BELLARY COLLECTOR'S OFFICE

CURRENT No. 983

From,

THE COLLECTOR AND PRESIDENT MUNICIPAL COMMISSION

BELLARY.

To,

THE Chief Secretary to Government

Fort Saint George.

998
23

Sir,

I have the honor to forward for the consideration and orders of Government an amended budget for the Anantapore Municipality for the current year, as directed by Government Order dated 18th February 1881 No. 286 para 9.

2. As regards the matter alluded to in para 14, of the Vice President's letter I have to point out that in a small isolated town like Anantapore it is difficult to secure the services of educated and enlightened Municipal Commissioners, that the persons now on the Commission have formed themselves into two parties and that the bona fides

Revised Budget
Estimates of the
Anantapore Municipality
for 1881-82

GO (Fint) 998/81

Encl. 983/81

rides of the members who sanctioned the
remission to the Contractor will most
likely be brought before the Civil Courts
in connection with the suit alluded to
by the Vice President. It will proba-
bly be better therefore to take no action
in the matter pending the decision of the
Court.

I have the honor to be

Sir,

Your most obedt. servt.

D. H. C.

Ag. Collector & President,
Mf.

No. 9 Anandapur Municipal
Commissioner's Office
Dated 8th April 1881

From,

O. Narasimhaiah
Vice President
Municipal Commission
Anandapur

To,

D. Buick Esquire
Acting President
Municipal Commission
Bellary

Sir,

I have the honor to submit
herewith the revised Budget
estimate for 1881-82 called
for by the Government in
their order No. 286 dated the
11th 20th February last.

2. The orders of Government
have been obeyed as far as
possible though the circum-
stances of the Municipality
are such, that observance
in all cases of certain orders
to keep up old rates of expen-
diture would be inconsis-
tent with the maintenance
of a reserve of 10 per cent.
as directed in the Act.

3. Tax on Aats - The receipts
are estimated at Rs. 900 as
in the Budget estimate for
1880-81. The difference
between

between this sum and the Regular Estimate of £583, is due to the fact that the Com. Missioners made great reductions at the hearing of objections on the ground that the same people were heavily pressed by the License Tax. It is hoped that such actions will be prevented this year by some change in the composition of the Commission -

4. Tolls - The revised estimated receipts under this head are £2,775 against £2,100 originally budgeted. The Tolls were originally under estimated on the assumption that complaints of heavy loss supposed to have been incurred by the present Contractors would be true. But the complaints have been found to be probably false. Owing to the combinations among the Contractors to bid low, the Tolls will be kept under direct management this year -

5. License Tax - The receipts under this head are re-estimated at £450, which will be the same as in the current year -

Expenditure } of

6. New Works - A sum of £250 is now provided for the construction of a male ward in the Civil Dispensary against £300, as originally budgeted. This sum is thought sufficient at present.

7. Repairs - The allotment for repairs of Roads is £150 as before. Of the £108 allotted for repairs of buildings, it is proposed £58 to be spent on repairs of the Civil Dispensary buildings and £50 on other buildings.

Grant II 8. Education - Several reductions of unnecessary expenditure have been made. A competent man having been obtained at the rate of £15, the 3rd Master Services have been dispensed with as he is incompetent and is not needed, there being only 27 boys in attendance. The Peon on No 4 has also been dispensed with as unnecessary and likewise the Sweepers of the Girls School whose work can be done by one of the ordinary Town Sweepers. A saving of £8 + 4 + 1 or £13 a month

or the 15th a year has been effected.

A sum of the 130 is set apart for Result-prints, half for pure result-prints Schools,

and half for those conducted on the Combined System -

9. Prints. Registration of Births & Deaths. The increase of the 2 originally proposed to be given to the Registrar, is now withheld in view of the present financial condition of the Municipality and thus the charges are reduced to the 60 from the 84 as budgeted before -

10. Conservancy. The charges now revised and estimated under this head are the 1930, against the 1,779 of the current year. Of this sum the 1776 goes to cover the usual fixed charges of the establishment. the 44 to meet the contingencies, the 30 for Sanitary Inspection and the 80 for drainage and dust boxes. Some of which will have to be re-constructed, while others stand in need of repairs. The difference of the 330 between the Budget

