and departments concerned.

2. The following items require explanation on the receipt side:—

- (1.) The Commissioners have unanimously resolved to reduce the assessment under Schedule C to six annas for bullocks and buffaloes, and one rupee for carts under Section 74; hence the decrease under these heads below the regular estimate. The reason for this reduction is the straitened circumstances of the majority of the ratepayers who pay these taxes.
- (2.) The increase under Tolls is only apparent, as the Commissioners have provided Rs. 1,000 for establishment and contingencies, &c., in case they may have to keep the management of this impost in their own hands.
- (3.) A sum of Rs. 1,500 will be received next year from the Local Fund Board, Tinnevelly Circle, as a special contribution to the hospital to meet the increased charges incurred by the Commissioners for dieting in-patients. This is in excess of the regular grant from the Board by a sum of Rs. 1,040.
- (4.) The receipts under Hospital are estimated at Rs. 3,400, or Rs. 535 less than the regular estimate, as the latter includes the value of certain surgical instruments ordered to be refunded to the Municipality under G.O., No. 827, dated 22nd April 1880.

3. On the disbursement side the following items need explanation:—

- (1.) *Grant I—Public Works.*—The Commissioners propose to expend Rs. 316 on new works and Rs. 909 on repairs in excess of the regular estimate, as the works shown in Statement II-A are considered to be absolutely necessary.
- (2.) *Grant II—Education.*—The payment of the salary grant to the Sanskrit and Telugu School was discontinued from the 30th November last, with reference to the Order of Government, No. 1666, dated 31st August 1880, and because also the Commissioners have no means of ascertaining the condition of the school. The allotment for results grants has been cut down to Rs. 500, owing to the reduction of the assessment under Taxes on Animals and Registration of Carts, and to enable the Commissioners to meet the heavy demand for the maintenance of the Police.

- (3.) *Grant III—Hospital.*—The increased charges under this item are to meet the cost of an additional Hospital Assistant on Rs. 20 and a midwife on Rs. 15 per mensem. It was contemplated to employ a pensioned Dresser and a midwife during the current year, and provision was accordingly made in the budget; but the Commissioners having secured the services of two Hospital Assistants in the mean while, the necessity for the employment of a pensioned Dresser no longer existed. The services of a duly qualified midwife have not yet been secured. I beg to invite your attention to my application for one, dated the 15th March 1880.
- (4.) *Vaccination.*—The allotment is the same as for the current year, viz., Rs. 180 for the pay of a First-class Vaccinator, and Rs. 10 for contingencies.
- (5.) The increase under Conservancy is to meet the extra cost of five toties to be employed for removing the night-soil from private houses and to meet the charge of Rs. 100, being the estimated cost of the additional sanitary establishment sanctioned in G.O., No. 1537, dated 21st October 1879.
- (6.) *Grant IV—Lighting.*—An increased provision has been made for the purchase of new lamps, and for the employment of a separate maistry, on Rs. 6 per mensem, to superintend the work of the lamp-lighters, and of one additional lamp-lighter on Rs. 5 per mensem. The supervision of the lighting establishment was hitherto performed by the Sanitary Inspector, but the Commissioners have found by experience that he could not perform the more important duties of sanitation while he had night work to perform in addition. They, therefore, resolved to release him from this duty and have a separate agency.
- (7.) Provision has been made for an establishment under Tolls for reasons given in paragraph 2, clause 2 above.
4. The other items of receipts and disbursements require no remark, and are fixed at nearly the same figures as those for the current year.

2. No Regular Estimate has been furnished for 1880-81. The omission should be supplied.

3. No estimate is made of the collections of the tax during 1881-82; it is presumed that the whole demand is expected to be collected, and probably fines and penalties are omitted because no receipts of that nature are anticipated.

4. The amount payable to Government should have been shown under disbursements.

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated 23rd February 1881, No. 246 [Current No. 477].

I have the honor to report, for the information of Government, that the Municipal Commissioners of Palamcottah have made a provision of Rs. 3,930 for sanitary purposes for the year 1881-82, which stands at 20·0 per cent. in proportion to income. It may be accepted.

2. The vaccination grant amounts to Rs. 190, being the pay of one first-class Vaccinator on Rs. 15 a-month, and Rs. 10 for contingencies.

ORDER THEREON, 26th April 1881, No. 734.

The estimated receipts and charges of the Palamcottah Municipality for 1881-82 are contrasted below with the sanctioned and regular estimates for the previous year:—

2. The incidence of taxation according to the Regular Estimate excluding Tolls is Annas 6 and Pies 10. The extent of taxation remaining unutilized is half the registration fee for carts and half the D Schedule rates for tolls. The assets of the Municipality on the 31st March 1880, including value of premises Rs. 24,850, amounted to Rs. 1,07,592, and the unpaid liabilities to Rs. 247.

