GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

16th December 1881, No. 2444.

Municipal Police.

Read the following paper:—

From H. J. STOKES, Esq., President of the Municipal Commission, Madura, to the Chief Secretary to Government, dated 30th November 1881, No. 3351.

I have the honor to submit, for the favorable consideration of Government, copies of a letter, dated 26th October 1881, No. 58, from the Vice-President, Dindigul Municipality, and of its enclosures, protesting against the demand of the Superintendent of Police to include in the Municipal Budget for next year the cost of an extra First-class Constable to guard the Railway Station at Dindigul.

2. I agree with Mr. Kough in thinking that the charge should not be borne by the Municipality, as the service of the constable is required for the benefit of the Railway Company, and especially as the fund at the disposal of the Municipality is limited.

ORDER THEREON, 16th December 1881, No. 2444.

The Government are of opinion that Municipal funds are not fairly chargeable with the cost of Police in Railway Stations.

Sir,

The President
Municipal Commission,
Madura.

The Superintendent of Police
writes to me to include in the Municipal
Budget for next year the cost of an
extra 1st Class Constable to guard the
Railway Station at Dindigub.

2. He quoted a G.O. and on my
applying for it I was sent those now
enclosed. I do not however find Dindi-
gub Station specially mentioned; but
perhaps it is included in the "ten" men
generally sanctioned in G.O. of 4th August.
This

This however should be more distinct.

3. But what I wish to ask is, that you will be good enough to represent to Government that the Commissioners do not think it fair that they should be asked to defray the cost of a Constable whose duty is entirely required by the Railway Company. They are in no way responsible for the requisition and were not at all consulted when it was made.

4. At present the Police Charge is $\frac{1}{10}^{\text{th}}$ of their gross income, and the drag is a most crippling one. The Commissioners most earnestly beg to be relieved of this extra charge, which they cannot meet but with the greatest difficulty and to the detriment of the more urgent demands of Sanitary Conservancy

Conservancy & improvement.

The budgeted municipal income (1881-82), excluding Opening Balances and License Tax is R.9560. The police contribution at 60% is R.960. The additional cost of the Municipality of a 1st class Constable at 60% is R.57-9-7. The estimated closing balance (1881-82) is R.1130. But from this must be deducted R.274. the amount by which the actual opening balance falls short of the estimate. *Est. 1881-82*
