GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

18th March 1881, No. 464.

Vaccination Rules.

Read the following paper :—

No. 91. *Proceedings of the Board of Revenue, dated 15th February 1881, Miscellaneous No. 1641 [Current No. 399.]*

Read the following letter from Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated 27th January 1881, No. 80 :—

With reference to Board's Proceedings, Miscellaneous No. 634, dated 22nd instant, I have the honor to remark that if, as stated by the President of the Local Fund Boards, Ganjam, it is difficult to obtain suitable Telugu men answering to the conditions of the Vaccination Code as First-class Vaccinators, I have no objection to the relaxation of the Rules 1 and 2 of Section 4 of the Code for the Ganjam District, as a special case, in favor of Oriya men, who are reported to be more popular.

2. The promotion made by the President of an Oriya Second-class Vaccinator to the First-class grade, which gave rise to this reference, may, under the circumstances stated, be sanctioned.

Submitted (with copy of Board's Proceedings, dated 22nd January 1881, Miscellaneous No. 634) for the orders of Government.

2. The Board recommend that in Ganjam, authority to relax the rules as proposed may be delegated to the President, to be used in such cases as he may think necessary.

ENCLOSURE No. 1.

Proceedings of the Board of Revenue, dated 22nd January 1881, Miscellaneous No. 634.

Read the following letter from G. D. LEMAN, Esq., President of the Local Fund Boards, Ganjam, to the Secretary to the Board of Revenue, dated Chatrapur, 13th December 1880, No. 3233 :—

I have the honor to request that the Board of Revenue will obtain for this district a relaxation of the Rules 1 and 2 of Section 4 of the Vaccination Code in regard to the requisition that the First-class Vaccinators must be able to read and write both English and Vernacular of the district.

2. The condition in question excludes from promotion the Oriya Vaccinators, who are more popular and therefore do far more work than the Telugus.

3. The knowledge of English is not, as it seems to me, by any means necessary for these men.

4. A vacancy has now occurred in the First-class, and I have, in anticipation of the sanction of Government, promoted an Oriya Second-class Vaccinator, who has turned out by far the largest number of successful cases though he does not know English, and I trust that the Board will see fit to recommend, and Government to accede to, my recommendation.

With reference to G.O., dated 27th August 1878, No. 1530, the Board, before submitting this proposal to Government, request that the Sanitary Commissioner will favor them with his opinion.
