2. The large increase* of Rs. 74,570 in the opening balance of the Regular Estimate is attributed to short expenditure on Public Works during 1879-80, consequent on the temporary stoppage of operations necessitated by recent changes in the Public Works Supervision agency.

The large decrease of Rs. 3,200 under the Pound Fund receipts is not satisfactorily explained. The Taylor's Petta Fund should, as remarked by the Board of Revenue, be classed for account purposes under Endowment Fund, its transactions being however kept distinct from those of other funds. The Board of Revenue have shown the amount appertaining to the Taylor's Petta Fund under Miscellaneous in the Regular Estimate and under Endowment Funds in the Budget for 1881-82. In the above abstract it has been entered under Endowments in the Regular Estimate.

3. The increase under "New Works—Communications," is due to additional amounts subsequently sanctioned by the Board of Revenue for incomplete works. It is observed that the Circle Board have resolved to surrender about Rs. 16,000 out of Rs. 23,000 sanctioned for Civil buildings, the Travellers' Bungalow at Vigiashvaram and Hospital buildings at Narsapur budgeted for last year being now considered to be works for which there is no real want. The item "Contribution to Provincial Funds, Rs. 1,500," should be explained. It is observed that the charge was sanctioned by the Board of Revenue in their Proceedings, dated 1st July 1880, No. 7129. A sum of Rs. 500 is shown as the cost of the establishment newly entertained in the President's Office. This is presumed to be temporary establishment for audit purposes, and is accordingly passed. The fluctuations under other items are inconsiderable, and do not require notice. In paragraph 4 of the Vice-President's letter it is stated that the Circle Board have allotted Rs. 1,400 for providing the Local Fund Engineer with a boat to enable him to do his work satisfactorily. It is not clear how far this arrangement will affect the travelling allowance of the officer concerned. The Board of Revenue will report on the point. The charge is shown under "Contingencies" under Grant I in the Regular Estimate. The Regular Estimate of charges is otherwise approved.

4. The estimated receipts for 1881-82 do not disclose any noteworthy differences as compared with the Regular Estimate for 1880-81, except under Tolls and Endowments. The decrease in the former is owing to the arrears paid by the Ellore Municipality in 1880-81, and that in the latter to the credit in that year for the first time of the entire assets of the Taylor Petta Fund, while in 1881-82 the anticipated income of the fund alone is shown under that head.

5. Under Public Works Charges the provision for Engineering Establishment is raised from Rs. 15,660 in the last year's Budget to Rs. 17,200 in view to allow batta to Overseers and Sub-Overseers in addition to the horse and travelling allowances drawn by them. The necessity for this measure should be fully explained. The Board of Revenue have not commented on this charge. It should be a standing rule that travelling allowances to Local Fund Engineers and their subordinates should not exceed those prescribed by the Public Works Code. The Board of Revenue will report whether this rule has been kept in view in the changes now proposed. Under Education the establishment of a girls' school at Siddantham at a monthly cost of Rs. 21 is proposed, as also certain changes in the teaching staff and their salaries. These proposals which have been approved by the Director of Public Instruction are sanctioned. The Government agree with the Board of Revenue as to the cost of water pandals being treated as a sanitary charge.

6. The Government observe that the Vice-President, in the closing paragraphs of his letter, urges strongly the desirability of increasing the General Fund receipts of the Circle. His proposal to make over to the General Fund a portion of the two-thirds Land Cess appertaining to the Road Fund is opposed to the provisions of Act IV of 1871; but there is no legal objection to the diversion of the Pound Fund receipts from the Road to the General Fund. The Board of Revenue will ascertain and report whether the Local Fund Board desire the transfer.

7. With these remarks, the Right Honorable the Governor in Council passes the Local Fund Budget of the Ellore Circle for 1881-82.

Local Funds—Budgets.—Orders passed on Proceedings, Board of Revenue, reviewing the Local Fund Budget of the Ellore Circle, Godavari District, for 1881-82.

No. 299.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 19th February 1881.

Read the following letters:—

From W. D. HORSLEY, Esq., President of the Local Fund Boards, Godavari District, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Cocanada, 22nd October 1880, No. 88.

Letter from the Vice-President of the Local Fund Board, Ellore Circle, dated 11th October 1880, No. 148, with its six enclosures.

I HAVE the honor to submit the Budget Estimate of the Ellore Circle for the official year 1881-82, with the Vice-President's letter, dated 11th instant, No. 148.

From Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Fort St. George, 23rd October 1880, No. 5,901.

I HAVE the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1881-82 Local Fund Budget Estimate of the Ellore Circle for the maintenance of the marginally-noted three dispensaries calls for no remarks save in the items of "Medical Subordinates" and "Sundries."

