The Budget Estimate has been repeated for the Regular as the Actuals of the last six months of the previous year added to the figures in Column (2) give Rs. 5,63,395.

The bulk of the receipts under this head consisting of fees in connection with the Uncoordinated Civil Services and the Middle School Examinations are realised in the earlier months of the year.

This increase is chiefly due to the credit in the first six months accounts of about Rs. 13,000 on account of our deficits in previous years accounts in connection with Rumped charges.

The increase under this head consists of the pilotage collection made during the earlier months of the year in the Harbour of Madras. All these must be included from the Harbours of accounts proper.

The original estimate did not sufficiently provide for the increased receipts consequent on the Local Funds Boards being required to pay for the printing work executed on their account at the Government Press.

The Regular Estimate is based on the average of the actuals of the last three years.

Out of a debt of Rs 120,195 due by the Village Service Fund of the Nellore District to Provincial services, it is expected that it will be able to repay at least Rs 70,000 in 1881-82.

The Regular Estimate is blank, as no final arrangements have as yet been made to effect any recovery on this account.

Rs 1,17,000 more than expected

The Regular Estimate allows nearly Rs 200,000 for the last six months against Rs 190,371 expended in the corresponding period of last year. The increase in the first six months is less than Rs 5,000 as compared with the first half of last year.

The bulk of the charge on this account will be adjusted in the accounts of the latter months of the year.

The Excess in the second column over the last appertains to the share of expenditure payable for the Band Fund to the accounts of which it will be removed in the final accounts.

The increase under this head is due to the reversal of Rs 4,50,000 improperly credited to this head per contra in the accounts of 1880/81, and to the adjustment as a charge against Provincial Services of certain advances made by Government in 1874-76 and 1875-76 in connection with the Madras Town Drainage Scheme of Mr. Clarke.

The Budget Estimate has been repeated for the Regular, but it seems unlikely that the whole amount of Grant will be utilized by the Public Works Department.

Raised with reference to subsequent additional allotments sanctioned by Government.

Defunct

Seems right in thinking that the whole amount will not be spent, but probably there are many outstanding payments which really belong to the half of the year. Would it not be a safe calculation?

Order: d. 22 Decr 81,
No 2502

The official year 1880-81
opened with a financial
balance of Rs. 4,60,000.
The receipts of the year
amounted to Rs. 1,04,19,000
as against Rs. 1,04,19,000 the
estimated income.

The charges amounted to
Rs. 1,05,97,253, as against
Rs. 1,05,97,253 the estimated
expenditure.

The actual expenditure
therefore exceeded the actual
receipts by Rs. 1,78,253
deducting which amount
from the surplus of
1879-80, there was a
net surplus at the
close of the year of
Rs. 2,86,022.

This last-mentioned sum
has however been con-
sidered by the

adjustments, made since
the issue of the Accountant
General's Consolidated Statement
Abstracts of Disbursements
and Receipts, into a
surplus of Rs. 3,00,565,
and these figures are
themselves liable to
further modification
until the Comptroller
General has closed the
Revenue and Revenue Accounts
of India.

required increased expenditure.

Regular	" 70,000	2,59,000

Regular	" 2,600,000	" 11,745,000
Actuals	" 2,350,000	" 10,760,000

The decrease in the receipts was chiefly under the sub-heads paid Manufactures and hire of carriers, the estimates for which were excessively high. The difference in the outlay was chiefly under District jails, where there was a large shaving due to the decrease in the numbers entertained.

	Receipts	Outlay
Budget Estimate	\$2,750,000	\$4,980,000

Regular Estimate	" 161,000	" 10,21,000
Actuals	" 170,969	" 9,91,360

The difference in the receipts 17967 & 17968 - are mainly due to the increase in the fees from government schools. The charges are less than the estimate by Rs. 30,000. The ill regulated state of the department & the frequent changes introduced of late years have rendered it difficult to frame a more than roughly approximate estimate on either side of the revenue account.

Medical.

