GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

26th April 1881, No. 722.

Municipal—Budgets.

Read the following papers:—

From V. RAJAGOPALA CHARI, Vice-President of the Municipal Commission, Tinnevely, to the President of the Municipal Commissions, Tinnevely District, dated 20th January 1881, No. 20 [Current No. 273].

I have the honor to submit, herewith, the Budget Estimate of receipts and expenditure of the Tinnevely Municipality for the ensuing year 1881-82 revised, as suggested by you, by the Commissioners in their meeting, dated the 17th instant.

2. The receipts were estimated generally so as to tally with the figures in the regular estimate for the current year except in the following items.

3. *Taxes on Arts, &c.*—A retrenchment of Rs. 500 was effected with a view to give a wide scope to the principle* suggested by the High Court that income should be taken as the guide in classifying persons liable to the tax.

* *Indian Jurist* for August 1880, Volume 4, page 403, Referred Case No. 2 of 1879.

4. The registration fees on town carts is reduced to half the maximum rate, with a view to relieve the poor cartmen from the heavy rate of three-fourths which is being levied in the current year.

5. The tolls were reduced, also, to the old half of the maximum rates, as the Commissioners have found on experience that the increased rate of three-fourths of maximum tends only to the evasion of tolls without any corresponding benefit in way of increase of revenue. This tax is, besides, one levied from outsiders on traffic, and should therefore, the Commissioners think, be necessarily reduced.

6. A reduction of Rs. 140 is also made in school fee collections, as the Commissioners intend to lower the standard of the Municipal School to elementary teaching instead of middle-class teaching as at present.

7. *Miscellaneous.*—Rs. 119, which is a miscellaneous item obtained by sale of waste land, &c., in the current year, is omitted from the budget for 1881-82.

8. Under *Expenditure, Grant I*, a sum of Rs. 100 is provided for the construction of a toll-shed; Rs. 200 for a bathing-ghât; and Rs. 350 for new latrines and urinals.

9. Under *Repairs* a provision of Rs. 500 is made for the improvement of the stalls in the meat and Pennington markets; Rs. 700 for the improvement of the drainage of the town; and Rs. 1,600 and Rs. 147 for the upkeep of the roads, &c., and the existing latrines.

10. *Grant II.*—The teaching staff of the Municipal School is reduced to three from four, and their pay also to Rs. 14-8-7, for the reasons stated in paragraph 6 above.

11. *Grant III—Conservancy.*—A sum of about Rs. 300 more than the current expenditure is provided with a view to increase the number of supervising peons and the working staff of sweepers. The usual charge only for vaccination is provided, as the vaccinators who are now employed do not themselves get sufficient work in the town. Though Rs. 14-11-9 only will be spent out of Rs. 30 allotted for contingencies in the current year, yet the same amount is set apart for the ensuing year, with a view to encourage vaccination, if possible, by giving more freely batta to vaccinated children.

12. *Grant IV.*—An increased provision of Rs. 200 is made also on account of lighting in the next year, and the Police charges are provided for according to the estimate furnished by the Superintendent.

13. *Grant V.*—Provision of Rs. 200 is also made on account of charge of publication in the District Gazette, the Municipal Proceedings and reports.

14. In conclusion the Commissioners regret much to find that, notwithstanding the introduction of all the taxes provided for by the Act to as high an extent as is consistent with the limited means of the townsmen, they are not in possession of requisite funds to effect any substantial sanitary reform in the town such as extending the too thickly populated town so as to give additional site for new houses being built, the securing of pure water-supply, and the improvement of drainage, &c. They earnestly request, therefore, that at least they should be relieved of the heavy drain on their funds on account of Police charges when only they will be in a position to do something towards the attainment of the above objects. On this subject, however, I beg to state I shall submit a separate report.

15. The estimate furnished by the Superintendent of Police of the cost of Police Force maintained in the town, as well as an extract from the budget and this report to be sent to the Sanitary Commissioner, are herewith forwarded. An extract from the budget relating to Imperial License Tax is also submitted for submission to the Board of Revenue.

10. The Budget Estimates for 1881-82 were reconsidered, and resolved that the following amendments be made in the budget passed at meeting, dated 27th December 1880 :—

	Rs.
Tolls at half the maximum rates	4,050
Registration of Carts at maximum rates	850
Opening balance to be raised to	1,450
300 rupees being the expected saving from gazetting charges.	