2. The pay of each of the Civil Hospital Assistants attached to the Chintalapad and Tallapudi Dispensaries should be increased from Rs. 240 to Rs. 330 as they will be entitled to charge allowance of Rs. 10 per mensem from July 1881.

3. A sum of Rs. 300 is provided for "Sundries" against Rs. 180, the current year's grant. The Vice-President of the circle has not afforded any explanation in paragraph 16 of his letter to the President as to the necessity for the increased provision.

4. The dispensary at Potavaram was transferred to Tallapudi in accordance with G.O., No. 294, of 11th February 1880, Financial Department.

5. Rs. 1,170 are entered as the contribution towards the expenses of the Medical College.

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner, for Madras, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Madras, 22nd October 1880, No. 1,090.

I HAVE the honor to state, for the information of the Board of Revenue, that a provision of Rs. 6,400, or 14.1 per cent. of the available income, has been made by the Ellore Local Fund Board for Sanitary purposes for the year 1881-82. It is slightly in excess (1 per cent.) of the grant for the current year. Rs. 5,000 are to be devoted for the improvement of water-supply, which is satisfactory, and Rs. 866 for Scavenging Establishments. I would take exception to the allotment of Rs. 200 for water-pandals, which I do not consider Sanitary. The Conservancy Establishment may be extended, which appears to me to be very small. It is proposed to give to only six towns the benefit of scavengers' services.

2. The particulars of Grant I (a) and (b) have not been furnished to me.

3. The Vaccination grant amounts to Rs. 4,000. It appears to be ample for the establishment entertained at present. The Board employ only four First-class Vaccinators. I would suggest the number be increased to five, so that there may be one first-class man to each taluk in accordance with the rules.

DISPOSED OF
13 MAY 81
BY G.O. No.

From G. POWER, Esq., Vice-President of the Ellore Circle, to W. D. HORSLEY, Esq., President of the Local Fund Boards, Godavari District, dated Ellore 18th October 1880, No. 152.

In forwarding, herewith, a copy of the Resolution of the Local Fund Board relating to the additional expenditure on education in the Ellore Circle, I have the honor to request that you will be good enough to obtain sanction for the same. The proposals were made by the Deputy Inspector of Schools of this circle and approved of by the Inspector of Schools, First Division, and for this provision has been made in the ensuing year's Budgets.

ENCLOSURE No. 1.—Extract from Proceedings of Local Fund Board.

RECOMMENDED for sanction.

26th November 1880.

(Signed) H. B. GRIGG,
Director of Public Instruction.

From H. B. GRIGG, Esq., Director of Public Instruction, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Madras, 15th December 1880, No. 5,826.

ADVERTING to the Budget Estimate for the year 1881-82 of the Ellore Circle, I have the honor to state that the provision made therein for Education seems to be sufficient.

2. The details of the provision of Rs. 1,500 for buildings, Original and Repairs, are not shown in Statement III.

THE Local Fund Budget of the Ellore Circle for 1881-82 will be submitted for the orders of Government.

REGULAR ESTIMATE FOR 1881-82.

2. *Receipts—Opening Balance.*—The opening Local Fund balance is given as Rs. 1,52,240,* but it should be Rs. 1,51,282 according to the statement of the actual closing balance of 1879-80 recently furnished by the Accountant-General. In the absence of details of the latter amount, the balance under the General Fund will be taken at Rs. 72,474 as in the Local Fund report of the circle for 1879-80 as revised in this office, and the difference, Rs. 78,808, entered under the

	RS.
Road Fund	79,430
General Fund	72,810
Total	1,52,240

Road Fund. The increase under this item over the Budget Estimate is owing to the actual expenditure, particularly under "Public Works," having been less than what was anticipated in the Regular Estimate of 1879-80.

3. No change is expected in the estimated collections from Land Cess. There is an increase of Rs. 1,510 under Tolls and a decrease of Rs. 300 under School Fees, and the causes of the variations are explained in the Regular Estimate. In the classification of the receipts and charges of Local Funds in the Regular Estimate Taylor's Pettah Fund is exhibited as a separate Fund and its closing balance shown separately in the Budget of 1881-82, which is not correct. The transactions of the Fund though kept distinct from other Funds should be treated as a sub-head under the Endowment Fund like the "Market Endowment Fund." The total receipts are—

	RS.
Road Fund	1,77,598
Endowment Fund	2,600
General Fund	1,21,004
Total	3,01,202

4. *Expenditure.*—The probable expenditure on New Works, Communications, is given as Rs. 83,770 and that on Repairs, Communications, as Rs. 25,030. The former is within the allotment sanctioned to date and the latter in excess of it by Rs. 3,196, which not being sanctioned by the Board as yet will be removed from the head "Repairs" and added to the Road Fund Reserve. The Regular Estimate of expenditure is as follows:—

These balances will be carried forward to the Budget for 1881-82.