	Receipts	Expenditure
Budget Estimate	25,000	56,000

	Receipts	Expenditure
Budget Estimate	25,000	56,000

The actual receipts exceeded the estimate by Rs. 20,581; the actual charges by Rs. 63,071. There was a saving on the estimates for Secretariat & Collectors' papers, and printing at private presses, while the estimates for Stationery Office, Purchase of Country Stationery, and Stationery supplied from Central Stores were exceeded.

These figures represent
unadjusted civil and
public works items of
famine expenditure;
the greater part of
these outstandings were
charged off in the
accounts of 1880-81,
but it is anticipated
that a debit of not
less than Rs. 2,26,616
will have to be made
against Provincial during
the current year before
other outstandings on
account of the items
noted in the margin
are finally closed.
This has been a great
drain on the resources
of the Madras Presidency,
and in their necessity
for making provision
for these charges, the
Local Government have
been obliged to
restrict the outlay

of this Public Works
Department at
times when ^{the} balance

especially necessary.

Why Special?

The head Famine Relief
having been long closed
in the Imperial Account,
it is not just that
any receipts which
may accrue under that
head should be
credited in whole to
Famine Relief, and this
attention will be
brought on the part
of India with reference
to the Occasional General
objection to accept
the value contained
in particular No. 364
dated the 17th
May, 1881, in respect
to the payment of

are wholly derived from

construction & repairs
executed by Civil Officers.
The estimate for the
best named works amounted
to Rs. 2,83,040, while
the actual expenditure
was only Rs. 1,36,253.
This short outlay was
probably due to
the inability
of the Civil Officers who
have to spare sufficient
time from their multifarious
duties to attend to
the necessitating the
scrutiny of
numerous petty estimates
and the supervision of the
contractors entrusted
with the repairs. Either
the estimates for the
year were unusually
large or much needed
repairs to Government
buildings have remained

unexecuted, & the
retirement of State pro-
perty. Moreover may be
the cause, it is indis-
putable that such a
state of affairs is
unsatisfactory, and
the ~~question~~ ^{matter} will be
brought for consideration
in the Public Works De-
partment. It may
perhaps now be possible
to reach in some
manner at any rate
to the former system,
under which the Public
Works Officer of the
Division supervised
such works as fell
under this sub-head.

partment, if the
present staff is
inadequate & suspicious
such petty work. It
must be remarked that
such work are often
only petty in ~~some~~
respect of their cost.
The Chief Engineer will
consider this matter
carefully, remembering
that the Public Works
Department is wholly
financial, and that

is competent to

for which a debit

On the opposite side
of this last debit,
there will, it is
hoped, be a credit
of about two lakhs

account of refunds
from Irrigation, S. & B. Co.
= ant., but up to
the present date the
Government of India
in the Public Works
Department have not
passed orders on this
question which has
been under discussion
since July, 1880.

Turning now to
the Accounts of the
current official year,
1881-82, the Government
note that the credit
balance standing to
the credit of Financial
on the 1st of April
last amounted to
Rs. 3,00,565, after
making account for
the above-mentioned
debit of Rs. 1,36,330

and other adjustments.
 The regular estimate of
 receipts and charges
 based on the accounts
 of the first six months
 of the year gives the
 sum of the probable
 receipts, exclusive of
 the surplus, as Rs.
 104,27,000, the budget
 estimate having amounted
 to Rs. 102,75,120; and
 the sum of the charges
 is Rs. 102,74,605, against
 an estimate of Rs. 106,35,700
 after providing for the
 adjustment of famine
 relief.
 The accounts for seven
 months are now before
 Government, and they
 are of opinion that
 this regular estimate
 may safely be
 accepted.
 Adding the surplus
 in hand on the 1st
 April, 1881, the sum

Receipts of 1881-82 :-
Rs. 104,27,000

total on the revenue
 side ~~amounts~~ is raised to Rs.
 107,35,565, and the
 anticipated outlay
 having being deducted
 therefrom, ~~there~~ there
 remains a balance of
 Rs. 3,74,606 to be
 carried to the credit
 of next official
 year. This balance
 will be augmented
 by Rs. 2,75,000, if, as
 has already been shown,
 the Government of
 India intend to
 the proposed credit
 to financial of
 certain refunds from
 irrigation work.
 Before the official
 year 1882-83 begins,
 it is probable that
 the new decentralisation
 scheme, now under

consideration will have
been introduced, but
the Government of
India have intimated
their wish that the
financial budget
should be prepared
on the old basis
in the first instance.