3. The Regular Estimate is correctly prepared except that provision is omitted to be made therein for the contribution ordered by Government for the additional Sanitary Establishment. A sum of Rs. 100 will now be provided, and a corresponding reduction will be made in the closing balance which will then be Rs. 1,200.

4. Compared with the Budget Estimate for 1880-81, the Regular Estimate shows variations which are all satisfactorily explained excepting the decrease of Rs. 1,340 under House and Land rate receipts. This latter is ascribed to reduction of tax on revision of the valuation of house property. When submitting the budget for 1880-81, the Vice-President remarked that certain houses "were notoriously under-taxed," and it was anticipated that such a revision would end in increase of revenue. The result now reported requires full explanation, which should be furnished at an early date.

5. The total of estimated receipts for 1881-82 should be revised with reference to the closing balance of the Regular Estimate shown in paragraph 3 *supra*.

6. The variations in the estimate of receipts for 1881-82 compared with the Regular Estimate are fully explained by the Vice-President. The tax on bullocks and buffaloes is proposed to be reduced from 8 annas to 6, and the fee on registration of carts from 1½ to 1 rupee, in consideration it is stated of the straitened circumstances of the majority of the ratepayers. The Government do not consider that the circumstances of the people have changed for the worse since the last year's budget was sanctioned, but do not see necessity to interfere with the action of the Commissioners at present. The reduction of the Results Grants allotment from Rs. 1,200 to Rs. 500 cannot however be permitted. The Commissioners should provide for the full amount by a redistribution of the grants if necessary.

7. In the estimated charges for 1881-82, the allotment for the additional Sanitary establishment should be shown separately, and not included under Conservancy. It is observed that the charge for Supervision and Management is considerably in excess of 10 per cent. of the estimated receipts, and should if possible be reduced.

8. The entries against the several items are fully explained, and do not call for remark. The employment of a Superintendent to look after the lighting is approved and sanctioned.

for communication to the officers and
Departments concerned.

2. The following items require explana-
tion on the Receipt side.

(1) The Commissioners have unani-
mously resolved to reduce the assess-
ment under schedule C to 6 annas for
bullocks & buffaloes and 1 pice for
carts under section 74 hence the decrease

under these heads below the Regular Estimate. The reason for this reduction is the straitened circumstances of the majority of the rate payers who pay these taxes.

(2) The increase under Tolls is only apparent, as the Commissioners have provided Rupees 1,000 for Establishment & Contingencies &c in case they may have to keep the management of this impost in their own hands.

(3) A sum of Rupees 1,500 will be received next year from the Local Fund Board Tanjore Circle, as a special contribution to the Hospital to meet the increased charges incurred by the Commissioners for dieting in-patients. This is in excess of the regular grant from the Board by a sum of Rupees 1,040.

(4) The receipts under hospital are estimated at Rupees 3,400 or Rupees 500 less than the regular Estimate, as the latter includes the value of certain surgical instruments ordered to be refunded to the Municipality

under G. O. No 827 dated 22 April 1880.

734
(3) On the disbursement side the following items need explanation.

(1) Grant I Public Works. The Commissioners propose to expend Rupees 316 on new works and Rupees 909 on repairs in excess of the Regular Estimate, as the works shown in Statement II A are considered to be absolutely necessary.

(2) Grant II Education. The payment of the salary grant to the Sanskrit & Telugu School was discontinued from the 30th November last with reference to the Order of Government No 1,666 dated 31st August 1880 and because also the Commissioners have no means of ascertaining the condition of the school. The allotment for results grants has been cut down to Rupees 500, owing to the reduction of the assessment under taxes on Animals & Registration of Carts and to enable the Commissioners to meet the heavy demand for the

1 maintenance of the Police.

(3) Grant III Hospital. The increased charges under this item are to meet the cost of an additional Hospital Assistant on Rupees 20 & a Midwife on Rupees 15 per mensem. It was contemplated to employ a pensioned Dresser and a Midwife during the current year & provision was accordingly made in the Budget, but the Commissioners having secured the services of two Hospital Assistants in the meanwhile, the necessity for the employment of a pensioned Dresser no longer existed. The services of a duly qualified Midwife have not yet been secured. I beg to invite your attention to my application for one dated the 15th March 1880.

(4) Vaccination. The allotment is the same as for the current year, viz Rupees 180 for the pay of a 1st class Vaccinator & Rupees 10 for Contingencies.

