GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

27th May 1881, No. 944.

Stores.

Read the following paper:—

From T. C. HOPE, Esq., Officiating Secretary to the Government of India, Department of Finance and Commerce, to the Chief Secretary to Government, dated Simla, 14th May 1881, No. 621 [Current No. 1243].

In continuation of my Circular of the 28th ultimo, No. 220, I am directed to request that information may be furnished, as early as possible, of the quantities and kinds of European stores which are annually purchased in India and not obtained from England for official requirements. From time to time considerable quantities of such stores are obtained. Thus in Calcutta the Stationery Office sometimes, having exhausted the supply of a particular article, buys a further supply in the local market. In Bombay, and it is believed in some other Provinces, the district officers supply themselves in the market with European stationery for their vernacular correspondence out of the "petty supply allowance," a fixed monthly sum from which the office requirements of various kinds are met.

2. The Governor-General in Council would be glad to receive the information asked for in the tabular form attached to my circular of the 28th ultimo, and in similar detail, and with as little delay as possible. The information regarding any particular article or class of articles of large consumption, such as paper, may be forwarded without waiting until the whole information asked for is complete.

3. I am to enclose copies of a demi-official circular which the Government of India desires to be forwarded to the managers of all large manufactories in each province of goods of the kind which are required regularly for the public service, e.g., woollen mills, cotton mills, iron mills, cement works, paper mills, boot and harness makers, chemical factories, and so forth. The information in this office as to the names and addresses of such industrial concerns is insufficient to permit of the circular being issued direct to the managers. It will be observed that the circular requests that replies may be sent direct to this department. I am accordingly to request that, as soon as the circular is issued, a list may be forwarded of the persons to whom it has been sent.

ENCLOSURE No. 1.

To

DEAR SIR,

I shall be much obliged if you can furnish me direct, at as early a date as possible, with accurate information as to the kinds of goods now manufactured in the establishment under your direction, sending at the same time small samples of the goods, and stating whether articles of superior quality could be manufactured if a remunerative and permanent demand arose for them.

2. I should explain that I ask for this information to assist the Government of India in considering the question how far it is now possible for Government to go in substituting for the present supply of stores obtained from England supplies of goods of Indian manufacture. You will kindly understand that this request must not be held to imply any promise or assurance on

the part of Government to purchase articles of the kind produced in your establishment. It is only a preliminary to the consideration of the question whether a change in the present system is practicable or expedient.

3. If you wish it, of course all the information you will furnish will be treated as confidential.
