President of the Municipal

Bellary

Sir,

I have the honor to lay before you the Budget Estimate of the Bellary Municipality for the year 1881-82, and with it to forward the necessary accompanying statements. The latter have been prepared in accordance with G. O. No. 2126, dated 27th November 1876—

The Budget Estimate has been framed with reference to the arrangement entered into in regard to the future limits of the Cantonment—

2. In consequence of G. O. No. 990 dated 14th July 1880, and to the separation of the Cantonment from the Municipality which is shortly to take place, and by which Military Officers, &c will be exempted from Municipal taxation, there will be a considerable diminution of the Municipal Revenues under the following heads—

1. Rates on Houses.

Government and Military Buildings	15543-„-2	
Bungalows in the Cantonment	2335-2-11	
		17878-3-1

2. Rates on Lands.

Exemption on Govt. lands within the Cantonment		1694-„-8

3. Taxes on Vehicles

Exemption on Govt. property	120-„-„	
— Do — on private — Do	50-„-„	
		170-„-„

4. Taxes on Animals

Exemption on Govt. property	3629-„-„	
— Do — on private — Do	100-„-„	
		3729-„-„
Total loss		23471-3-9

To meet this loss, the Commissioners have been necessitated to have recourse to introducing the Profession tax, raising the fees for the registration of carts from 1 to 2 Rupees as also the raising of the tolls to the maximum rate, and effecting a reduction in the expenditure on Establishments &c, without impairing their efficiency— Should the measures adopted by the Commissioners receive the approval of Government, I have the honor to request that you will be good enough to ask that their sanction may be communicated by telegram, in order to enable the Commissioners to carry out the preliminary arrangements for the introduction of the Profession tax— In anticipation of sanction, I have, in the usual yearly Notice, published in the District Gazette, that the Rates for tolls, registration of carts, &c will be those now fixed on by the Commissioners—

3. The Budget - Receipts. -

The principal items under receipts which call for notice are the following -

Rates on Houses and Lands - The figures placed here are the actuals for the beginning of 1880-81, minus the exemptions under G.O. No 990 dated 14th May 1880, and that will occur on the separation of the Cantonment from the Municipality -

Taxes on Arts and Professions -

Rupees 8000 are expected under this head - It is proposed to levy the tax on all the Classes -

Taxes on Vehicles and Animals

Rupees 3400 are expected under this head, being the net amount arrived at, after deducting the amount of exemptions under the G.O. above quoted. -

Registration of Carts - Rupees 2400 are budgetted for, being the expected receipts by increasing the fee from 1 to 2 Rupees -

Tolls - Rupees 20,000 are expected under this head as the municipal income, by raising it to the maximum rates -

License Tax - Only Rupees 5610 are expected under this head, owing to the exemption of the 12th Class, and the present dulness of trade -

4. The total receipts, including the License tax receipts, amounts to Rupees 70,103 - 7 - 5 -

5. Expenditure

Grant I - Public Works - 1. New Works -

(b). Buildings - Rupees 500 have been entered under this head; with this sum it is proposed to enlarge the Town School -

(c). Drainage - Rupees 500 have been allotted for the purpose of draining the Bandy Stand in Bowri Pettah - This work was not executed last year, for want of funds -

(e). Miscellaneous.— Under this head, Rupees 500 have been set apart for building a wall around the hackney stand in Civil Bazaar, and draining the same—

2. Repairs—

(a). Communications— Rupees 600 have been provided for the repair of the roads, in the Native town, Civil Lines and Fort, for the construction of two culverts from the wicket gate to the Road & for facing the glacis on the South side of East entrance into the Fort—

(b) Buildings— Rupees 500 have been budgetted for reflooring the slaughter sheds in the two bazaars, and for re-erecting the compound walls of the Civil Dispensary—

(c) Miscellaneous— Rupees 1200 have been inserted for repairs to latrines, incinerators, bridges, and culverts in the town, and for the diversion of the Channel near the fort

gate to the Wodderbundah Tank—

Grant II— Education—

The alterations under this heading from the figures entered in last years budget, is attributable to provision being made for an increase in the salary of the Town School Head Master from 25 to 30 Rupees, and in the salaries of the Assistant Masters of the two Mahomedan Schools from 7 to 10 Rupees each, as also of the Munshee from 4 to 5 Rupees—

