FINANCIAL DEPARTMENT.

ORDER—No. 1013, Financial, dated 14th December 1895.

In connection with the transfer of the control of the Marine Department to the Public Works Secretariat from 1st November 1895, the following procedure will be observed as regards questions relating to Port and Marine funds :—

(i) The estimates relating to Port and Marine funds will be passed in the Marine Department (like those of the Buildings, Irrigation and Railway Branches are in the Public Works Department) and transferred to the Financial Department for sanction and communication to the Accountant-General.

(ii) The Marine Department will be at liberty to redistribute the grants during the course of the year and resume lapses and surrenders, as may be found necessary, without the intervention of the Financial Department.

(iii) Additional grants will not be sanctioned during the course of the year, as the original budget should provide for all charges likely to be incurred.

D.O. of 1st Oct. 95

My dear Mr. Harrison,

In consequence of my being overburdened with work the Govt. has decided to transfer the Marine Dept. to the P. W. Secy. Will you kindly let me know whether any account difficulties occur to you, and, if so, how they should be met? Of course there will be a formal P.O. directing the transfer and in order that it may be complete. I shall be much obliged if you will let me know what points in regard to accounts should be dealt with in it.

Yours truly

With ref. to CS's note in blue pencil
it is respectfully submitted that it will
be extremely difficult for Dist. to deal
with Port Fund questions after the transfer.
At present we have some knowledge of
what is going on as Marine is in the
same Sect. and the Dist. in charge of
Fund. See the financial papers etc. but
even now the Port Fund budget is the
one most difficult to deal with as the
accounts are kept on a system entirely
different from our Port. Accounts. The
transfer of funds as it is a mechanical
work but I have never been able to under-
stand why the Dist. Dept. can sanction
Expenditure of even half a lakh on a
Local or Municipal work whereas
Marine Dept. cannot spend 6 Rs on
wharf. making a P. O. Bungalow
without an order in Dist. The H.T.
Board Budget falling to Dist. is
even more anomalous. Dist. knows
absolutely nothing about the Board
but once a year has to adjudicate on
its expenditure. As a matter of fact
Financial, as the custodian of
Provincial revenues, has no concern
with the Board's expenditure.
It seems to me that and has
really as much connection with
the H.T. Board Budget as the
Marine Dept. has with that
of the Orissa and Lawrence
Asylums.

My dear Mr. Harrison,

From I have no
reference to

3rd 1895 of the 7th instant regarding
the transfer of the Marine Dept. to
the P. W. Dept. I am afraid my
D.O. of the 1st idem was not sufficient-
ly clear. What I wanted to know
was whether you would, after the
transfer has been effected, be
prepared to accept ^{direct} from
Dept. ^{orders} regarding allotments ~~of~~ ^{from}
from Port Funds and similar ^{accounts} ~~financial~~
questions. At present, most of these
pass to you through the Dist. Dept.
This present practice causes extra, &
so far as can be seen, unnecessary
work and after the transfer this
extra work will be increased, if the
present practice is to continue, as
Marine & Financial will be under
two separate Secretaries. I don't
see myself why Dist. should be
bothered with such matters. In
the case of the Local Municipalities
Orders on the budgets of all financial
questions are passed ^{connected therewith} sent to you
direct from the Local and

It hardly seems necessary to introduce in the proposed order of the Financial Department any matter relating to the transfers of grants for works undertaken departmentally for the Marine Department as the code rules which will be found in volume II. chapter III, para 115 and chapter IV, para 135(e) govern such cases; but should you think it desirable to do so, the following addition may perhaps be made to the order -

In the case of works of the Marine Department sanctioned for execution by the P.W. Department, the grants for such works will be formally transferred to the latter Department by Government in the Financial Department.

No. 30 Machine of 27 November 1895

To The Hon: the Chief Secretary

There seems no necessity for the proposed addition to the draft order. The P.W. Code rules already provide for cases of the kind.

My dear Mr. P.W.

I return the draft order. Para. 2

of it will not, I think, do as it stands. The def. cannot in the Technical sense place funds at the disposal of a dept. like the Marine. I do not support the revision of para 2. and the addition of para 1. of the word "and transferred to the def. for sanction and communication to the def." Another point suggests itself. Very