EXPENDITURE.

GRANT I—New Works—	
Omit new drainage works	400
Latrines reduce by	150
Repairs—	
Drainage reduce by	200
Water-supply omit	300
GRANT I—Education—	
Reduce by Rs. 504 retaining three teachers at Rs. 14-8-7 and a Masalgi on Rs. 3.	
GRANT V—Gazetting Charges—	
Reduce by	300

Resolved, also, that the President be requested to move the Government to relieve the Municipality from Police charges entirely, and if this be not possible to reduce at least the Police Force. The Commissioners are of opinion that one European Head Constable and four Constables might be dispensed with without affecting the efficiency of the Police Establishment.

(True Extract.)

(Signed) V. RAJAGOPALA CHARI,
Vice-President.

No. 129.

1. Estimated cost of the expenditure of the Police Establishment. Submitted to Government for sanction with the papers noted in the margin.
2. Resolution of the Commissioners. 2. I think the Commissioners have done wisely in reducing tolls, as three-fourths of the maximum is found to be an excessive tax on traffic. I share the regret they express that the funds at their disposal are so extremely limited as to preclude all hope of effecting any material improvements in the way of drainage, &c.
3. The License Tax account has been submitted to the Board of Revenue for revision, as per G.O., No. 1548, dated 10th August 1880.

TINNEVELLY,
28th January 1881.

(Signed) J. B. PENNINGTON,
President.

To the Chief Secretary to Government.

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 14th February 1881, No. 144 [Current No. 381].

I have the honor to report, for the information of Government, that the provision made by the Tinnevely Municipality for Sanitary purposes for the year 1881-82 may be accepted. It amounts to Rs. 5,615 or 28.5 per cent. of income.

2. The Vaccination grant is the same as that for the current year, viz., Rs. 234. The Commissioners employ two vaccinators, one second-class man on Rs. 10 and another on Rs. 7 per mensem. Rs. 30 are set apart for contingencies.

ORDER THEREON, 26th April 1881, No. 722.

The estimated receipts and charges of the Tinnevely Municipality for 1881-82 are contrasted below with the sanctioned and regular estimates for the previous year:—

2. The incidence of taxation according to the regular estimate exclusive of Tolls is Annas 9, Pies 6. The items of taxation which remained to be utilised in 1880-81 were 1½ per cent. on House and Land Tax, one rupee per annum of the maximum fee for Cart Registration, and one-fourth schedule rates under Tolls. The assets of the Municipality on the 31st March 1880, including Rs. 20,000 the value of premises, were Rs. 22,630, and the unpaid liability Rs. 540.

3. The regular estimate has been correctly prepared. The allotment for Sanitary Inspection should have been shown separately and not included under Conservancy. The small amount shown as advanced recovered represents the actual recovery within the first eight months of the year, and will therefore be allowed to stand.

4. The variations of the regular estimate as compared with the budget figures for 1880-81 are few and unimportant and are fully explained.

5. The estimate of receipts for 1881-82 is correctly prepared.

6. It is proposed to reduce taxation under Cart Registration and Tolls from three-fourths to half the maximum rates under the Act. The Vice-President's statement that the levy of the higher rate tends only to the evasion of tolls "without any corresponding benefit in way of increase of revenue" is not supported by the facts; the figures in the margin show that the enhancement of the rate was coincident with a proportionate rise in the receipts. The proposition as the Commissioners strongly urge; but the Government would desire them to reconsider their decision on this matter especially in view of their request to be relieved of the Police contribution, which cannot be entertained. There is no apparent reason why an important station like Tinnevely should be unable to bear an amount of Municipal taxation which is much below that assumed by other less important towns.

7. In the estimate of charges, the provision for the Municipal School is reduced owing to the contemplated lowering of the standard from middle to lower class. The other items do not call for remark.

8. With the above remarks the Right Honorable the Governor in Council passes the budget of the Tinnevely Municipality for 1881-82.

Sir, I have the honor to submit
herewith, the Budget Estimate of
receipts and expenditure of the Tinnevely
Municipality for the ensuing year 1881-82
revised, as suggested by you, by the
Commissioners in their meeting dated
the 17th Instant.

