Read the following paper:—

*From H. F. CLOGSTOUN, Esq., Officiating Accountant-General, to the Chief
Secretary to Government, dated Fort St. George, 29th April 1881, No. 1579
[Current No. 1079].*

Book Department.

I have the honor to enclose copy of a letter containing instructions which the Comptroller-General has requested me to convey to the Superintendent of Stationery, Madras, and to request that the present instructions may be communicated to the Madras Superintendent in supersession of those communicated with Madras Government Financial No. 2062, dated 18th October 1875.

ENCLOSURE No. 1.

*From J. WESTLAND, Esq., Officiating Comptroller-General, to the Superintendent of
Stationery, Calcutta, dated Calcutta, 12th April 1881, No. 6-A.*

I have the honor to request that in all recoveries made by you, either in cash or by book adjustments, of the value of stationery purchased in England you will calculate every pound sterling of the invoice value at twelve rupees. The ten per cent. added for establishment charges, &c., is independent of this question of exchange.

2. This letter does not refer to recoveries made from or charged against provincial Governments; under the provincial contracts, as in this case, the pound sterling must, pending further orders, be reckoned equal to ten rupees.

3. I would suggest that the simplest way to carry out the order would be to add twenty per cent. on account of exchange to the value of any English stationery invoiced by you for recovery from offices or funds supplied.

ORDER THEREON, 13th May 1881, No. 839.

The Comptroller-General's instructions will be communicated to the Superintendent of Stationery for guidance.
