GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

9th May 1881, No. 798.

Municipal—Budgets.

Read the following papers :—

From E. TURNER, Esq., Vice-President of the Municipal Commission, Tuticorin, to the President of the Municipal Commissions, Tinnevelly District, dated 24th February 1881, *No.* 38 [*Current No.* 655].

I have the honor to forward, for the approval of Government, the Budget Estimate of receipts and expenditure of this Municipality, for the year 1881-82, in the form prescribed in G.O., No. 1347, dated 25th April 1877.

RECEIPTS.

The total receipts are estimated at Rs. 24,281-15-0 including License Tax of Rs. 3,050 and probable balance of Rs. 1,472-15-0 at the close of the current year according to the Regular Estimate.

House Tax is expected to realize Rs. 6,300, Rs. 295 less than the Regular Estimate, and Rs. 300 over the budget of the current year.

Trade Tax is estimated to yield Rs. 2,500 as shown in the budget of the current year.

The Commissioners expect to der ve a sum of Rs. 4,334 from Tolls (less Local Fund share), which is 334 rupees more than the current budget amount.

A sum of Rs. 1,250 has been entered under the head of "Sale of lands;" a sum of Rs. 2,000 was entered under the same head last year, but no land was sold chiefly owing to the depressed state of trade.

Contribution from Local Fund is estimated at Rs. 2,800, which exceeds the Regular Estimate by Rs. 900, and is the same as the amount shown in the current year.

The other heads of the budget call for no remark, as they are estimated at nearly the same figures as those for the current year.

EXPENDITURE.

A sum of Rs. 1,500 is provided for drainage, of which Rs. 1,000 should, if possible, be paid to the Railway Company according to G.O., No. 2479, dated 23rd December 1879.

Rs. 530 were spent in the current year in constructing a drain to carry off the storm water that accumulates in front of the Railway station.

Repairs.—Rs. 2,050 only were allotted in the current year's budget for the maintenance of roads, but Rs. 2,318 were laid out in thoroughly repairing and remetalling the main roads which were in a very bad condition. Rs. 1,700 only are allotted this year under this head, as the roads are now in excellent order.

Education.—A sum of Rs. 500 is allotted for the grants under the result system.

Sanitation, &c.—Rs. 5,235 are provided for the maintenance of the Hospital and Dispensary. There is an increase of Rs. 102 in the pay of the establishment.

Rs. 2,554 is allotted for conservancy, which is Rs. 256 less than the amount for the current year. The decrease is owing to the abolition of the posts of head coolies and expected savings in the feeding of bullocks.

There is an increase of Rs. 210 in the pay of the office establishment, which is owing to the increased pay granted to the manager, as sanctioned in G.O., No. 870, dated 28th April 1880.

Rs. 1,670 are allotted for contribution to the Police force at the rate of 60 per cent. of the cost.

License Tax.—Rs. 2,850 to be remitted to Government, and Rs. 150 for the remuneration of the establishment for supervision and collection, &c.

Other items call for no remark, disbursements being almost the same as in the current year.

General Remarks.—The House Tax was raised from 3⅛ to 6¼ to provide for drainage, but the increase in this item is swallowed up by the contributions this Municipality has to pay under the head of Police and for the Hospital. There has also been added the large sum of Rs. 1,000 which has to be paid annually (if possible) to the Railway authorities under G.O., No. 2479, dated 23rd December 1879. I must confess I do not entirely see why we should pay this large sum to the Railway authorities, who, with their eyes open, built a wall and constructed their station in such a way as to obstruct the whole drainage of the town. It seems to me that the Company being new comers were bound to provide an exit for the town drainage at their own sole cost. However the matter has been settled under Government Order as aforesaid. I would request, however, that the contribution on account of the Hospital be fixed at two-thirds instead of half the cost. The Hospital here is no doubt a very valuable institution, much more so than any other similar institution in the district, but it is very expensive, and I believe more dependent on the Municipal funds than any other Municipal Hospital in this district which is not altogether just, considering that this is a sea-port and consequently the resort of all sorts of outsiders who resort here for purposes of trade or to obtain work or with the object of emigrating to Ceylon. At certain seasons the port is full of coolies returning from Ceylon and on their way to all parts of the country. Numbers of them fall sick and have to be treated at the local Hospital. The Commissioners think, therefore, that this Hospital requires extra support, and should not be too much dependent on this small and over-burdened Municipality.

