GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

17th May 1881, No. 874.

Municipal-Sanitary.

Proceedings of Government, 17th May 1881, No. 874.

The attention of the Right Honorable the Governor in Council has been very forcibly directed to the existing state of things in the Ootacamund Station, more especially from a sanitary aspect and with a view to very early improvement, he desires that the President of the Municipality will, without delay, inspect the ground beyond Kandul carefully in order to determine, and to some extent lay out, the sites to which existing objectionable occupation of the station area may be transferred.

2. The Government further desire the President to impress on the Municipal Commissioners the very great importance which is attached to the improvement in every possible way of the sanitary condition and appearance of Ootacamund—a subject which strongly needs and should receive their early and careful consideration. It will be too late to apply a remedy when the station has acquired an unenviable notoriety as absolutely unhealthy.
