GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following letter from H. O'C. CARDOZO, Esq., Superintendent, Madras Survey, to the Secretary to Government, Revenue Department (through the Accountant-General, Madras), dated 26th July 1895, No. 109-G. :—

I have the honour to submit the following report on Survey advances for 1894-95.

1. *Permanent Advances.*—On 1st April 1895 the amount of permanent advances to Survey Parties was Rs. 2,500, being Rs. 500 less than on 1st April 1894. This decrease is the permanent advance of No. V Survey Party refunded to the Malabar district treasury consequent on the abolition of that Party.

2. *Temporary Advances.*—On 1st April 1895 the amount of temporary advances was Rs. 1,67,916-11-4, being Rs. 55,000 more than the amount of advance on 1st April 1894.

This increase is the additional advance of Rs. 50,000 sanctioned to the Collector of Godavari in G.O. No. 4085, dated 24th October 1894, plus Rs. 5,000 advance sanctioned for town surveys in G.O. No. 267, dated 23rd March 1895. The total advance Rs. 1,67,916-11-4 comprises value of stones still in the custody of the Collector of Tanjore, Rs. 2,916-11-4 and Rs. 1,65,000 floating advances in treasuries.

3. On 1st April 1895 the amount outstanding was Rs. 80,103-3-11, being Rs. 26,829-7-0 more than at the end of the previous year. The reason for this increase is that a larger area was in progress. It will be seen from the statement in paragraph 4 below that there has been no falling off in the preparation of stone accounts, the total amount of bills sent to Collectors during the year being about Rs. 31,000 more than during the previous year. The amount outstanding includes, first, Rs. 2,916-11-4, value of stones in the custody of the Collector of Tanjore (already mentioned in paragraph 2 above), and Rs. 77,186-8-7 to be recovered from villagers after bills for demarcation expenses have been sent to Collectors.

The total value of stones fixed during the last field season of eight months was about two and-a-half lakhs, and the balance outstanding mentioned in paragraph 3 Rs. 80,103-3-11 is less than the value of stones required for three months' work.

4. The following statement shows the total amount of bills sent to Collectors during the year compared with the amounts for which bills were sent during the four previous years :—

Year.	Amount.		
	RS.	A.	P.
1890-91	22,634	7	11

1893-94	2,06,136	13	10