It is proposed to substitute Result-Grants for Salary grants, in schools hitherto drawing salary grants—

Grant III— Sanitation and Medical Services.— The increase in the Establishment under the head of hospitals, is due to the Salary of the Hospital Assistant being proposed to be increased from Rupees 50 to 60 Rupees— The difference of Rupees 240 under the head of Vaccination between this and last years budget, is due to the services of a Vaccinator having been dispensed with, and to the withholding of the contribution towards the salary of the Deputy Inspector of Vaccination, the Municipal Vaccinators having been placed under the supervision of the Civil Surgeon, who is a Member of the Commission –

Large reductions had to be made under Conservancy in the various Establishments, without impairing their efficiency, in order to meet the deficit alluded to above –

Provision for Sanitary inspection has been made with reference to G.O. dated 21st October 1879 No 1537.

Grant IV – Miscellaneous Municipal purposes – There have been reductions of Establishments under the heads of "Lighting" and watering Trees and Planting Avenues, compared with the charges allotted in the Budget – for the last year in order to meet the deficit above alluded to –

The Police Contribution has been estimated at 60 per cent of the entire cost for the town –

The amount under "Charges under License Tax" is the final demand, minus the remuneration calculated at 5 per cent –

Grant V – Supervision and Management – The intention which the Commissioners had of employing 2 Prosecuting Inspectors could not be carried out, for want of funds; provision has been made to increase the salary of the Prosecuting Inspector to 25 Rupees, to admit of an efficient person being retained – The salary of one of the bill-collectors has been reduced from 12 to 10 Rupees – Provision under "Office Contingencies" has been made for the carriage allowance of the Vice President as sanctioned in G.O. dated 22nd May 1877, No 15

The remuneration of the Audi
has been reduced from Rupees 200
Rupees 100, for want of funds - The
has been an increase under the
head "Contribution" to the Salary
of the President's Clerk of Rupees
owing to the abolition of the G
Municipality - Provision h
been made according to G.O. No 1570
dated 29th September 1880 for the
grant towards the controlling Establishment at Head Quart

The total Expenditure amoun
to Rupees 68705, and the Estimate
has been framed so as to leave
a balance of Rupees 1398-7-5 in the
hands of the Commissioners on the 31st
March 1882, to meet any unforeseen
demands -

I have the honor to be

No: 656

From

THE ~~MAGISTRATE OF~~ Collector & President
Municipal Commission BELLARY.

To

The Chief Secretary to Government
Madras -

Sir,

With reference to G.O. No 1347 dated the 25th April 1877, I have the honor to submit the Budget Estimate of the Bellary Municipality for the year 1881-82. The covering letter received from the Vice President is enclosed -

It will be observed that in consequence of the separation of the Cantonment from the Municipality now in course of arrangement, a large loss of Revenue is anticipated by the Municipality while it has been found impossible, without the sacrifice of efficiency, to retrench expenditure to a corresponding degree. The result is that the Commissioners have been compelled to propose the introduction of the Profession Tax, and the raising of the fees on registration of carts, and of the scale of tolls to the maximum rates.

DISPOSED OF
27 MAY 81
BY G.O. No

I have the honor to request that these measures may receive very early attention, since the commencement of next official year is close at hand, and in consequence of the late date at which the budget be-has been submitted, but little time will be left for the introduction of the new tax.

I have requested the Vice President to obtain information as to the persons liable to the Profession Tax, so that there may be no delay in preparing a list of the same, on receipt of the sanction of Government as required by law "on or about the first day of each official year"

The figures entered in the current year's Budget on account of License Tax receipts and charges have been revised with reference to paras 2 & 6 of G. O No 722, dated the 8th April 1880. The revised estimate has been submitted to the Board of Revenue in accordance with their Proceedings No 766, dated 5th June 1880.

The variations in the regular estimate are explained in the remarks column of Statement No VI.

I have the honor to be,
Sir,

To

The Chief Secretary to Govt.
Public Department. Ootacamund

Sir

I have the honor to report for the information of Government that the allotment made by the Bellary Municipality for Sanitary purposes for the year 1881/82 amounts to Rs 27,136 or 37.1 per cent of income. This, though somewhat less than the grant for 1880/81 (Rs. 30,602) may be accepted.

