GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

19th December 1881, No. 2463.

Municipal—Budgets.

Read the following paper :—

From R. D. BROADFOOT, Esq., Vice-President of the Municipal Commission, Tinnevelly, to the President of the Municipal Commission, Tinnevelly, dated 28th November 1881, *No.* 259.

Unforeseen alterations on the receipts and expenditure sides of the estimate sanctioned for 1881-82 by G.O., No. 722, dated 26th April last, having made certain modifications in the said estimate needful, I have the honor to submit herewith, for sanction, a supplemental budget as passed by the Commissioners at their meeting, dated 21st November 1881.

RECEIPTS.

2. *House-tax.*—A number of houses, the annual value whereof is less than six rupees, having been non-discovered to be the sole rateable property of the owners, the assessment is to be struck off under Section 41 of the Act, and this has reduced the house-tax from Rs. 6,200, sanctioned in Government Order above quoted, to Rs. 5,900.

3. *Tolls.*—The amount expected and sanctioned previously under this item, exclusive of the portion due to Local Fund Board, was 4,050 rupees, but it has actually been leased out for Rs. 4,725, or 675 rupees in excess of the amount already sanctioned.

4. *Fees in Schools.*—The Municipal School having proved a failure for the last few years, the Commissioners have thought fit to abolish it. Out of Rs. 140 expected from this source, Rs. 22-13-0 alone have been collected, or Rs. 117-3-0 less than the amount provided in the previous estimate.

5. *Municipal Fund.*—At the time the former estimate was prepared and adopted by the Commissioners, it was expected that 1,450 rupees alone would be left as opening balance for the current official year. But several works commenced in the last year having remained unfinished and therefore not paid for in the past year, the actual balance was Rs. 3,514-9-2, or Rs. 2,064-9-2 more than was before estimated.

6. Thus it is found that on the receipt side there would be an increase of (opening balance Rs. 2,064-9-2 + tolls Rs. 675 — house-tax Rs. 300 — fees in schools Rs. 117-3-0,) Rs. 2,322-6-2 over the sum before budgeted. In other words the total receipts to be sanctioned according to this budget is Rs. 25,277-6-2 instead of Rs. 22,955 estimated in the previous budget.

EXPENDITURE.

7. *Grant I, New Works—Buildings.*—In the previous estimate the Commissioners provided 100 rupees for the construction of a toll-shed which at present they have no intention of building.

8. The erection of four bazaars in the Pennington Market, for which a provision of Rs. 800 had been made in the last year's budget, was commenced about February last, and the Commissioners, with a view to enhance the usefulness of the bazaars and to make it attractive, have subsequently resolved to lay out about Rs. 2,192-13-6 more on this project. Rs. 445 have already been paid for a portion of this work, and

Rs. 807-2-6 for fourteen stalls constructed in the meat market which were likewise commenced last year but finished and consequently paid for this year. Rs. 1,747-13-6 has yet to be paid for the bazaars in the Pennington Market above mentioned.

9. *Repair—Drainage.*—Out of Rs. 700 provided for expenditure under this head, 400 rupees are enough for the purpose, since the project of preventing floods coming into the town from Krishnaperi channel is postponed till next year. Mean time an estimate of the cost will be prepared.

10. *Grant II—Municipal School.*—Rs. 504 were before allotted for expenses under this item, but except Rs. 292-2-3 that have already been spent, no more is required, as the school has since been abolished.

11. *Grant III—Special Sanitation.*—In addition to Rs. 210 already budgeted under this head, the Commissioners have found that in order to prevent, as much as possible, the approaching epidemic of cholera, Rs. 230 more are necessary for making some special sanitary arrangements, such as the preservation of a tank in a pure state for drinking purposes, and the temporary appointment of a special Supervising Inspector, &c.

12. *Grant IV—Lighting.*—An allotment of 1,700 rupees was made in the previous estimate for this, but it is now found that Rs. 1,200 are sufficient for the purpose, and that Rs. 500 can be spared.

13. *Balances.*—In the budget previously submitted for sanction, the closing balance was fixed at Rs. 899, but according to this budget it comes to Rs. 1,103-3-11. Thus, in short, the total expenditure to be sanctioned under this budget amounts to Rs. 25,277-6-2 instead of Rs. 22,955 as shown in the previous estimate.

No. 1854 [Current No. 3357].

Submitted to Government for sanction.

2. Owing to changes in the office and oversight the Commissioners failed to apply for sanction for the revised estimate for additions and improvements in the Pennington Market.