EXTRACT from the Proceedings of the Municipal Commissioners, Tuticorin, in their Meeting held on the 3rd February 1881.

* * * *

3. Read and passed the Budget Estimate of receipts and disbursements for 1881-82, and resolved to forward the same for the approval of Government.

*

(Signed) E. TURNER,
Vice-President.

No. 426.

[Current No. 655.]

Submitted to Government for sanction with the papers noted in the margin.

1. Estimated cost of the expenditure of the Police Establishment.
2. Resolution of the Commissioners.

2. I quite concur in the opinion of the Commissioners that the Railway Company ought to have been made to provide an exit for the drainage at their own sole cost (*vide* my letter, No. 511, dated 4th August 1879, embodied in G.O., No. 2479, dated 23rd December 1879).

3. As to increasing the contribution to the hospital a separate application should be made by the Commissioners to the Local Fund Board. The request of the Commissioners is, I think, reasonable.

2

798/2

4. The License Tax account has been submitted to the Board of Revenue for revision, as per G.O., No. 1548, dated 10th August 1880.

TIRUCHENDUR,
7th March 1881.

(Signed) J. B. PENNINGTON,
President.

To the Chief Secretary to Government.

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated 19th March 1881, *No.* 522 [*Current No.* 723].

I have the honor to report, for the information of Government, that a sum of Rs. 5,054, out of an income of Rs. 24,231, has been set apart by the Tuticorin Municipality for sanitary purposes for the year 1881-82. This allotment may be accepted. It bears a proportion of 20·8 per cent. to income.

2. I note that, in accordance with G.O., No. 2479, dated 23rd December 1879, a provision of Rs. 1,500 has been made for the proposed scheme of drainage of the town.

3. Rs. 240 are allotted for Vaccination, which appear to be ample.

ORDER THEREON, 9th May 1881, No. 798.

The estimated receipts and charges of the Tuticorin Municipality for 1881-82 are contrasted below with the sanctioned and regular estimates for the previous year :—

2. According to the regular estimate the incidence of taxation excluding Tolls is Annas 15 and Pies 6. The sources of taxation still unavailed of are $1\frac{1}{4}$ per cent. of House and Land rate, Tax on Arts &c. on the last two classes of Schedule B, half the maximum Cart Registration fee, and half the D Schedule rates for Tolls. No statement of assets and liabilities for 1879-80 has been received.

3. In the regular estimate the balance brought forward is Rs. 1,020-6-4, whereas the closing balance of 1879-80 according to the accounts revised by Government is *minus* Rs. 27 (G.O., dated 9th September 1880, No. 1733, Financial Department). The balance reported by the President as standing in favor of the Municipality at the close of the official year 1879-80 was Rs. 173-2-4; as pointed out in the Government Order quoted the receipts of the year were increased by Rs. 200 of the deposit accounts credited erroneously to opening balance; on deducting this amount the closing balance stood at *minus* Rs. 27. This figure seems to be correct judging by the information available in this office and must be adopted in the regular estimate pending further explanation. The contribution to the Medical College of Rs. 114 against Rs. 90 estimated is stated to have been paid within the first nine months of the year and explained as "excess payment" in the regular estimate. The President will state why payment in excess of the budget provision was made, the usual course being to pay the budget amount within the year and adjust the account with reference to the actual receipts after the close of the year. The contribution for the additional Sanitary Establishment has not been provided for. It will be entered at the same amount as that for the Medical College. The contribution to the Controlling Establishment at the Government Office is also omitted. In other respects the regular estimate is correctly prepared and calls for no remark.

4. The Budget Estimate of receipts for 1881-82 is carefully prepared and does not materially vary from that for the last year. The absence of receipts under Land rate should be explained.

5. In the estimate of charges the provision made for the payment to the Railway Company for drainage is in accordance with the decision of Government. The reduction in the allotment for Results Grants is noted. The Hospital Establishment

3

798/3

charges, as given in Statements II and II-B, do not agree. The proposal to obtain increased contribution for the Hospital from the Local Fund Board should be made to that body.