2. The provision for Vaccination amounts to Rs. 436. Of this sum Rs. 336 go towards the pay of the establishment, which consists of two Vaccinators, and Rs. 100 are set apart for contingencies; this appears to me to be somewhat excessive

2. According

2 According to the regular estimate the incidence of taxation in 1880-81 excluding tolls, is annas 10 & pies 4 per head of population. The sources of taxation under the law unavailed of ~~up to 1880-81~~ are the taxes on carts, half the maximum fee for registration of carts, & half the D schedule rates under Tolls. The assets of the municipality on the 31st march 1880 including Rs 32900, ~~the~~ value of premises, amounted to Rs 47118 and the unpaid liabilities on that date to Rs 10858.

3 In the Regular Estimate of charges, the contribution for Sanitary Inspection & ~~Should be at the same figure~~ ~~as that~~ for the medical college should be the same viz Rs 340 & not Rs 219 as shewn. ~~therein~~ Rewards for seizing stray Cattle should ~~more properly~~ be ~~shewn~~ exhibited under grant IV ~~than~~ & not under grant III. The Regular Estimate is otherwise generally correct.

4 The decreases in the taxation items of the regular estimate ~~of receipts~~ as compared with the Sanctioned estimate are ascribed

ascribed mainly to the exemption of Military officers & public buildings in the Cantonment from Municipal taxes.

5 In the budget estimate of receipts for 1881-82 it is proposed to increase taxation by the imposition of tax on arts &c & by raising the fee for the registration of carts & ~~the~~ tolls from half to the maximum rates, in order to meet the deficit caused by the exemptions referred to in para 4. The proposals were sanctioned by telegram of 28th March 1881 No 543A. The variations in

the taxation items are due to this cause. It is noted that no contribution either for roads or conservancy is expected from government, ~~as it is in~~ ~~contemplation to separate the~~ anticipation of the exclusion of Cantonment from the Munici-pality limits. ^ As it is in contemplation to bring Act III of 1881 into operation, restoring the estimated loss of revenue & rendering the separation of the Canton^t. unnecessary, the portion of the Budget dealing with taxation & Gov^t grants will require revision, which sh^d. be undertaken & submitted for sanction as soon as a Notification bringing the Act into effect appears.

6. The expenditure side of the budget is correctly prepared except as regards the items ~~of~~ "Medical College" & "Sanitary Inspection", the contributions for which should be Rs 320 each, calculated at 5 per cent of the receipts excluding opening balance & license tax. The note to statement II shewing

913/31 5P

shewing the position of the Municipality should have been omitted, it being intended for submission only with the annual report & accounts.

7 The allotments under Public Works ~~seem to be well conceived~~ "Communications" aggregate ^ only about one third of the amount of ~~income~~ revenue derived from Tolls. The income yielded by the one & the charge in respect of the other sh^d approximate. This sh^d be ~~attended~~ attended to in preparing future budget estimates.

~~Under Grant III~~ ~~[illegible]~~ The allotment under Grant III of Rs 300 for seizing stray cattle appears objectionable ~~especially in the absence of [illegible] although the financial circumstances of [illegible] were [illegible]. In passing the~~ the Municipality. Owners may ~~[illegible]~~ be trusted to protect their own ~~[illegible]~~ property, & it is the ~~[illegible]~~ legal duty ~~[illegible]~~ of Municipal servants & of all Police Officers ~~[illegible]~~ to seize ~~& impound~~ cattle straying ~~[illegible]~~ on the roads & other public places. The ~~[illegible]~~

The ~~enhanced allotment~~ for schools are sanctioned. The explanation ~~of~~ for the increase under Hospital charges is accepted. The ^provision for Vaccination ~~charges~~ are considered by the Sanitary Commissioner to be excessive ^& sh^d be reduced. - ~~It is noted~~ ~~that~~ The reductions under "Conservancy" ~~have been made compatible with efficiency~~. and of variations the changes proposed under the other heads are approved pending the revision referred to in para 5 supra

8 In consequence of the alterations ~~pointed out~~ indicated above the closing balance for 1881-82 will be Rs ~~1200~~ 1600.

9 With the above remarks the Right Honorable the Govr. in Council passes the Bellary Municipal budget for 1881-82.
