The Accountant General's
view of the case is correct; and
it was with a view to a right
classification of the accounts that
attention was drawn to the provisions
of the act, in para 3, dated 7th January
1895. No. 7.

To The Accountant General. (740).

Now The difference
was only Rs 1000,
2 it was not so bad
upsetting the whole
bridge of this account.

From

ACCOUNTANT-GENERAL TO THE

GOVERNMENT OF MADRAS,

To

THE Chief Secretary to Government,
Financial Department.

SIR,

With reference to paragraph 3 of Government Order, Financial, N^o 7 dated the 7th January 1895, I have the honor to state that from paragraph 4 of the Government of India 5104, A dated 12th October 1894 printed with that Government Order, I understand that the Government Contribution to the Village Service Fund should be the difference between the Village Cess and the sum of "Quit rents" and ~~the~~ "other assets" of the fund so that the cess collections - should always represent half the yearly

receipts of the Fund. This view of the case is confirmed by the footnote to Appendix III to the Government Order under reference, but in Appendix II, the Government Contribution is taken as the difference between the Village Cess and the Quit rents only, other assets being subsequently added to the receipts of the Fund which thus amount to Rs 44,67,000 instead of being Rs 44,64,000, or double the cess collections which come to Rs 22,32,000.

I have the honor to be,
 Sir,
 Your most obedt. Servt.,
 J. Hunter
 Accountant General.