6. The alterations above made in the regular estimate leave a closing balance of only Rs. 480 in the Budget for 1881-82.

7. With these remarks, the Right Honorable the Governor in Council passes the budget of the Tuticorin Municipality for 1881-82; but the attention of the President is directed to the fact that, while the estimated income from Tolls is one of the largest items of receipt, the proposed expenditure on roads is not one-half of the amount so raised.

8. The objections expressed by the Government of India to Tolls in Municipalities must be borne in mind, in view to possible future contingencies.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

9th May

March 1881, No. 798

Municipal—Budgets.

Read the following paper:—

No. *From E. TURNER, Esq., Vice-President of the Municipal Commission, Tuticorin, to the President of the Municipal Commissions, Tinnevelly District, dated 24th February* 1881, *No.* 38. (Count No 6853)

I have the honor to forward, for the approval of Government, the Budget Estimate of receipts and expenditure of this Municipality, for the year 1881-82, in the form prescribed in G.O., No. 1347, dated 25th April 1877.

RECEIPTS.

The total receipts are estimated at Rs. 24,281-15-0 including License Tax of Rs. 3,050 and probable balance of Rs. 1,472-15-0 at the close of the current year according to the Regular Estimate.

House Tax is expected to realize Rs. 6,300, Rs. 295 less than the Regular Estimate, and Rs. 300 over the budget of the current year.

Trade Tax is estimated to yield Rs. 2,500 as shown in the budget of the current year.

The Commissioners expect to derive a sum of Rs. 4,334 from Tolls (less Local Fund share), which is 334 rupees more than the current budget amount.

A sum of Rs. 1,250 has been entered under the head of "Sale of lands;" a sum of Rs. 2,000 was entered under the same head last year, but no land was sold chiefly owing to the depressed state of trade.

Contribution from Local Fund is estimated at Rs. 2,500, which exceeds the Regular Estimate by Rs. 900, and is the same as the amount shown in the current year.

The other heads of the budget call for no remark, as they are estimated at nearly the same figures as those for the current year.

EXPENDITURE.

A sum of Rs. 1,500 is provided for drainage, of which Rs. 1,000 should, if possible, be paid to the Railway Company according to G.O., No. 2479, dated 23rd December 1879.

Rs. 530 were spent in the current year in constructing a drain to carry off the storm water that accumulates in front of the Railway station.

Repairs.—Rs. 2,050 only were allotted in the current year's budget for the maintenance of roads, but Rs. 2,318 were laid out in thoroughly repairing and remetalling the main roads which were in a very bad condition. Rs. 1,700 only are allotted this year under this head, as the roads are now in excellent order.

Education.—A sum of Rs. 500 is allotted for the grants under the result system.

Sanitation, &c.—Rs. 5,235 are provided for the maintenance of the Hospital and Dispensary. There is an increase of Rs. 102 in the pay of the establishment.

Rs. 2,554 is allotted for conservancy, which is Rs. 256 less than the amount for the current year. The decrease is owing to the abolition of the posts of head coolies and expected savings in the feeding of bullocks.

There is an increase of Rs. 210 in the pay of the office establishment, which is owing to the increased pay granted to the manager, as sanctioned in G.O., No. 870, dated 28th April 1880.

Rs. 1,670 are allotted for contribution to the Police force at the rate of 60 per cent. of the cost.

License Tax.—Rs. 2,850 to be remitted to Government, and Rs. 150 for the remuneration of the establishment for supervision and collection, &c.

Other items call for no remark, disbursements being almost the same as in the current year.