TINNEVELLY,
2nd December 1881.

(Signed) J. B. PENNINGTON,
President.

ORDER THEREON, 19th December 1881, No. 2463.

The Government sanction the revised budget as now submitted. The Vice-President should have filled up Statement II-B, and the pay of the special Supervising Inspector should not have been included under (*f*) Conservancy Additional Sanitary Inspection, which refers only to the contribution for the sanitary inspection charges of the whole Presidency. In Statement II-A the column "amount of estimate" is intended to show the total estimated cost of the work, not the budget provision for the year as apparently assumed by the Vice-President. The last two columns of the return should show the expenditure in past years on the work and the proposed outlay as per budget.

struck off under section 41 of the Act and this has reduced the House tax from 6,200 Rs sanctioned in Government order above quoted to Rs 5,900.

Tolls The amount expected and sanctioned previously under this item exclusive of the portion due to Local Fund Board was 4,050 Rs; but it has actually been based out for Rs 4,725 or 675 Rs in excess of the amount already sanctioned

Fees in schools. The Municipal school having proved a failure for the last few years, the Commissioners have thought fit to abolish it. Out of Rs 140 expected from this source, Rs 22-13-- alone have been collected or Rs 117-3-- less than the amount provided in the previous Estimate.

Municipal Fund. At the time the former Estimate was prepared and adopted by the Commissioners, it was

expected that 1,450 Rs alone would be left as opening balance for the Current Official year. But several works commenced in the last year having remained unfinished and therefore not paid for in the past year, the actual balance was Rs 3,514-9-2 or Rs 2,064-9-2 more than was before estimated.

2463/11

Thus it is found that on the Receipt side, there would be an increase of (opening balance Rs 2,064-9-2+ tolls Rs. 675 - House tax Rs 300 - Fees in schools Rs 117-3--) Rs. 2,322-6-2 over the sum before budgetted. In other words the total Receipts to be same. times according to this Budget is Rs 25,277-6-2 instead of Rs 22,955 estimated in the previous Budget.

Expenditure	In the previous
Grant I. New Works	Estimate the
Buildings	Commissioners

provided 100 Rs for the construction of

a toll shed which at present they have no intention of building.

The erection of 4 bazaars in the Pennington Market for which a provision of Rs 800 had been made in the last years Budget, was commenced about February last, and the Commissioners with a view to enhance the usefulness of the bazaars and to make it attractive, have subsequently resolved to lay out about Rs 2192-13-6 on this project. Rs 445 have already been paid for a portion of this work, and Rs 807-2-6 for 14 stalls constructed in the meat market which were likewise commenced last year but finished and consequently paid for, this year. Rs 1747-13-6 has yet to be paid for the bazaars in the Pennington Market above mentioned.

Repair Drainage — Out of Rs 700 provided for expenditure under this head 200 Rs are enough for the purpose, since the project of preventing floods coming into the town from Krishnaperi channel is post-poned till next year. Meantime an estimate of the cost will be prepared. 2463/12

Grant II — Municipal School — Rs 500 were before allotted for expenses under this item but except Rs 292-2-3 that have already been spent no more is required as the school has since been abolished.

Grant III — Special Sanitation — In addition to Rs 210 already budgetted under this head the Commissioners have found that, in order to prevent, as much as possible, the approaching epidemic of Cholera Rs 230 more are necessary for making some special sanitary arrangements such as the preservation of a tank in a pure state for drinking purposes,

and the temporary appointment of a special Supervising Inspector &c

Grant IV — An allotment
Lighting — of 1,700 Rs was made in the previous estimate for this, but it is now found that Rs 1,200 are sufficient for the purpose and that Rs 500 can be spared.

Balances. In the Budget previously submitted for sanction, the closing balance was fixed at Rs 899 but according to this Budget it comes to Rs 1103-3-11. Thus in short the total expenditure to be sanctioned under this Budget amounts to Rs 23277-6-2 instead of Rs 22,955 as shown in the previous Estimate.

Order 19 Dec 1881, No 2463

The Government sanction the revised Budget as now submitted.

The President should have filled up statement III B, & the duty of the special superintending Inspector should not have been included under (f) Conservancy & additional Inspection which refers only to the sanitary establishments & contribution for the sanitary inspecting charges of the whole Presidency. Should not these have been under Medical. In Statement II A, the column "amount of Estimate" is intended to show the total estimated cost of the work. Not the Budget provision for the year. as apparently assumed by the Vice President. The last two columns of the return should show the expenditure in past years on the work & the proposed outlay as per Budget.
