GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

23rd April 1881, No. 705.

Municipal-Budgets.

Read the following paper:—

From H. D. COOK, Esq., M.B., Vice-President of the Municipal Commission, Vellore, to the President of the Municipal Commissions, North Arcot District, dated 21st February 1881, No. 656 [Current No. 616].

I have the honor to forward, herewith, the Budget Estimate for the ensuing year 1881-82, as approved by the Commissioners at their meeting held on the 17th February 1881.

2. The taxes imposed under Act III of 1871 are the Rates on Houses at 5 per cent. on the rental value under Section 40, the Tax on Arts, Trades, and Professions under Section 57, the Tax on Vehicles and Animals under Section 63, the Registration of Carts under Section 75, Tolls at half and three-quarter rates under Section 78, and the License Tax under the Madras Act VI of 1880. The Commissioners propose to continue these taxes, and not to impose any fresh taxation.

3. The receipts, including the anticipated closing balance at the close of the current year, will be Rs. 54,576, and the expenditure will be Rs. 53,353, leaving a balance of Rs. 1,223 at the close of 1881-82. The above receipt and expenditure also include the following contributions, &c., received annually from Government and other sources, amounting to Rs. 8,912, which the Commissioners will expend for the Civil Dispensary and the Lungerkhana:—

Contribution from Government on account of Lungerkhana ..	RS.
Do. do. do. of Civil Dispensary ..	4,176
Do. from Local Fund do. do. ..	2,200
Interest on the invested capital for Civil Dispensary ..	2,244
Do. do. for Lungerkhana ..	112
Private Contribution ..	80
Sale of Medicines, &c. ..	50
	50
Total ..	8,912

4. A sum of Rs. 4,410 has been provided in the budget on account of the

I am of opinion that the Commissioners' request cannot be acceded to, as, whatever may be their expenses, they should contribute towards the watch and ward of the Municipality—a matter of great importance to its well-being; and if it was once conceded that a Municipality could procure exemption from its liability in this respect because some costly Municipal improvement is contemplated, every Municipality in the Presidency would hasten to divest itself in like manner of what, no doubt, is a heavy charge on its annual income.—W. S. W., President.

5. The estimate has been framed on the assumption that the Municipality remains on its present condition as regards the cantonment during the ensuing year.

6. The following statements show the estimated receipts and charges of the Municipality for the ensuing year contrasted with those of the current year:—

7. The increase under the head of "Opening balance" is due to the non-expenditure of Rs. 5,700 allotted for drainage, as the Commissioners have postponed the construction of new drains until a well-devised scheme is prepared and approved by Government, as stated in their Order, No. 217, dated 29th January 1880.

8. The decrease under "Rates on Houses" is due to over-estimation last year. The non-imposition of the "Rates on Lands" has been reported to Government, and they in their Order, No. 1633, dated 26th August 1880, have ordered to hold in abeyance the levying of "Rates on Lands."

9. The decrease under "The Madras License Tax" is due to the revision of the tax under Act VI of 1880, by which all those who are liable to pay Rs. 4 have been exempted from the tax.

10. The increase under the head of "Contribution from Local Funds" is due to the rise of the contribution from Rs. 750 to one-half of the net expenditure of the Civil Dispensary (*vide* G.O., No. 1873, dated 29th September 1880).

11. The increase under "Fines and Fees" is due partly to the under-estimation last year under Magisterial fines, and partly to the collection of fees from the carts entering the Municipal cart-stand.

12. The variation in the other items under Receipts being slight, require no remarks.

13. Turning to the expenditure the allotment for Public Works or Grant No. I is Rs. 15,115, or 28.33 per cent. of the whole expenditure, as the Commissioners have resolved to remetal the Kátpádi road, and to go on with the drainage scheme, for which they have proposed to get a competent Engineer.

14. The allotment for Grant No. II is Rs. 1,700, or 3.18 per cent. of the whole expenditure.

The allotment under this grant includes the pay, Rs. 10 per mensem, of a vaccinator engaged by the Commissioners to vaccinate the Mahomedan and other Gosha women of Vellore who are loathe to admit a vaccinator into their dwellings. This addition to the vaccine establishment has been made with special reference to the remarks of the Sanitary Commissioner in his notes on the inspection of the Vellore Municipality.—W. S. W., President.

15. The allotment for Grant No. III is Rs. 16,510, or 30.94 per cent. of the whole expenditure.

16. The allotment for Grant No. IV is Rs. 15,828, or 29.66 per cent. of the whole expenditure.

17. The allotment for Grant No. V is Rs. 4,100, or 7.68 per cent. of the whole expenditure.

The President has no further remarks to offer, as the estimates have been carefully drawn up, and the cause of the increase and decrease in each item between the present estimates and those of 1880-81 are clearly explained in the accompanying regular estimates.

POLUR,
8th March 1881.
To the Chief Secretary to Government.

President.