General Remarks.—The House Tax was raised from $3\frac{1}{8}$ to $6\frac{1}{4}$ to provide for drainage, but the increase in this item is swallowed up by the contributions this Municipality has to pay under the head of Police and for the Hospital. There has also been added the large sum of Rs. 1,000 which has to be paid annually (if possible) to the Railway authorities under G.O., No. 2479, dated 23rd December 1879. I must confess I do not entirely see why we should pay this large sum to the Railway authorities, who, with their eyes open, built a wall and constructed their station in such a way as to obstruct the whole drainage of the town. It seems to me that the Company being new comers were bound to provide an exit for the town drainage at their own sole cost. However the matter has been settled under Government Order as aforesaid. I would request, however, that the contribution on account of the Hospital be fixed at two-thirds instead of half the cost. The Hospital here is no doubt a very valuable institution, much more so than any other similar institution in the district, but it is very expensive, and I believe more dependent on the Municipal funds than any other Municipal Hospital in this district which is not altogether just considering that this is a sea-port and consequently the resort of all sorts of outsiders who resort here for purposes of trade or to obtain work or with the object of emigrating to Ceylon. At certain seasons the port is full of coolies returning from Ceylon and on their way to all parts of the country. Numbers of them fall sick and have to be treated at the local Hospital. The Commissioners think, therefore, that this Hospital requires extra support, and should not be too much dependent on this small and over-burdened Municipality.

Tuticorin Budget
1881-82.

No 38

Municipal Commissioners Office
Tuticorin 24th February 1881

From The Vice President of
Tuticorin Municipality

No 1

To The President of
Municipal Commissioners
Tinnevelly

No. 633

Sir,

I have the honor to forward for the approval of Government the Budget Estimate of Receipts and Expenditure of this Municipality for the year 1881-82 in the form prescribed in Government Order No 1347 dated 25th April 1877.

Receipts. The total receipts are estimated at Rs 24281-15 -- including Licence Tax of Rs 3050 and probable balance of Rs 1472-15 -- at the close of the Current year according to the Regular Estimate.

House Tax is expected to realize Rs 6300, Rs 295 less than the Regular Estimate and Rs 300 over the Budget of the Current year.

Trade Tax is estimated to yield Rs 2,50

as shown in the Budget of the current year.

The Commissioners expect to derive a sum of Rs 4,334 from Tolls (less Local Fund Share) which is 334 Rs more than the Current Budget amount.

A sum of Rs 1,250 has been entered under the head of "Sale of land"; a sum of Rs 2000 was entered under the same head last year, but no land was sold chiefly owing to the depressed state of trade.

Contribution from Local Fund is estimated at Rs 2,500 which exceeds the regular estimate by Rs 900 and is the same as the amount shown in the Current year

The other heads of the Budget call for no remark, as they are estimated at nearly the same figures as those for the current year.

Expenditure. A sum of Rs 1,500 is provided for drainage of which Rs 1,000 should, if possible, be paid

to the Railway Company according to Government Order No 2,479 dated 23 December 1879.

Rs 530 were spent in the current year in constructing a drain to carry off the storm water that accumulates in front of the Railway Station.

Repairs. Rs 2,050 only were allotted in the current year's budget for the maintenance of roads, but Rs 2,318 were laid out in thoroughly repairing and remetalling the main roads which were in a very bad condition. Rs 1,700 only are allotted this year under this head, as the roads are now in excellent order.

Education. A sum of Rs 500 is allotted for the grants under the result system.

Sanitation &c. Rs 5,235 are provided for the maintenance of the Hospital and Dispensary. There is an increase of Rs 102 in the pay of the

Establishment.

Rs 2,554 is allotted for Conservancy which is Rs 256 less than the amount for the current year. The decrease is owing to the abolition of the posts of head Coolies and expected savings in the feeding of bullocks.

There is an increase of Rs 210 in the pay of the Office Establishment which is owing to the increased pay granted to the Manager, as sanctioned in Government order No 870 dated 28th April 1880.

Rs 1,670 are allotted for contribution to the Police force at the rate of 60 per cent of the cost.

License Tax. Rs 2,850 to be remitted to Government and Rs 150 for the remuneration of the Establishment for supervision and collection &c.

Other items call for no remark, disbursements being almost the same as in the current year.

