GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

4th April 1881, No. 590.

Local Funds—Budgets.

Read the following paper :—

*Proceedings of the Board of Revenue, dated 23rd March 1881, No. 3061 (Miscellaneous)
[Current No. 760].*

Read the following letter from H. B. GRIGG, Esq., Director of Public Instruction, to the Secretary to the Board of Revenue, dated 15th December 1880, No. 5813 :—

Adverting to the Budget Estimate of the Cocanada Circle for 1881-82, I have the honor to state that the provision made therein for education may be regarded as sufficient.

2. The sale proceeds of books are estimated at Rs. 500. The commission on this amount comes to Rs. 75, or in round number Rs. 80. The amount entered is Rs. 100.

3. According to Statement III-A, Kameswara Row, Teacher, Ravivaripadu School, appears to be uncertificated, and, as such, he is entitled to one-third grant, and not to a half grant as is provided.

4. Mr. Monro, Inspector of the First Division, made a proposal to the Local Fund Board to establish an Industrial School at Cocanada, the cost to be met from the savings in results grants to combined schools. The Collector seems to have been strongly in favor of Mr. Monro's proposal, but it was not sanctioned by the Local Fund Board on the plea of want of funds. The enclosed letter of Mr. Monro to the President, Local Fund Board, urging the necessity for establishing an Industrial School, and giving a rough estimate of the cost of the institution, is enclosed for perusal and return. I consider the proposal a good one, and regret that it did not receive the support of the Board.

5. Mr. Monro also brings to notice that the Deputy Inspector fears that some of the schools doing good work will, before long, have to be closed, if the amount now expended on education in the circle is reduced to 50 per cent. of the General Fund, Rs. 30,000, an amount which he regards as sufficient to meet only two-thirds of the probable ordinary charges. He agrees with the suggestion of the Deputy Inspector either to increase the rate of Land Cess from 9 pies to 1 anna, as is the case in several districts, or to raise the proportion sanctioned for education which at present falls short of one-sixth of the receipts, the rate usually allowed for educational purposes. Considering the wealth of the circle, there cannot be much objection to raising the cess, but, unless the law is changed, two-thirds of the additional cess would go to the Road Fund. The addition which would thus be caused to the General Fund would not increase the income of that fund to such an extent that one-half of it would suffice for the ultimate educational requirements of the circle. I would, therefore, submit that, if the rate is raised and the roads of the circle are sufficiently provided for, the law should be amended so as to allow one-half the yield of the Land Cess to be carried to the General Fund, half of which should be devoted to educational purposes.

Submitted to Government in continuation of Board's Proceedings, dated 26th November 1880, No. 1806, reviewing the Local Fund Budget of the Cocanada Circle for 1881-82.

Vide paragraph 10 of their Proceedings quoted in the preceding paragraph.

2. The mistake pointed out in paragraph 2 of the Director's letter has already been noticed and rectified by the Board.

3. The alteration suggested in paragraph 3 of the letter will be made in the budget on its return from Government.

4. The President will lay the letter before the Circle Board and report their views.

CURRENT No. 760/81

Proceedings of the Board of Revenue

Dated 23rd March 1881

Read the following
No. 5813.

From
The Director of Public Instruction
Madras

To
The Secretary to the Board of
Revenue, Chospa

Sir,
Adverting to the Budget
Estimate of the Cocanada
Circle for 1881-82. I have the honor
to state that the provision made
therein for Education may be
regarded as sufficient.

2. The sale proceeds of books
are estimated at Rs 500. The
Commission on this amount
comes to Rs 75 or in round number
Rs

Especially the amount entered is
Rs 100.

3. According to statement IIIA, Kameswara Rao, Teacher, Ravi-
varipadu school appears to be
uncertificated and as such
he is entitled to one third grant
and not to a half grant as is
provided.

4. Mr. Morris, Inspector of the
1st Division made a proposal
to the Local Fund Board to
establish an Industrial school
at Gocanada. The cost to be met
from the savings in Result
grants to combined schools.
The Collector seems to have been
strongly in favor of Mr. Morris's
proposal, but it was not sanc-
tioned by the Local Fund Board
on

on the plea of want of funds.
The enclosed letter of Mr. Morris to
The President, Local Fund Board,
urging the necessity for estab-
lishing an Industrial school and
giving a rough estimate of the
cost of the institution is enclosed
for perusal and return. I
consider the proposal a good one
and regret that it did not receive
the support of the Board.

5. Mr. Morris also brings to notice
that the Deputy Inspector fears
that some of the schools doing
good work will, before long,
have to be closed, if the amount
now expended on education in
the circle is reduced to 50 per cent
of

of the General fund Rs 30,000
an amount which he regarded
as sufficient to meet only two-thirds
of the probable ordinary charges.
He agrees with the suggestion
of the Deputy Inspector either to
increase the rate of Land Cess
from 9 pies to 1 anna as is the case
in several districts or to raise
the proportion sanctioned for
Education which at present falls
short of one-sixth of the receipts.
The rate, usually allowed for
Educational purposes. Considering
the wealth of the Circle, there
cannot be much objection to
raising the Cess, but unless the
Law is changed two-thirds of
the additional Cess would go

to the Road fund. The addition
which would thus be caused
to the General fund would not
increase the income of that fund
to such an extent that one half
of it would suffice for the
ultimate Educational re-
quirements of the Circle. I would
therefore submit that if the
rate is raised and the roads
of the Circle are sufficiently
provided for, that the Law should
be amended so as to allow
one half the yield of the Land
Cess to be carried to the General
Fund, half of which should
be devoted to Educational
purposes.
