GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

24th December 1881, No. 2510.

Budget Estimates.

Read the following paper :—

From H. G. TURNER, Esq., Acting Agent to the Governor, Vizagapatam, to the Chief Secretary to Government, dated Bobbili, 1st December 1881, *No.* 837 [*Current No.* 3399].

I have the honor to submit, for the sanction of Government, the Budget Estimate of charges for the Petty Construction and Repairs in the Agency Tracts of this District for the year 1882-83.

2. *New Works*—(*a.*) *Roads.*—A sum of Rs. 7,000 is provided under this head against Rs. 7,950 in the current year. The decrease is owing to several works which were classed under New Works in the budget of the current year being now transferred to Repairs.

3. *Special Assistant Agent's Division.*—Of the sum of Rs. 7,950 provided in the current year's budget Rs. 4,470 were allotted to the Special Assistant Agent's Division, of which only Rs. 1,521 were spent up to the end of October last. The Special Assistant Agent, however, assures that the whole grant can easily be expended before the end of March next.

4. A sum of Rs. 6,000 is provided for the ensuing year for Nowrangapur-Raighur road against Rs. 1,270 of the current year. Eleven miles of this road have been made in the current year and 45 miles yet remain to be made. The Government are aware of the importance of this road which was fully brought to their notice by the late Mr. Irvine and Mr. Garstin in their letters, No. 383, dated 1st December 1879, and 832, dated 1st December 1880, respectively. I beg especially to refer to the remarks made by the former. A large Brinjari traffic passes over this road, and it is likely that when the Potinghi Ghât is opened bandies will pass north along this route to the Central Provinces, and I have therefore entered 6,000 rupees as the estimate for it. The amount retrenched by Government in the estimates for the current year and for 1880-81 had to be struck off from the provision made for this road, so that in the year 1880-81 absolutely no work was done on this road, and only 11 miles have been made this year. Hence the necessity for the large figure entered.

5. *Senior Assistant Agent's Division.*—No provision is made for new works in the Senior Assistant Agent's Division, the three roads from Rayaghada to Chollapadam, Bissemkatak, and Singipuram having been transferred to Repairs.

6. *Principal Assistant Agent's Division.*—A sum of Rs. 1,000 is provided for improving Lammasinghi Ghât against 950 rupees entered in the current year's budget. The ghât is an important one and a bridle path up it is a crying want. From Kondasanta to Lammasinghi is nearly 10 miles. The estimate is made at Rs. 100 a mile. At Kondasanta there is a large weekly market; much of the ghât is very steep and rough, and a new trace is being worked out by Mr. Winterbotham. Rs. 200 a mile would be too small a grant, but the Principal Assistant Agent fears he cannot command sufficient labor to spend more than Rs. 1,000 altogether.

7. (*b.*) *Buildings.*—Rs. 500 are provided for Sanitary Works in Koraput which place if properly drained and kept clean would not prove so unhealthy as it now is. There is urgent need for a Civil Hospital and Dispensary at Koraput. The Police Hospital is quite unsuited to the pressing want of the large staff of Government servants throughout the Division. I therefore enter for this purpose a sum of Rs. 6,000. The existing Medical Staff is quite sufficient to serve both the Hospitals. There is no Chattram or Travellers' Bungalow at Koraput where the inclemency of the climate makes shelter a necessity. The through cart communication from Vizagapatam to the Central Provinces now to be opened render these buildings indispensable, and I request sanction for Rs. 10,000 under these heads. I would draw attention to the fact that estimates for Travellers' Bungalows at Sunki and Potinghi have been passed by Government in the Public Works Department, and if they are necessary at those places they are no less indispensable at Koraput. I beg to explain that I enter these new proposals in this budget because there will be no difficulty in carrying them out by the Agency.

8. The Sub-Magistrate's Office and Jail should be pulled down and rebuilt. An altogether better building is wanted. Under this head I ask for Rs. 3,000. A new office is also wanted at Jeypore for the accommodation of the Magistrate who has been transferred thither from Kotpad. I enter Rs. 5,000 for this building. I would also strongly recommend that houses be built for the Sub-Magistrate and Clerks throughout the Division.

9. *Senior Assistant Agent's Division.*—A provision of Rs. 268 is made for a bungalow at Mettingy. This bungalow is necessary, the village being on a convenient and healthy site near the road from Narayanapatnam to Jeypore, which the late Special Commissioner directed to be carefully looked after.

10. *Principal Assistant Agent's Division.*—The construction of the two bungalows at Dharakonda and Satrapilli, for which Rs. 300 were provided in the current year's budget, could not be undertaken this year, and the same provision is therefore repeated for the ensuing year.