BUDGET FOR 1881-82.

5. *Statement I-A, Revenue and Receipts.*—The contribution from the Pound Fund is estimated at Rs. 4,000 against Rs. 6,500 in the current year's Budget with

reference to the actuals of 1879-80. The estimates under Land Cess and Tolls remain unaltered. The total receipts are—

Road Fund ...	RS.
Endowment Fund ...	1,39,470
General Fund ...	1,850
	90,760
Total ...	2,32,080

6. *Statement B, Expenditure—Grant I, Public Works—Statement II, Road Fund.*—For want of funds the allotments for New Works, Communications, is reduced from Rs. 86,000 to Rs. 84,000. The share of the cost of the Local Fund Engineering Establishment chargeable to the Road Fund should be Rs. 14,170. The share of the Cost of General Management and the allotment for Tools and Plant should be Rs. 2,690 each. The total Road Fund expenditure amounts to Rs. 1,37,870, leaving a balance of Rs. 1,600.

7. *Statement II-A, Part I, New Works.*—Part I contains eighteen items with an aggregate allotment of Rs. 1,00,000, of which Rs. 86,000 are chargeable to the Road Fund and the remainder, Rs. 14,000, to the General Fund. The amount of estimate* for Item No. 9 should be Rs. 22,430 and not Rs. 22,080 as entered in the statement. A provision of Rs. 6,000 is made for the improvement of village roads. Items Nos. 3, 17, and 18 are unsanctioned and the President will submit at an early date estimates for them. For reasons already stated the allotment for Item No. 3, which is an unsanctioned work, will be reduced by Rs. 2,000.

8. *Part II, Repairs.*—The grant for Road repairs is Rs. 23,600 against Rs. 21,620 for the current year. The allotments for Items Nos. 2, 3, and 9 in Part II and for Nos. 5 and 8 in the Appendix are slightly raised, while the grant for Item No. 6 in the latter statement is reduced from Rs. 1,000 in the current year to Rs. 500. The designation of Item No. 9 in Part II is not what is given in the current year's Budget, and the alteration should have been explained.

9. Grant I is—

Road Fund ...	RS.
General Fund ...	1,35,050
	26,770
Total ...	1,61,820

10. *Grant II, Education.*—The grant for Local Fund schools is Rs. 24,740 against Rs. 24,220 in the current year's Budget. The Local Fund Board propose to establish a girls' school at Siddhantam at a monthly cost of Rs. 21. It is also proposed to employ additional teachers in some schools and to raise the salaries of masters in some others. The Director of Public Instruction recommends these proposals for sanction. Rs. 2,000 are put down for pure result grants.

11. Grant II is Rs. 29,440, chargeable to the General Fund.

12. *Grant III, Hospitals and Dispensaries.*—With reference to paragraph 2 of the Surgeon-General's letter read above, the allotments for salaries, &c., of the Hospital Assistants attached to the Tallapudi and Chintalapad Dispensaries will be raised to Rs. 330 in each case.

13. *Vaccination.*—The provision for Vaccination is Rs. 4,000 against Rs. 3,900 in the current year's Budget. The attention of the President is called to the suggestion of the Sanitary Commissioner that the number of the First-class Vaccinators should be raised from four to five so that there may be one First-class Vaccinator for each taluk according to the rules.

14. *Sanitation.*—Rs. 6,400 are to be spent on account of Sanitation. Rs. 200 of this amount are for water-pandals, to which the Sanitary Commissioner takes exception as he does not consider such charges to be sanitary in their nature. Dr. Furnell will be referred to the remarks contained in paragraph 14 of the Board's Proceedings, dated 26th November 1880, No. 1,806, in which they have expressed an opinion that the cost of water-pandals may be classed under Sanitary, Miscellaneous. The allotment for Scavenging Establishment is Rs. 1,200, not Rs. 866 as mentioned by the Sanitary Commissioner.

The contribution to the Medical College and Inspecting Vaccine Agency should be Rs. 740 each.

15. Grant III is—

General Fund ...	RS.
Endowment Fund ...	19,500
	450
Total ...	19,950

16. *Grant IV, Miscellaneous.*—The contribution to the Controlling Establishment at the Presidency should be Rs. 1,660. The share of the cost of the Collector's establishment and that of the District Audit establishment should be Rs. 360 and 540, respectively.

