Indian Journal of Education
(Late Madras Journal of Education)
Editor J. H. Stone, M. A.

Residency College
Madras, 15th January 1895

S.
The Secretary, Home Department
Government of India, Calcutta.

Sir,
I have the honor to send you 4 issues
of Indian Journal of Education. It came into
existence as early as 1858 under the name of
Madras Journal of Education. As there was no
educational journal of standing in all northern
India, several subscribers came in from Bengal,
Assam, N. W. Provinces, Punjab, C. Provinces &c. as
soon as specimen copies were sent to educational
officers. Consequently the name of the journal
was changed into Indian J. of Education 2
years ago. Sir A. Croft D. P. I. Bengal, D. P. I.
Assam & issued proceedings recommending the
journal to various High Schools and Colleges. I
therefore beg to request you to be kind enough to
order sending to the Editor of the Indian Journal
of Education Madras, Triannual Reports on Education

edited

edited by Sir A. Croft and A. M. Nash Reports
on Publications issued and registered in various
parts of India, and such other educational blue
books, proceedings orders ~~as~~ as are to be used for
public purposes.

I may also request you to be kind enough
to subscribe for copies of the J. if it is thought
worthy of encouragement.

I have &c

(Sd/-) Kalyanasam Iyer
Proprietor and publisher of the
Journal.

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

SIR,

With reference to Memorandum no. 325
dated 16th February 1895. I have the honour
to state that the Editor of the Indian
Journal of Education is supplied with
copies of such of my Proceedings as may
be considered of public interest and
with copies of Reports and other papers
when available. If the Government of
India is prepared to distribute these
books gratis I see no objection, save
one, to the Editor being supplied with
such Reports and documents as the
Proprietor refers to. The objection I
am thinking of is that there is another
journal in the field - The Educational
Review - the proprietor of which is

is carried on on business principles and is believed to be a paying concern the Editor should purchase such Reports and Blue books as he requires - and to State

Sure to put forward a claim for a similar favour. Moreover, there is no reason to suppose that a third or a fourth educational journal may not be started, each putting forward a title to the same favour

2. I believe the Indian Journal of Education is a paying concern, carried on by the proprietor on purely business lines. I see no reason whatsoever why he should not purchase such Reports and Blue books as he wants: I understand they are all of them for sale.

I have the honour to be, Sir