The estimate of ~~receipts~~
for the coming year,
exclusive of the opening
balance, amounts to
Rs. 1,44,710.

The total budget includes
Rs. 59,587 on account of
the contribution payable
from the Madras Mun-
icipality, which it
may be considered was
desirable to enforce, but
as this point will re-
ceive notice when the
prob. of India are
submitted in regard
to the decentralisation
scheme, the item will

and Rs. 1,44,000

a total of Rs. 2,26,400
which may possibly be
gone or realised
in one or two months
or thereabouts.

	Estimate
Salaries	Rs. 2,40,000
Legislation	5,90,000
Printing	43,900

be allowed to stand.
The estimates of receipts
of the marginally noted
departments call for
no special remark.

The estimate of receipts
under Education (Rs.
2,35,000) appears high
with reference to the
actuals of 1880-81 (Rs.
1,78,967) and to the regular
estimate for the current
year (Rs. 1,72,000). It
must, however, be borne
in mind that certain
departmental changes
involving increased
expenditure had not been
introduced in the former
year, and that the
regular estimate is
probably not a little
below the mark, as
the examinations held
in the last three months
of the official year

will considerably swell
the receipts, making
the ~~last~~ ^{first} half of
the year compare favorably
with the ~~first~~ ^{second} half.
The Director's estimate
will therefore be amended
to stand:

Under Medical is in-
cluded the contribution
from Local Funds to
the Medical College
under Act IV of 1871.
Looking to the large
income from Miscellaneous
Medical in 1880-81,

the Govt. incline to
think that the regular
estimate for 1881-82
will be exceeded, but
no alteration will be
made on that account.
The Marine estimate
includes the receipts
from Pilots as
Madras the Govt.

to Rs. 36,695

are now ²⁵⁰²/₁₁₄ ~~considering~~
the propriety of remaining
pilots receipts and
charges from Provincial
and placing them under
Port Funds. ^{material} ~~no~~ difference
would be caused to
the Budget by such a
transfer, as the income
and outlay nearly
balance one another.

Under Miscellaneous Receipts
Credit is taken for Rs.
30,000, which may be
realised by a payment
from the Village Service
fund; the regular
estimate for ¹⁸⁸¹⁻⁸² ~~this year~~
includes Rs. 70,000
on the same account.

The estimate of Public
Works receipts appears
radically low with
reference to the actuals
for 1880-81 and the

The whole of the
estimate for 1881-82
is based on the supposition
that the Government
of the Madras Presidency
will be able to raise
a loan of Rs. 10,00,000
for the purpose of
improving the roads.

regular estimate, which
exceeds it, the first by
£. 52,000, the latter by
£. 40,000, but as the
assumption that the
~~estimate~~ has been carefully
considered, the estimate
will be allowed to
stand.

Turning now to the
charges, the Government
admits that the estimate
of the Civil Department
is slightly below the
actuals for 1880-81 and
the regular estimate for
1881-82, the last being
more than £. 60,000 less
than the budget estimate.