11. *Repairs*—(*a.*) *Roads.*—Rs. 6,350 are provided for the up-keep of roads in the Special Assistant Agent's Division against Rs. 5,550 of the current year. It will be observed from the budget that the roads from Jeypore to Kollar, from Kollar to Govindapilli, and from Govindapilli to Motu, shown in the present year's budget under New Works, are now entered under Repairs. There is therefore an increase in the provision for repairs proportionate to the decrease under New Works. The Potinghi-Koraput and Koraput-Nowrangapur roads are now in good order, and a reduction from Rs. 50 to Rs. 25 a mile is therefore made in the provision for these roads.

12. *Senior Assistant Agent's Division.*—A sum of Rs. 5,160 is proposed for repairs to the roads in the Senior Assistant Agent's Division, against Rs. 5,330 both for New Works and Repairs in the current year. The difference is slight, and calls for no remark.

13. *Principal Assistant Agent's Division.*—A sum of Rs. 2,080 is entered for existing tracks above ghâts in the Principal Assistant Agent's Division at Rs. 20 a mile. This is not more than enough to slope off the banks of some of the worst nullahs which are now almost impassable. In connection with this subject the Principal Assistant Agent writes: "When once the plateau is reached the difficulties to be overcome are comparatively few, and consist chiefly of water-courses with steep banks and muddy bottoms. I have proposed an allotment of Rs. 20 a mile for the tracks above ghâts, which will, I think, suffice to make all these nullahs passable. There are many of them now across which it is very difficult even to lead a horse. If these nullahs were made passable and if tolerable paths were constructed up the ghâts I am certain that a considerable trade on pack bullocks would be carried on. At the same time the dread with which the hills are now regarded by native officials of all ranks would greatly diminish as travelling became easier and supplies more obtainable. In case of sickness it is next to impossible to get a man carried down the ghâts at present. I have written this in fear lest the moderate amount which I have

2510/2

proposed to spend should be cut down as being somewhat more than the usual grant. If there is any chance of getting money I should be glad to have all my figures doubled.

14. (*b.*) *Buildings.*—Several stations having been abandoned by the Police both in the Special and Senior Assistant Agent's Divisions I have taken over three buildings of them in the former Division and eight in the latter and solicit the sanction of Government to my action. The buildings will be useful to the Agency as well as Police officers as rest-houses, the necessity of which in the hill tracts the Government are already well aware of. Considering the facilities which the officers of this department have of taking care of them I propose their transfer from the Police to the Agency Department. In anticipation of the sanction of Government, I included provision for their up-keep in the estimate for repairs to buildings which is as follows.

15. *Special Assistant Agent's Division.*—No provision was made in the current year's budget for repairs to the Assistant Agent's house and the other public offices at Koraput or to the bungalows and Cutcherries throughout the Division. A sum of Rs. 1,615 was passed by the Government in their Proceedings, No. 227, dated 7th February 1881, for the repairs to the house, and Rs. 600 was allotted for repairs to the rest-houses from the money grant for roads. A sum of Rs. 2,950 is now entered in the budget, Rs. 950 for repairs to nineteen rest-houses, and Rs. 200 for repairs to the Government buildings occupied by the Special Assistant Agent and his clerks.

16. *Senior Assistant Agent's Division.*—A sum of Rs. 883 is provided against Rs. 895 of the current year, and the particulars of the provision are given in the budget.

17. *Principal Assistant Agent's Division.*—Rs. 59 for the Gimili Bungalow and Rs. 312 for the bungalows at Chintapalli Gudem, Lammasinghi, Peddavalsa, Koyur, and Lotugedda are provided in the Budget Estimate. These figures call for no remark.

18. The whole amount provided for New Works and Repairs is—

Jeypore country including Rayaghada and Gunapur.

			Rs.	Rs.
New Works	Roads		6,000	
	Buildings		24,768	
Repairs	Roads		11,510	
	Buildings		3,833	
				46,111
Golgonda Hills.				
New Works	Roads		1,000	
	Buildings		300	
Repairs	Roads		2,080	
	Buildings		371	
				3,751
		Total		49,862

19. The Maharaja of Jeypore has been paying 4,000 rupees annually towards the maintenance of roads. He promised the late Special Commissioner that he would raise the contribution to Rs. 10,000, but as I am not certain from what date he will give effect to his promise I take his usual 4,000 rupees only into account in connection with the present budget. This amount being deducted from the whole provision of Rs. 49,862, there remains a balance of Rs. 45,862 for which I have the honor to solicit the sanction of Government.

20. In conclusion I may state that the principal working season in the hills commences from November, and the amount spent up to the end of September last cannot therefore be made a measure for gauging the expenditure of the whole year.

ORDER THEREON, 24th December 1881, No. 2510.

The Agent to the Governor in Vizagapatam submits the Budget Estimate of charges for Petty Construction and Repairs to be executed in 1882-83, explaining the variations as compared with the estimate for the current year.