(5) The increase under Conservancy

30
is to meet the extra cost of 5 Lohies to be employed for removing the night soil from private houses and to meet the charge of Rupees 100 being the estimated cost of the additional Sanitary Establishment sanctioned in G. O. No. 1537 dated 21st October 1879. 739/9

(6) Grant IV. Lighting. An increased provision has been made for the purchase of new lamps and for the employment of a separate Maistry on Rupees 6 per mensem to superintend the work of the lamp lighters and of one additional lamp lighter on Rupees 5 per mensem. The supervision of the lighting Establishment was hitherto performed by the Sanitary Inspector, but the Commissioners have found by experience that he could not perform the more important duties of Sanitation while he had night work to perform in addition. They therefore resolved to release him from this duty and have a separate agency.

(7) Provision has been made for an Establishment under Fells for reasons given in para 2 Clause 2 above.

4. The other items of receipts and disbursements require no remark and are fixed at nearly the same figures as those for the current year.

(a) This is due to the construction of two pillars in the Dispensary Compound as per plan from the Government absolutely necessary.
(b) A sum of Rs. 50 has been provided in the Budget for the construction of a retaining wall to the channel but the actual cost exceeded the Budget and a statement shows the increase.
(c) Decrease is due to the actual amount spent on the repair of certain street being less than the allotment made in the Budget.
(d) This is due to the employment of 7 additional temporary coolies.

No Regular Estimate
has been furnished for 1880-81.
The omission should be supplied.

No estimate is made of
the collections of the tax during
1881-82; it is presumed that
the whole demand is expected
to be collected, and probably
fines and penalties are omitted
because no receipts of that
nature are anticipated.

The amount payable to
Government should have been

Sir

I have the honor to report for the
information of Government that the Munici-
-pal Commissioners of Palamcottah have
made a provision of Rs. 3930 for Sanitary
purposes for the year 1901/02, which stands
at 20.0 per cent in proportion to income. It
may be accepted.

The Vaccination grant amounts to
Rs. 190, being the pay of one 1st class Vaccinator
on Rs. 15 a month and Rs. 10 for Contingencies.

I have the honor to be
Sir
your most obedient servant

2. The incidence of taxation according to the Regular Estimate excluding Tolls, is annexed & per ten. The extent of taxation remaining unutilized is half the Registration fee for carts & half the Schedule Rates for Tolls. The assets of the Municipality on the 31st March 1880 including value of premises Rs. 24850, amounted to Rs. 107592 & the unpaid liabilities to Rs. 247.

3. The Regular Estimate is correctly prepared except that provision is omitted to be made thereon for the contribution ordered by Govt for the additional Sanitary Establishment. A sum of Rs. 100 will now be provided & a corresponding reduction will be made in the closing balance which will then be Rs. 1200.

4. Compared with the Budget estimate for 1880/81, the Regular estimate shows variations which are all satisfactorily explained & except the decrease of Rs. 1360 under Amusements & late receipts - this latter is ascribed to reduction of

tax on revision of the valuation
of house property. As it was
expected when submitting the
Budget for 1880/81 that such
a revision would end in increase
of Revenue, the result now
reported requires full ex-
planation. which should be
furnished at an early date.

The Hon. Secy. remarked that
certain houses were
notoriously understated
& it was anticipated

5. The total estimated receipts
for 1881/82 should be revised
with reference to the closing
balance of the Regular Estimate
shown in para 3 supra.

6. The variations in the
estimate of receipts ^{for 1881/82} compared
with the Regular estimate
are fully explained by his
Vice President. The tax on bullocks
& buffaloes is proposed to be
reduced from 8 annas to 6 &
the fee on Registration of carts
from 1/2 to 1/4 rupee, in consider-
ation of the straitened circum-
stances of the majority of the
Rate payers. The Govt. do not
consider that the circumstances
of our people have changed for
the worse since the last year's
Budget was sanctioned. but

734
36

do not see necessity for
~~to be~~ interfering with
the action of the Commission
at present. The reduction
of the Result grants allot-
ment from Rs. 1200 to 500
cannot however be per-
mitted. The Com. necessarily
should provide for the full
amount by a redistribu-
tion of the grants of revenue.

7. In the estimated charges
for 1881/82, the allotment for
the additional sanitary es-
tablishment should be
shown separately & not

* It is assumed that the
charge for supervision &
management is considerably
in excess of 10 p.c. of the
estimated receipts, and
should if possible be
reduced.

included under Contingencies
8. The entries against the
several items are fully
explained & do not call
for remark. The employment
of a Superintendent to look after
the lighting is approved and
sanctioned.

9. With these remarks
the Hon. Secy. the Governor in
Council passed the Budget
of the Palamcottah Municipality.
