2- I regret the delay in the Submission of this reply. Mr. Rees had on examination of the Resident's Office Library found that it consisted mainly of old Reports, General and departmental of India as well as other Provinces, superseded Acts, Codes &c and Trade lists, Catalogues &c and desired that a large clearance of these books should be made. This work occupied a long time and I had to carefully go over and check the lists. It seemed best to ask for copies of required Reports after the above work was over and hence the delay.