2. The incidence of taxation, excluding tolls, according to the regular estimate, is Annas 7 per head. The taxation still remaining to be utilised is (1) the rates on houses and lands at $2\frac{1}{2}$ per cent., (2) registration of carts at 1 rupee per cart per half-year, and (3) tolls at half and quarter rates under Schedule D. The assets of the Municipality at the end of the official year 1879-80 including Rs. 17,450, the value of premises, were Rs. 28,064. The unpaid liability was Rs. 3,265.

3. The regular estimate seems to have been correctly prepared except in the items of "Medical College" and "Sanitary Inspection" under Grant III and "License Tax" under Grant IV. The contribution to the Medical College at 5 per cent. of the receipts (excluding the opening balance and license tax collections) should be Rs. 210 and not Rs. 260. A similar provision should be made for the additional sanitary establishment. The amount under "License Tax" should be Rs. 3,670, which is the amount less commission payable to the Municipality.

4. The variations under the several heads in the regular estimate compared with the sanctioned estimate have been satisfactorily accounted for in the remark column of Statement VI-A. The estimate is approved.

5. The estimated receipts for 1881-82 follow closely the regular estimate for 1880-81 and call for no remark. A marked variation occurs under "Contribution from Local Funds" due to the increased contribution towards the Civil Dispensary of one-half of its net cost.

6. In reviewing the budget estimate for 1880-81 the Government directed that provision at 5 per cent. of the receipts should be made under Grant III for the additional Sanitary establishment sanctioned in G.O., dated 21st October 1879, No. 1537. This has been again omitted. An allotment of Rs. 210 should be made for the purpose. The note to Statement II, showing the position of the Municipality, should have been omitted as it is intended for submission only with the annual reports and accounts.

7. The estimated charges for 1881-82 compared with those of the previous year show an increase of expenditure under Grant I, which has been accounted for by the Vice-President. The other grants exhibit no marked difference.

8. The alterations noticed above in paragraphs 3 and 6 reduce the closing balance to Rs. 530. The budget should however in future be so framed as to provide for a working balance or reserve in hand of not less than 10 per cent. of the receipts.

9. The Government concur with the President that the Commissioners cannot be relieved of their obligations in respect to contribution towards the Town Police charges for watch and ward.

10. Subject to the above remarks, the Right Honorable the Governor in Council passes the Vellore Municipal Budget for 1881-82.

Sir,

I have the honor to
forward herewith the Budget
Estimate for the ensuing year
1881-82, as approved by the
Commissioners at their meeting
held on the 17th February 1881.

2. The Taxes imposed
under Act III of 1871, are the
Rates on Houses at 5 per Cent.
on the rental value under
Section 40, the Tax on Arts,
Trades, and professions under
Section 57, the Tax on Vehicles
and Animals under Section
63, the Registration of Carts
under Section 75, Tolls at half
three quarter rates under Section
78 and the License Tax under
the Madras Act VI of 1880.
The Commissioners propose to
continue these Taxes and not
to impose any fresh Taxation.

and the Expenditure
will be 53353,
leaving a balance
of Rs 1223 at the
close of 1881-82.

The above Receipt
and Expenditure
also include the
marginally noted
Contributions &c.
received Annually
from Government
and other sources,
amounting to
Rs 8912, which
the Commissioners
will expend for
the Civil Dispensary
and the Sump
Khana.

4. A Sum of Rs 4410 has
been provided in the Budget
on account of the Police for the
ensuing year, but the Com-
missioners respectfully
request they may be relieved
from this burden as large
sums of money are required
for drainage purposes.

7. The increase under the head of "Opening Balance" is due to the non-expenditure of Rs 5700 allotted for Drainage, as the Commissioners have postponed the construction of new drains until a well devised scheme is prepared and approved by Government as stated in their Order No 217 dated 29th January 1880.

8. The decrease under "Rates on Houses" is due to over estimation last year. The non imposition of the "Rates on Lands" has been reported to Government and they in their order No 1633 dated 26th Aug 1880, have ordered to hold in abeyance the levying of "Rates on Lands".

9. The decrease under the "Madras License Pay" is due to the revision of the Tax under Act VI of 1880, by which all those who are liable to pay Rs 4 have been exempted from the Tax.

10. The increase under the head of "Contribution from Local Funds" is due to the rise of the Contribution from Rs 750 to one half of the net expenditure of the Civil Dispensary vide G.O. 1873 dated 22nd September 1880.

11. The increase under "Fines and Fees" is due partly to the under estimate last year under Magisterial fines and partly to the Collection of fees from the Courts entering the Municipal Court & stand.

12. The variation in the other items under Receipt being slight, require no remarks.

13. Turning to the Expenditure the allotment for Public Works or Grant No. I. is Rs 15,115 or 28.33 per cent of the whole Expenditure as the Commissioners have resolved to remodel the Colpady Road and to go on with the Drainage Scheme for which they have proposed to get a Competent Engineer.

14. The allotment for Grant No. II. is Rs 1700 or 3.18 per cent of the whole Expenditure.

VI. A Estimate of Charges

205/15

Explanation of Variations between Columns 5 and 6

The difference is due to over estimation. Last year.

