GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

24th December 1881, No. 2509.

Famine Expenditure.

Read the following papers:—

From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 6th October 1881, No. 3954 [Current No. 2766].

Book Department.

With reference to the Proceedings of Government in the Revenue Department, No. 687, dated 18th June 1880, and Official Memorandum from the Financial Department, No. 1286, dated 26th July 1881, I have the honor to forward, in continuation of the memorandum submitted with this office letter, No. 4907, dated 23rd December 1880, four statements (A, B, C, and D) showing the state, on 31st July last, of certain advances made during the late famine. Statement A is a summary of Statements B, C, and D, which show in detail the nature of the advances outstanding and the districts to which they appertain.

2. It will be seen from the statements that the outstanding advances amounted, on 31st July last, to Rs. 8,52,164 and comprised the following sums:—

	RS.
I. Advances to Weavers	4,72,651
II. Advances for Seed Grain	70,426
III. Advances under the Land Improvement Act	3,09,087
Total ..	8,52,164

Of this amount a sum of Rs. 3,17,290 is to be accounted for by Messrs. McDowell and Co., being the difference between the estimated value (Rs. 6,65,759) of cloths handed over to them for sale and the amount which had been realized by them and paid to Government up to 31st July, viz., Rs. 3,48,469. It seems desirable that a valuation should be made of the stock now remaining in their hands. Deducting the sum for which they are accountable, the balance of advances outstanding and for which Collectors are directly responsible amounts to Rs. 5,34,874.

3. It appears from the reports received from District Officers, chiefly during the latter half of last year (allowance being made for recoveries since effected), that out of the above balance Rs. 3,08,258 was regarded as recoverable on the 31st July last, being—

	In Cash.	By transfer from other heads erroneously credited.

No. 3	2,26,726	33,103
	2,75,044	33,214
		+ = Rs. 3,08,258

4. There remains therefore an irrecoverable balance of Rs. 2,26,616, which will have to be charged to Famine Relief as follows:—

(1) Adjustable on regular bills	RS.
(2) Loss on the sale of cloths by Collectors	22,217
(3) Advances irrecoverable	973
	1,15,504
	87,922
Total	2,26,616

5. Out of the first of these amounts Rs. 21,375, being the cost of clothing the famine poor in Coimbatore, was, among other items, ordered to be written off in G.O., Revenue Department, No. 243, dated 25th February 1880.

6. Out of the second amount, Rs. 80,463, being the loss sustained by the sale of cloths in Bellary, and Rs. 20,187, being a similar loss in Coimbatore, are also under the notice of Government (*vide* my letter, No. 2349, dated 23rd June 1881, and the Government Order above quoted).

7. Lastly, with regard to the third amount, it is composed of various sums due from persons who are now reported to have died or to have deserted their homes or to be altogether destitute,

Sir,

With reference to the Proceedings of Government in the Revenue Department N: 687 dated 18th June 1880, and Official Memorandum from the Financial Department N: 1286 dated 26th July 1881, I have the honor to forward in continuation of the Memorandum submitted with this Office letter N: 4907 dated 23rd December 1880, 4 Statements (A. B. C. & D) shewing the state on 31st July last of certain advances made during the late Famine. Statement A is a summary of Statements B. C. & D, which shew in detail the nature of the advances outstanding and the districts to which they appertain.

2. It will be seen from the Statements that

that the outstanding advances amounted on 31st July last to Rs. 852,164 and comprised the following sums:-

I. Advances to Weavers	4,72,651
II. Advances for Seed Grain	70,426
III. Advances under the hand Improvement Act	309,087
Total	<u>Rs. 852,164</u>

Of this amount a sum of Rs. 317,290 is to be accounted for by Messrs. McDowell & Co. being the difference between the estimated value (Rs. 665,759) of cloths handed over to them for sale and the amount which had been realized by them and paid to Government up to 31st July viz. Rs. 348,469. It seems desirable that a valuation should be made of the stock now remaining in their hands. Deducting the sum for which they are accountable, the balance of advances outstanding and for which Collectors are directly responsible amounts to Rupees 5,34,874.

3. It appears from the reports received from District Officers, chiefly during the latter half of last year (allowance being made for recoveries since effected) that out of the above balance,

balance, Rs. 308,258 was regarded as recoverable on the 31st July last, being

tioned to be maintaining himself by Cook labor. The land on the