998/1880 1880
Budget estimates for 1880-81 and 1881-82, is due to the entertainments during the former year of a special extraordinary establishment to remove night soil to a distance of a mile from the Town. This has been found unnecessary and too expensive, the ordinary establishment is entertained at the usual strength -

11. Prints. Lighting. The charges now revised and estimated by the Commission will come to the 340 against the 680 budgeted for and the 339 actually expended during the current year. the 690 was provided in order that kerosene-oil might be used instead of castor-oil and this however, has not been done and it cannot be done if a reserve of 10 per cent is to be kept up. The Commission are therefore unable to provide the 680 as ordered by Government in paragraph 7 -

12. Police Establishment. The revised estimated charges under this head are the 433 which are calculated at one 60

14 In conclusion the Com-
missioners have to perform
the painful duty of drawing
the attention of Government
to the fact that the difficulty
which they have in fully
complying with the in-
structions of Government
is largely due to the conduct
of the following six non-
official members -

in granting a remission of
Rs 500 to the Toll Contractor
Giddapala on December 6th.
under circumstances which
justify doubts whether they
acted in good faith. Though
this grant of remission was
not confirmed at the next
meeting on January 6th, the
Contractor now refuses to
pay the Rs 500, and the
Commissioners have
resolved to sue him. If
the suit fails as is possible,
the balance of Rs 198 will
be absorbed in paying costs.
The Commissioners and
Jammies determined to recover
that and the Rs 500 from
the six persons who granted
the remission if they cannot
get the Rs 500 from the
Contractor considering
that they are clearly liable.
The remission was first
applied for by the Contractor
in September 1880 and was
refused at a meeting held
on the 6th of that month.
He applied again in
October. The matter was
considered but settlement
postponed at the meeting
held on November 2nd & 15th.

On the 6th December 1880, however,
remission was granted by
the above mentioned six
members, the only others
present being the late Vice
President Mr. R. Ry. C.
Gopal Rao, Mr. Apothan
Chalke, and Mr. R. Ry.
Sadasiva Reddy, all of whom
were opposed to the grant.
In the recorded Resolution
the Commissioners say
that they grant remission
after careful inspection
of the Contractor's accounts.
Mr. Chalke & Sadasiva
Reddy, however say that
though those books were
produced there was really
no inspection. Kelli Galla.
Chalke also says so now.
On December 20th, one
Mannanathapala presented
a petition that the Contract
should be made over to him
from December 1st, pro-
mising to pay the whole
amount due without ask-
ing any remission. On
this the Vice President called
for the Contractor's books,
but he refused to produce
them. These are conclusive
proof that the Contractor
had

had sustained no such loss
as he alleged and his dis-
paraging profess to believe.
Another circumstance
which justifies some
suspicious about his honesty
throughout these proceedings
is the fact that in November
while the subject of omission
was under discussion he
came to Mr. Chatterton
and offered a bribe of
Rs 15 to secure his support.
In connection with this
matter it is also desirable
that Government should
know that one of the six
commissioners who
granted this omission.
Narain Reddy is now
under suspension on a
charge of embezzling Rs
1,700 collected by him for
Government in the Village.
The commissioners do not
undertake to say what
were the motives of this
person and the five who
voted with him. But it
is at least clear that they
were not animated by a
due regard for the Municipal
interests entrusted to their
care - The commissioners
(are)

are therefore of opinion
that the affairs of the Town
cannot ^{be} satisfactorily
administered so long as the
composition of the principal
body remains unchanged.
As the official members
are often by the nature
of their duties absent from
the Town. the Municipality
can never be safe from
injury at the hands of any
clique of 5 or 6 members
who may desire to do it,
if like the six above men-
tioned they have the necessary
^{or commissions authorizing them}
audacity. The Vice President
^{or to} send up if required for
approval a list of new
members who will be more
likely to deserve the confidence
of Government than those
whose conduct has been
condemned upon -
15 The Budget Estimate received
with G.O. referred to, is here-
with returned together with
fair copy thereof -

I have the honor to be,
Sir,
Your most obed^t. Servant.
Ornamental