2. The estimate provides for an expenditure of Rs. 49,862—

New Works.

	Rs.
Roads	7,000
Buildings	25,068
	32,068

Repairs.

Roads	13,590
Buildings	4,204
	17,794
	49,862

As it is not certain from what date the Maharaja of Jeypore will give effect to his promise to raise his contribution to Rs. 10,000, the Agent has only reckoned on the usual grant of 4,000 rupees. Deducting this sum, the amount requiring sanction will be Rs. 45,862. The average outlay for the last three years has been Rs. 13,928. The increase in the present budget is due chiefly to the large provision for "Buildings," "New Works," and "Repairs." The Government accept the Agent's views as to the necessity for these works, and the estimate will therefore be passed for Rs. 45,862.

H. G. Turner Esquire
Ag: Agent to the Governor
Vizagapatam

To

The Hon'ble R. Davidson C.S.I
Chief Secretary to Government
Madras.

Sir,

I have the honor to submit for the sanction of Government the Budget Estimate of charges for the Petty Construction and Repairs in the Agency Tracts of this District for the year 1882-83.

New works.

a Roads.

A sum of Rs 7000 is provided under this head against Rs 7950 in the current year. The decrease is owing to several works which were classed under New works in the Budget of the current year

being now transferred to Repairs.

Special Asst Agents' Division

Of the sum of Rs 7950 provided in the current year's budget Rs 6470 were allotted to the Special Asst Agents' division, of which only Rs 1521 were spent up to the end of October last. The Special Asst Agent however assures that the whole grant can easily be expended before the end of march next.

A sum of Rs 6000 is provided for the ensuing year for Nowrangapur Raighur road against Rs 1270 of the current year. Eleven miles of this road have been made in the current year and 45 miles yet remain to be made. The Government are aware of the importance of this road which was fully brought to their notice by the late Mr Irvine and Mr Garstin in their letters No 323 dated 1st December 1879 and 832 dated 1st December 1880 respectively. I beg especially to refer to the remarks made by the former. A large bringari traffic passes over this road

8510/12

and it is likely that when the Poting to Ghat is opened bandies will pass north along this route to the Central Provinces; and I have therefore entered 6000 Rs as the Estimate for it. The amount retrenched by Government in the Estimates for the Current year and for 1880-81 had to be struck off from the provision made for this road so that in the year 1880-81 absolutely no work was done on this road and only 11 miles have been made this year. Hence the necessity for the large figure entered.

Senior Asst Agents' Division.

No provision is made for new works in the Senior Asst Agents' Division. The three roads from Rayagada to Chatrapasam Bissemkatak and Singipuram having been transfered to Repairs.

Principal Asst Agents Division

A sum of Rs 1000 is provided for improving Lammasingi ghat against 950 Rs entered in the Current year's budget. The ghat is an important one and a little patte up it is a crying want. From Kondalanta

to

to Laumlatinghi is nearly 10 miles.
The Estimate is made at Rs 100 a mile.
At Hosasanta there is a large weekly
market; much of the ghat is very
steep and rough and a new trace is
being worked out by Mr Winterbotham.
Rs 200 a mile would be too small a
grant, but the Principal Asst Agent fears
he cannot command sufficient labour
to spend more than Rs 1000 altogether.

(6) Buildings

Rs 500 are provided for sanitary
works in Koraput where proper
properly drained and kept clean would
not prove so unhealthy as it now is.
There is urgent need for a Civil Hospital
and dispensary at Koraput. The Police
Hospital is quite inadequate to the pressing
want of the large staff of Government servants
throughout the Division. I therefore enter
for this purpose a sum of Rs 6000. The
existing medical staff is quite sufficient
to serve both the Hospitals. There is no
Chuttram or Travellers' Bungalow at Koraput
where

8570/13 48

where the inclemency of the climate makes
shelter a necessity. The through East Communi-
cation from Visagapatam to the Central Provinces
now to be opened renders these buildings
indispensable and I request sanction for
Rs 10,000 under these heads. I would
draw attention to the fact that Estimates
for Travellers bungalows at Sunki and
Potinghi have been passed by Government
in the P.W. Department and if they are necessary
at those places they are no less indispensable
at Koraput. I beg to explain that I enter
these new proposals in this Budget because
there will be no difficulty in carrying them
out by the agency.
The Submagistrates' office and Jail
should be pulled down and rebuilt. An
altogether better building is wanted. Under
this head I ask for Rs 3000. A new
office is also wanted at Jeypore for
the accomodation of the Magistrate who
has been transferred thither from Koldpad

I

I enter Rs 5000 for this building.
I would also strongly recommend that Houses be built for the Submagistrate and Clerks throughout the Division.