2. The receipts were estimated
generally so as to tally with the figures
in the regular estimate for the current
year except in the following items:—

that income should be taken as the guide in classifying persons liable to the tax.

4. The registration fees on Town carts is reduced to half the maximum rate with a view to relieve the poor cart-men from the heavy rate of $\frac{3}{4}$ ^{tho} which is being levied in the current year.

5. The tolls were reduced also to the old half of the maximum rates, as the Commissioners have found on experience that the increased rate of $\frac{3}{4}$ ^{tho} of maximum tends only to the evasion of tolls without any corresponding benefit in way of increase of revenue. This tax is besides one levied from outsiders on traffic and should therefore, the Commissioners think, be necessarily reduced.

7. Miscellaneous - Rs 119 which is a miscellaneous item obtained by sale of waste land &c in the current year is omitted from the budget for 1881-82.

8. Under expenditure Grant I. A sum of Rs 100 is provided for the construction of a toll shed; Rs 200 for a bathing ghaut and Rs 350 for new latrines and urinals.

9. Under repairs - A provision of Rs 500 is made for the improvement of the Shells in the meat and Pennington markets; Rs 700 for the improvement of the drainage of the town and Rs 1,000 and Rs 147 for the upkeep of the roads &c and the existing latrines.

10. Grant II. The teaching staff of the Municipal School is reduced to 3 from 4, and their pay also to Rs 14, 8, 7 for the reasons stated in para 6. above.

11. Grant III. Conservancy. A sum of about Rs 300 more than the current expenditure is provided with a view to increase the number of supervising peons and the working staff of sweepers. The usual charge only for vaccination is provided as the vaccinators who are now employed do not themselves get sufficient work in the town. 2. The incidence of taxation according to the Regular estimate exclusive of Tolls is annexed, p. 6. The items of taxation which remained to be utilised in 1880-81 were 1/4 per cent on house and land tax, one rupee per annum of the maximum fee for Cart Registration & 1/4 Schedule rates under Tolls. The assets of the Municipality on the 31st March 80 including Rs 20,000, the value of premises were Rs 2,630 & the unpaid liability Rs 540.

The

3. The Regular estimate has been correctly prepared. The allotment for Sanitary Inspection should have been shown separately & not included under Conservancy. The small amount shown as ~~advances~~ recovered represents the actual recovery within the first 8 months of the year. It will therefore be allowed to stand.

4. The variations of the Regular estimate ~~figures~~ as compared with the budget ~~figures~~ for 1880-81 are few and unimportant and are fully explained

1879-80 Rs 4500
1880-81 Rs 5800

5. ^{728 28} ^{4 P} The estimated receipts for 1881-82 are correctly prepared.
6. It is proposed to reduce taxation under the ~~Land~~ ^{Land} ~~and~~ ^{and} Cart Registration and Tolls from $\frac{3}{4}$ to half the maximum rates under the act. The Vice President's statement that the levy of the higher rate tends only to the evasion of Tolls "without any corresponding benefit in way of increase of Revenue" is ^{not sup-} incorrect ~~ported~~ ^{ported} by the facts: the figures in the margin show that the ~~of Rs 1800 was expected~~ ^{enhancement of the rate was} in the budget estimates coincident with a proportionate rise in the receipts of the enhancement of

of the rate. ^{proposed} The reduc-
tion of taxation is
however sanctioned as
~~proposed~~ as the Com-
missioners strongly
urge it; ~~but~~ ^{the} Government
~~would at the same time~~
the necessity for more
funds ^{than are} at the disposal
of the Municipality, but
~~decline to give them~~
relief by giving up the
Police Contribution as
proposed which is a
proper charge on Munici-
pal Funds.

7 In the estimate
of Charge, the provision
for the Municipal
School is reduced owing
to the contemplated
lowering of the standard
from middle to lower
Class.

would desire the ~~Com-
missioners~~
to reconsider their decision
on this matter, especially
in view of their request to
be relieved of the Police
contribution, which cannot
be entertained. There
is no apparent reason
why an important

shd be unable to
bear an amt. of
Municipal Taxation
It is much below
that assumed by
other less important