The increase is due to the construction of a portion of the Lyngim Nopl Sanctioned by the Govt in their Order No 21239 dated 4 December 1880. The Govt are not willing to do any drainage works until the well devised scheme which is under preparation is made ready and approved by Govt. Vide Govt. Order No 217 dated 29 January 1880. As the large good water tank called Sopringentah became dry before monsoon and there was no drinking water available for the people a few pits were dug in the middle of the tank for supplying water.

As the Commission now propose to remodel the Gorthady & Ance Roads in the next year hence the saving is made.

The increase is due mostly to the conversion of a portion of the Municipal Office buildings into Branch Dispensary which was not estimated for.

The increase is due to the entertainment of 20 Road men on monthly salary of Rs 4 each since the middle of December 1880. The increase is due to under estimation last year.

16

Explanation of Variations between Columns 5 and 6

The difference is due to the placing of the Municipal Schools under the Combined or Salary Grant System. The decrease is due to the saving in contingency.

The saving is due to the abolishment of the Inspecting School Master ship as such is not necessary owing to the placing of the Muni. Schools under Combined system. The foregoing remarks are also applicable to this.

The saving is due to the non-entertainment of a separate Establishment for the Lying in Hosp. for want of a suitable building, & for which the Commission are now constructing a new one in accordance with G.O. No 2239 dated 1. Decr. 1880. The saving is due to the non supply of the medicines which were separately allotted for, for the Branch Dispensary. The excess under these two heads is due to under estimation last year.

As no suitable building was available for Lying in Hospital the estimated sum was not spent.

The difference is due to under estimation last year, and the payment of the difference of Rs 4-14-8 for 1878-79 and Rs 21-11-5 for 1879-80.

Explanation of Variations between Columns 5 and 6.

The increase is due to the additional Establishment entertained for drawing water from the Fort ditch for cleaning the House as its well became ruined.

The difference is due to the over estimation last year

Do Do Do

Do Do Do

The decrease is due to the revision of the Tax under Bd. VI of 1880 according to G. O. No 1123 dated 14th June 1880.

As the trees in the Station have suffered greatly from gales, several young trees had to be planted in the Avenue besides in Topes, hence the expenditure had been incurred.

The decrease is owing to over estimation last year.

The increase is owing to the entertainment of some clerks who had been sanctioned by Govt. in their Order No 1349 dated 13th July 1880. The excess is due to under estimation last year.

The increase is due to the entertainment of a Bailiff and a Gomastah which has been sanctioned by Govt. in their Order No 1349 dated 13th July 1880.

The increase is due to payment of Rs 21 on account of 1879-80 and Rs 11 on account of pension & leave allowances in accordance to G. O. No 1876 dated 29th September 1880.

2. The incidence of taxation, including tolls, according to the regular estimate is annas 7 per head. The taxation still remaining to be utilised is (1) the rates on houses and lands at 2 1/2 per cent, (2) registration of carts at 1 Rupee per cart per half year

(3) tolls at 1/2 & 1/4 rates under schedule

D. The assets of the Municipality at the end of the last official year including Rs 17450, the value of premises, were Rs 28064. The unpaid liability was Rs 3265.

3. The regular estimate seems to have been correctly prepared except in the items of "Medical College" & "Sanitary Inspection" under grant III

Rs 1679/50

2. The

And "License Tax" under
grant II. The contribution
to the Medical College at .5 per cent
of the receipts (including the
opening balance & license tax
collections) should be Rs 210
& not Rs 260. A similar
provision should be made for
the additional Sanitary establish-
ment. The amount under
"License Tax" should be Rs 3670
which is the amount less com-
mission payable to the mu-
nicipality.

4 The variations under the
several heads in the regular
estimate compared with the
sanctioned estimate have
been satisfactorily accounted
for

for in the remark column of
Statement VIIA. The estimate is
approved $\frac{905}{25}$

5 The estimated receipts for
1881-82 follow closely the regular
estimate for the ^{1880/1} current year &
call for no remark. A
marked variation occurs under
"Contribution from Local Funds" due
to the increased contribution towards
the Civil dispensary of one half
of its net cost

6 In reviewing the budget estimate
for 1880-81 the Govt directed that
provision at .5 per cent of the
receipts should be made under
Grant III for the additional sani-
tary establishment sanctioned
in

in G. O of 21st October 1879
Rs 1537. This has been again
omitted. An allotment of
Rs 210 should be made for
the purpose. The note to
Statement II shewing the
position of the Municipality
should have been omitted
as it is intended for submission
only with the annual reports
& accounts.

7 The estimated charges
for 1881-82 compared with
those of the ^{previous} current year
shew an increase of expenditure
under grant I which
has been accounted for by
the Vice President. The
other

205/27 WP 27

other grants exhibit no
marked difference.

8 The alterations noticed
above in paras 3 & 6
reduce the closing balance
to Rs 530. The budget should
however
in future be so framed
as to provide for a working
balance or reserve in hand
of not less than 10 per cent.
of the receipts.

9 The government concur
with the President that the
Commissioners cannot be
relieved of their obligations
in

12/30/5

in respect to contribution
towards the police charges
for watch tower -

10 Subject to the above
remarks the Right Honorable
the governor in Council
passes the Vellore Municipi-
-pal budget for 1881-82