Expenditure:

× £. 10,50,000

† £. 10,96,000

† £. 10,95,000

The Registration estimate
is as usual well within
the receipts, but is
higher than the actuals
for 1880-81 by £. 6,000,
and the regular estimate
for 1881-82 by £. 4,000.
The necessity for increasing

the strength of the ²⁵⁰² department
has been established
and the enhanced outlay
will thus be rendered
necessary. It may be
remarked that this
Department will under
the decentralisation
scheme be partly im-
perialised, the receipts
being shared, and the
expenses borne, in equal
parts by the Supreme
and Local Governments.
The Police estimate is
again fixed at £.
37,13,000. The regular
estimate for the current
year is slightly less
in amount. The actuals
in 1880-81 were higher
by more than a lakh,
but the extraordinary
expenses in that year
distort the comparison.
For Education, the estimate
of the current year

(to 10,75,000) has been
 repeated, and as the
 actuals in 1880-81 amount
 only to £ 9,58,000 in
 landed timbers, and
 the regular estimate is
 put down at £ 10,07,000,
 the government expect
 the grant will more
 than suffice.

In the Civil Engineering
 College, a grant of £
 48,440 has been made,
 with reference to an in-
 crease in the number of
 apprentice masons
 required by the Public
 Works Department.

It is not expected that
 this increase will be
 permanent.

The charges under medical
 bill for no remark, ex-
 cept that they are a
 little higher than before.

* £ 7,47,563 est. for 1881

† £ 7,30,709 est. for 1882

* £ 270,200

† £ 265,000

* 2502/116

The estimate for building
 at the Govt. and Municipal
 Offices exceeds the estimate
 for the current year by
 about £ 5,000.

The estimate for Station
 has been fixed at £
 3,38,959, and shows
 a decrease of nearly
 half a lakh as com-
 pared with that for
 the current year. The
 regular estimate amounts
 to £ 3,89,000.

As already remarked,
 the Marine Department
 * estimate includes Marine
 pilotage charges, which
 have raised the total
 considerably above the
 † estimate for this year.

In Minor Departments, the
 grant of £ 2,14,596 will
 no doubt prove sufficient.

* £ 43,218

† £ 11,648

320

The estimates of the several
departments included under
this head have been
fixed as for the current
year except as regards
Public Debt which has
been raised by about
£5,000, and Miscellaneous
Establishment for which
an additional grant of
£5,000 is necessary.

Land Office rent, rates
and taxes. The estimate
amounts to £1,11,526
against the current year
estimate of £1,04,276,
to which the regular
estimate is added
approximately. The schools
in 1880-81 were only
£70,147.

Miscellaneous the
estimates are as shown
in the margin.

No special remarks are
required as regards the
various items comprised
by this head, the
Parliament having already
announced in the estimates
and actual outlay
an account of works
of petty construction
and repairs.

The Public Works Dept.
estimate their requirements
at £20,00,000 for
Other Public Works
and £5,00,000 for
Irrigation and Drainage.

It will, His Excellency
the Governor in Council
trust, be found possible
to make the required
allotment hereafter
when the decentralisation
scheme has been intro-
duced. At present
the Govt. regret that
they are unable to

allot now then £2,577,112
in all, which will be
divided as follows:-

Navigation and Stevedoring £2,99,112

Other Public Works £19,00,000

In the event of the
franchise of the port
of India being received
to the extent of £2,75,000
being received shortly,
the total grant will
be increased by that
amount.

For Nylgiri Commemorative
times a special grant
of £50,000 will be
made to be expended
by the Local Board
Magistrate of the Circle.

An addition of £20,343
will be made to the upper
estimate on account of

the sum due from the State of
Mauritius for the purchase of
the land for the purpose of
subject to such change
as the Government may
deem fit to make

accepted against
in G.O. No. 1556 d/
August, 1901.

2502/18 necessary, the Municipal
Services Budget Estimate
for 1902-03 will stand
as shown below:-

Legal Estimate
for 1901-02.

Receipts ... £107,35,565
Charges ... 103,60,757
Surplus = 3,74,606

Estimate for 1902-03.
Opening balance £3,74,606
Receipts ... 106,90,700
Charges ... 108,73,316

The annual abstract gives
the receipts, disbursements
and balance for 1901-02.
The detailed estimate
will be published in
the Port of George
Gazette (together with
the account).

I have not
noted. it is not opposed
to the estimate for 1902-03
which is in accordance with
the estimate for 1901-02.