General Remarks. The House Tax was raised from 3/8 to 6/4 to provide for drainage, but the increase in this item swallowed up by the Contributions this Municipality has to pay unnr the head of Police and for the Hospital. There has also been added the large sum of Rs 1,000 which has to be paid annually (if possible) to the Railway authorities under Government order No 2479 dated 23rd December 1879. I must confess I do not entirely see why we should pay this large sum to the Railway authorities who, with their eyes open, built a wall and constructed their station in such a way as to obstruct the whole drainage of the town. It seems to me that the Company being new comers were bound to provide an exit for the town drainage at their own sole cost. However the matter has been settled under Government

order as aforesaid. I would request however that the contribution on account of the Hospital be fixed at 2/3rd instead of 1/2 the cost. The Hospital here is no doubt a very valuable institution much more so than any other similar institution in the District. But it is very expensive and I believe more dependent on the Municipal funds than any other Municipal Hospital in this District which is not altogether just considering that this is a sea port and consequently the resort of all sorts of outsiders who resort here for purposes of trade or to obtain work or with the object of emigrating to Ceylon. At certain seasons the port is full of coolies returning from Ceylon and on their way to all parts of the country. Numbers of them fall sick and have to be treated at the Local Hospital. The Commissioners think, therefore, that this Hospital

Requires extra support and should not be too much dependent on this small and overburdened Municipality.

To

The Chief Secretary to Government
Public Department

Sir

I have the honor to report for the information of Government that a sum of Rs 5054 out of an income of Rs 24,231 has been set apart by the Tuticorin Municipality for Sanitary purposes for the year 1881/82. This allotment may be accepted. It bears a proportion of 20·8 per cent to income.

I note that in accordance with G. O. No. 2479 dated 23rd December 1879 a provision of Rs 1500 has been made for the proposed scheme of drainage of the town

Rs 240 are allotted for Vaccination which

DISPOSED OF BY G. O. No. 8

which appear to be ample.

I have the honor to be
Sir
Your most obedient Servant

29 798/830

2. According to the Regular Estimate the incidence of taxation excluding tolls is annas 15 pie 6. The Sources of taxation still unavailed of are 1/4 pc. of House & Land Rate, tax on arts &c on the last two classes of Schedule B, half the max^m. Court Registration fee, & half the D Schedule Rates for Tolls. No statement of assets & liabilities for 1879-80 has been received.

3. In the Regular Est. the balance brought forward is Rupees 1020-6-4 whereas the closing balance of 1878-80

amounting to the amounts
voted by Govt is nuns
pares 27 (Ct. to 9 Sept.
1880 no 1733 F.D). The
balance reported by the Govt.
as standing in favour of
the Municy at the close of
the official year 1879-80
was 173-2-4; the
pointed out in the Ct.
by the Govt the adoption of
the Estimates for
the year were increased by
Rupees 200 ^ credited
of the deposit account
erroneously to opening
balance; on deducting
this amount the closing
balance stood at nuns
pares 27; This figure
seems the correct figure
by the information available
in this office & must be
adopted in the Reg. Cat.
pending further explanation
The contribution by the Med. College

of Rs 114 against Rs 90 estimated
30 is stated to have been
paid within the first
9 months of the year and
explained as "excess
payments in the Regular
estimate. The President
will state why the payment
in excess of the Budget
provision was made,
the usual course being
to pay the Budget amount
within the year and
adjust the account
with reference to the
actual receipts after
the close of the year.
The contribution for
the additional Sanitary
establishment has
not been provided for

It

It will be entered at the same amount as that for the Medical College. The contribution to the controlling establishment at the Govt. Office is also omitted. In other respects the Regular Estimate is correctly prepared and calls for no remark.

4 The Budget Estimate of receipts for 1881-82 is carefully prepared and does not materially vary from that for the last year. The absence of receipts under Land & all the explained

5. In the estimate of

of charges the provision made for the payment to the Railway Company for drainage is in accordance with the decision of Government. The propriety of the charge cannot now be questioned. The reduction in the allotment for Roads & grants is noted. The Hospital establishment charges as given in statements II & IIB do not agree. The proposal to obtain increased contribution for the Hospital charges from the

the Local Fund Board should be made to that body.

6 The alteration above made in the Regular Estimate leave a closing balance of only Rs. 480 in the Budget for 1881-82. ~~This should be carried if possible by the Commissioners either by suspending the revenue or reducing the charges.~~

7. With these remarks Mr Hall the Governor in Council leaves the Budget of the Tuticorin Municipality for 1881/82.