A provision of Rs 268 is made for a bungalow at Mathuguy. This bungalow is necessary the village being on a convenient and healthy site near the road from Narayanapatnam to Jeypore which the late Special Commissioner directed to be carefully looked after.

Senior Asst Agents' Division

The Construction of the two bungalows at Sharakonda and Satrapilli for which Rs 300 were provided in the Current years budget could not be undertaken this year and the same provision is therefore repeated for the ensuing year.

Principal Asst Agents' Division

Rs 6350 are provided for the upkeep of roads in the Special Asst Agents' Division against Rs 5550 of the Current year. It will be observed from the budget that the roads from Jeypore to Kolar from

Repairs (a) roads

from Kolar to Govindapilli and from Govindapilli to Moto shown in the present year's budget under new works are now entered under Repairs. There is therefore an increase in the provision for repairs proportionate to the decrease under New works. The Potinghi Koraput and Koraput-Nowrangapur roads are now in good order and a reduction from Rs 50 to Rs 25 a mile is therefore made in the provision for these roads.

2510
14

Senior Asst Agents' Division.

A sum of Rs 5160 is proposed for repairs to the roads in the Senior Asst Agents' Division against Rs 5330 both for new works and Repairs in the Current year. The difference is slight and calls for no remark.

Pl. Asst Agents' Division—

A sum of Rs 2080 is entered for existing tracks above ghats in the Principal Asst Agents' Division at Rs 20 a mile. This is not more than enough to stope off the tracks of some of the worst nullahs which are

provision for their upkeep in the Estimate for repairs to buildings which is as follows.

Special Asst Agents' Division

No provision was made in the current year's budget for repairs to the Asst Agents' house and the other public offices at Koraput or to the bungalows and cutcheries throughout the Division. A sum of Rs 1615 was passed by the Government in their Proceedings No 227 dated 7th February 1881 for the repairs to the house and Rs 600 was alloted for repairs to the rest houses from the money grant for roads.

A sum of Rs 2950 is now entered in the budget. Rs 950 for repairs to 19 rest houses and Rs 200 for repairs to the Government buildings occupied by the Special Asst Agent and his Clerks

Senior Asst Agents' Division

A sum of Rs 883 is provided against Rs 895 of the current year and the particulars of the provision are given in the Budget.

Principal Asst Agents' Division

2510/16

Rs 59 for the Guinth bungalow and Rs 312 for the bungalows at Chintapalli Gudem, Lammatinghi, Pradavula, Koyur and Lotugedda are provided in the Budget Estimate. These figures call for no remark.

The whole amount provided for new works and Repairs is

Jeypore Country including Rayagada & Gunapur

New works	Roads —	6000	
	Buildings —	2468	
Repairs	Roads —	7310	
	Buildings —	3833	46111

Golugonda Hills.

New works	Roads —	1000	
	Buildings —	300	
Repairs	Roads —	2080	
	Buildings —	371	3751
			49862

The Maharajah of Jeypore has been paying 4000 Rs annually towards the maintenance of roads. He promised the late Special

2570
17

Commissioner that he would raise the Contribution to Rs 10,000, but as I am not certain from what date he will give effect to his promise I take his usual 4000 Rs only into account in Connection with the present budget. This amount being deducted from the whole provision of Rs 49,862, there remains a balance of Rs 45862 for which I have the Honor to solicit the sanction of Government.

In Conclusion I may state that the principal working season in the hills Commences from November and the amount spent up to the end of September last Cannot therefore be made a measure for guaging the expenditure of the whole year.

I have the honor to be

PROCEEDINGS of the MADRAS GOVERNMENT. 2570/18

READ the following letter from the Agent to the Governor in Vizagapatam, dated 1st December 1881, No. 837.

Order thereon, 24th December 1881, No. 2570

The Agent to the Governor in Vizagapatam submits the budget estimate of charges for petty construction & repairs to be executed in 1882-83, explaining the variations as compared with the estimate for the current year.

2. The estimate provides for an expenditure of Rs 49,862.

Nov

New works

Roads	Rs	7,000
Buildings	"	25,068
		32,068

Repairs

Roads	"	13,590
buildings	"	4,204
		17,794
		49,862

As it is not certain from what date the Maharaja of Jeypore will give effect to his promise to raise his contribution to Rs 10,000, the Agent has only reckoned on the usual grant of 4,000 Rs. Deducting this sum, the amount requiring sanction will be Rs 45,862. The average outlay for the last three years has been Rs 13,928. The increase

Actuals Rs
1878-9. 14,164.
1879-80. 11,375.
1880-81. 16,246.
Estimates
1881-82. 14,000.
1882-83. 45,862.

increase in the present budget is due chiefly to the large provision for "Buildings" - "New Works" and "Repairs". The Government accept the Agent's views as to the necessity for these works, and the estimate will therefore be passed for Rs 45,862.
