-President.
1 Medical Report.
1 Auditor's Report.

2. The balance in favor of the Municipality at the commencement of the year under report was Rs. 1,170-10-7, the receipts during the year amounted to Rs. 23,639-11-1, making a total of Rs. 24,810-5-8 available for expenditure. Of this, Rs. 23,833-15-8 were spent during the year on account of the several purposes of the Municipal Act III of 1871, leaving a balance of Rs. 976-6-0 at the close of 1880-81.

3. The subjoined statement exhibits the percentage of receipts and charges under the principal heads :—

7. Miscellaneous Municipal Purposes including Advances Recoverable	21·99
8. Supervision and Management	12·43
9. Closing Balance	3·93
	100·00

4. Tolls, rates on houses and lands, and taxes on arts form the principal source of income of the Municipality. The Vice-President's report fully explains the manner in which the Municipal Act III of 1871 has been operated in the Municipality.

5. A copy of the License-tax statement has been submitted to the Board of Revenue with reference to G.O., No. 1548, dated 10th August 1880.

6. As I was not in the district in the year under report, I am not able to make any remarks on the working of this Municipality during that time.

ENCLOSURE No. 1.

From J. W. McMURRAY, Esq., Vice-President of the Municipal Commission, Vizagapatam, to the Acting President of the Municipal Commission, Vizagapatam, dated 10th August 1881, No. 255.

I have the honor to report on the working of this Municipality for the official year 1880-81 and to forward, herewith, the statements of receipts and expenditure of the Municipal Funds together with the Auditor's report thereon.

2. The sum of Rs. 12-5-0 referred to by the Auditor is a balance on account of repairs of certain roads worked departmentally, and which sum was made *minus* of the estimate for Rs. 32-9-0 for the purchase of tools required for the road department and which was duly passed by the Commissioners.

3. The Budget Estimates received the sanction of Government in their Order, dated 10th May 1880, No. 946. The actual receipts and charges amounted to Rs. 24,810-5-8 and Rs. 23,833-15-8 against Rs. 26,692-7-3 and Rs. 25,521-12-8 of the previous year, respectively. The causes of variations between the budget and actuals are fully explained in Statement II-B.

4. *Education.*—There has been a decrease of forty-nine scholars compared with the number of the past year, attributable to the school attached to the European Infantry Veteran Company and the pial schools at Dondaparti being abolished in last year.

5. *Sanitation*—(1) *Communications.*—Portions of three roads with their allotments, amounting to Rs. 600, were transferred to the Municipality by the Local Fund Board—*vide* G.O., dated 15th July 1880, No. 1363, Financial Department. The repairs of roads in this year were executed departmentally, an Overseer having been appointed for supervising the works.

(2) Nine privies, costing Rs. 1,168-9-7, which were put in hand late in 1879-80 have been completed in this year. Five V and under drains were constructed at a cost of Rs. 76-2-1 to admit of house drains communicating with the street drains. Several V and under drains were repaired at a cost of Rs. 57-12-0. The three rest-houses, the commercial shed, and several latrines, &c., were all repaired at a cost of Rs. 438-1-0.

(3) *Water Supply.*—There has been no scarcity of water in this year, the rains being seasonable and copious.

(4) The cleanliness and the drains of the town have received the usual attention. The town is divided into six divisions with a staff of conservancy at a cost of Rs. 614-12-0 per month. The excreta and other foul matter is buried outside the town, but it is in contemplation to utilise this and the night-soil as is done in the Poona Municipality, as described in the Sanitary Commissioner's Proceedings for July and August last. The street houses are drained by means of side V drains in the streets into which the refuse water enters, and empty themselves into a large square drain in the swamp communicating with a salt-water tank which is under the influence of the backwater tide. The Sanitary Commissioner, in his Proceedings of March and April 1880, has spoken of some of the levels of some of the drains being defective. This will be remedied as soon as funds are available. There are forty-eight latrines in working order, twelve of which are on the Coimbatore plan. These are cleaned out twice a day, and the dry-earth system carried out as far as practicable.

6. *Vaccination.*—The Municipal Vaccinator performed 673 operations, of which 649, as verified to by the Civil Surgeon, have been successful. The number vaccinated is 70 less than in the preceding year, attributable to the absence of small-pox, when alone the native public submit to vaccination.

7. *Births and Deaths.*—The number of births registered in this year is males 400 and females 407, in all 807, being 35 less than in the preceding year. The number of deaths registered is males 491 and females 389, in all 880. This is 172 less than in the preceding year.

8. *Public Health.*—There was no cholera or small-pox this year. Measles prevailed for the last three months. Fever and bowel-complaints existed all throughout the year. The health of the town has, on the whole, been good.

2186
2

9. *Civil Dispensary.*—Copy of the Civil Surgeon's report is herewith forwarded.

10. *The working of the Act.*—The difficulty of collecting the taxes was less in this than in the preceding year, owing to low prices of food-grains and the people being better able to pay. One hundred and seventy-five charges have been preferred against defaulters in respect of the Profession-tax. Five hundred and sixty-five demand notices and 111 distress warrants on account of house-tax have been issued.

CONCISE MEDICAL REPORT OF THE CIVIL DISPENSARY, VIZAGAPATAM FOR THE YEAR 1880-81.

General and Seasonal Phenomena.—The year was very seasonable; the rainfall was well distributed and never excessive, though the total fall was about the average, consequently the crops were good and food-grain, &c., plentiful and cheap. The hot months of June, July, August, and September were the most unhealthy, and the cool months of December, January, and February the most healthy.

General State of Health.—The health of this town during the past year may be said to be satisfactory when compared with the health of previous year, and disease was less prevalent, particularly ague; also there was an absence of epidemic disease for the greater part of the year, but chicken-pox has been very prevalent during the last three months.

Cholera.—None.

Small-pox.—A few cases have been said to have occurred in the town of late, but I feel inclined to think that these were cases of chicken-pox.

Malarious Fevers were much less prevalent than during the previous year; 1,025 cases were treated this year, whereas 2,157 cases were under treatment in 1879-80.

Prevailing Diseases.—The most common causes of sickness were fevers, ulcers, rheumatic affections, respiratory affections, skin and venereal diseases, diarrhœa, dysentery, and anæmia.

General Remarks.—The total treated of the dispensary was 8,106, which is 500 less than treated during the previous year; but the decrease does not indicate that the institution is failing in usefulness, for the decrease is due to the improved health of the inhabitants of this town as indicated by there having been 1,320 cases of fever less than in 1879-80.

Approximately the percentage of attendance at the dispensary is composed of Hindus 71, Mahomedans 13, other castes 11·5, Eurasians 4, Europeans 5.

The building was repaired during the year and is now in good order.

VIZAGAPATAM, 1st *April* 1881. (Signed) A. N. ROGERS-HARRISON, Surgeon, *Civil Surgeon.*