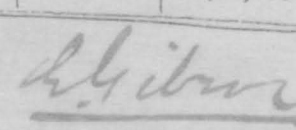

17. Grant IV is—

Road Fund ...	RS.
General Fund ...	2,820
	1,810
Total ...	4,630

18. The annexed is an abstract of the Budget as modified by the Board:—

purposes under Endowment
Fund, ~~its being arranged~~
to keep its transactions being
however kept
distinct from ^{those of} other funds.

The Board of Revenue have
shown the amount appertaining
to the Saylois petta fund under
Miscellaneous in the Regular
Estimate and under Endowment
Funds in the budget for 1881-82
In the above abstract it
has been entered under
Endowments in the Regular Estimate.

3. The increase under New
Works "Communications" is
due to additional amounts
subsequently sanctioned by
the Board of Revenue for
Incomplete Works. It is

observed

8/16 W.P.
observed that the Civil
Board have resolved to
surrender about Rs 16,000 out
of Rs 23,000 sanctioned for
Civil buildings, the traveller's
Bungalow at Vijayashimaram
and hospital buildings at
Narsapur budgeted for
last year being ^{now} considered
to be works for which there
is no real want. The item,
"Contribution to Provincial
Funds, Rs 1,500" should be explained

It is observed that the charge
was sanctioned by the
Board of Revenue in their

Pro: dated 1st July 1880 No: 7129.

A sum of Rs 500 is shown
as the cost of the establish-
ment newly entertained

& note This amount appears
to have been com-
municated to the
officer

etc

in the President's Office.

This is presumed to be ~~the~~
temporary establishment for
audit purposes and is accord-
-ingly passed. The fluctuations
under other items are in-
-considerable and do not
require notice. In para 4

of the Vice President's letter
it is stated that the Civil
Board have allotted Rs 1400
for providing the Local Ind
Engineer with a boat to
enable him to do his work
satisfactorily. It is not clear
how far this arrangement
will affect the travelling
allowance of the officer
concerned. The Board of
Revenue

Revenue will ^{8th/11/50} ~~institute inquiries~~
and report on the point.

The charge is shown under
"Contingencies" under Grant I
in the Regular Estimate.

The Regular Estimate of charges
is otherwise approved.

4. The estimated receipts
for 1881-82 do not disclose
any noteworthy differences
as compared with the
Regular Estimate for 1880-81,
except under Salaries and Endow-
-ments. The decrease in the
former is owing to the
arrears paid by the Ellora
Municipality in 1880-81 and
that in the latter to the
credit in that year for the
first time of the entire
assets

assets of the Taylor Pitta Fund
while in 1881-82 the anticipated
income of the fund alone is
shown under that head.

5. Under Public Works
charges the provision for
Engineering Establishment is
raised from Rs 15,660 in the
current year to Rs 17,200 in
view to allow batta Rs
Overseers and Sub Overseers
in addition to the horse
and travelling allowances
drawn by them. The
necessity for this measure
should be fully explained.
The Board of Revenue have
not commented on this
charge. It should be a
standing

standing rule ^{24/10 68} that travelling
allowances to Local Fund
Engineers and their Subordinates
should not exceed those
prescribed by the Public
Works Code. The Board
of Revenue will report
whether this rule has been
kept in view in the
changes now proposed.
Under Education the
establishment of a girls'
school at Siddantham at
a monthly cost of Rs 21 is
proposed, as also certain
changes in the teaching
staff and their salaries.
These proposals which have
been approved by the
Director

Director of Public Instruction
are sanctioned. The Government
agree with the Board of
Revenue as to the cost of
Water pandals being treated
as a sanitary charge.

~~The Sanitary Commissioner~~
~~does not state his reasons~~
~~for the objection he has~~
~~advanced.~~

6. The Government
observe that the Vice President
in the closing paras of his
letter urges strongly the
desirability of increasing
the General Fund receipts
of the Circle. His proposal
to make over to the
General Fund a portion
of the $\frac{2}{3}$ land cess

appertaining

appertaining to the ^{8th} 78th Road Fund
is opposed to the provisions
of Act IV of 1871; but there
is ^{legal} no objection to the
division of the Road
Fund receipts from the
Road to the General Fund.
The Board of Revenue will
ascertain and report whether
the Local Fund Board desire
the transfer. ~~The Road~~
~~Fund collections show a~~
~~considerable falling off;~~
~~they will probably improve~~
~~should the Local Fund Board~~
~~wish to appropriate~~
~~them for purposes they~~
~~consider more important~~
~~and essential than those~~
to

to which they are now
devoted.

7. With these remarks the
Right Honorable the Governor
in Council passes the Local
Fund Budget of the Ellora
Circle for 1881-82.
